FOR IMMEDIATE RELEASE

FBI Director J. Edgar Hoover today issued a public denial that Lee Harvey Oswald, accused assassin of President John F. Kennedy, ever served as a confidential informant of the FBI.

Mr. Hoover said, "To set the record straight and to refute the misinformation which has been circulated by others, I want to state unequivocally that Lee Harvey Oswald was never an FBI informant; that he was never employed by this Bureau in any capacity; nor did he ever render any services for--or receive any sums of money from--the FBI."

According to Mr. Hoover, the FBI maintains exacting records of all current and former employees, as well as records reflecting the identities of all confidential informants, including the dates and amounts of payments to them.

RE TELEPHONE CALL FROM INSPECTOR MALLEY FEBRUARY FOURTEEN LAST POSING THREE QUESTIONS.

QUESTION ONE CONCERNED WHETHER RUBY EVER RESIDED AT FORTYSEVEN FORTY-NINE HOMER STREET, INDICATED ON PAGE SIX EIGHTEEN REPORT OF SA MANNING C. CLEMENTS, NOVEMBER THIRTY LAST, DALLAS.

REFER TO COVER PAGE PP OF ABOVE REPORT, PARAGRAPH TWO. JAMES M. COONER, IRS, CAME TO DALLAS OFFICE NOVEMBER TWO FIVE LAST AND FURNISHED CERTAIN INFORMATION ON RUBY AND OSWALD TAX FILES. SUBSEQUENTLY ON SAME DATE, COONER TELEPHONICALLY ADVISED HE HAD LOCATED RUBY-S FIFTY-NINE TAX RETURN WHICH SHOWED ABOVE ADDRESS AND THAT HE HAD NOTED GEORGE BOUHE, FORTY-SEVEN FORTY HOMER WAS A REFERENCE FOR OSWALD ON EMPLOYMENT APPLICATION.

WHEN SA JOHN J. FLANAGAN INTERVIEWED BOUHE ON NOV TWENTYEIGHT LAST, PAGE SIX EIGHTEEN OF REREP, HE PROVIDED BOUHE WITH ALLEGED FORMER ADDRESS OF RUBY AS BASIS FOR LOGICAL INQUIRY DUE TO PROXIMITY OF RESPECTIVE ADDRESSES. IT WAS NOTED FORTYSEVEN FORTYNINE HOMER WAS ALMOST DIRECTLY ACROSS THE STREET FROM BOUHE'S APARTMENT.

WHEN FIFTYNINE TAX RETURN OF RUBY WAS SUBSEQUENTLY OBTAINED, ADDRESS WAS CLEARLY SHOWN AS FORTYSEVEN TWENTYSEVEN HOMER. ACCORDINGLY, COONER'S ORIGINAL INFORMATION WAS INCORRECT. NUMEROUS DOCUMENTS EXAMINED AND PERSONS INTERVIEWED CONFIRMED CORRECT ADDRESS AS FORTYSEVEN TWENTYSEVEN HOMER, AND NO INVESTIGATION INDICATED RUBY HAD RESIDED AT FORTYSEVEN FORTYNINE HOMER.

CONTINENTAL HOUSE IS AN APARTMENT DEVELOPMENT CONSISTING OF SEVERAL BUILDINGS IN TWO BLOCKS ON WEST SIDE OF HOMER ST, DIFFERENT BUILDINGS BEING ASSIGNED ODD NUMBERS AS RESIDENCE ADDRESSES. BOUHE RESIDED IN AN ENTIRELY DIFFERENT APARTMENT DEVELOPMENT ON THE OPPOSITE, OR EVEN NUMBERED, SIDE OF HOMER STREET.

QUESTION TWO CONCERNED WHETHER THE LANDLADY OF "LITTLE LYNN," WHO RECEIVED TWENTYFIVE DOLLAR MONEY ORDER FROM RUBY NOV TWENTY-FOUR LAST, HAD BEEN INTERVIEWED.

IT WAS ESTABLISHED BY INTERVIEW WITH "LITTLE LYNN" NOV TWENTYSIX LAST THAT SHE RESIDED AT THIRTYEIGHT ZERO NINE MEADOWBROOK, FORT WORTH, TEX, AND THAT SHE HAD CALLED RUBY THE MORNING OF NOV TWENTY-FOUR LAST REQUESTING MONEY AS SHE NEEDED TO PAY RENT. IT WAS ESTABLISHED THROUGH INTERVIEW DEC. TWENTYONE THAT HE DID IN FACT SEND THE MONEY. WESTERN UNION RECORDS, DALLAS, REFLECT TRANSMITTAL OF MONEY ORDER, AND WESTERN UNION RECORDS, FT WORTH, REFLECT RECEIPT OF MONEY ORDER AT MAIN OFFICE. LANDLORD OF "LITTLE LYNN" WAS NOT INTERVIEWED IN THIS OR ANY OTHER CONNECTION. ABOVE ADDRESS IN FORT WORTH IS A GARAGE APARTMENT AT REAR ON PROPERTY WHICH, ACCORDING ING TO CRISS-CROWE DIRECTORY, WAS PROPERTY OF WELDON L. THOMAS.

QUESTION THREE WAS CONCERNED WITH WHETHER TELEPHONE COMPANY

RECORDS REFLECT TIMES LONG DISTANCE TELEPHONE CALLS OF RUBY, ETAL, WERE PLACED.

SOUTHWESTERN BELL TELEPHONE COMPANY, DALLAS, NORMALLY RECORDS THE TIME A PERSON BEGINS TALKING ON A LONG DISTANCE CALL AND THE DURATION OF THE CALL IN ADDITION TO THE TELEPHONE NUMBER AND NAME OF PERSON CALLED, IF CALL IS PERSON-TO-PERSON, OR TELEPHONE NUMBER, IF CALL IS STATION-TO-STATION. TELEPHONE TOLL CHARGES OF PHONES ACCESSIBLE TO RUBY HAVE BEEN CHECK AS FAR BACK AS THEY WERE STILL IN EXISTENCE, PER TELEPHONE COMPANY OFFICIAL. ARRANGEMENTS HAVE BEEN MADE HERETOFORE FOR TELEPHONE COMPANY TO RETAIN THESE RECORDS UNTIL FURTHER NOTICE, THEIR LEGAL REQUIREMENT BEING SIX MONTHS. ON THIS DATE TELEPHONE COMPANY OFFICIAL, IN ANSWER TO HYPOTHETICAL QUESTION, STATED INFO IS RECORDED ON TOLL CHARGE RECORDS AS INDICATED ABOVE IN USUAL CASES ALTHOUGH IN SOME INSTANCES OPERATORS MAY INADVERTENTLY FAIL TO RECORD PARTS OF REQUIRED INFORMATION.

DURING RUBY INVESTIGATION, IT WAS DETERMINED DESIRABLE TO CHECK EXACT TIMES OF TELEPHONE CALLS FROM PHONES ACCESSIBLE TO RUBY FOR DAY OF NOV. TWENTYTWO LAST, IN VIEW OF ALLEGATION OF SETH KANTOR, NEWSPAPERMAN, THAT HE HAD SEEN RUBY AT PARKLAND HOSPITAL FROM ONE

AS TO QUESTION OF SIGNIFICANCE OF INFORMATION EVA GRANT WAS CALLED OR CALLED FROM HER HOME TO EARL RUBY ON MORNING OF NOV. TWENTY-TWO PRIOR TO ASSASSINATION, DALLAS CANNOT LOCATE ANY INFORMATION IN REPORTS TO THIS EFFECT. ON PAGE ONE FORTYFOUR OF REPORT OF JAN. THIRTYONE, IT WAS FIRST REPORTED EVA GRANT MADE A TELEPHONE CALL AT ELEVEN FORTY AM, NOV TWO TWO, TO A CHICAGO NUMBER. FOLLOWING TRANSCRIPTION OF FD THREE ZERO TWO, BUT PRIOR TO DISSEMINATION OF REPORTS, TELEPHONE COMPANY ADVISED THIS CALL OF GRANT WAS ON NOV. TWENTYEIGHT LAST RATHER THAN NOV. TWO TWO. MEMORANDUM FOR MR. TOLSON
MR. BELMONT
MR. ROSEN
MR. EVANS
MR. DE LOACH

Mr. William Randolph Hearst called from New York City. He stated the new Life Magazine which comes out tomorrow has a black and white picture of Lee Harvey Oswald with a rifle and pistol in his pocket. Mr. Hearst stated the Knight papers, sparked by the Detroit Free Press, and Life are both claiming copyright. Mr. Hearst wanted to know if they have a copyright of something they may have stolen from the Bureau.

I told Mr. Hearst they did not steal it from us; that my recollection is that Oswald's wife had the picture and she may have sold it as she has a business manager and lawyer and whether she sold it or not or whether the Dallas Police Department got it, I did not know. Mr. Hearst stated the Dallas Police Department did have it as Johnny Harris, who is from that neck of the woods and was down there, said he saw it there. I stated they may have gotten it from her either before or after she sold a copy to the magazine. I stated Oswald's mother, who is in New York today I thought to make a speech tonight, claims to have a lot of pictures and evidence that will prove her son's innocence but which she did not give to the Warren Commission. I stated I had heard that the reason she would not present this to the Commission was because she could not get any assurance that they would not make it public as she wants to write a book. Mr. Hearst commented that if she wants to prove his innocence, she better give it to the Commission first. I commented that Oswald's wife admitted that she believes he committed the crime. Mr. Hearst stated that Oswald had shot at General Walker and the picture was supposed to have been taken right after that. I stated I understand the wife or Mrs. Paine, with whom the wife was living, had the photograph of him with his gun and revolver, the gun being the gun he used to shoot at General Walker and later used to shoot the President. Mr. Hearst stated that they better keep hands off then as it is a piece of private property. I stated it at least was; that there have been a lot of leaks come out of the Dallas Police Department before Oswald was killed. I stated after he was killed, the Dallas Police sent to us the gun and bullet which we examined in our

Laboratory here and made certain findings and then we sent the report back to our Dallas Office, who in turn turned it over to the local police, but, and this was for his, Mr. Hearst's, confidential information, the Chief of Police, who was trying to please everybody, was giving interviews on TV most of the time until I sent him word to keep his mouth shut, as he was going to hurt the case with the evidence being given out as we did not know what lawyers were going to be used.

I commented that there is a mess in Dallas now as to whether Ruby can get a fair trial in Dallas in view of the publicity. Mr. Hearst stated the defense will probably confuse the issue so Ruby will get off. I stated that, of course, we merely give findings, but in my own mind I am convinced that Oswald killed the President and that the Commission will ultimately reach that finding. I stated that in the meantime there are all these wild rumors going around such as the story that Oswald was an employee of the FBI, and just the other day his mother claimed he was an employee of CIA and John McCone had to issue a statement denying it. Mr. Hearst stated the European papers are the worst in this. I agreed and mentioned that our man in Rome sent in several wires about four papers which had that story on the front page. I stated I thought it was all a planned smear by the communists and Mr. Hearst stated he would not be surprised.

I stated Oswald was a communist and openly admitted it. I stated at the very beginning the communist press out of Moscow had a statement that the man who shot the President was of the extreme right, and when it was exposed that Oswald was a Marxist and tried to defect to Russia, then they began to swing it around the other way. Mr. Hearst stated the Russians are better at keeping their mouths shut, because if they say what they want and then get embarrassed, they never say another word. I stated they would like to prove Oswald was employed by us or CIA or the Government and then smear that branch and the one branch they hate the worst is the FBI.

Mr. Hearst thanked me.

Dear Sirs: FREW

I am writing concerning something I noticed when President Kennedy was shot. I was watching the T.V. at the time. If you run the picture of the parade again maybe you can see it too at the time of the first shot. The man at the lower side of the picture took a gun out of his overcoat pocket and walked over towards the President car and fired another shot. It looked to me as if he fired at the President or some one in the car and then he backed up to the curb and put the gun back in his right pocket then he took the gun out of that man standing beside him and I could see another flash on the left of him. He looked and dressed like the man in the picture. He also walked like him in the picture

Dear Mr. Best:

Your letter of February 13th, with enclosure, has been received.

I want to assure you that the story you saw was not based on information released by the FBI. In accordance with instructions of President Johnson the results of our investigation concerning the assassination of President Kennedy and related events are being forwarded to the Presidential Commission. It is the responsibility of that Commission to decide what data should be made public.

I regret we are unable to help with your inquiry, but trust you will understand.

NOTE: Correspondent is on the Special Correspondents' List. Since January he has written alternately on letterhead of the address used with this reply and the address of his current incoming. The mailing list has been changed on each occasion and his last letter, expressed surprise that he was written at this radio station. Another change in address is not being made. Previous correspondence this year has dealt with the Director's possible retirement and correspondent has been assured that it is the Director's desire to continue as long as he can be of service to his country. Correspondent was also contacted earlier this month and advised of mandatory retirement provisions for FBI employees and that they could be waived. He previously indicated he might attempt to have UPI write a feature article about the Director and his nearing retiring age.

Dear Mr. Hoover:

A UPI story from Dallas, Texas, says that Jack Ruby's defense lawyers say that the FBI has no evidence that Ruby travelled out of the United States after 1959.

Is it possible that Ruby could have been in Havana in late 1962 to January 1963?

Does the FBI investigation of Ruby's actions place him in the United States during this period?

If it is possible that we might have a response to the inquiry without embarrassing your department with the Warren commission, we would appreciate it.

Dear Mr. Wilson:

There has been some Congressional comment on the imminent retirement age of the director of the FBI, Mr. Hoover. Mr. Hoover has expressed privately, and perhaps publicly, that he does not intend to retire. What ever Mr. Hoover has had to say about this publicly, if anything, has not received the circulation of the retirement possibility.

Perhaps you would consider this subject for one of your excellent reports.

CAINE appeared in the Dallas Office at 7:15 AM, February 20, 1964, and repeated information supplied to the New Orleans Office. Following his recitation of the allegations he was asked what his intentions were as to RUBY, and he assured he had no intention to do bodily harm to RUBY. He submitted voluntarily to a search of his person, which disclosed no weapon

RE: THORNTON S. CAINE
INFORMATION CONCERNING

At 10:17 AM, December 11, 1963, a telephone call was received at the Gulfport, Mississippi, Resident Agency of the Federal Bureau of Investigation from a person who identified himself as THORNTON CAINE, a patient at the Veterans Administration Hospital, Gulfport, Mississippi. He advised that during the last week of September 1963 he was working at the Fair at Tupelo, Mississippi, and while there positively observed LEE HARVEY OSWALD and JACK RUBY. He said that they were living together at one of the hotels in town, name of which he did not know, and they were both working with a rodeo in connection with the fair.

CAINE claimed RUBY was dressed as a clown and that OSWALD was the "master of ceremonies." He further claimed he had heard the two talking together and they mentioned that they intended to do bodily harm to the President of the United States. He said he tried to make a collect telephone call to the President in Washington, D. C., to warn him, but the White House refused to accept the collect telephone call. He also stated that while at the fair he personally saw RUBY kill a Negro with a knife. He professed to have no further information regarding any of the above.

On December 11, 1963, Mr. JIM HODGE, Assistant Registrar, Veterans Administration Hospital, Gulfport, advised THORNTON CAINE was at the time a patient in the hospital, having been admitted there on November 19, 1963. Mr. HODGE said that CAINE had previously been a patient and in the past has normally been in the Psychiatric Ward; however, at the time was in the Medical Ward due to a stomach condition. He said there are

pay telephones in the Medical Ward, but none in the Psychiatric Ward. He said when CAINE's stomach trouble was cured he would be returned to the Psychiatric Ward.

At 7:15 AM, February 20, 1964, THORNTON S. CAINE, Route 4, Box 316, Booneville, Mississippi, appeared in the Dallas Office, stating he hitch-hiked to Dallas via Beaumont and Houston, Texas, arriving in Dallas on February 19, 1964. He stated he had stopped in Beaumont, where he had picked up a suitcase from the residence of his half-brother, C. C. MOORE, 1328 Lowell Street, Beaumont. He said he had stayed at a "mission" on the night of February 19, 1964, and intended staying at the Salvation Army during the remainder of his stay of an anticipated two days in Dallas. TEXAS

CAINE repeated the information he had furnished telephonically in Gulfport, Mississippi. In addition, he said RUBY had, within CAINE's hearing, and in talking with OSWALD, said that the President was a "nigger-loving, sucking polecat--not fittin' to be President." RUBY, he claimed, also told OSWALD he, RUBY, was going back to Texas to do something about it. He said he had been the sole witness to RUBY's "cutting a Nigger in two," the name of the Negro being unknown. He said RUBY and OSWALD were staying at a hotel, name not recalled, near the police station in Tupelo, that they checked out of the hotel on September 30, 1963.

CAINE stated that he feels someone paid OSWALD to kill President KENNEDY and someone paid RUBY to kill OSWALD, that he thinks the Governor of Texas was "in on it," otherwise, "why did he get shot?"

CAINE stated that he was in Dallas because he wanted to be sure RUBY "stretched" and said, "he will stretch." He stated he had no intention of doing any bodily harm to RUBY. He submitted to a voluntary search of his person, which disclosed no weapons.

THORNTON S. CAINE

CAINE said on leaving Dallas he intended to go to Jackson, Mississippi, and see Governor JOHNSON, that he would tell the Governor "it was up to him to keep RUBY out of the State of Mississippi.".

The following descriptive and biographical data was furnished by CAINE:

THORNTON S. CAINE

Mr. C . M. JONES, Deputy Sheriff, Dallas County; Lieutenant JACK REVILL, Special Services Bureau, Dallas Police Department, and Special Agent Roger C. Warner, Secret Service, were advised of the above on the morning of February 20, 1964.

On February 20, 1964, Mr. Jim Hodge, Veterans Administration Hospital, Gulfport, Mississippi, advised CAINE is not an "escapee" from the hospital, that he is on a "90-day trial visit period," in care of his mother at Booneville, Mississippi. There are no travel restrictions. Mr. HODGE suggested if CAINE was detained by local authorities, the Mississippi Veterans Administration Hospital be informed.

On February 20, 1964, Deputy Sheriff C. M. JONES advised that about fifteen minutes after being informed of the presence of CAINE in Dallas, the latter walked into the Dallas County Jail. He was taken into custody. The Sheriff's Office has contacted an attorney in Booneville, Mississippi, who was identified by CAINE as "his guardian," and efforts are being made to return CAINE to his home area.

According to information available today it appears efforts will be made to select the jury in the Ruby case on Monday, February 17, 1964, in Dallas, Texas. The question is raised concerning the desirability of a Bureau Agent's being present during the trial in order to look after the Bureau's interests relative to any matters that come up during this trial. It is hard to believe that there will not be a number of instances wherein the Bureau will be mentioned, inasmuch as we have conducted approximately 3,300 interviews during our investigation. It would, therefore, appear desirable to have an Agent present to obtain firsthand information as to any comments that are made wherein it would affect the FBI.

There are some disadvantages to having an Agent present, these being the courtroom is quite small, members of the press have been turned away because of lack of space, and for an Agent to have access to the courtroom, he will necessarily have to have been identified to those in charge of the court. There will be no problem in having an Agent in the courtroom; however, his identity will be known.

It is possible there will be publicity concerning the fact that the FBI has an Agent attending the trial. In this regard, however, it has been publicly announced repeatedly that the Bureau has conducted an investigation in this matter, and it should be no surprise to the news media or the public that we are sufficiently interested in this case to have an Agent present.

RECOMMENDATION:

Based on the foregoing, it is recommended Dallas be instructed to have an Agent that is thoroughly acquainted with all ramifications of this case to attend the trial in order that the Bureau's interests can be properly looked after.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, N. E.
Washington, D. C.

Dear Mr. Rankin:

Reference is made to your letter of February 18, 1964, requesting this Bureau to conduct appropriate investigation to resolve the allegation of Mr. Arturo Alcocer Ruiz, his wife, Dolores Ahedo De Alcocer, and their friend, Maria Luisa Leon, that they saw a woman believed by them to be a sister of Jack Ruby in the vicinity of the Presidential caravan in San Antonio, Texas, on November 21, 1963, and again on television at the time a man apparently connected with Oswald's Beckley Street address was being interviewed.

For your information, we have determined that Jack L. Ruby has four sisters: Mrs. Eva L. Grant, 3929 Rawlins Street, Apartment 1, Dallas, Texas; Mrs. Marian Carroll and Mrs. Ann Volpert, both of whom reside at 1044 West Loyola Avenue, Chicago, Illinois; and Mrs. Harold Kaminsky, 6724 North Talman, Chicago, Illinois.

We interviewed Mrs. Marian Carroll, Mrs. Ann Volpert and Mrs. Harold Kaminsky in Chicago immediately following the arrest of Jack L. Ruby on the charge that he shot Lee Harvey Oswald. They advised that they had not been to Texas during the period immediately before or after the assassination of the President. We also interviewed Mrs. Eva L. Grant at her residence in Dallas on November 25, 1963. Mrs. Grant was at that time recuperating from an operation. She indicated she was in her apartment in Dallas during the immediate period prior to and following the assassination of the President and had been

visited at her apartment by her brother, Jack L. Ruby, after the assassination of the President and before Ruby was arrested for shooting Lee Harvey Oswald.

We interviewed Mrs. Rex B. Goodman, manager of the apartment house at 3929 Rawlins Street, Dallas, Texas, on December 21, 1963, at which time she furnished information concerning Mrs. Eva Grant. Mrs. Goodman also told us that Mrs. Grant was recovering from an operation at the time of the assassination of President Kennedy, and that it would have been impossible for her to have been in San Antonio, Texas, on November 21, 1963.

In connection with your request that this Bureau review the tapes of television interviews broadcast in the San Antonio, Texas, area on November 22, 1963, at 6:00 P.M., we determined from James M. Gaines, President, WOAI TV; Bob Roth, President, KONO TV; and Wayne Kearl, Manager, KENS TV that their stations were carrying live television network programs from 6:00 P.M. to 6:30 P.M. on November 22, 1963, and that tapes were not made of the programs.

No additional inquiries concerning this allegation are contemplated by this Bureau in the absence of a specific request from the Commission.

Sincerely yours,

J. Edgar Hoover

Honorable J. Lee Rankin

C

BUREAU NOTE:

We received an allegation through the Legat, Mexico from Mr. Ruiz and his party that they had been in San Antonio on November 21, 1963, and saw a very fat woman approximately fifty years of age who acted peculiar inasmuch as she stood in front of a certain store for several hours. They added that the following day on November 22, 1963, they saw what appeared to be the same fat woman on a television program which showed interview of an individual at Oswald's rooming house on Beckley Street. They further stated they subsequently saw a television program on 11-24 where Jack Ruby's sister was being interviewed and they felt she was the same fat woman seen in San Antonio and at the Beckley address on television. Obviously, the allegation has no basis in fact. This is another of the many false reports we have run down in this investigation.

Dear Mr. Hoover:

Your Bureau's memorandum report dated December 3, 1963, entitled "Lee Harvey Oswald" sets forth information furnished by Mexican attorney Arturo Alcocer Ruiz and his wife, Dolores Ahedo De Alcocer, and their friend, Maria Luisa Leon, that they saw a woman believed by them to be a sister of Jack Ruby in the vicinity of the Presidential caravan in San Antonio, Texas, on November 21, 1963, and again on television at the time a man apparently connected with Oswald's Beckley Street address was being interviewed.

Re Dallas letter to Bureau 1/29/64, requesting investigation to identify and interview CARLOS CAMORGO or CAMARGO.

On 2/13/64 a check of the current Mexico City telephone directory revealed that there is no one named CAMORGO listed in this directory; however, there are many persons with the last name of CAMARGO listed. A check of all of the persons named CAMARGO listed in the current directory revealed that Mexico City telephone number 14-96-28 (this number listed as 14-9628 in relet, but Mexico City numbers actually listed as given above) is not listed to anyone named CAMARGO in Mexico, D. F.

On 2/13/64 a call to Mexico City number 14-96-28 revealed that this number is listed to ADOLFO DORFSMAN, Calle Tamaulipas #55, Apartment 601, Mexico, D. F., and this listing was subsequently verified through a check of the Mexico City telephone directory.

ADOLFO DORFSMAN, an employee of the Mexican Ministry of National Property, advised that he has had Mexico City telephone number 14-96-28 for more than two years, that he knows no one named CARLOS CAMORGO or CAMARGO, and that no person by this name has had access to his telephone. DORFSMAN stated that he has, of course, heard of JACK RUBY and LEE HARVEY OSWALD, but that he does not know either personally and his only knowledge of these persons has been through newspaper and other publicity.

On 2/13/64 an additional check of the Mexico City telephone directory revealed that one CARLOS CAMARGO, Calle Mexicali #45, Mexico, D. F., has telephone numbers 14-98-94, 25-29-58, and 25-29-51, the first of which is somewhat similar to the number given in relet.

On 2/13/64 CARLOS CAMARGO, Calle Mexicali #45, Mexico, D. F., advised that he has never visited Dallas, Texas, in his life and that Mexico City telephone number 14-96-28 has never been listed to him. CAMARGO further advised that he has heard of JACK RUBY and LEE HARVEY OSWALD only through publicity given these persons in various news media and has had no personal knowledge of either. CARLOS CAMARGO pointed out that his name is not uncommon in Mexico City; that his own son is in fact named CARLOS CAMARGO MARTINEZ, but that without the "segundo appellido" or maternal surname of such an individual it would be very difficult, if not impossible, to determine who the pertinent CARLOS CAMARGO might be in Mexico City, which is a city of more than five million persons.

On 2/13/64 a check of the records of the Visa Section, U. S. Embassy, Mexico, D. F., was made in an effort to identify a Mexican national by the name of CARLOS CAMARGO who might have had Mexico City telephone number 14-96-28; however, this check revealed that the telephone numbers of visa applicants are not normally listed on visa records and no conclusive data to identify the CARLOS CAMORGO or CAMARGO mentioned in relet was found from this check.

UACB, and inasmuch as it appears that some error may have been made in the recording of the Mexico City telephone reported as that of CARLOS CAMORGO or CAMARGO in relet, no further action is contemplated by the Mexico City Office. The Bureau may desire to have the Dallas Office recheck the address book of JACK L. RUBY in order to establish that the Mexico City number of the individual named above was correctly transcribed from this address book.

Investigation is continuing at Mexico City concerning the lead received 2/14/64 to determine whether JACK RUBY may have traveled to Cuba from Mexico City during late 1962 via the Mexican airline known as "Mexicana de Aviacion."

NOTE: The name "Arnold Westbrook" was found in the personal property of Ruby under circumstances indicating Westbrook may have been a member of Ruby's former Sovereign Club or may have attended the Carousel Club. Inasmuch as there is no indicating Westbrook was connected in any way with incidents relating to the assassination or the shooting of Oswald by Ruby which could likely involve him in Ruby's trial, El Paso is being instructed to conduct the investigation.

Dear Mr. Hoover:

The Commission has received several communiques--mostly telegrams from a Mrs. Shirley Martin of Hominy, Oklahoma. In them she demonstrates an interest in Ruth Paine of Irving, Texas, and in one of them states she has just returned from a visit with the Paine woman.

It would be helpful if your Bureau would furnish to the Commission any information it may already have in its files concerning Mrs. Shirley Martin and if no information is already available then we ask that an appropriate inquiry be conducted so that the Commission may properly evaluate her interest.

Dear Mr. Rankin:

The following is in reply to your letter dated February 18, 1964, relating to Mrs. Shirley Martin of Hominy, Oklahoma.

This Bureau has received several communications from a Mrs. Shirley Martin of Box 566, Hominy, Oklahoma, who appears to be identical with the subject of your inquiry. Mrs. Martin has directed letters to the United States Department of Justice, which have been referred to us, as well as sending letters directly to this Bureau. One communication from Mrs. Martin inquired as to why we had shown a photograph of Jack L. Ruby to Lee Harvey Oswald's mother before Oswald was murdered. This letter was acknowledged and Mrs. Martin was advised no such photograph had been shown. She immediately wrote back and inquired if any other photographs had been shown.

This latter communication from Mrs. Martin was received at the same time we were handling a referral from the United States Department of Justice in which Mrs. Martin claimed to have seen a photograph in the December 14, 1964, issue of "The Saturday Evening Post," of an individual on a rooftop with a rifle near the assassination site. Inasmuch as Mrs. Martin did not fully identify the photograph, she was interviewed for this purpose by our Oklahoma City Office. At the time of interview Mrs. Martin was also advised that all evidence developed by this Bureau was being forwarded to the President's Commission and that we were making none of the information public.

Honorable J. Lee Rankin

During the interview Mrs. Martin identified the photograph appearing on the lower half of page 25 of the aforementioned magazine as the one she had referred to. Two photographic copies of page 25 are enclosed. Mrs. Martin stated she was referring to the small figure located just over the stars in the United States flag on the Presidential limousine. We are endeavoring to obtain the original of the above photograph for your use. You will be advised of the results of our efforts to obtain it.

At this time Mrs. Martin appeared antagonistic and somewhat eccentric. She claimed our Agent's presence in her home was primarily to question her and when advised our Agent was there only in response to communications she had sent to the United States Department of Justice and the Federal Bureau of Investigation and not to question her, she said, "You asked me my name didn't you?" During the conversation she made other statements considered offensive and insulting and it appeared Mrs. Martin was deliberately attempting to provoke an argument.

Mrs. Martin's most recent letter to this Bureau is dated February 10, 1964. In this letter she states she was discouraged to read in the newspaper that the United States Secret Service had suggested it would be safer and easier for Marina Oswald if she returned to the Soviet Union. Mrs. Martin states since Mrs. Oswald had publicly stated she does not want to return to the Soviet Union she questioned the spontaneity of Mrs. Oswald's testimony before the President's Commission.

This letter was not acknowledged, but because of her reference to the United States Secret Service, a copy of her letter was directed to that agency. In view of our prior experience with Mrs. Martin and in the absence of a specific request from you, no contact with her will be made.

Honorable J. Lee Rankin

We have developed no information which would indicate any connection between Mrs. Martin and Mrs. Ruth Paine of Irving, Texas, however, Mrs. Paine is being interviewed for any information she may have concerning Mrs. Martin inasmuch as your letter states Mrs. Martin has returned from a visit with Mrs. Paine. When the results of this interview are received you will be promptly notified. As you are aware, we have furnished the President's Commission numerous reports relating to the Paines.

Sincerely yours,

# Memorandum

TO : A. H. Belmont

DATE: February 26, 1964

FROM : A. Rosen

SUBJECT: THE PRESIDENT'S COMMISSION
ASSASSINATION OF THE PRESIDENT.

While at the offices of the President's Commission on other matters, J. Lee Rankin requested Malley to stop by his office. Mr. Rankin advised that he desired to make it known that the Bureau had been of tremendous help to the President's Commission, that an extremely large volume of work had been produced by the Bureau and that the Bureau had been most cooperative in handling all requests which had been made by the President's Commission.

He commented that recently there had been quite an increase in the number of requests and there was a possibility that there would be many more additional requests. Mr. Rankin stated this was not intended as a criticism of the Bureau's work but instead was the following through of the Commission's desire to complete the Commission's record and leave no unanswered questions.

In this regard, Mr. Rankin went on to say that the Bureau, in conducting its investigation, had an extremely difficult and enormous task to perform and that he as well as other members of the Commission staff had been amazed at the amount of detailed information which had been developed by the Bureau in its investigation. He commented that the Commission in performing its tasks was of necessity making a most minute study of the Bureau's work as well as that of other Government agencies with the idea of picking the investigation to pieces to the extreme degree so that wherever it was possible to clarify any item, this could be handled while the Commission was in existence.

Mr. Rankin advised that in connection with the letter which had just recently been transmitted to the Bureau requesting an explanation concerning information relative to Special Agent James P. Hosty's name being omitted from a report prepared in the Dallas Office (report of Special Agent Robert P. Gemberling dated 12/23/63), he wanted the Bureau to know the following:

Memorandum A. Rosen to A. H. Belmont
Re: THE PRESIDENT'S COMMISSION

The Commission had noted in reviewing the notebook in question that Agent Hosty's name appeared in the book along with the office telephone number and a license number. It had been noted that this information did not appear in the Dallas investigative report and members of the Commission wondered why this item did not appear. Mr. Rankin stated that prior to any question being raised concerning this item, the Bureau in one of its letters to the Commission (dated 1/27/64) set forth full information for the Commission's information explaining the appearance of Agent Hosty's name in the Oswald notebook. As a result of this information being furnished by Bureau, the members of the Commission were fully aware that there had no effort on the part of the Bureau not to make this information available. Mr. Rankin stated that after some discussion concerning this item, the members of the Commission directed Mr. Rankin to request the Bureau for an explanation so that the record of the Commission would show the exact circumstances by which this item was omitted from the Dallas report of 12/23/63 by Special Agent Gemberling.

ACTION:

Attached is a letter to J. Lee Rankin setting forth the reasons why Agent Hosty's name was omitted from the Dallas report of 12/23/63. We are enclosing for the Commission affidavits from Special Agent Robert P. Gemberling and John T. Kesler wherein they set forth their explanations in handling the Hosty entry in Oswald's address book. Both affidavits are excellent and should satisfy the Commission that our handling of the Hosty entry was sound.

NOTE:

Bennett Catherall, an Attorney, Sharon, Massachusetts, in a letter to the Director dated 2-18-64 set forth certain observations concerning the assassinat of the President, namely, that some syndicate or group wh planned the assassination of President Kennedy is the source of defense funds for Ruby who is a member of this syndicate. He stated he saw a television program on the night of Oswald's murder on NBC-TV where a strip-teaser mentioned that she had seen Oswald in Ruby's club the week preceeding the assassination. Information available through press and other sources reflects that Ruby's brother Earl and Barney Ross and others have formed a Ruby defense fund, the success of which fund is not known. Ruby reportedly has grossed about $75,000 from a newspaper series and it is also reported that Belli is defending Ruby for a $100,000 loan on proceeds of a book Ruby will write. This has not been verified. The observation that Ruby is a member or agent of some syndicate to assassinate the President has been made numerous times. In each instance, they have been run out to the fullest extent possible and investigation has never established any connection of Ruby with any identifiable syndicate or with Oswald. A male comedian performing at Ruby's club at the time Ruby shot Oswald stated to reporters that he had seen Oswald in the club. The comedian upon interview was not certain and other employees, strippers and associates of Ruby interviewed have positively stated that they never saw Oswald in Ruby's club. Correspondent is not identifiable in Bureau files.

RE: The President's Assassination

Dear Sir:

It is clear, I think, that the funds which are available for Rubinstein's defense are unlimited, and I suggest, when your Department has determined the source of those funds, you will know the identity of the group or syndicate which planned and executed President Kennedy's assassination. Certainly one would be naive to think that the funds expended for the defense of Ruby are being spent because of Ruby's sterling character or friendship for Ruby. It is as absurd to suggest that Ruby's murder of Oswald was motivated by his idolatry for President Kennedy.

It has seemed clear to me from the beginning that President Kennedy's assassination was arranged by a syndicate, identity unknown, of which Rubinstein is either a member or an agent. In this connection I suggest you check with NBC-TV, which had a live program on the Sunday evening of Oswald's murder, at a time when the principals and agents had not had sufficient time to think. I believe the program was shown on Channel 4 (Boston) at either 8:00 P. M. or 9:00 P. M. The program lasted an hour and involved an interview with one of Ruby's strip teasers who mentioned that Oswald had been in Ruby's night club once or twice during the preceding week; two interviews on the West Coast by TV or radio correspondents with acquaintances of Ruby, one of whom divulged the information that Ruby knew each of the police officers on the Dallas force by first name and another of whom made the startling revelation that "We will have Ruby out on bail tomorrow morning regardless of the amount. We have already talked with Beverly Hills and We will have the best lawyer in California take care of ....." The quotes are not entirely accurate but suggest the theme of the discussion. I am certain the tapes are available and certainly disclose at that early time the avid interest of Ruby's "acquaintances" on the West Coast for his well being.

I suggest the very real possibility that Rubinstein had been assigned by the syndicate to hire the assassin; that when the assassin showed signs of terror and flight the syndicate ordered

Ruby to murder him before he had an opportunity to speak; that Ruby, for his own self-preservation, carried out the instructions of the syndicate, having full opportunity because of his first-nam relationship with the Dallas Police Department. (The television photos show his gun in his hand, exposed to all viewers, for I do not know how many seconds, as Oswald walked down the corridor.)

I am certain your Department has considered all possibilities, but if my letter will shed a little light on the problem and indicate in a small way the feelings of one individual toward the publicity which suggests that the assassination was a "one-man operation," m time in writing and your time in reading will be served.

Very truly yours,

Bennett Catherall

CIVIL RIGHTS

Enclosed herewith is a copy of a letter to the Attorney General dated 2-17-64 from August Keyer which was furnished to the Bureau by the Department of Justice 2-20-64. No return address was furnished, however, Keyer in his letter indicates he is possibly from the Lincoln, Nebraska, area.

It is noted that Keyer alleges that he saw a person resembling Ruby at the bus station at Lincoln, Nebraska, at 3 p.m. on 11-16-63 at which time this individual was attempting to check two rifles on the bus to Dallas. There is no information in Bureau files identifiable with Keyer. Omaha is requested to check their files in an effort to identify him and furnish any information developed to Dallas and the Bureau. If identified, interview Keyer. The incoherent and rambling nature of Keyer's letter would indicate that he is possibly mentally unstable.

No information has been developed in the investigation concerning Jack L. Ruby which would indicate that he was in Lincoln, Nebraska, at any time on 11-16-63. On the contrary, several persons acquainted with Ruby upon interview have stated that they saw him in Dallas at the Carousel Club, which he operated, on 11-16-63.

NOTE:

Department furnished a letter dated 2/17/64 to the Attorney General from August Meyer which had no return address and the envelope was not furnished. In addition to the above Meyer relates that during week of 11/26/63 he saw a person in a bar in Cedar Rapids, Iowa, whom he was told was in a state of shock because his brother was in deep trouble in Dallas, Texas. Ruby's three brothers, Earl, who resides in Detroit, Sam, who resides in Dallas, Texas, and Hyman, who resides in Chicago, Illinois, were each interviewed during the week of 11/26/63 at their residences and no indication was given that they had been to or were connected with the Cedar Rapids, Iowa, area in any way. In addition to discussing Ruby, Meyer rambles incoherently at length stating he knew lots of things about kidnappers, murderers, bank robbers and their methods of operations and that he has been on a list for extermination because of his knowledge but that he keeps moving so he can't get caught. He said he was severely burned in 1935 to keep him from squealing about the Weyerhauser kidnapping. The rambling incoherent nature of his letter indicates possible mental instability.

Ruby at hearing

On 11-16-63 while sitting in Continental Bus Depot in Dallas at about 2-30 - 3 P.M. Ruby walked into the bus depot on the Stemmons entrance. He wore a dark gray Stetson hat, real dark gray suit, white shirt, Sof coat, real dark gray suit, white shirt, Sportsman tie. Real dark gray with a colored feather in it if I remember the hat correctly.

He was carrying a reddish brown piece of airplane type luggage and two rifles, which he requested to check in Dallas Texas.

One of the rifles they were in broke down and were enclosed in rifle cases the bus co refused to take them in Dallas Texas.

Department by memorandum dated 2/20/64 enclosed a copy of a letter to the Attorney General from Ella Pearl Doane, Hotel Southland, Dallas, Texas, dated 2/12/64. Doane in her letter indicated she was in Dallas and had been to see District Attorney Wade in an effort to get a pass to attend Jack Ruby's trial. She had not been successful in gaining admittance and asked the Attorney General to help her to get a pass to the trial.

Bureau files reflect that Ella Pearl Doane has resided in the past in Portland, Oregon, and Washington, D. C. She is a former mental patient addicted to long rambling letters, is known to have written letters to herself in Portland, Oregon, and has contacted the Los Angeles and Seattle Offices in the past. When residing in Washington, D. C., in 1957, she visited the Bureau on several occasions and attempted to see the Director. On 3/14/57 she advised the Bureau she had been attending the McClellan senate hearings into rackets and labor management and desired to discuss the hearings with the Bureau to bring the Bureau up to date. On 7/19/57 she visited the Bureau and stated that she had attended the Hoffa trial and expressed concern over the conduct of the trial. Her frequent communications with the Bureau are not acknowledged because of her mental condition.

Dear Mr. Lane:

I arrived here yesterday at 4:30 P.M. Went to see Mr. Wade - Asst Prosecuting Attorney, but he was so busy had to talk to H. H. Davis & Mr. Jones - Special investigator. Will have to have a pass to get to Jack Ruby's trial as the court room is so small & the Press take up most of it. Mr. Davis & Mr. Jones gave me a lot, almost the third degree trying to find out how much I knew, etc. I told them as little as possible but finally convinced them I was in the know. I referred them to you. I told them if things were the way I thot they were I had a lot of valuable information after talking them about writing President Kennedy about my manuscript that Preston-Hall & another Publisher turned down. They told me to call them at 9:00 in the morning & they'd see if they could get me a pass to all the hearings. I asked them if I should still write & they said yes that might

I came here especially for this trial & want to hear all the witnesses testimony.

I have much valuable information that even you don't know about.

Please help me to get a pass if you can.

If the trial is held here I will be getting another place to live. The Hotel gave me a room with out any windows or ventilation (false ones only) & I developed a peculiar odor that made my head split & made me feel very ill. I asked to have my room changed what a bad time they gave me. Had 2 maids the House-keeper & engineer up here. The window wouldn't open; the drapes fell down the bath towels & hand towel were dirty. The shower wouldn't turn on & they were real nasty. When I told them I'd been House-keeper at the Statler Hotel & knew the Hotel business you should have seen them come down to earth. Subject recently came to the attention of this office as the author of an article concerning the assassination of the late President KENNEDY which appeared in the 2-20-64 issue of "L'Express", a Paris weekly newspaper whose political leanings are oriented to the left. Copy of the article is enclosed for the Bureau and the Bureau may wish to have BUCHANAN's article translated in its entirety. If this is done, it is requested that a copy of the translation be forwarded to Paris for the completion of the Paris file.

In a preface to the article BUCHANAN is described as a 44-year-old American novelist, author of "La Licorne", which was chosen in 1960 by the New York Times as one of the best books of the year, who is presently employed in Paris as an electronics engineer.

In general BUCHANAN's article claims that authorities investigating the assassination of the late President KENNEDY

started with the hypothesis that HARVEY LEE OSWALD alone was responsible for the murder, and thereafter as the investigation progressed, authorities either changed or disregarded facts which did not agree with the preconceived solution. BUCHANAN in general asserts that several assassins were involved and bases his theory on the number and direction of the shots, the distance from which they were fired, the nature of the wounds, as well as OSWALD's prior poor record as a marksman.

The article indicates that future issues will contain additional articles on the subject of the assassination although it is not clear whether or not they will be written by BUCHANAN. We will follow this matter and report any additional information of interest.

Arthur Frazier quickly spotted Jack Ruby, slayer of Harvey Lee Oswald of Dallas as the same Jack Ruby who spent a year reputedly running a whiskey operation west of town. Mrs. Zula Watson, also a neighbor of the Paschals and Jack Ruby's, recognized him as the man who had lived near Elm Grove for a time. Last week Milam King, Jr., purchased an eastern reprint of the scene of President Kennedy's assassination taken just two minutes before he was shot. Today he showed the picture to Henry Tennant who identified one of the spectators in the photo as Jack Ruby. Mrs. Myrtle White identified the woman with him in the picture as the Mrs. Ruby who patronized her beauty shop about 10 years ago.

One Harry Chenault was reported as having identified Ruby and a Mrs. Ruby in a photograph of the assassination scene just minutes before the assassination took place. Our investigation does not establish that Ruby ever had a whiskey operation in Oklahoma, that he was at the scene of the assassination or that he has ever been married. U. S. Attorney Barefoot Sanders, Dallas, has received information that Ruby was interviewed 11-23-63 by Phillipe Labro (phonetic), a representative of "France-Soir" newspaper.

Sources in Dallas who are familiar with accredited newsmen presently there for Ruby's trial do not know Labro.

It is noted that on 12-1-63 the Dallas Office interviewed Francois Pelou, a representative of the France Press News Agency, Washington, D. C. Pelou stated he had seen Ruby at Dallas police headquarters on 11-23-63 but had not had an opportunity to interview him although he and other reporters did interview Tom Howard, attorney for Ruby, on 11-25-63.

Since the President was assassinated 11-22-63 and Ruby shot Oswald 11-24-63, any interview Ruby may have had with the press on 11-23-63 could be highly pertinent.

ACTION

It is recommended that Crime Records Division through appropriate press sources attempt to identify Phillipe Labro (phonetic) a representative of "France-Soir" newspaper.

SUBJECT: ASSASSINATION OF THE PRESIDENT

Dick Berlin called for the Director at 12:07 p.m., 2/25/64. Upon being informed of the Director's absence from the office, he asked to speak to me. I was at the Bethesda Naval Hospital at the time for a physical examination. I called Mr. Berlin back at 3:30 p.m.

Mr. Berlin advised that one of their good young reporters, who is considered to be very reliable, has learned from sources in Dallas, also from members of Congress, and from one recently released FBI Agent, that both Jack Ruby and Lee Harvey Oswald were informants of the FBI prior to the time President Kennedy was assassinated. Berlin stated that his reporter had pledged not to reveal the name of this former Agent. He also indicated that Melvin Belli, the attorney for the defense in the Ruby case, had told this reporter that Oswald was an FBI informant.

The alleged sources in Congress who told the Hearst reporter about this matter additionally advised him that it was entirely possible that J. Edgar Hoover at FBI Headquarters in Washington would never be consulted about local informants. The reporter argued that this appeared to be sufficient proof that Ruby and Oswald could have been informants without the Director or FBI Headquarters knowing about it. Belli told the reporter that he wouldn't care to comment so much regarding Ruby's connections with the FBI but that he knew from reliable sources that Ruby had been an informant for 8 weeks and Oswald an informant for 13 weeks. Belli additionally told the reporter that Ruby informed on gamblers and people of low character, and that Oswald was a security-type informant.

Mr. Berlin said he wanted to let the Director know about this matter at once. I told him that the Director already knew of this rumor that that this was an old, old story without a scintilla of truth to it. I went into some detail with Mr. Berlin explaining that these careless rumors came from 3 different sources: (1) I explained the matter of Senator Eastland, Chairman of the Senate Internal Security Subcommittee, and Jay Sourwine, Counsel of that Committee, having picked up this information from a Colonel Phil Corso who is employed by Senator Strom Thurmond. I told Mr. Berlin we had confronted Corso and he had backed down. Corso claimed that he merely deduced such facts on the basis of his prior experience in military intelligence. I told Mr. Berlin that Corso had very faulty logic and was a "dreamer"; (2) I mentioned the drive by the Communist Party to

disprove the fact that Oswald was a confirmed Marxist by alleging that Oswald was a spy for either the FBI or CIA; (3) I told Mr. Berlin that the "recently released former Agent" was undoubtedly one William Turner who was dismissed with prejudice for making false and defamatory statements about the FBI. I additionally mentioned the incident involving the reporter by the name of Hudkins who had refused to back up his statements previously made to Henry Wade, the prosecutor in Dallas, Texas. Insofar as Belli was concerned, I told Mr. Berlin he might like to consider the source inasmuch as Belli would use every subterfuge possible in order to get publicity for himself and to get his client, Ruby, off the hook on a plea of insanity.

Mr. Berlin agreed that the allegations were undoubtedly false and stated that he was satisfied and that no action would be taken by the Hearst papers. He asked, however, that I call Kingsbury Smith, publisher of the "Journal American," and tell him the same facts. He stated Mr. Smith could be reached at COlumbus 7-7454, his unlisted number at the "Journal American" offices.

I talked to Mr. Smith at approximately 4:20 p.m., 2/25/64, and he related to me the same facts as previously given by Mr. Berlin, however, added that the Hearst reporter had a tape recording of Melvin Belli making the above-mentioned allegations. I went into some detail refuting the same allegations that both Mr. Berlin and Mr. Smith had mentioned. In conclusion, I told Mr. Smith that Belli's allegations, particularly on tape, would necessitate our interviewing him and asking him to put up or shut up. He stated he thought this would be necessary and agreed it should be done. Mr. Smith concluded by stating that the article would not be published in the Hearst papers; however, he felt that Belli would continue his gabbing and some other paper might carry these allegations. I told him that other publications had already carried almost the same rumors. I mentioned former Agent Turner's article in "SAGA" magazine as well as the article in "Nation" magazine and the articles by the Communist Party. Mr. Smith was not familiar with these articles, however, stated he could see the rumors were being well played.

Both Mr. Berlin and Mr. Smith were completely satisfied concerning our refutation of these allegations.

ACTION:

It is suggested this memorandum be forwarded to the Domestic Intelligence Division and that consideration be given to immediately interviewing Belli concerning the above-mentioned allegations which he allegedly gave to "Journal American" reporter on tape. Neither Messrs. Berlin nor Smith desired to reveal the name of their reporter. I did not push them in this regard in view of their close friendship to the Director and the Bureau. I do feel, however, that if it is necessary we can obtain a copy of the tape they claim the reporter has obtained from Belli.

Special Agent in Charge

"asked the judge who is trying him for murder to change the charge to homicide and to release him on bail. 'RUBY has friends who are ready to put up one hundred thousand dollars in bail', stated the shyster lawyer, an expert in accident claims.

"The F.B.I.'s Feet of Lead

"In the meantime, the Federal Bureau of Investigation, the institution which is comparable on the domestic scene to the CIA abroad ' is proceeding slowly', as a member of the mafia of 'Cosa Nostra' would say. Thirty days have passed since the assassination of President KENNEDY in broad daylight, in the presence of thousands of persons, and the F.B.I. has not solved the case yet. But 53 hours, 27 minutes and 11 seconds after the kidnapping of the son of FRANK SINATRA, the singing gambler-gangster, it arrested the guilty parties and recovered the quarter of a million dollars paid in ransom.

"Not only did FRANK SINATRA replace the Dallas event in the news, but he had the successful cooperation of the F.B.I. in punishing those who sinned against him, gangsters like himself. His case was solved by lightning-swift activity; J. EDGAR HOOVER experienced a sense of euphoria, and FRANK SINATRA celebrated his birthday with an early present from Santa Claus, when he recovered his money.

"The F.B.I.'s feet of lead were reserved for the other investigation, which shook the world because of its crime against peace.

"What Is the F.B.I.?

"Everybody has the idea that the F.B.I. is a powerful superstructure, more persistent than efficient, which has at its disposal modern technical procedures, tremendous files, electronic computers and marksmen expert with the 'bulldog 38' and the sub-machine gun, an organization which

"accumulates information by tapping telephones, and in general, solves kidnapping and counterfeiting cases, and investigates cases of gangsterism when they cross state lines. It was founded in 1908, and it has been known as the F.B.I. only since 1935. All these facts are generally known. The real F.B.I., seen as it was in the 'Yankee military missions' in Caracas, is the image of the personality of its perpetual chief, JOHN EDGAR HOOVER, the oldest and best customer at exclusive 'Harvey's' in Washington, a restaurant where wines are kept under lock and key, since they are of very rare vintage.

"The F.B.I. is an autocracy characterized by excessive regimentation. JOHN EDGAR is a perfectionist, a martinet. He wants everything just so.

"HOOVER, 'The King'

"F.B.I. agents are apt to be dismissed for the most eccentric, pettiest and whimsical reasons. In an exchange of gunfire with a gangster, they may kill an innocent passerby without getting into any difficulty, but alas for the one who commits the sin of 'poor judgment'. An agent was fired for that shortcoming. His mistake? He hired an employee who had acne. Another was admonished for buying the semi-pornographic magazine 'Playboy', where people could see him.

"In the F.B.I., the agents search one another's rooms, and in one instance, one of them was called on the carpet for having a half-consumed bottle of Scotch in his apartment. His transgression? Not having drunk all of it and gotten rid of the 'container'. JOHN EDGAR likes things finished.

"Before going any further, let me inform the reader that all this, which seems to have been invented, was revealed on radio and TV by an ex-agent JACK LEVINE. JACK LEVINE stated that the subordinates call the supreme chief, Mr. HOOVER, 'The King'.

"The Perfectionist

"In the FBI there is an obsession about the weight of the agents. The chief has a passion for exactness. He studies with satisfaction the height and weight charts put out by the insurance companies. A violation of his rules concerning this is punished by a transfer to another territory--because the members of the F.B.I., like the gangsters, divide their activity according to territories--and a certain GIBBONS was transferred six times in five months because he refused to reduce, since his doctor told him that he was all right.

"Periodically, the new agents are reviewed by His Majesty HOOVER. Before the presentation, there is a full-dress rehearsal, with a supervisor playing the role of 'The King'. The agents get in line according to height, like children in the elementary school.

"Suits, ties, shirts--only French cuffs may be worn--socks, everything must be the style preferred by JOHN EDGAR. The handkerchief must be carefully placed in the pocket, and another one, well-hidden, must be used to dry one's hands, because 'The King' detests damp palms. 'They show a lack of character', he says with his bloodshot eyes. Nor does he like people to smoke in his presence. It has to be done behind his back.

"Caprices of 'The King'

"Another essential routine is to write letters to him. An agent who has any self-pride cannot forget JOHN EDGAR HOOVER's birthday. Congratulations on that day are essential to his job and they are filed away as part of his 'loyalty file'.

"The books of His Majesty, 'masterpieces of profound analysis', are required reading for F.B.I. agents. But they

"have to be purchased, and at the newsstand editions. This display of 'loyalty' and 'loyalties' of His Majesty HOOVER. To resign from the Bureau, as JACK LEVINE did, is something one has to think about long and well. He knows from experience that he is under the surveillance of his former colleagues, his telephone is tapped, and they constantly warn him 'you are going to get into trouble'.

"What is the purpose of all this striptease of the F.B.I. and His Majesty HOOVER: Well because 'The King' is preparing a tremendous bundle of papers with the report on the KENNEDY assassination, in which JACK RUBY is the patriotic hero and OSWALD appears as the guilty one, without any accomplices in the U.S.A. For reasons of State..."

The foregoing is being furnished for the information of the Bureau.

While discussing other matters with Mr. Howard Willens of the President's Commission on February 20, 1964, Mr. Willens advised the Commission had received from the State Department an FBI report captioned, "Funds transmitted to residents of Russia, Internal Security - Russia," this report having been prepared by SA John W. Fain dated May 12, 1960, Dallas, Texas. Mr. Willens advised this report contains the results of an interview with Marguerite Oswald, the mother of Lee Harvey Oswald, and relates that Mrs. Oswald had transmitted a check in the amount of $25 to her son while he was in Russia. Mr. Willens stated that this report was not made available by the FBI; however, some of the information set forth in the May 12, 1960, report is set forth in a subsequent FBI report of SA Fain at Dallas dated July 3, 1961, under the caption, "Lee Harvey Oswald". (The two reports referred to above were reviewed by the Domestic Intelligence Division and Inspector Moore advised the July 3, 1961, report contains a summary of all pertinent information that was set forth in the May 12, 1960, report. This procedure was followed so that all pertinent information concerning Oswald would be set forth in the Case File relating to subject Oswald.)

Mr. Willens advised that the Commission had received from the State Department an FBI report captioned, "Fair Play For Cuba, Internal Security - Cuba" prepared under date of October 25, 1963, by SA Warren C. DeBrueys at New Orleans. Willens states all pertinent information in this report relative to Oswald is set forth in a subsequent FBI report under the caption of "Lee Harvey Oswald."

Willens inquired whether there was any special reason the foregoing reports had not been made available to the Commission or whether the Bureau had summarized the information so that all of the data would be available under the case captioned, "Lee Harvey Oswald." Mr. Willens was advised that the Bureau would be very happy to make available the two reports he had referred to. He was told that all pertinent information had been included in reports under the caption, "Lee Harvey Oswald" and therefore there was no necessity for the Bureau to make the two reports mentioned available to the Commission as they did not contain any new information. He was also advised that based on a check of the Bureau files all

ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY
11/22/63
DALLAS, TEXAS

PURPOSE:

To recommend the attached letter be sent to the President's Commission in answer to its inquiry concerning Mrs. Shirley Martin of Hominy, Oklahoma, with whom we have had prior unsatisfactory dealings.

DETAILS:

Mr. J. Lee Rankin, General Counsel, President's Commission, by letter dated 2/18/64 advised the Commission had received several communications from Mrs. Martin. In the communications she reportedly showed an interest in Mrs. Ruth Paine of Irving, Texas (Mrs. Oswald resided with Mrs. Paine from 9/24/63 to 11/22/63), and in one of her letters states she had just returned from a visit with Mrs. Paine. Mr. Rankin stated it would be helpful if we could furnish the Commission with any information in our files concerning Mrs. Martin and that in the absence of any such information he desired we interview her so that the Commission could evaluate her interest in the Paine's.

BACKGROUND:

We have handled several communications from Mrs. Martin, the latest dated 2/10/64. Some of her letters were directed to the Department of Justice and referred to us, and others were addressed to the Director. One communication asked why we had shown Oswald's mother photographs of Ruby before her son was murdered. This letter was acknowledged and she was told no such photographs had been shown. She

immediately wrote back and asked if any photographs had been shown. This communication was received at the same time we were handling a referral from the Department in which Mrs. Martin claimed to have seen a photograph of an individual on a roof top with a rifle. Since she did not identify the photogreph, she was interviewed for this purpose. The Oklahoma City Office also advised Mrs. Martin that all evidence developed by the FBI was being forwarded to the President's Commission and we were making none of the information public as this would be the responsibility of the Commission.

By airtel dated 1/21/64, Oklahoma City advised Mrs. Martin had been contacted on 1/10/64, by SA Jack H. Bales. The photograph was identified as one in the 12/14/63 issue of "The Saturday Evening Post." In view of the Commission's request, two copies of the photograph will be enclosed for Mr. Rankin. Further, we are making efforts to locate the original of the photograph through "The Saturday Evening Post" for the use of the Commission.

Oklahoma City advised during the contact Mrs. Martin took SA Bales' name and credential number and was extremely antagonistic. Her attitude was such that SA Bales believed her to be mentally disturbed. She claimed SA Bales had come to question her and when he had told her he had come in response to communications she had sent to the Department and the FBI, and not to question her, she interrupted and said "you asked me my name, didn't you?" During the course of the conversation she demanded to know Mr. Hoover's age, why he had never married and asked if Agents still had to have their hands "swabbed" before they shook hands with the Director. It was obvious to SA Bales that Mrs. Martin was deliberately attempting to provoke an argument. When told the information developed by the FBI would be furnished to the President's Commission, she interjected, "all," "all of it?"

Memorandum to Mr. Belmont
RE: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY

Her most recent letter to the Director is dated 2/10/64 and she stated she was discouraged to read in the 12/8/63 issue of the "New York Times" that the Secret Service had suggested Marina Oswald would be safer and it would be easier for her if she returned to the Soviet Union rather than to try to live in the United States. She states since Mrs. Oswald has made it clear she does not want to return to the Soviet Union, this forces one to question whether or not her testimony before the Warren Commission was spontaneous. She asks, "What is the law regarding undue pressure?" This letter was not acknowledged, however because she mentioned the Secret Service, a copy of her communication was forwarded to the Secret Service.

Bureau files also indicate Mrs. Martin has written to other prominent individuals such as Senator Robert S. Kerr (D-Okla.), deceased, and has gone as far as to write to Premier Walter Ulbricht of East Germany indicating she had read about the death of a young East German Boy and desired to know their side of the story.

The Oswald's met Ruth Paine through Russian emigre groups as early as April, 1963. This association continued and on 9/24/63 Marina Oswald went to reside with Mrs. Paine who was separated from her husband at that time.

To date we have disseminated to the President's Commission 38 reports on Ruth Paine and her husband.

RECOMMENDATIONS:

1. That the attached letter be sent to Mr. Rankin, General Counsel of the President's Commission, outlining our prior experience with Mrs. Martin. In this letter we will point out that the Commission has already received reports relating to the Paines and that we will not interview Mrs. Martin in this matter unless specifically requested to do so by the Commission at this time.

Memorandum to Mr. Belmont
RE: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY

2. Dallas being instructed to interview Mrs. Ruth Paine of Irving, Texas, concerning Mrs. Martin's contact with her and the results will be furnished to the President's Commission. It is pointed out we have interviewed Mrs. Paine on numerous occasions in the past and she has always displayed a cooperative attitude.

3. Will follow efforts of field to locate original of photograph appearing in "The Saturday Evening Post" and will furnish same to the President's Commission as soon as it is located.

Since the President was assassinated on 11/22/63 and Ruby shot Lee Harvey Oswald on 11/263, any interview that Ruby may have had with the press on1/23/63 could be highly pertinent.

Mr. Adalbert de Segonzac, headf "France-Soir" Office, Washington, D. C., has advised t Bureau that he has no specific knowledge of interviews nducted by Labro during his stay in Dallas. He said thatabro had returned to France and is now assigned to the Par Headquarters of the newspaper "France-Soir."

It is requested that Phillipobro be located and interviewed for full details of any terview he might have conducted with Jack Ruby on 11/23/ If such an interview was conducted, particular emphis should be placed during your interview on determin if Ruby gave any indication that he was acquainted with ald or that he had ever known of Oswald prior to the assasation of the President. TO : Mr. Conrad

DATE: 2/27/64

FROM : W. D. Griffith

SUBJECT: ASSASSINATION OF PRESIDENT KENNEDY
REQUEST OF THE PRESIDENT'S COMMISSION

By letter dated 2/24/64 from Mr. Rankin The Commission has requested a series of photographs of exhibits which will include The Commission's assigned exhibit number in each photograph. The Commission requested that three photographs be made of each exhibit and that any photographs of clothing should be in color. It is indicated that as The Commission makes additional exhibits available they will desire they be similarly photographed. We have commenced work on this matter and are handling on an expedite basis.

We have previously furnished The Commission individual photographs of physical evidence items collected by the FBI during the investigation of the Oswald, Jack Ruby and the assassination of the President cases. The Commission has selected certain of these as being particularly pertinent and has assigned exhibit numbers to them. The Commission in its 2/24/64 letter is now asking that we furnish them with three photographic prints of every item to which they have assigned a Commission exhibit number.

An estimated 2,100, 8" x 10", photographic prints, some in color, will be required to fulfill The Commission's initial request and satisfy our own need for copies of any photographs furnished The Commission. This will take care of The Commission's request with respect to exhibits designated to date; however, as indicated in The Commission's letter this is a continuing project and additional photographic prints are to be made as new exhibit designations are made.

Since this is a substantial undertaking and since the photographic work is to be done by the Administrative Division's Photographic Unit, the project has been coordinated with Assistant Director Callahan and Administrative Division photographic personnel.

Ben Henderson, Dallas attorney, received a letter through the mail postmarked 2-17-64, at Missoula, Montana. Henderson advised in connection with change of venue hearing in Dallas in the Jack Ruby case he recently testified as a defense witness, stating he doubted a fair and impartial trial could be had for Ruby in Dallas County. In letter unknown subject states that it was the laws business to punish Oswald not Ruby and a million Americans will be waiting if he gets loose. Unknown subject also alleges that it looks like Ruby was afraid Oswald was going to tell something on him and theorizes Ruby was probably sending information to Russia. Unknown subject concludes that Ruby will get "his belly full of lead."

This letter does contain an implied threat against Ruby contingent upon the outcome of his murder trial. Dallas suggested Butte may desire to present to U. S. Attorney.

Two copies of report of SA Clements at Dallas dated 2/18/64 are being made available to the Commission per their request. This report has been reviewed by the appropriate supervisor, Civil Rights Section, and by Mr. Malley and Mr. Belmont. A copy is also being furnished to the Criminal Division of the Department.

The Commission by letter 2/12/64 advised that information coming to their attention indicated that in January, 1942, Ruby operated the Liberty Distributing Company in Chicago. They requested that we check and attempt to locate any records of this company's existence. We have checked the Secretary of State's Office and the Liquor Control Commission's Office for the State of Illinois. We are now attempting to trace ownership of property where company was supposedly located in order to identify company and obtain records.

UNKNOWN SUBJECT; BOMB THREAT,
COURTROOM OF JUDGE JOE B. BROWN, JR.,
FEBRUARY 21, 1964,
BOMBING MATTER

Dallas, Texas

Bomb threat

On February 21, 1964, at approximately 4:40 p.m., Sheriff Bill Decker, Dallas County, Texas, advised Special Agent Bardwell D. Odum that at about 1:30 p.m. on that date, someone at the Oak Cliff Courthouse, a branch courthouse in Dallas, had received a telephone call indicating that there might be a bomb or an explosion in the courtroom of Judge Brown. Sheriff Decker stated he believes that this call was received by a clerical employee of Justice of the Peace W. E. Richburg. Joe B. Brown, Jr., is a Justice of the Peace with offices in the Oak Cliff Courthouse. His father, Joe B. Brown, Sr., is a District Court judge with offices and courtroom in the main courthouse in downtown Dallas. On February 21, 1964, Judge Joe B. Brown, Sr., was presiding over the activities involved with selection of a jury to sit in the trial of Jack L. Ruby, accused of the murder of Lee Harvey Oswald on November 24, 1963. Sheriff Decker stated that in view of these facts he caused a search to be made by his deputies of the courtroom of Judge Joe B. Brown, Sr., and also of the courtroom of Judge Joe B. Brown, Jr., in the Oak Cliff Courthouse. No bomb was found, and he stated there is no indication as to who placed the anonymous call. Sheriff Decker advised that Chief Jesse Curry of the Dallas Police Department was aware of the telephone call and had been in contact with him.

On February 21, 1964, Lieutenant Colonel Roy H. Pate, Regional Commander, Intelligence Corps Group, United States Army, Dallas, Texas, was advised of the facts regarding this telephone call at 5:00 p.m., by Special Agent Kenneth H. Howe.

On February 24, 1964, W. E. Richburg, Justice of the Peace, Dallas, Texas, advised that he had first thought that the call regarding a bomb was received by a clerical employee in his office and that he so advised Sheriff Bill Decker. He stated that he has now ascertained that the call was actually received by a clerical employee of Justice of the Peace Joe B. Brown, Jr.

EX-104

On February 21, 1964, Mildred Polk, Clerk in the office of Justice of the Peace Joe B. Brown, Jr., Oak Cliff Courthouse, Dallas, Texas, furnished the following information to Special Agent Bardwell D. Odum:

At about 1:30 p.m. on Friday, February 21, 1964, the phone rang in the office of Judge Joe B. Brown, Jr., and no one else was in the office. Polk answered the phone with "Judge Brown, Jr.'s court." The person speaking was at first unintelligible to her because of an accent of some sort and she requested that this caller, a man, repeat what he had said. This time she heard the man say, "I think you should know there is a bomb in the courthouse." She immediately asked the caller if he meant the courthouse in Oak Cliff or the courthouse downtown, some three miles away. The caller did not reply and instead, hung up. She stated, that she immediately notified the police dispatcher for the Dallas Police Department of the call.

Mildred Polk described the caller as a man and was sure he was not a juvenile and described the accent used by the caller as probably a Spanish accent but possibly a French accent. She further stated that she feels that the caller may have thought he was connected with the office of Judge Joe B. Brown, Sr., who is scheduled to preside over the trial of Jack L. Ruby, who is charged with the murder of Lee Harvey Oswald. She stated that she based this partly upon the fact that Justice of the Peace Joe B. Brown, Jr., has had very little, if recent, publicity, but that the activities in connection with the selection of a jury for Ruby received daily and hourly attention by the news media. She also noted that the classified telephone directory for the City of Dallas under County Offices has Judge Joe B. Brown, Jr., listed at the top.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency. It and its contents are not to be distributed outside your agency.

ATTORNEY BENNETT CATHERALL
SHARON, MASSACHUSETTS

On February 28, 1964, Attorney BENNETT CATHERALL, 5 Post Office Square, Sharon, Massachusetts, advised he does not know RUBY or OSWALD and has no specific information regarding this matter. He said his knowledge is based solely on what he saw on TV and read in the newspapers following the assassination plus his conclusions based on his own analysis of what he saw and heard. He said he is a trial lawyer and formerly Assistant District Attorney in Norfolk County, Massachusetts. He said what he saw on TV was on Channel 4 (NBC) but there is a possibility it was on Channel 5 (CBS). He said that as a trial lawyer he has an "insight" into these sort of things and he wanted to suggest the possibility that RUBY had engaged OSWALD to assassinate the President and had later shot OSWALD so he could not furnish any information. He advised he has no evidence to support his conclusions and that he wanted to make certain that no possibility was overlooked in the investigation of the events that took place at Dallas, Texas. He said he realized the investigation of the assassination will be most thorough but he wanted to state his views regarding a group or syndicate having planned the assassination of President KENNEDY and ordered the killing of OSWALD.

Mr. J. Edgar Hoover
Director, Federal Bureau of Investigation
Department of Justice
Washington, D. C. 20530

Dear Mr. Hoover:

I am glad that we had the opportunity to discuss personally on January 28, 1964, the allegations to the effect that Lee Harvey Oswald was an informant of the Federal Bureau of Investigation.

Since our meeting, the Commission has received many helpful materials from your office concerning these allegations. I wish to acknowledge receipt of your letters dated February 6 and 12, 1964, enclosing your own affidavit as well as various affidavits submitted by agents of the Federal Bureau of Investigation who interviewed Lee Harvey Oswald or had responsibility for the supervision of Bureau informants in the areas where Oswald lived. I know that the Commission will consider these submissions, supplemented by your recent interviews of District Attorney Wade and Houston "Post" reporter Hudkins, as important contributions to the Commission's work.

In light of our continuing review of these allegations, I would like to bring to your attention one related matter. Your letter of January 27, 1964, advised the Commission that Special Agent James P. Hosty's name, office telephone number and automobile license number, one digit off, appeared in Oswald's address book. In so informing the Commission, your letter supplied information which appears to have been omitted from an earlier report of the FBI submitted to this Commission.

NOT RECORDED
199 MAR 4 1964

Specifically, the report of Special Agent Gemberling dated December 23, 1963, at Dallas, Texas, beginning at page 672 purports to set forth the names, addresses and/or phone numbers contained in Oswald's address book. At page 696 of this report, certain entries are set forth with an indication that they appear on page 74 of the address book. Examination of the address book reveals that certain information has been omitted at this point in your report, including Special Agent Hosty's name, a telephone number, a license number, the date "Nov 1, 1963," and an address, "1114 Commerce St Dallas."

The Commission would like to be informed of the circumstances surrounding this omission. More particularly, it would assist the Commission in appraising the significance of this matter if we knew the names of the agents, including supervisors, who prepared this portion of the report or made any decision to omit information from the report. Needless to say, we would like a full explanation.

Thank you for your attention to this matter.

Sincerely,

J. Lee Rankin

# Memorandum

TO : Mr. Belmont

DATE: February 27, 1964

FROM : A. Rosen

SUBJECT: JACK L. RUBY, AKA.
LEE HARVEY OSWALD, AKA - VICTIM
CIVIL RIGHTS

The President's Commission by letter dated 2-25-64 advised that the report of SA Manning C. Clements dated 11-30-63 set forth at pages 155 through 159 various pieces of intelligence data intermittently dated as early as May, 1961, which suggests the existence of a file containing information about Ruby collected prior to 11-22-63. The Director inquired, "Why didn't we give Commission all in first instance?"

The report of SA Clements, which was furnished to the Commission, at pages 155 through 159 sets forth ten items of information which were obtained through an indices search of all Dallas files. The information set forth comes from ten different Dallas files, and it includes all information available from the Dallas files wherein references were made to Ruby. Prior to 11-24-63, Ruby had never been the subject of a Bureau investigation, and no single file had been maintained by the Bureau or Dallas Office containing all information concerning Ruby. The Commission was not only furnished in the report of SA Clements at pages 155 through 159 the information in the Bureau's possession concerning Ruby but also the original source of this information was clearly identified. The Commission is apparently trying to draw an inference from the information set forth in the report of SA Clements that we have a file on Ruby containing all information collected by this Bureau concerning Ruby prior to the assassination. This is not correct

The facts are we did contact Ruby to give consideration as to whether he was in a position to furnish information to the Bureau regarding criminal activities and whether he would be willing to do so. This was done because of the type of clubs which he

operated. In this connection, he was contacted by an Agent on 3-11-59 and advised of the Bureau's jurisdiction in criminal matters. He expressed a willingness to cooperate and was subsequently contacted on eight occasions between 3-11-59 and 10-2-59. All contacts were completely negative. Ruby never furnished any information. He never received any money from the Dallas Office. He never was an informant of this Bureau.

In order to record the fact that contacts had been made with him, the specific memorandums of such contacts are maintained in an administrative control file in the Dallas Office. This file was captioned "Jack Ruby, Potential Criminal Informant (PCI)." The file was captioned as such solely for administrative purposes to record the time spent by Agents and the purpose of such contacts with the individual. The file was closed after the contact on 10-2-59, and no further consideration given to Ruby. In the report of SA Manning C. Clements dated 11-30-63 referred to by the Commission in its letter of 2-25-64, there was set forth on pages 157 - 159 information contained in this file, namely Ruby's physical description as obtained through observation and interview, as well as information furnished by one Helen A. Roan, concerning Ruby.

ACTION

There is attached a letter to the President's Commission advising them that the information set forth at pages 155 through 159 of the report of SA Manning C. Clements dated 11-30-63 was obtained from a search of all files of the Dallas Office wherein a prior reference was made to Ruby and that all information available from the files was set forth in the report of 11-30-63 which was furnished to the Commission. Also, that due to Ruby's position as a night club operator, he was contacted on nine specific occasions between March and October, 1959, to determine if he would furnish any information of value relating to criminal matters. He furnished no information whatever, was never paid any money and was not a Bureau informant.

I want you to know that I feel our reporting procedures in this matter are completely logical and sound. This Bureau never purported that Special Agent Gemberling's report of December 23, 1963, contained the complete listing of Lee Harvey Oswald's address book and, as you know, additional items in Oswald's address book not previously reported were furnished to the Commission in the report of Special Agent Robert P. Gemberling dated February 11, 1964, at Dallas, Texas.

This Bureau from the beginning of this investigation has developed and reported all available and relevant facts and it will continue to do so.

I trust that this letter and the enclosures thereto will satisfy the requirements of the Commission.

Sincerely yours,

started with the hypothesis that HARVEY LEE OSWALD alone was responsible for the murder, and thereafter as the investigation progressed, authorities either changed or disregarded facts which did not agree with the preconceived solution. BUCHANAN in general asserts that several assassins were involved and bases his theory on the number and direction of the shots, the distance from which they were fired, the nature of the wounds, as well as OSWALD's prior poor record as a marksman.

The article indicates that future issues will contain additional articles on the subject of the assassination although it is not clear whether or not they will be written by BUCHANAN. We will follow this matter and report any additional information of interest.

A communication dated 3/20/56 from the Los Angeles Office captioned "JAMES BREEN, wa, MISCELLANEOUS - INFORMATION CONCERNING" has been located in Dallas files. Although the name of JACK RUBY is not indexed, it is observed reference is made to RUBY in this communication.

The communication reflects that on 3/18/56 BUNNY BREEN, with aliases (identical with EILEEN CURRY, with aliases, FBI No. 3 375 502), had contacted the Los Angeles Office, she previously having been interviewed in Los Angeles by Agents of that office. She was then residing in Dallas. She related that she and JAMES BREEN (identical with JAMES ECKFORD BREEN, FBI No. 3 543 773), had jumped bond on a local narcotics charge in Los Angeles and traveled to Dallas. JAMES BREEN was reportedly driving a cab in Dallas and the woman engaged in prostitution activities.

The woman related JAMES BREEN had apparently made connections with a narcotics ring through a former associate from FCI, Seagoville, Texas, where he had served time. She continued "in some fashion James got okay to operate through Jack Ruby of Dallas." It appeared JAMES BREEN had apparently abandoned the woman

at the time of her call. EILEEN CURRY was carried for a time thereafter as a PCI of the Dallas Office, assigned to SA EMMETT J. MURPHY, then assigned to Dallas, now assigned to Los Angeles Office.

EILEEN CURRY disappeared from the Dallas area in mid-1956. She is known to have operated as a prostitute in other areas subsequently but her present whereabouts is unknown to the Dallas Office.

JAMES ECKFORD BREEN is indexed to various files of the Dallas Office but his present whereabouts is not known.

At the outset of the RUBY investigation, a check of records of Federal Bureau of Narcotics, Dallas, disclosed no references to RUBY. Representatives of the agency advised no reports of narcotics activity on the part of RUBY had reached them. On 3/3/64, a re-check of records of that agency disclosed no record of RUBY. Likewise, no record was found of any reports of narcotics activity in the Dallas area on the part of EILEEN CURRY, with aliases, and/or JAMES ECKFORD BREEN.

Since the trial of RUBY for the murder of OSWALD is now in progress in Dallas, no action will be taken UACB to locate CURRY and BREEN for interview. A copy of this communication is directed to Los Angeles in the event the Bureau instructs CURRY and BREEN be located and interviewed concerning their knowledge of RUEY and specifically the inference of narcotics activity on RUBY's part.

Identification Division is requested to furnish latest Identification Records of CURRY and BREEN to Dallas Office for possible future reference.

FBI Director J. Edgar Hoover today issued a public denial that Lee Harvey Oswald, accused assassin of President John F. Kennedy, and Jack L. Ruby, accused murderer of Oswald, ever served as confidential informants of the FBI.

Mr. Hoover said, "To set the record straight and to refute the misinformation which has been maliciously circulated, I want to state unequivocally that Lee Harvey Oswald and Jack L. Ruby were never FBI informants; that they were never employed by this Bureau in any capacity; nor did they ever render any services for--or receive any sums of money from--the FBI."

SUBJECT: JACK L. RUBY, AKA.

Mr. Leon Hubert, former professor of the Tulane Law School now working with the President's Commission, in a discussion with Mr. Malley 2/14/64 noted that the report of SA Manning C. Clements dated 11/30/63 reported Ruby's address as 4727 Homer Street, Dallas, Texas, but pointed out that on page 618 Ruby's address was shown as 4749 Homer Street and said this raised the possibility that Ruby may have been maintaining two addresses. The addresses 4727 Homer Street and 4749 Homer Street were accurately used in our report of 11/30/63. The variation in these two addresses is due to inaccurate information furnished to the Bureau by James M. Cooner of the Internal Revenue Service (IRS) who advised on 11/25/63 that Ruby's 1959 tax return showed his residence as 4749 Homer Street. There was no Bureau error involved in the use of this address as furnished by IRS.

ACTION

Mr. Malley will contact Mr. Hubert and advise him of the true facts regarding the variance in addresses of Ruby. He will specifically point out that there was no Bureau error involved in the use of the address 4749 Homer Street on page 618 of the Bureau's report.

DETAILS

The report of SA Clements on page 618 sets forth an interview with one George Bouhe, 4740 Homer Street. This interview was conducted on the basis of a report to the Dallas Office from James M. Cooner, IRS who on 11/25/63 furnished certain information from the tax files of Ruby and Oswald. Cooner noted that Bouhe, 4740 Homer Street, was listed as a reference for Oswald on an application for employment at a Dallas company in their file and stated that Ruby's 1959 tax return showed his residence as 4749 Homer Street which is approximately across the street from Bouhe's residence.

RE: JACK L. RUBY, AKA.

Bouhe, who was acquainted with Oswald, was interviewed because of the proximity of his address to that of Ruby's as furnished by IRS to determine if he was possibly acquainted with Ruby or knew of any connection between Ruby and Oswald. In the interview, the Agent advised Bouhe that Ruby had been reported to reside at 4749 Homer Street. In recording the interview, the address 4749 was properly set forth to show the basis of the interview and was not intended to designate the actual address of Ruby. When the 1959 tax return of Ruby was subsequently obtained, Ruby's address was clearly shown as 4727 Homer Street. Accordingly, Cooner's original information was incorrect.

In all other instances in the report where Ruby's addresses are reported as obtained from official records, it is accurately recorded as 4727 Homer Street. Numerous documents examined and persons interviewed have confirmed this as Ruby's correct address and investigation has not indicated that Ruby has ever resided at 4749 Homer Street.

Dear Mr. Rankin:

The report of Special Agent Manning C. Clements of November 30, 1963, which was furnished to you, sets forth on page 618 an address for Jack L. Ruby of 4749 Homer Street, Dallas, Texas, in connection with the interview of George Bouhe, 4740 Homer Street.

For your information, the address of 4749 Homer Street was furnished to this Bureau by the Internal Revenue Service on November 25, 1963, in connection with certain information from the tax files of Ruby and Lee Harvey Oswald. It was stated that Ruby's address was taken from his 1959 tax return. In view of its close proximity to the address of Bouhe, who was an acquaintance of Oswald's, Bouhe was interviewed to determine if he also knew Ruby and if there was a possible connection between Ruby and Oswald.

As a basis for the interview Bouhe was advised that Ruby had formerly resided at 4749 Homer Street which was consistent with the information furnished by the Internal Revenue Service. Bouhe stated that he did not know Ruby and knew of no possible connection between Ruby and Oswald. Ruby actually has never resided at 4749 Homer Street, Dallas, Texas, which is verified by the fact that his correct address of 4727 Homer Street is clearly set forth in Ruby's 1959 tax return, a copy of which has been furnished to the President's Commission.

Honorable J. Lee Rankin

With regard to your request as to data available from the records of telephone calls made from telephones available to Ruby, the Southwestern Bell Telephone Company, Dallas, Texas, has advised that they normally record the date of a long-distance call, time of initiation, duration, and number called. If the call is person-to-person, the name of the person called is also recorded.

In an effort to identify associates of Ruby, we obtained available toll records showing date, duration, and number called of phones available to Ruby for as far back as they were still in existence. Specific times on calls made from these phones were obtained where available for the period November 22, 1963, through November 24, 1963, for the purpose of pinpointing Ruby's movements during this period. The results of these checks have been furnished to you.

In view of the telephone company's advice that the time of initiation of toll calls is possibly available on all of Ruby's toll calls, an effort will be made to obtain this information if specifically requested by the Commission to do so.

Investigation with regard to Ruby's having wired $25 by Western Union to Karen Bennett on the morning of November 24, 1963, indicated that Bennett told Ruby she needed money to pay her rent. There was no indication that a landlord or any one was pressing her for the money. Ruby's club where she performed was closed over that weekend and he had not paid his entertainers. Ruby stated he wired her the money because he did not want her to come by his apartment to pick it up.

Western Union records were thoroughly checked at Dallas where the money was sent from and at Fort Worth where the money was received thus verifying the fact the money had been actually sent. Karen Bennett resided at that time in a garage apartment in Fort Worth, Texas, at the rear of property reportedly occupied by Weldon L. Thomas who is not known to have been connected with Ruby in any way. Her landlord was not interviewed.

Honorable J. Lee Rankin

As you are aware, the trial of Ruby for the murder of Lee Harvey Oswald is currently in progress in Dallas and any investigation conducted by the Government regarding Ruby at this time could possibly become the subject of unfavorable accusations or publicity. If investigation regarding above matters is desired, it will be handled at the specific request of the President's Commission.

Sincerely yours,

J. Edgar Hoover

NOTE:

The Commission requested written confirmation of above information which was furnished to Mr. Willens of the Commission in the absence of Mr. Rankin by Mr. Malley on 2-20-64.

# Memorandum

TO : Mr. Belmont

DATE: 2/14/64

FROM : A. Rosen

SUBJECT: JACK L. RUBY, aka;
LEE HARVEY OSWALD, aka - Victim
CIVIL RIGHTS

Mr. J. Lee Rankin, General Counsel of the President's Commission, called today and requested Malley to come to his office in connection with several items he desired to discuss. Upon arrival Mr. Rankin introduced Mr. Leon Hubert, former professor of the Tulane Law School and now working with the President's Commission.

Mr. Hubert advised that the reports submitted by the Bureau in the Ruby case consistently mention many times Ruby's home address as 4727 Homer Street, Dallas, Texas. He noted that the report of SA Robert P. Gemberling dated 11/30/63, on page 618, shows Ruby's address as 4749 Homer Street. Mr. Hubert stated that this raised the possibility that Ruby may have been maintaining two residences and that if this were so the President's Commission would very definitely be interested in additional investigation concerning the circumstances of the second residence, who might have been residing with him, and all facts concerning the second residence. Mr. Hubert and Mr. Rankin were immediately advised that the area where Ruby resided was an apartment area and the possibility existed that a typographical error had been made. They both stated they realized this possibility but were extremely interested in the remote possibility that Ruby had two residences rather than whether a typographical error had been made. Mr. Rankin was advised this matter would be checked and he would be advised in the immediate future.

Mr. Hubert mentioned that Jack Ruby had sent a telegram on the morning of 11/24/63, the day he shot Oswald, to one of the performers of the Carousel Club who resided in the Fort Worth area and had wired this girl $25. He discussed the fact that the girl performed under the name of Little Lynn (real name Karen Bennett, who also uses the name of the man she is living with - one Bruce Karlin). She stated her landlady was pressing her for money and that she had to have the money by a certain time in order to pacify her landlady. Mr. Hubert inquired as to whether or not the Bureau had or had not interviewed her landlady. Mr. Rankin was advised this matter would be checked on and he would be advised immediately. Upon ascertaining whether the landlady was or was not interviewed, Mr. Rankin will be advised.

Memo to Mr. Belmont from Rosen
re: Jack L. Ruby

Mr. Hubert mentioned the fact that the Bureau had checked out the identities of a large number of individuals whose telephone numbers had been called by someone using Ruby's telephone. In this connection Hubert desired to know whether or not it would be possible to obtain further information from the telephone company to show the exact time the telephone call was made and what time it was terminated. He stated that if this type of information was available, the Commission was considering making a time study of all the telephone calls made by Ruby. He advised the significance of this was due to the fact that on 11/22/63, a call was made by Earl Ruby to Eva Grant in Dallas (Earl Ruby resides in Detroit), and that this call lasted for 49 minutes, the call being sometime during the morning of November 22, prior to the assassination of the President.

Concerning the availability of additional data at the telephone company Dallas will check this out and Mr. Rankin will be advised.

With reference to the foregoing requests of Mr. Rankin, a serious question is raised concerning any requests for investigation on the Ruby matter at this time. The hearing relative to a change in venue is in progress now and Judge Brown has indicated an effort will be made to select the jury commencing Monday, February 17, 1964. In view of this, any active investigation by the Bureau could result in publicity that might have an effect on the trial.

ACTION:

Dallas has been requested to obtain the necessary information to answer Mr. Rankin's questions.

Upon receipt of the information from Dallas, results will be made available to Mr. Rankin.

In the event Mr. Rankin requests any immediate investigation concerning matters relating to this case, it will be pointed out to him that the trial is in progress and that any investigation at this time could affect the results of the trial. He will also be advised that if he desires the investigation regardless of the fact that the trial is in progress, this will be handled at the specific request of the President's Commission.

ROBERT B. WARD, AUSA, Northern District of Texas, Dallas, Texas, advised instant date that former AUSA MINOR MORGAN had furnished him information which may be of interest to the FBI.

AUSA WARD stated that MR. MORGAN is acquainted with MRS. (FNU) HAYES, 913 Forest Ridge Drive, Garland, Texas, telephone No. Broadway 6-0140, who became friendly with JACK RUBY through her former employment with the Optical Clinic, 2727 North Central Expressway, Dallas. She stated that RUBY voluntarily gave her guest tickets to his Vegas Club, a night spot in Dallas, Texas. She reportedly was employed by the Optical Clinic until February 1963.

MRS. HAYES recently mentioned to MR. MORGAN that in October 1962 JACK RUBY came to her office on two different occasions accompanied by other men. On one such occasion JACK RUBY was accompanied by two prospective customers. On the other occasion he returned with the two customers and brought with him a third individual. MRS. HAYES now believes that the third man could have been LEE HARVEY OSWALD.

Interview with MRS. HAYES is being held in abeyance since the RUBY trial is now in progress, pursuant to Bureau instructions.

Dear Mr. Hoover:

A review of Special Agent Manning C. Clements' report of November 30, 1963, at pages 155 through 159, suggests the existence of a file containing information about Jack L. Ruby collected by your Bureau prior to November 22, 1963. This assumption is based upon various pieces of intelligence data intermittently dated as early as May 1961.

The Commission would appreciate receiving a report on the information relating to Ruby which may have been in your possession prior to November 22, 1963.

Thank you for your continued cooperation in the work of this Commission.

Dear Mr. Rankin:

In reply to your letter of February 25, 1964, please be advised that the information set forth as background information at pages 155 through 159 of the report of Special Agent Manning C. Clements dated November 30, 1963, was obtained through a search of all files in the Dallas Office wherein references to Jack L. Ruby appeared. All available information concerning Jack Ruby contained in the Dallas files is set forth in the report.

For your information, Ruby was contacted by an Agent of the Dallas Office on March 11, 1959, in view of his position as a night club operator who might have knowledge of the criminal element in Dallas. He was advised of the Bureau's jurisdiction in criminal matters, and he expressed a willingness to furnish information along these lines. He was subsequently contacted on eight occasions between March 11, 1959, and October 2, 1962, but he furnished no information whatever and further contacts with him were discontinued. Ruby was never paid any money, and he was never at any time an informant of this Bureau.

Sincerely yours,

J. Edgar Hoover

SUBJECT: THOMAS GETTINGS BUCHANAN, JR.
INTERNAL SECURITY - C

At 2:30 p. m., 3-3-64, Jerry O'Leary of the Washington Evening Star, who is very friendly, telephoned and talked to Wick. He said that one of the top officials of The Evening Star is in Paris and reported to officials in Washington that above-captioned is writing scurrilous stories about Lee Harvey Oswald in a Paris newspaper, L' Express. The articles primarily deal with the claim by Buchanan that Oswald was an informant of the FBI.

O'Leary said it is the belief of officials of the Star that this Buchanan is the same man who was fired by the Star in 1948 when he admitted he was a member of the Communist Party in Baltimore. O'Leary asked if he could be confidentially told whether this was the same man so that the Star official in Paris could be so informed.

ACTION TAKEN:

After checking, and reviewing files 100-354341 (which is an investigative file on the subject), it was determined that we are fully aware of subject's presence in Paris where he has resided since October, 1961, and has been employed in the electronics field for Le Materiel Telephonique. He also has written a couple of books and CIA advised that subject describes himself as "a famous American communist journalist." FBI Agents have interviewed subject on several occasions between 1952 and 1957. He has told us he resigned from CP membership prior to August, 1956, because of loss of interest. He has publicly admitted in 1948, after he was fired from the Star in Washington, that he was a member of the CP.

O'Leary was told that the man in Paris currently writing articles about Oswald is the same individual who was fired by the Star in March, 1948.

Reference is made to my memorandum to you dated 3-4-64 in captioned matter pointing out Buchanan had written in the Paris newspaper, L'Express, to the effect Lee Harvey Oswald was an informant of the FBI. Jerry O'Leary of the "Star" had stated Buchanan formerly worked for the "Star" and is now in Paris. The Director stated, "O.K. Also give to O'Leary the release re Oswald and Ruby not being in FBI." While, of course, we will follow meticulously the Director's instructions, it is believed the Director may desire that we give the same release to United Press International and Associated Press representatives here in Washington. In this way, we would achieve a greater dissemination of the release and thus set to rest throughout the Nation the rumor Oswald and Ruby were connected with the FBI.

FOR IMMEDIATE RELEASE

FBI Director J. Edgar Hoover today issued a public denial that Lee Harvey Oswald, accused assassin of President John F. Kennedy, and Jack L. Ruby, accused murderer of Oswald, ever served as confidential informants of the FBI.

Mr. Hoover said, "To set the record straight and to refute the misinformation which has been maliciously circulated, I want to state unequivocally that Lee Harvey Oswald and Jack L. Ruby were never FBI informants; that they were never employed by this Bureau in any capacity; nor did they ever render any services for--or receive any sums of money from--the FBI."

44-2016

SUMMARY FROM SPANISH

"Politica," No. 24, March 15, 1964, Mexico, D. F.

The item "Who Killed Kennedy?" on page 29 attacks "the Yankee propagandist machinery which has tried to 'show' that President John F. Kennedy's assassin was Lee Harvey Oswald."

"The U. S. people are asking 'Who Killed Kennedy?' and begin to demand of the L. B. Johnson Administration to reveal everything it knows... L. B. Johnson, then Vice President of the U. S., drove in another car and was not attacked at all... Chief Justice Warren received a multitude of documents and heard many witnesses, but behind closed doors. Among the witnesses were Oswald's widow, a Soviet citizen, and his mother... Mark Lane appeared voluntarily before the Warren Commission and stated on March 4 that 8 days before the assassination of President Kennedy a secret night meeting was held in Jack Ruby's cabaret in Dallas, attended by the transit agent J. D. Tippit, Bernard Weisman and a third person whose name he could not reveal in public... A great newspaperman and writer, Thomas Buchanan, has dedicated himself to recompile and analyze all the declarations and 'official' information in connection with the death of President Kennedy. Buchanan's work is extensive, well-substantiated and convincing; however, its publication was not desired in the U.S.A. and, thus, it had to be published in the French paper 'L'Express,' Paris, on February 20 and 27... Thomas Buchanan finally arrived at the conclusion that Kennedy's death was the plot of many persons, in which Oswald played a secondary role; there were two rifles and two assassins: one at the window of the Book Depository and another on the bridge. Oswald did not kill Kennedy, but knew all about the plot or at least about its essential part... Well, Kennedy's assassins feared that Oswald would denounce them and, therefore, killed him..."

With reference to Ruby's trial, the item says that there was not one Negro among the 12 jurors... "Observers have the impression that Ruby's trial was a comedy which covered up and tried to hide the the true tragedy of Kennedy's assassination; a tragedy in which, according to Earl Warren, 'matters concerning the security of the state' are involved."

FISHER's cousin, JAMES WILEY FISHER, all students at Sul Ross College, had been indicted on 2/21/64 for Sodomy together with several townspeople, that WESTBROOK had been released on $2500 bond, and his address was given as Box 492, Eldorado, Texas.

It is the recommendation of the El Paso Office that WESTBROOK not be interviewed, in view of pending charges against him, and the fact such an interview could be mis-interpreted.

The Bureau should advise Dallas if an interview of WESTBROOK at Eldorado, Texas, is desired.

NOTE:

The name "Arnold Westbrook" was found in the personal property of Ruby under circumstances indicating that he may have been a member of the Sovereign Club or may have attended the Carousel Club, which clubs were operated by Ruby. Dallas set forth lead UACB to interview Westbrook who is a student at Sul Ross College, Alpine, Texas. Bureau by airtel 2/27/64 instructed El Paso to conduct the interview. El Paso has advised that Westbrook recently withdrew from college as result of his indictment on 2/21/64 on charges of Sodomy involving several other students and towns people. El Paso recommended against interview as Sodomy case attracted wide publicity, in Alpine area and interview could be misinterpreted. El Paso being instructed to interview Westbrook because if it comes to the Commission's attention that his name appeared in Ruby's personal effects and he was not interviewed, they will make inquiry and there is no connection whatever between this case and any Sodomy charges which may be pending against Westbrook.

Mr. Rankin of the President's Commission by letter dated March 2, 1964, has requested that we obtain copies of all available records of the Immigration and Naturalization Service (INS) pertaining to Ruby's parents, Fannie and Joseph Rubenstein. It is also requested that we obtain for the Commission all available toll calls for telephones of all members of Ruby's immediate family (Ruby has three brothers and four sisters.) and twelve acquaintances and employees of Ruby, for period 9/26/63 to 11/22/63.

We previously checked INS records, Washington, D. C., on December 3, 1963, and INS records, Chicago, Illinois, on December 2, 1963, which reflected that Ruby's father, Joseph Rubenstein, entered this country at New York in 1903 and reported himself as a former subject of Russia. Ruby's mother, Fannie Rubenstein, entered this country at New York in June, 1905, and reported herself as a former subject of Poland. Ruby's oldest brother, Hyman Rubenstein, who was born at Warsaw, Poland, entered the United States in June, 1904, at New York and he was naturalized in Chicago, Illinois, July 9, 1926. Ruby's oldest sister, Ann Volpert nee Rubenstein who was born in Austria-Hungary in 1904, entered the United States at New York in June, 1905, with her mother. She was naturalized at Chicago on November 5, 1963. Full details of all information from INS were furnished to the President's Commission by report of SA Manning C. Clements dated 12/14/63.

Mr. J. Edgar Hoover
Director, Federal Bureau of Investigation
Department of Justice
Washington, D. C. 20530

Dear Mr. Hoover:

In connection with the Commission's inquiry into a possible connection between the assassination of our late President, John F. Kennedy, and Jack L. Ruby, it would be helpful if your Bureau would obtain copies of all available records of the Immigration and Naturalization Service of your Department pertaining to his parents, Fannie Turek Rutkowski and Joseph Rubenstein.

Again in regard to Ruby's possible connection with the President's assassination, it would also further the efforts of the Commission if your Bureau would review available telephone toll call records for the period beginning September 26, 1963, the date on which our late President's trip to Dallas was made public, and ending November 22, 1963, the date of his assassination, for phones: (1) listed in the name of or (2) known to be used by the members of the Ruby family. In the Commission's view these persons would include: Jack L. Ruby; Hyman Rubenstein, 1044 West Loyola, Chicago, Illinois; Sam (Rubenstein) Ruby, 11616 Jamestown Road, Dallas, Texas; Earl (Rubenstein) Ruby, 29925 Woodland Drive, Southfield, Michigan; Anna or Ann Rubenstein Volpert, 1044 West Loyal, Chicago, Illinois; Eva Rubenstein (Magid) Grant, 3929 Rawlins, Dallas, Texas; Marion or Marian Rubenstein Carroll, 1044 West Loyola, Chicago, Illinois; and Eileen Rubenstein Kaminsky, 6724 North Talman, Chicago, Illinois.

From this [illegible] by your agents the Commission would like to know where possible the date, time, duration, telephone number called, and person or entity to whom the called number is listed. In addition, any other pertinent information which may appear on the "mark sense card" indicating the person who was called and the person calling (if collect call) would be appreciated.

79 MAR 12 1964

The Commission also desires the same information requested above for the period indicated with respect to phones: (1) listed in the names of, or (2) known to be used by the following named persons whom the Commission believes Ruby contacted at one time or another: George Senator; Curtis Laverne Craford; Andrew Armstrong; Lewis J. McWillie; Karen Kennett Carlin; Bruce Carlin; Roy William Pike; Larence Meyers; Alex Gruber; Frank Goldstein, 640 Teresita Boulevard, San Francisco California; Barney Baker; and Abe Weinstein.

In making the above requests, the Commission is aware of the information contained in your letter to Mr. Rankin dated February 24, 1964, in which you describe a similar effort as having been conducted with respect to telephones available to Jack L. Ruby covering the period between the President's assassination and Lee Harvey Oswald's death. Further, with respect to the above information in your letter, the Commission has requested me to advise you that it does desire your Bureau to arrange with the appropriate telephone companies for the preservation of all records relating to all of Ruby's toll calls made from phones listed or known to be used by him.

Thank you for your continued cooperation in the work of this Commission.

Sincerely,

ASAC K. G. Clark, Dallas, telephonically advised this date that Joe Tonahill, one of Ruby's attorneys, called the Dallas Office today and informed SA Vincent Drain that the Ruby trial will be starting today. Tonahill said that he had obtained confidential information that the prosecution intended to use an informant by the name of [redacted] to testify as a witness for the prosecution to the effect that she definitely knows that Lee Harvey Oswald and Jack Ruby were good acquaintances and old friends.

Tonahill said that the lists of witnesses for the trial do not include [redacted] name and the prosecution may not subpoena [redacted] but will have her available to use as a surprise witness regarding the alleged association of Ruby and Oswald. Tonahill did not state why he was furnishing this information to the FBI.

ASAC Clark advised that the Dallas indices are negative with regard to [redacted] and she cannot be identified from their files. The Dallas Office has talked to District Attorney Wade as late as yesterday on other matters. Wade did not mention [redacted] and said that he did not intend to bring up the Oswald-Ruby connection angle unless the defense brought it up.

REC-16 1174

It is noted that exhaustive investigation has failed to establish any connection between Ruby and Oswald. Countless rumors concerning such an association have been run out and found to have no substantiation.

MAR 9 1964

ACTION:

The Dallas Office is making a discreet effort to identify [redacted] and determine her connection with Ruby and/or Oswald. I recommend we ask Wade (without revealing source)

ALONZO F. HUDKINS, III, also known as LONNIE HUDKINS, was interviewed on February 8, 1964, at Dallas, Texas, by SAS VINCENT E. DRAIN and W. JAMES WOOD. HUDKINS advised that he had arrived in Dallas from Houston during the late afternoon of February 8,1964, having had car trouble enroute.

HUDKINS was advised that the FBI had received information to the effect that he had made statements that LEE HARVEY OSWALD had been paid $200.00 per month from about September, 1962, as an informant for the FBI and that he had symbol number 179. HUDKINS stated that he came to Dallas, Texas, in late December, 1963, to check out rumors that OSWALD might have been an informant of the FBI. He stated this was based on information he had received from Assistant District Attorney WILLIAM ALEXANDER, Dallas, Texas, to the effect that in OSWALD's notebook there was the name of Agent HOSTY, his office and his home telephone numbers and license number. In addition, HUDKINS stated he had interviewed LEE HARVEY OSWALD's mother, MARGUERITE, who said that OSWALD was doing important subversive work for the Government.

HUDKINS related that he had contacted a Government official, not a Federal official, in Dallas who had told him that OSWALD was on the payroll of either the FBI or the CIA with Voucher number 179 and received no less than $150.00 a month and no more than $225.00 a month. HUDKINS related that this official had furnished him reliable information in the past which he had been able to print but that he did not print anything stating OSWALD was an informant of the FBI or the CIA, but merely raised this question in his article in the "Houston Post" dated January 1, 1964.

HUDKINS stated he only had this "official's" word and did not see any supporting documents of any kind to substantiate same. HUDKINS said he made inquiries

[redacted]

of some friends of his in Houston, whose names he would not divulge and also asked his Washington headquarters to attempt to check this out. HUDKINS related that this could not be verified and therefore was not printed.

HUDKINS was questioned at length in an attempt to ascertain the source for his information that OSWALD was an FBI or CIA informant but HUDKINS refused to divulge his source or to furnish a signed statement. He did admit that this was a local Dallas source. He stated he had quoted exactly ALEXANDER's statements to him previously as to Agent HOSTY's name being in OSWALD's notebook which included his home telephone number. HUDKINS stated that he later learned that HOSTY's home telephone number was not in this notebook.

HUDKINS stated that when the local Dallas source who furnished him with the alleged information that OSWALD was an FBI or CIA informant, he was alone and no other reporters were present. The only other information HUDKINS stated that he had heard that OSWALD might be a symbol informant was from JOE GOLDEN, a reporter presently with the Philadelphia Inquirer and formerly of the Dallas News who was in Dallas in late December, 1963. GOLDEN mentioned to him a number different from 179 that might have been a voucher number but HUDKINS cannot recall the number.

While waiting for HUDKINS to arrive at the Dallas County Courthouse and Sheriff's Office for interview, State District Judge JOE B. BROWN, the trial judge in the JACK L. RUBY case, confidentially advised SA DRAIN that he was "burned up" because BILL ALEXANDER, Assistant District Attorney, had leaked to the Dallas Morning News the results of the psychiatric and brain tests which had been given RUBY at the direction of the court. Judge BROWN related he had reason to believe that ALEXANDER was also the same source that put out the rumor that OSWALD was an FBI informant.

[redacted]

DL 100-10461
DL 44-1639

[redacted] advised that ALEXANDER is a "mental case" and that he could never understand District Attorney HENRY WADE keeping him as a prosecutor other than the fact that WADE was too lazy to prosecute the case himself and that ALEXANDER was the only prosecutor he had that he could utilize in the RUBY case. [redacted] He further related that he was "going to raise hell" with ALEXANDER if he started making wild statements and remarks during the course of the RUBY trial. In previous hearings, [redacted] related ALEXANDER has referred to RUBY as a "Jew boy" in open court and that [redacted] had had several calls from prominent Jewish people in Dallas asking him to keep racial prejudices out of the trial if at all possible.

Additional background information on WILLIAM ALEXANDER is set forth in Dallas teletype to Bureau captioned "LEE HARVEY OSWALD, IS - R - CUBA" dated January 25, 1964, beginning with second paragraph, page 6, and continuing on page 7, which reflects that ALEXANDER [redacted]

It is noted in the same teletype on page 5, District Attorney WADE stated that when he appeared before the Presidential Commission on January 24, 1964, he confidentially advised LEE RANKIN that anything ALEXANDER said concerning the FBI or the Department of Justice had to be taken with a grain of salt because of his intense dislike for the U. S. Attorney's Office in Dallas and the Department of Justice.

At the conclusion of the interview with LONNIE HUDKINGS, he stated that even if he were called to appear before the Presidential Commission he would decline to furnish the source of the information referred to above. It is pointed out that on pages 3 and 4 of Dallas teletype to Bureau, January 25, 1964, mentioned above, it is stated that ALEXANDER claims that he heard reporters discussing

DL 100-10461
DL 44-1639

the statement that OSWALD was possibly on the payroll of the Government at $200.00 a month beginning in September, 1962, and that he heard payroll number 179 or voucher 179 mentioned. Apparently, either District Attorney WADE or Assistant District Attorney ALEXANDER have told the Presidential Commission that the source of their information was LONNIE HUDKINS.

HUDKINS in his interview states that he was not present at any bond hearing on RUBY or any other hearings concerning RUBY and had not worked on the OSWALD-RUBY cases since January 1, 1964. He also specifically said that he did not give the above information to ALEXANDER or WADE but declined to say whether ALEXANDER had given the information to him. He said if he divulged his source he would be ruined as a reporter.

PROSECUTIVE ACTION

There follows a summary of prosecutive action to date in the case of "The State of Texas vs. JACK RUBENSTEIN, alias JACK RUBY, Number E 4010 J," Criminal District Court Number 3, Dallas County, Texas, Judge JOE B. BROWN, Presiding Judge, as reflected by records of the court and press sources:

11/24/63 - RUBY was arrested by officers of Dallas Police Department at the scene of the shooting of OSWALD, confined in Dallas City Jail. A complaint charging murder, signed by Captain WILL FRITZ, Dallas Police Department, before Assistant District Attorney WILLIAM F. ALEXANDER, was presented before Justice of the Peace PIERCE MC BRIDE. RUBY was ordered to be confined without bond. Press sources identified TOM HOWARD, Dallas, as defense attorney and quoted HOWARD as indicating RUBY's defense would be temporary insanity.

11/25/63 - RUBY was transferred to Dallas County Jail.

11/26/63 - The Dallas County Grand Jury returned an indictment to Criminal District Court, Number 3, charging "JACK RUBENSTEIN, alias JACK RUBY," with the murder of LEE HARVEY OSWALD on November 24, 1963. A capias was issued and the Court ordered RUBY be continued in custody without bond. Trial date was set for December 9, 1963.

12/2/63 - The Court reset trial date for February 3, 1964.

12/10/63 - MELVIN BELLI, San Francisco, California, announced he, along with JOE H. TONAHILL, Jasper, Texas, and SAM S. BRODY, Los Angeles, California, had been engaged to join TOM HOWARD as defense counsel.

12/16/63 - Defense counsel made oral motion for RUBY's release on bond in order that psychiatric examination might be afforded. A hearing was set for December 23, 1963.

12/18/63 - PHIL BURLESON, Dallas attorney, was identified by news media as additional counsel for RUBY.

12/20/63 - Press sources identified WILLIAM CHOULOS, San Francisco, as having arrived with BELLI and BRODY, and to be associated with the defense. Defense attorneys reportedly conferred with Judge BROWN and announced withdrawal of the previous motion for RUBY's release on bond, stating same might be interpreted as requesting only temporary release. Application for a writ of habeas corpus was filed on this date.

12/23-
24/63 - Following a portion of the testimony at a hearing on application for a writ of habeas corpus, the Court recessed the hearing to January 10, 1964, RUBY to remain in custody.

1/3/64 - Continuation of bond hearing was reset for January 24, 1964.

1/6/64 - Continuation of bond hearing was reset for January 20, 1964.

1/16/64 - Defense filed motion for discovery, copying and photographing of documents possessed by the State, and a brief in support of the motion. The motion demanded all files in connection with the assassination of President KENNEDY, the shooting of Governor CONNALLY, the killing of Officer J. D. TIPPIT, Dallas Police Department, and shooting of OSWALD. The defense contended evidence would show temporary insanity on the part of RUBY and that a charge of murder with malice was not proper.

DL 44-1639

1/18/64 - Following oral motion by the defense, the Court ordered neurological examination of RUBY by court-appointed physicians.

1/20-
21/64 - Following further testimony in connection with application for writ of habeas corpus, the defense withdrew the motion without prejudice on 1/21/64, and the hearing was dismissed. Press sources quoted defense counsel as stating the motion was withdrawn on the basis of the court-ordered neurological examination.

1/21/64 - Defense counsel filed a motion for a change of venue on the basis RUBY could not receive a fair trial in Dallas County. The motion was accompanied by affidavits and brief. The Court announced a hearing on the change of venue motion for February 10, 1964, and reset trial date for February 17, 1964, in event the motion should be denied.

1/28-
29/64 - Neurological examinations were performed on RUBY at Dallas Neurological Clinic by court-appointed physicians, Dr. MARTIN TOWLER of John Sealy Hospital, Galveston, Texas; Dr. JOHN HOLBROOK, Beverly Hills Sanatarium, and Dr. ROBERT STUBBLEFIELD, University of Texas Southwestern Medical School, both Dallas.

2/10-
14/64 On February 10, 1964, prior to beginning of the change of venue hearing, the Court denied defense motion for production of all State evidence relating to the assassination of President KENNEDY, the slaying of OSWALD and related cases. The Court also declined to grant a change of venue prior to testimony in support of the motion. 176 witnesses were subpoenaed for defense.

DL 44-1639

4

After hearing a number of witnesses on 2/10-13/64 and on agreement of the defense further testimony would be cumulative, the court recessed the hearing to 2:00 PM, 2/14/64, stating a ruling would be given at that time. On 2/14/64, the court stated a ruling on the motion for change of venue would be withheld, that the true test of determining whether the state and defense can receive a fair and impartial trial would rest with jurors. The court set the examination of prospective jurors for 9:00 AM, 2/17/64.

BILLY J. PRESTON, Deputy Constable, Dallas, Texas, was interviewed to determine circumstances surrounding RUBY's attempt to obtain a gun permit. Constable PRESTON furnished the following information:

As part of PRESTON's duties as a deputy constable, he serves civil papers on individuals and has served RUBY on several occasions. On one occasion a little over a year ago, PRESTON served RUBY with papers at the Carousel Club, at which time RUBY asked him for "one of those little old Commission cards that you put out?" PRESTON stated he meant a card which would indicate that RUBY is a part-time deputy. PRESTON told RUBY that he did not have the authority to issue these cards and that he would have to see Constable ROBIE LOVE.

After returning to his office, PRESTON advised LOVE of RUBY's request and recommended to LOVE that this Commission card not be given RUBY. Consequently, LOVE turned down RUBY's request for the card. PRESTON indicated that RUBY made no specific comment concerning a gun permit but pointed out that this Commission card would serve that purpose.

PRESTON is not personally acquainted with RUBY, knows nothing concerning his personal life or political beliefs and knows of no connection between RUBY and OSWALD.

The following investigation was conducted by IC JOSEPH D. HAMMITT, at Springfield, Illinois:

Mr. MIKE SHEAHAN, Supervisor, Auto Registration Section, Secretary of State, Springfield, Illinois, advised on January 14, 1964, that a check of records for 1963 and 1964 reflect several ARNOLD KRAUSE's but none whose driver's license number would indicate them to be approximately twenty-nine years old and none that had any 1960 Cadillac registered to them.

Mrs. MARY DUNBAR, Supervisor, Driver's License Section, Secretary of State, Springfield, Illinois, advised January 14, 1964, that a check of records failed to reflect any drivers or chauffeurs license issued to an ARNOLD KRAUSE who would appear to be approximately twenty-nine years old.

Date 1/31/64

MARTIN BRAUNER was interviewed at the Hotel Peabody, Memphis, Tennessee, where he is currently a guest in Room #827.

BRAUNER advised that he is a resident of Chicago, Illinois, residing at 1219 North Spaulding Street, Chicago, Illinois. He is employed as a District Sales Manager for the Peldco Publications, Incorporated, 612 North Michigan Avenue, Chicago 11, Illinois, and travels throughout the Midwest and South selling telephone book covers to various hotels, motels and business firms.

BRAUNER advised that he has known JACK LEON RUBY of Dallas, Texas for approximately thirty-nine (39) years. BRAUNER pointed out that he is currently fifty-four (54) years of age and estimated RUBY to be fifty-two (52) or fifty-three (53) years of age, stating that they originally met while they were young men both living in Chicago, Illinois in the neighborhood of Division and Oakley Streets in Chicago. He advised that they first met on a playground in this area and that they used to play ball together and used to hang around the same cafes, frequent the same dancehalls, swimming beaches in the Michigan Avenue area in the years immediately prior to 1931. BRAUNER and JACK RUBY used to sell football and other athletic event souvenirs together. They used to visit various Big Ten football games during the fall season and scalp tickets and sell souvenirs. RUBY at that time went by the last name of RUBENSTEIN. BRAUNER knew little about RUBENSTEIN's home life other than that he was Jewish, had an older brother namely HYMAN RUBENSTEIN whose nickname was "Mess." "Mess" was older than JACK RUBY and used to assist them in scalping football tickets in the Chicago area. BRAUNER knew nothing concerning RUBY's parents and did not recall ever having visited in his home in the Chicago area.

BRAUNER worked his way through law school in Chicago and subsequently married in 1931 and practiced law for a period of approximately twenty-five (25) years thereafter prior to taking his present position. Following BRAUNER's marriage he drew away from RUBY and RUBY's associates, names not recalled since RUBY had never married. He would occasionally see RUBY on the street but stated that during the middle and late 1930's he did not know what RUBY did for a living. He did recall that approximately seventeen to eighteen years ago RUBY left the Chicago area to go to Dallas, Texas.

On 1/30/64 at Memphis, Tennessee File # Memphis 44-1165 Dallas 44-1639

by SA CYRIL F. BUSCH & SA WILLIAM H. LAWRENCE:bkb Date dictated 1/30/64

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

About one year ago BRAUNER heard through an unrecalled source that JACK LEON RUBY was operating a night club or strip-tease type entertainment establishment in the Dallas area and when BRAUNER went to Dallas on business and stayed at the Baker Hotel, he began calling various night clubs in an effort to locate the one operated by RUBY. When he called the Carousel Night Club he learned that RUBY was operating this club. Thereafter he got together with RUBY; they reminisced concerning their boyhood days; ate supper together and RUBY invited BRAUNER as a guest at his night club where [illegible] strip-teasers. BRAUNER also during this brief Dallas visit visited RUBY in RUBY's apartment, exact address not recalled but he did recall that they had to cross a bridge to get to the apartment. RUBY was living by himself and had approximately nine dogs for whom he was caring at the time including six Dachshund pups.

About five months ago BRAUNER again made a business trip to Dallas, again staying at the Baker Hotel and again contacted RUBY at the Carousel Club. Again RUBY served as host for BRAUNER and they ate several meals together and on one occasion BRAUNER recalled visiting RUBY's apartment and waiting for him to get dressed prior to going out for the evening. A television newscast came on depicting in part the results of a presidential press conference participated in by the late United States President JOHN F. KENNEDY. RUBY who was then in the process of shaving came out and watched with apparent awe KENNEDY's answers at the press conference. He remarked to BRAUNER that he greatly admired KENNEDY and put him in the same category as the late FRANKLIN D. ROOSEVELT, claiming that both of them had been true humanitarians and always stood up for the "underdog" and for this reason he "truly loved them."

BRAUNER explained that RUBY has always been an extreme egomaniac, a very vain individual who never has had much money but has taken his pay in life in the form of any type personal recognition which he could receive from anyone. He liked to hear people call him by name and went out of his way to get to know people, both prominent people as well as the "man on the street." RUBY has always had an "underdog" complex and has always become very emotional when he saw someone who appeared to be destitute. He also became emotional even as a youth when he saw someone in a fight who seemed to be taking a severe beating. He would oftentimes

[redacted] interview in the [redacted] and attempt to assault the assassin of the latter who appeared to be winning the fight, particularly if the adversary appeared to be smaller than he and handicapped in his approach. He stated that he would not say under any circumstances that Ruby was a bully. He recalled that Ruby as a young man was extremely strong and in good physical condition and could hit "like a mule" with his fists when he had to. He said he would never start a fight but would never run away from a fight. He recalled Ruby as being a "terrific" swimmer and one who had always worked out a lot in various gymnasiums.

[redacted] was a former [redacted] with much of the general vice and [redacted] connected to the so-called underworld in Chicago, both of which has been published in various news media and that when he visited Ruby in Dallas he asked Ruby if he had to "pay off" to any of the city or county officials in the Dallas area in order to operate his night club.

Ruby replied that he did not have to make "pay offs" to anyone. He did state that when he first went to Dallas years ago that Dallas was a "wide open" city insofar as vice was concerned and that he had to make small "pay offs" to various uniformed officials but that in recent years Dallas had been an extremely clean city from the standpoint of vice and that he did not have to pay any tribute to anyone. He gave [redacted] to indicate that he was operating strictly on his own, that he was not in partnership with anyone and gave [redacted] indications which would lead one to believe he did not have any [redacted] connections.

[redacted] recalled that on the last trip to Dallas Ruby briefly introduced [redacted] to [redacted] who also had a night club, [redacted]. [redacted] stated that he did not recognize [redacted] Chicago days, although [redacted] was familiar with [redacted] as a [redacted] in the Chicago area. [redacted] stated that he knew that [redacted] was [redacted] nothing [redacted] [redacted] years [redacted] at [redacted]

[redacted]

BRAUNER reminisced that RUBY is a "born gate-crasher type." He stated that RUBY could con his way into anything ballgames, dances, political rallies, etcetera. He stated that RUBY was never bashful and he was intrepid almost to the point of being rude when he wanted anything. BRAUNER gathered from his two brief visits with RUBY during the past year that RUBY was extremely well-known in Dallas, explaining his basis as the fact that when they would walk down the downtown streets of Dallas near the Baker Hotel that numerous persons along the street would speak to RUBY, calling him by name. He stated that RUBY was an extreme egotist and that the fact that people remember him, call him by name and show him little courtesies or attentions further fed his ego. On one occasion when he visited RUBY at the Carousel Club, he saw two uniformed officers come into the club and speak to RUBY but they appeared to be merely checking the club for any evidences of drunks or other possible law violations. RUBY gave him no indication whatsoever that he had any tie-ups or connections with the Dallas Police Department or any of its representatives.

BRAUNER has never known RUBY to be involved in any political, economic or sociological type organizations and has never known him to be a "deep thinker." He stated that he has never had any reason to believe that RUBY has had any affiliations with any organizations which could be considered un-American, either to the "right" or to the "left." He recalled that during the late 1920's or possible early 1930's that RUBY was always very emotional in being against any form of totalitarianism.

At no time did RUBY ever mention the name of LEE HARVEY OSWALD and based on BRAUNER's knowledge of RUBY he has no reason to believe that RUBY had ever heard of or had ever knowingly seen OSWALD prior to OSWALD's arrest and subsequent charge with the assassination of the late President KENNEDY. RUBY has never given BRAUNER any indication that he has made any trips outside of the United States. He did comment when BRAUNER saw him in 1963 that he had made one or two trips to New York City in connection with working out booking arrangements for various entertainers in his night club. He recalled that RUBY was a very generous individual and that while at the Carousel Club during 1963 visiting with RUBY, a strip-teaser, name not recalled, came to RUBY begging him for money with which to pay her room rent and RUBY gave her $20.00, commenting after her departure that he would never see the $20.00 again.

BRAUNER pointed out that while he realized it had no real significance that he personally feels that RUBY shot OSWALD only for reasons of impulse and emotion and he feels certain that RUBY would have had no ulterior motive in shooting OSWALD. He stated that he felt that this impulse and emotion coupled with RUBY's extreme ego and his alleged strong admiration for the late President KENNEDY probably prompted him to engage in this unfortunate act.

BRAUNER stated that despite the fact that he disapproved of what RUBY did, he still felt sorry for RUBY and sometime back wrote him a letter while he was in jail indicating that he was still friendly with him and would be willing to help him in any normal manner.

BRAUNER was queried as to any knowledge of one VICKIE BRAUNER whose name was found in the personal effects of JACK LEON RUBY following his arrest at Dallas, Texas, November 24, 1963. MARTIN BRAUNER stated that he had no idea as to the identity of VICKIE BRAUNER, that he had no relatives by this name and had never heard of the name previously.

BILLIE JANICE NORMAN JONES, nee BILLIE JANICE NORMAN, also known as "NEECIE" JONES, "NEECIE" NORMAN, MRS. C. B. JONES, 2609 Cunningham, Irving, Texas, was reinterviewed based on information received February 3, 1964, that she has made several trips to Laredo, Texas, and was a close friend of JACK RUBY. JONES was previously interviewed December 18, 1963, at Euless, Texas, concerning her knowledge of JACK RUBY and/or LEE HARVEY OSWALD.

JONES advised she has a brother, EDWARD DALLAS NORMAN, in the U. S. Air Force who was formerly stationed at Laredo Air Force Base, Laredo, Texas, for five years. He has been reassigned to an Air Force Base in Italy and is presently en route to his new station of assignment.

During the time her brother was stationed at Laredo, Texas, Air Force Base, JONES has made several trips to Laredo to visit her brother. She recalled that during the time she was employed by JACK RUBY from September 1962 until July 1963, she made at least two trips to Laredo, Texas, to visit her brother and to pick up her 5-year-old daughter who was staying with her brother in Laredo. These trips to Laredo were to visit her brother and had no connection with her employment for or acquaintance with JACK RUBY.

She stated her brother had told her recently, while visiting at Irving, Texas, that the FBI had attempted to contact him at Laredo Air Force Base in connection with the JACK RUBY case. He told her he had no knowledge of JACK RUBY and did not know why the FBI would be trying to contact him regarding JACK RUBY.

LA ROCHE advised that following the shooting of LEE HARVEY OSWALD in Dallas during November of 1963 he saw the photograph of JACK RUBY in various newspapers and on national television. He stated he remembered RUBY by name and would have recognized him from the photograph. He advised that he does not know anything concerning RUBY's personal life or activities. He recalls that he probably spoke to RUBY not more than two or three times and has not seen him since at least January of 1959 or the latter part of 1953. Mr. JOHN M. BASINGER, minister, First Baptist Church, Lake City, Arkansas, furnished the following information concerning his brother, REX HARDING BASINGER:

REX was born in October 1918 at Hackett, Arkansas. When REX was 18 years of age, he worked in a CCC camp, then he attended Arkansas State College at Jonesboro for one year and then attended Arkansas Tech College at Russellville, Arkansas, for one year.

At the age of 21 he enlisted in the United States Coast Guard where he served for one year. REX then transferred to the United States Army where he remained for four years.

In about 1943 REX married MILDRED BASINGER, maiden name unknown, but who was then employed as secretary to Senator MC KELLAR from Tennessee. REX and MILDRED lived together for about two years and of this union a son, REX HARDING BASINGER, JR., was born. MILDRED BASINGER is now residing in Maryland, name of town unknown, and is employed by the United States Government, branch unknown, in Washington, D. C. REX, JR. is now in the United States Marine Corps.

In about 1948 REX moved to Denver, Colorado, and has resided there since that time with the exception of about four years while serving in the United States Air Force. As he recalls, REX was discharged from the Air Force in about 1957 and has since been employed driving a taxicab in Denver, Colorado.

REX has the following relatives:

|---|---|
| Parents | JAMES ALLEN and GEORGIA BASINGER, both deceased |
| Brothers | JOHN M. BASINGER, Lake City, Arkansas; HORACE K. BASINGER, 12289 West Connecticut Drive, Denver, Colorado |

REX stopped driving a taxicab in Denver in about August 1963, at which time he started living with an elderly couple, name unknown, at Denver, Colorado, where he acted as a yardman and chauffeur, for which he received his room and $15.00 a month.

About the first week of December 1963 he heard that REX had departed from Denver, Colorado, and his whereabouts was unknown. About the middle of December 1963 he received a telephone call from REX, who was then staying at the Milan Hotel, Dallas, Texas. REX claimed to be without funds and he mailed money to REX at the hotel, which money was not received by REX.

He had no knowledge of REX's whereabouts until Tuesday, January 21, 1964, when REX arrived at his home in Lake City, Arkansas. REX remained at his home until January 25, 1964, at which time he left, stating he was going to Monroe, Louisiana. He received a letter from REX postmarked January 27, 1964, wherein REX gave his address as 608 Arkansas, Monroe, Louisiana. REX, in his letter, stated he was attempting to obtain employment as a taxicab driver in Monroe and stated if he did not obtain this employment he would work as a plumber's helper for the man where he is now residing.

REX, in his opinion, is having mental difficulties and he bases his opinion on the following stories told to him by REX while at Lake City:

REX claimed while driving a taxicab in Denver, Colorado, that he, REX, was also working with the Police Department in tracking down and locating pushers of narcotics. REX claimed when a pusher would get into his taxicab, he would radio the police, who would arrest the pusher. REX claimed the underworld was after him in Denver and it was for this reason he stopped driving the taxicab in August 1963. REX claimed in December 1963 while out walking his employer's dog, someone took two gunshots at him. It was for this reason that he left Denver in December 1963.

REX claimed he traveled from Denver, Colorado, to Dallas, Texas, in December 1963 and lived at the Milan Hotel

for two or three days until he ran out of money and had to leave. He was then arrested by the Police Department in Dallas on a vagrancy charge and placed in the same jail block with JACK RUBY.

REX claimed he obtained a confession from RUBY about the OSWALD killing. Also, RUBY told him about an invasion of Cuba which would take place on May 1, 1964. The invasion groups were to meet at Key West, Florida, and others were to meet in Mexico, place unknown. REX said he was going to join the group at Key West, Florida, but could not furnish any information as to the leaders of this group, but claimed the invasion was being sponsored by the United States Government.

REX claimed while in Dallas, Texas, he was also confined in the Park Memorial Hospital and had a statement bearing the name of the Park Memorial Hospital reflecting REX still owed $5.00. REX also claimed that he gave a pint of blood while in Dallas, Texas.

REX claimed when he left Dallas, Texas, he traveled to Fort Smith, Arkansas, and visited with a cousin, TOMMY BASINGER, an employee of the United States Post Office.

REX then left Fort Smith and traveled to New Orleans, Louisiana, and on to Monroe, Louisiana, where he attempted to obtain employment as a cab driver. He then traveled from Monroe, Louisiana, to Lake City, Arkansas.

While at Lake City, Arkansas, REX had numerous stories about people surveilling him at all times. On a trip to Jonesboro, REX saw two police cars and mentioned that the police were surveilling him and ducked down in the car where he could not be seen.

BASINGER stated that he could not believe the stories told him by REX and feels sure that he was not in the same jail block with JACK RUBY in Dallas, Texas. He has talked with his brother HORACE and sister BEATRICE BARTLETT in Denver, Colorado.

Records of the Dallas, Texas Police Department reflect REX HARDING BASINGER, white male, born November 11, 1918, was arrested at Parkland Hospital, Dallas, December 14, 1963, on a charge of vagrancy. He was released by the Police Department to the same hospital on December 17, 1963, with notation "lunacy". Dr. WIRT JACKSON, Parkland Hospital, subsequently reported to the Police Department his diagnosis as "probable psychosis, possible brain syndrome".

Since JACK L. RUBY had been removed from the Dallas City Jail to the Dallas County Jail prior to BASINGER's confinement at Dallas City Jail, RUBY and BASINGER could not have been in the same cell block.

The following investigation was conducted by SA ALFRED D. NEELEY, at Dallas, Texas:

During interview on December 21, 1963, JACK LEON RUBY advised "at a time when CASTRO was popular in the United States" he read of an individual in the vicinity of Houston, Texas, having been engaged in "gun running" to CASTRO. RUBY stated that he attempted to contact this individual by telephone as he had in mind "making a buck" by possibly acquiring some jeeps or other similar equipment which he might sell to persons interested in their importation to Cuba. RUBY claimed nothing came of this. On January 14, 1964, Assistant District Attorney WILLIAM ALEXANDER, Dallas, advised that he had learned from some source, RUBY had reportedly had contact with one DAVIS described as an ex-convict believed living in Beaumont, Texas. ALEXANDER stated he understood the FBI, Houston, had handled the investigation of this person resulting in conviction for gun-running activities.

The Houston Office advised by communication January 17, 1964, that investigation had failed to identify (FNU) DAVIS either at Houston or Beaumont, Texas. The Houston Office advised that ROBERT RAY MC KEOWN was the most logical individual to whom RUBY referred. MC KEOWN was arrested February 25, 1958, and on October 24, 1958, he was sentenced in the U. S. District Court, SDT, Houston, Texas, to sixty days to serve and $500.00 fine on a charge of conspiracy to smuggle goods to Cuba and given a two year sentence suspended for five years on his second count. The Houston Office further stated that on March 28, 1958, information obtained from the Houston Chronicle (newspaper) disclosed at a hearing regarding this matter, a partial list of arms obtained at residence of MC KEOWN was produced and entered in evidence by CHESLEY JONES, an agent of the Alcohol and Tobacco Tax Unit, Dallas, Texas.

On January 28, 1964, CHESLEY JONES, Agent, Alcohol and Tobacco Tax Unit, 1114 Commerce Street, advised that he could not recall an individual by the name of (FNU) DAVIS in the ROBERT RAY MC KEOWN case but would check his file and the indices of his office to determine if such person could be identified. Mr. JONES advised on January 29, 1964, that he was unable to identify (FNU) DAVIS through a check of the MC KEOWN file or the indices of his office.

AT HOUSTON, TEXAS

On January 24, 1964, at the file room of "The Houston Chronicle" newspaper the following information was noted pertaining to ROBERT RAY MC KEOWN:

On April 28, 1959, the photograph of MC KEOWN and FIDEL CASTRO appeared in "The Houston Chronicle" newspaper. CASTRO, on that occasion, briefly visited Houston, Texas. The article accompanying the photograph quoted CASTRO as saying that when MC KEOWN could come to Cuba he would be given a post in the Cuban Government or perhaps would be given some franchises.

The March 12, 1958, edition of "The Houston Chronicle" noted that a partial list of the weapons seized in the home of MC KEOWN, located in the Shady Lake section near Pasadena, Texas, was entered in evidence at a bond hearing for MC KEOWN by CHESLEY JONES, Dallas, Texas, an agent of the Alcohol, Tobacco Tax Unit of the Internal Revenue Service.

On January 27, 1964, Captain GUS GEORGE, Harris County Sheriff's Office, advised no record would be available at this time concerning an individual reportedly calling from Dallas, Texas, in early 1959 for the purpose of getting in touch with ROBERT RAY MC KEOWN.

Date January 28, 1964

ROBERT RAY MC KEOWN, born January 28, 1913, residence Bay Cliff, Texas, unlisted telephone number Bay Cliff 9661492, upon interview at the Houston Division of the FBI furnished the following information:

He is presently employed as a salesman for the Houston Slush Pump Company, 2112 Quitman Street, Houston, and he formerly resided with his sister, MRS. FRANK DENNY, 9138 Wayfarer Street, Houston. His wife makes her residence in Miami, Florida. On February 25, 1958, he was arrested and charged with conspiracy to smuggle guns and related equipment to Cuba for the benefit and use of FIDEL CASTRO and his forces. On October 24, 1958, in the United States District Court, Southern District of Texas, Houston, Texas, he was sentenced for these activities to 60 days to serve and fined $500 on one count, and was given a two year sentence suspended for five years on good behavior on a second count. The period of his probation expired December 11, 1963. At the time of his arrest, conviction and sentencing, considerable publicity concerning him and his activities appeared in the press. His photograph appeared in the newspapers on a number of occasions. He knows FIDEL CASTRO personally, and when CASTRO visited Houston, Texas, briefly in April, 1959, MC KEOWN went to the Houston Airport, visited with CASTRO, and had his photograph taken with CASTRO. This photograph was widely publicized. CASTRO tried to persuade him to stay on the airplane and proceed to Cuba with him (CASTRO). However, because he was then on probation, he told CASTRO it would not be possible. CASTRO was somewhat irritated at this, and suggested that MC KEOWN disregard the probation and go anyway. CASTRO stated he would give MC KEOWN a Government position in Cuba or perhaps he might give him some franchises or concessions there. MC KEOWN responded that he fully intended to comply with his probation to the letter, and stated he would come to Cuba when he could do so in a completely legal manner.

During 1958, while MC KEOWN was out on bond and prior to his sentencing, he and a MR. JARRETT entered a partnership and opened up the J and M Drive-In on Red Bluff Road near Taylor Lake and Clear Lake, in the vicinity of

Kemah and Seabrook, Texas. MC KEOWN obtained his share of the funds for this venture by borrowing from CARLOS PRIO SOCARRAS, former President of Cuba with whom he had a close friendship. About two years ago, MR. JARRETT died, and the business was sold.

FIDEL CASTRO took over the leadership of Cuba on about January 1, 1959, following the revolution which he had led. About one week after that, while he was on duty at the J and M Drive-In, Harris County, Texas, Deputy Sheriff ANTHONY "BOOTS" AYO appeared and said that some person had been frantically calling the Harris County Sheriff's Office in an effort to locate MC KEOWN. The name of the caller was not known to AYO, but he was calling from Dallas, Texas, and on the last call had said it was a life and death matter. MC KEOWN advised AYO to provide the caller with the telephone number of the J and M Drive-In. In about one hour's time, (8:00 p.m. or 8:30 p.m.) a person called MC KEOWN on the telephone and said his name was "Rubenstein". The caller said he was calling from Dallas, Texas, and indicated he was aware that MC KEOWN had influence in Cuba and particularly with CASTRO. The caller stated he wanted to get three individuals out of Cuba who were being held by CASTRO. He stated that if MC KEOWN could achieve their release he would be paid $5,000 for each person. The caller added that a person in Las Vegas, Nevada, would put up the money. MC KEOWN replied that he most certainly was interested in making some money, and assured the caller he could obtain the release of any person being detained by CASTRO; however, MC KEOWN specifically advised the caller he would do nothing toward this end until he was paid $5,000.00 in cash at the outset. The caller stated he would clear this with the man in Las Vegas, and would later recontact MC KEOWN. Nothing further was ever heard from this individual by MC KEOWN.

About three weeks following this telephone call, a man personally appeared at the J and M Drive-In and spoke with MC KEOWN. This person did not identify himself to MC KEOWN, nor did MC KEOWN ask his name. The man said he had a proposition whereby MC KEOWN could make $25,000. When he indicated genuine interest in the man's proposition, they went to the rear of the Drive-In where patrons sit to

drink beer and where they could talk more privately. The man stated he had an option on a great number of jeeps which were in Shreveport, Louisiana, and he desired to sell them to CASTRO at a very profitable figure. He wanted MC KEOWN to provide him with a letter of introduction to CASTRO, which letter would clearly indicate that the bearer was responsible and reliable. MC KEOWN said he would gladly provide such a letter of introduction for a fee of $25,000, but before he undertook to do anything he would have to have in hand at least $5,000.00 in cash. The man indicated he wanted the letter right away, whereupon MC KEOWN asked if he had the necessary $5,000 in his pocket. The man said that he did not, but that he would go and get the money and return. According to MC KEOWN, the man never returned nor did he ever again see him.

MC KEOWN stated that from the numerous photographs he has seen in the press and in magazines of JACK RUBY, the man with whom he talked concerning the letter of introduction to CASTRO resembles RUBY. The man gave the impression of being or trying to be a "big shot", and his manner and attitude was rather haughty. While his recollection of this man is somewhat hazy at this time, he vividly recalls the man had a small patch on his nose. MC KEOWN recalled he had asked the fellow what the patch was for, and he was advised that he had attempted to take out a blackhead and a small infection developed. To the best of his recollection, this man was probably 45 to 50 years of age, 5' 8" to 5' 10" in height, 200 pounds, stocky build, well dressed. He recalled the man had a tie clasp which matched his cuff links. He had no idea how the fellow traveled to the J and M Drive-In, and he never ascertained the man's name. MC KEOWN advised that he feels strongly that this individual was in fact JACK RUBY, the man whose photograph he has seen many times recently in the press.

MC KEOWN commented that because of the publicity accorded him in connection with his gun smuggling activities, he was literally besieged with requests for favors, requests for interceding with CASTRO, et cetera, following CASTRO's successful effort in Cuba. He stated his inability to leave the United States during his probationary period prevented him from fulfilling some of these requests which would have provided fabulous fees.

He remarked he is not certain that the above-described telephone caller from Dallas or the man who personally appeared at the J and M Drive-In was identical with the JACK RUEY who killed LEE HARVEY OSWALD. To his knowledge, he has never seen or met LEE HARVEY OSWALD.

MC KEOWN stated that he knew of no one by the name of "Davis" who was convicted for gun running activity with Cuba.

A. J. "BOOTS" AYO, residence 328 Bayshore Drive, La Porte, Texas, telephone - La Porte number GA-1-0144, upon interview at his place of employment, Jay Marks Chevrolet Company, La Porte, Texas, advised as follows:

He is well acquainted with ROBERT "DICK" MC KEOWN but has not talked to him in the past month or two. MC KEOWN formerly owned the J and M Drive-In located on Red Bluff Road near Clear Creak some two years previous. AYO was formerly employed as a Patrolman by the Harris County Sheriff's Office. AYO recalled on one occasion his office contacted him (AYO) by radio and wanted to know how to contact MC KEOWN. AYO told his office he would personally check and advise. The Harris County Sheriff's Office told AYO by radio at the time that some person from Dallas, Texas, was exceedingly intent on trying to contact MC KEOWN by telephone. AYO was not furnished the name of the individual calling nor the nature of the caller's business. AYO proceeded to the J and M Drive-In, told MC KEOWN about the telephone call, and MC KEOWN furnished AYO the telephone number of the J and M Drive-In, which AYO relayed by radio to the Harris County Sheriff's Office. This incident took place not too long after MC KEOWN had opened the J and M Drive-In because a telephone had not been installed for a very long time.

AYO stated he could recall nothing further about this matter and at the time it impressed him as just a routine matter. He commented he had always found MC KEOWN reliable, although at the present time MC KEOWN may have to watch his drinking, inasmuch as he (MC KEOWN) is now off probation.

DELORES A. KOENIG, Assistant Librarian, Finney Branch, Milwaukee Public Library, stated that she formerly lived at 1429 North Prospect Avenue, but now resides at 1933 North Prospect Avenue, Apt. 207, Milwaukee, telephone BRoadway 2-0258.

KOENIG stated she recently received a card postmarked in Texas, containing a message which told her to watch TV as there might be another live shooting. She said the card was signed "JACK RUBY," but she knew it to be the work of an old friend, ALFRED W. ANDERSON, who had apparently been visiting in Texas. KOENIG said that since receipt of the card she received a phone call from ANDERSON on Saturday, February 1, 1964. However, she was not in and the call was taken by a friend. From this call she knew that ANDERSON had returned to Milwaukee, but she did not know where he was living, nor did she know whether he still had a job with American Motors. She said she expected to hear from him again soon and would obtain his home address if desired.

KOENIG said that ANDERSON was born in October, 1928, and spent some time at Superior State College, during which time she attended that school. They became acquainted at college and renewed their acquaintance when ANDERSON came to Milwaukee about ten years ago. For the past two and a half years, KOENIG said, she had been going with ANDERSON off and on, but stopped seeing him last spring and had not heard from him since June, 1963, until she received the card signed "JACK RUBY."

KOENIG said that the card was typical of ANDERSON. In the past he has taken his vacation in January when the American Motors plant was "down." On these vacations he generally made rather long trips and was known to have visited Mexico and other points in the West and South. On such trips he had always sent her silly cards and signed them with some fictitious name, although she knew definitely the authorship.

KOENIG said that she thought the reference to TV on the card might have grown out of the fact that she also has a part-time job with WTMJ-TV, Milwaukee, and reads children's stories on a children's program each Saturday morning. KOENIG said that she knew of nothing in ANDERSON's background to connect him in any way with the real JACK RUBY or LEE HARVEY OSWALD or the assassination of the late President KENNEDY.

ALFRED WALDEMAR ANDERSON, American Motors Corporation, day shift, Milwaukee, Wisconsin, stated that he took a vacation trip in January, 1964, and spent a week visiting a friend, KENNETH POSGATE, 6119 Warbonnet, San Antonio, Texas. He said that POSGATE was an instructor for the Air Force at Lackland AFB. While visiting there, ANDERSON said, he dispatched three cards through the mail which were signed "JACK RUBY" and which bore somewhat similar messages. In each case the message told the addressee to watch TV as there might be another live shooting. These cards were sent to the following friends:

LARRY O'SHAUGHNESSY
1018 North 17th Street
Superior, Wisconsin

DELORES KOENIG
1429 North Prospect Avenue
Milwaukee, Wisconsin.

HOWARD HART
2003 Custer Avenue
Billings, Montana

ANDERSON said that he sent another similar card to Dr. KENNETH WEISNER, 2703 West Wisconsin Avenue, Milwaukee, Wisconsin, but did not use the JACK RUBY signature. He said he thought he signed this one with his own initials only. ANDERSON stated that he sent the cards as a joke and none of them had any real significance. He said he was confident that the addressees would confirm that it was in his nature to make jokes of this type.

ANDERSON said that this was his first visit to Texas, and he had not been there before, except to pass through en route to Mexico the winter before last. He said that he was not acquainted with either JACK RUBY or LEE HARVEY OSWALD. He said he had never been in Dallas. He said he knew nothing whatever about these people and had no information about the assassination of President KENNEDY. He said there was no substance whatever to the allegations on the cards that there might be another "live shooting" on TV soon.

"The Herald of Freedom", published biweekly in Staten Island, New York, in its issue of January 17, 1964, contained the following statements concerning JACK RUBY:

"Jack Leon Rubenstein, alias Jack Ruby, the murderer of Lee H. Oswald, was a notorious character who has been close to several people in Chicago who were murdered and to a big time narcotics distributor. He was involved in many rackets, including strip tease 'joints' and party girls and has had contacts in Havana. Rubenstein visited Havana within the past year in violation of State Department regulations. While there, he visited his friend Praskin who owns and operates a novelty store on the Prado in Havana across the street from the Hotel Seville. Praskin is a known long-time Castro collaborator. He is a native Cuban married to an American girl. Praskin is involved in strip tease and party girls as a side line. The above information was received from Havana by one of the best informed men in the United States on Soviet and Castro intelligence operations."

"The Herald of Freedom" is a four page pamphlet, edited and published by FRANK A. CAPELL in Staten Island, New York. It is published biweekly. CAPELL has described his publication as being "devoted to combating Communism, Socialism, and un-American activities by pointing the whole truth in detail".

"The Staten Island Advance", a Staten Island, New York, daily community newspaper, in its issue of July 13, 1963, carried a front page article entitled "Island Pamphlet Triggers North Carolina Camp Race Riot". According to this article, "reports of integration, nudity, and free love", which were published by FRANK A. CAPELL in "The Herald of Freedom" "caused 400 armed Blue Ridge Bible Belt mountaineers to burn" Camp Summerlane's gymnasium at Rosman, North Carolina, and also shoot up one of their buses. This article reflected that CAPELL "said last night at his New Jersey home that he had published an account in the July 3 issue and that the Rosman Chamber of Commerce had ordered additional copies". This article also indicated that "The Herald of Freedom" was widely distributed among rural folk in the mountain area. This article in "The Staten Island Advance" stated that Sheriff C. R. MC CALL of Rosman told the Associated Press that the mountaineers were incensed because of camp activities published in the pamphlet.

CAPELL, charging him with conspiracy in the acceptance of a $1,000.00 bribe intended to influence the decision of investigators of the War Production Board on September 21, 1943, in violation of Title 18, Section 207. A second indictment returned on the same date contained two counts

and charged CAPELL with the solicitation and acceptance of $1,000.00 bribe and a $400.00 bribe intended to influence the decision of investigators of the War Production Board in violation of Section 207, Title 18, United States Code.

CAPELL entered a plea of guilty on May 29, 1945, at the United States District Court, Southern District of New York (SDNY), and was sentenced to one year and one day on each count of a three count indictment, sentences to run concurrently. Execution of this sentence was suspended, and he was placed on probation for two years. He was fined $2,000.00 on count one, and the fine was to be paid within one year. He was discharged from probation by order of the United States District Court, June 24, 1946. At that time his fine had been paid in full.

FRANCIS A. CAPELL in January, 1952, testified before a Subcommittee of the United States Senate Arms Services Committee relative to illegal hiring for work on overseas bases. FRANK A. CAPELL, 56 Bay Street, Staten Island, New York, advised that he is the editor of the biweekly publication, "The Herald of Freedom". He stated that this publication is devoted to fighting Communism and its entire contents are written by himself. CAPELL advised that his material is received from confidential sources and also from public source material.

CAPELL advised that with respect to the January 17, 1964, edition of his publication, which contained considerable information of a background nature on JACK RUBY, also known as Jack Rubinstein, the data which concerned RUBY's contacts in Havana, Cuba, was received in confidence from a reliable source in the newspaper industry. He advised that he had written that RUBY had been in Havana in the past year, but that accurately speaking, it should have read, "a few years ago."

CAPELL stated that the information regarding RUBY's contact in Havana with one "PRASKIN", was likewise received from the same source in the newspaper field.

He advised that in order to add further credence to his comments about RUBY in Cuba, he added the comment that the information was received from Havana from one of the best informed men in the United States on Soviet Intelligence. CAPELL stated this individual was the original source of the information regarding RUBY's trip to Havana and contact with "PRASKIN". Inquiry concerning an alleged association between JACK RUBY and one (FNU) PRATKINS was predicated upon information received on January 13, 1964, from JOHN MARSHALL, Special Agent in Charge of the Secret Service Office at Miami. Mr. MARSHALL advised that Mr. FRANK WATTERSON, Security Agent, United States Department of State, Miami, had received information from JOSE ANTONIO LANUSA of the Directorio Revolucionario Estudiantil (DRE) (Cuban Student Directorate) at Miami to the effect that LANUSA heard that JACK RUBY had gone to Cuba last year, presumably 1963, by way of Mexico City. According to LANUSA, RUBY shared an office in a tourist agency on the main floor of the Sevilla Hotel in Havana, Cuba, with an American whose name was (FNU) PRATKINS.

On January 23, 1964, JOSE ANTONIO LANUSA, 24 years of age, Intelligence Officer for the DRE at Miami, Florida, stated that his information concerning the association of JACK RUBY and (FNU) PRATKINS was derived from two sources. The first source was a handbill-type newsletter dated December 24, 1963, at Havana, circulated by the clandestine anti-CASTRO organization in Cuba known as Accion Revolucionaria Anticomunista (ARAC) (Anti-Communist Revolutionary Action). This handbill had been sent by letter posted December 28, 1963, in Cuba, to the DRE, Post Office Box 168, Miami, Florida. The handbill, which was mimeographed, set forth the following sentence, as translated from the Spanish:

"The killer of the assassin of the deceased President KENNEDY, JACK RUBISTEIN, has been proven the owner of a tourist office in the Sevilla Hotel, Havana."

LANUSA stated there was no evidence to support this statement; however, he regarded the allegation as true, since it appeared in the clandestine newssheet disseminated by the anti-CASTRO organization ARAC.

1/4

LANUSA stated that in addition to the information from ARAC, JUAN MANUEL SALVAT, another officer in the DRE at Miami, had received a letter containing additional information pertaining to RUBY and PRATKINS. This letter had been sent from Cuba to an exiled Cuban attorney, (FNU) VALDES FAULI, who furnished it to SALVAT, according to LANUSA. LANUSA said this letter reported that JACK RUBINSTEIN was a habitual visitor to a souvenir store located across the street from the Sevilla Hotel on Prado Street, Havana, Cuba. The store belonged to a man by the name of (FNU) PRATKINS. RUBINSTEIN reportedly visited the store about a year ago, that is, about January, 1963, after flying to Cuba by way of Mexico City.

LANUSA stated that in the first part of January, 1964, on the occasion of a visit by him to the office of Mr. FRANK WATTERSON, State Department, Miami, Florida, he mentioned to Mr. WATTERSON the information that JACK RUBY had gone to Cuba during 1963, and had been associated with the individual PRATKINS in a tourist business at the Sevilla Hotel, Havana.

On January 23, 1964, JUAN MANUEL SALVAT, 25 years of age, also in the DRE, Miami, stated he had not actually received the letter from Attorney VALDES FAULI which is supposed to contain the information concerning the relationship of JACK RUBY and (FNU) PRATKINS. He said the information was related to him by a contact of VALDES. SALVAT declined to furnish the identity of the contact, stating he had not obtained this party's consent to involve him.

On January 27, 1964, Mr. CARLOS VALDES FAULI, a Cuban exile living at 2000 S. W. 24th Street, Miami, Florida, stated that he had been an attorney in the Supreme Court system in Havana, Cuba, prior to the advent of FIDEL CASTRO to power in Cuba. He stated he had arrived in the United States as an exile in November, 1961, after spending seven months in jail on political charges.

Mr. VALDES related that in approximately the beginning of January, 1964, he received a letter from his sister-in-law, GRAZIELLA RUBIO, age 45, who lives in Marianao, Cuba.

Mr. VALDES made available the section of the letter pertaining to JACK RUBY, and a translation from the Spanish is as follows:

> "RUBY, the assassin of OSWALD, was in Havana a year ago. He is a friend and a client of an individual named PRASKIN, who owns or manages a souvenir shop located on Prado between Animas and Trocadero Streets in front of the Sevilla Hotel."

Mr. VALDES stated that his sister-in-law writes regularly of conditions in Cuba and information which she believes of interest to Mr. VALDES. With respect to the item on RUBY, Mr. VALDES mentioned it only to his wife and to a friend, CARLOS GONZALEZ PARRA, a man about 60 years of age. Mr. VALDES stated he does not know JUAN MANUEL SALVAT or anyone else in the DRE at Miami. He supposed that either Mr. GONZALEZ PARRA or VALDES' wife had mentioned the item concerning RUBY to someone who, in turn, was connected with the DRE.

Mr. VALDES stated that his sister-in-law, GRAZIELLA RUBIO, is unemployed and lives with an aged stepfather in Marianao. He stated his sister-in-law very probably learned the information concerning RUBY as mentioned in her letter through hearsay. He said she would not normally learn of any activities taking place in the vicinity of the Sevilla Hotel in Havana, and he pointed out that the Havana suburb of Marianao is a considerable distance from the area of the Sevilla Hotel.

The following investigation was conducted by SA ALFRED D. NEELEY at Dallas, Texas:

The following inquiries were made based on the statement made by SETH KANTOR, news reporter, that RUBY was at the Parkland Hospital from 1:28 to 2:00 PM, November 22, 1963:

On February 11, 1964, Deputy Chief M. W. STEVENSON, Dallas Police Department, advised that he was at the Trade Mart when news was received concerning the fact that President KENNEDY had been shot and he, with Deputy Chief CHARLES BATCHELOR, Dallas Police Department, took Reverend LUTHER HOLCOMB immediately to the Parkland Hospital. He stated that Chief BATCHELOR took Reverend HOLCOMB inside the hospital in effort to contact Governor CONNALLY and to see if there was any other service he could render. Chief STEVENSON stated that he remained in the car which was parked at the rear of the Parkland Hospital near the Emergency entrance. Chief STEVENSON stated that he remained there until after it was announced that President KENNEDY was dead and he was told to assist in leading the party to Love Field. He stated that he did not know JACK RUBY at that time but did not see an individual whom he would now recognize as RUBY. Chief STEVENSON stated that their investigation conducted by the Dallas Police Department contained no information that RUBY was at the Parkland Hospital between 1:28 and 2:00 PM, November 22, 1963, other than the statement made by SETH KANTOR to Captain O. A. JONES that he had seen RUBY at the Parkland Hospital at this time.

Deputy Chief CHARLES BATCHELOR, Dallas Police Department, in interview furnished substantially the same information as set out above. Deputy Chief BATCHELOR stated that he did not see RUBY at the Parkland Hospital and had heard of no information indicating that RUBY was at the hospital other than that information furnished by news reporter SETH KANTOR.

POSSIBLE BACKGROUND ON SUBJECT

The following investigation was conducted by SA BILLY C. KIRTS at Cincinnati, Ohio:

On February 1, 1964, Mrs. THOMAS S. (EVELYN) CHRISTOPHER, 919 Lincoln Drive, Washington Court House, Ohio, telephonically advised that she had been reviewing some old copies of the "Daily Worker" and had noted the following:

The April 17, 1962, issue of the "Daily Worker" contained an article on page three (3), regarding a dinner given to one MARK LANE, an attorney. The continuation of the article on page seven (7), listed as one of the sponsors of the dinner, one JACK RUBENSTEIN.

Mrs. CHRISTOPHER advised that she had read in another newspaper that one MARK LANE had been hired as an attorney by Mrs. LEE OSWALD, wife of the assassin of President KENNEDY.

The following investigation reported by the New York Office:

A review of the Daily Worker issue of April 17, 1962, and files of New York Office reflect that a testimonial dinner was held at the Astor Hotel, New York City, April 10, 1962, in honor of MARK LANE. According to the Daily Worker article, 1300 people attended the dinner and JACK RUBENSTEIN was listed as one of the sponsors of the dinner.

JACK RUBENSTEIN, Vice President of the Textile Workers of America, 99 University Place, Manhattan, on February 12, 1964, advised SA JAMES J. ROGERS that he was one of the sponsors of the above mentioned dinner, however, he did not attend the dinner.

Mr. RUBENSTEIN added that when he read the speech given at the dinner by MARK LANE he sincerely regretted having agreed to act as a sponsor of the dinner.

DL 44-1639

With regard to information attributed to MRS. THOMAS S. CHRISTOPHER, above, news media in the Dallas, Texas, area have carried reports that one MARK LANE has been retained by MRS. MARGUERITE OSWALD, mother of LEE HARVEY OSWALD. There have been no reports LANE represents MRS. MARINA OSWALD.

PRESIDENT
THE HEARST CORPORATION
NEW YORK, NEW YORK

A telephone call from Mr. Berlin was referred over from the Director's Office at 12:07 p.m. today and in my absence, Mr. Berlin spoke with SA Fulton. Mr. Berlin stated he needed to talk to Mr. Hoover right away and when asked if it was a matter in which we could be of some assistance, he advised that it pertained to the Oswald case. He stated briefly, it concerned a story which the Hearst chain had out of Dallas that both Lee Oswald and Jack Ruby were "working" for the FBI at the time of the President's assassination. Mr. Berlin indicated that he wanted to discuss this matter personally with Mr. Hoover if at all possible and would like for Mr. Hoover to know of his call. He stated that they would not release the story until he had an opportunity to discuss the matter with the Director.

The Director's Office was immediately informed of the nature of Mr. Berlin's call and of his desire to get in touch with Mr. Hoover.

Memorandum Mr. DeLoach to Mr. Mohr, 2-25-64, reported information from Dick Berlin and Kingsbury Smith, General Manager and Editor, respectively, Hearst Publications, that unnamed Hearst reporter, described by Berlin as very reliable, had been advised by Melvin Belli, attorney for Jack Ruby, that Oswald was an FBI informant; that Belli knew from reliable sources that Ruby had been an informant for 8 weeks and Oswald an informant for 13 weeks. Smith stated this Hearst reporter had a tape recording of Belli making these allegations. It was recommended consideration be given to immediately interviewing Belli and the Director noted: "Yes. Make him either put up or shut up."

At 9:20 p.m., 2-28-64, SAC Gordon Shanklin, Dallas, telephonically advised Night Supervisor A. J. Decker as follows. SAC Shanklin and SA Vincent E. Drain interviewed Belli the evening of 2-28-64 in a hotel room secured for that purpose. Belli insisted that his fellow lawyer, Joe Tonahill, be present. Belli was advised that we had received information from a reliable source that he had stated Lee Harvey Oswald was a security-type informant of the FBI for a period of 13 weeks. He was informed that there was absolutely no truth in this and that we desired to secure from him any and all information which he had in this regard.

Belli stated that around the first of the year he had seen an article in the "Houston Post" by Lonnie Hudkins, which article was a rumor to the effect that Oswald might have been an informant of the FBI or CIA, and subsequent to that article Belli subpoenaed Hudkins to appear as a witness at the change of venue hearing before Judge Joe D. Brown. Sometime during that period he heard another rumor around the courthouse to the effect that Oswald might have been an informant of the FBI. Belli related that he questioned Hudkins during the change of venue hearing as he felt that the prosecution might try to use him at a later date. Judge Brown in the change of venue hearing refused to permit Hudkins to answer his question after objections of the prosecution.

Belli stated that he thought at that time and still does think that these rumors originated with William Alexander, Assistant District Attorney, who had tried to plant other rumors on him and that it was Belli's feeling that Alexander thought Belli might fall for this trap. He stated he placed no credence whatsoever in the rumor that Oswald was an informant and that if there was any credence to such he did not think

that such information had any place in the Jack Ruby trial. He pointed out that if he brought this up in the trial he would certainly have to prove it and he would never think of doing so without seeing if it were true from the FBI.

Belli stated that he had talked to numerous reporters and news media during the past several weeks and he could not recall with whom he had talked. However, he did recall, to the best of his memory, that approximately 3 weeks ago someone asked him if he had heard the rumor that Oswald had been an informant of the FBI and he believed that the person asking this question was a reporter. To the best of his memory Belli stated he told this person that he had heard this rumor around the courthouse. He does not recall exactly what he said but he is certain he never said anything to the effect that Oswald had been an informant for 13 weeks or that he had been a security informant. Belli was again emphatically advised that Lee Harvey Oswald has never been an informant of the FBI. He again reiterated that he does not think so and never would place any credence in this rumor.

Belli was also advised that we received information that he had also stated that Jack Leon Ruby had been an informant of the FBI for a period of 8 weeks. Both he and Tonahill stated that they had at no time ever heard anyone state that Ruby was an informant or infer that he was an informant. Belli insisted that he be permitted to call his other co-counsel to the room, Phillip Burleson, and ask him if he had ever heard this rumor. Burleson upon being asked the same question as to whether or not he had ever heard of Ruby being an informant or a rumor to that effect, advised that he had never heard a rumor from anyone to that effect.

Belli, Tonahill and Burleson all stated that they had never told anyone or inferred to anyone that Ruby was an informant of the FBI. Belli stated that he believed he and his co-counsels would have known if Ruby had been an informant of the FBI since they had questioned him in detail about his entire life and he is certain Ruby would have told him if he had been an informant. He stated Ruby had never mentioned in any manner whatsoever cooperating with the FBI.

Upon conclusion Belli stated that he was getting "damned tired" of Assistant District Attorney William Alexander planting rumors which Alexander thought Belli might fall for and it was his opinion that Alexander was probably the source concerning the rumor that Oswald was an informant of the FBI. Belli then specifically asked SAC Shanklin if Ruby had ever been an informant as this was the first that he had ever heard of it and he was advised that Ruby had never been an informant of the FBI. Belli asked no further questions.

Memorandum to Mr. Sullivan
Re: Lee Harvey Oswald
105-82555

RECOMMENDATIONS:

(1) Although William Alexander has categorically denied being the source of rumors that Oswald was an FBI informant, our inquiries strongly point to Alexander as the source of those scurrilous rumors and Alexander may be the source of the alleged rumors concerning Ruby. In view of our experience with Alexander no worthwhile purpose would be served in reinterviewing him and the Director has instructed that no further contacts be had with Alexander.

(2) While Belli also categorically denied making any statements as alleged by Hearst officials, it is believed that in order to conclusively pin this matter down Mr. DeLoach's office should contact Kingsbury Smith and ask that he make the alleged recording of Belli's statements available for our review.

(3) Immediately following our review of this recording, if it is made available, we will furnish the above details to the President's Commission.

SARASOTA, FLORIDA

On March 18, 1964, Mrs. John Carroll, 308 Lupine Way, Short Hills, New Jersey, telephonically contacted the Newark Office of the Federal Bureau of Investigation to advise that people were being asked to call telephone number CR 3-0369 and listen to a recording. Mrs. Carroll stated that this recording pertains to the investigation of the assassination of President John F. Kennedy. She also stated that she had ascertained that the record is being paid for by Dr. Ruhl, 67 Drum Hill Drive, Summit, New Jersey.

The 1962 Summit city directory reflects that Forster G. Ruhl, Physician, has offices at 151 Summit Avenue and resides at 67 Drum Hill Drive, Summit.

On March 6, 1964, Dr. Herbert Veltchek, 1140 Kipling Road, Elizabeth, New Jersey, advised that recently when he received mail from Dr. Ruhl, some of the envelopes contained various printed comments, one of which was a stamped notation "Let Freedom Ring! Each week call CR 3-0369, Code 201."

Following is a transcription of the recording obtained by dialing CR 3-0369:

"Let freedom ring. We are told that Lee Oswald and Jack Ruby acted independently. They were just poor victims of an atmosphere of hate and in need of a mental health clinic. But before the Warren Commission completely obscures the facts, let's look at some interesting points:

"Fidel Castro threatened to break off relations with Mexico if Mexican authorities attempted to investigate Oswald's activities in their country.

THE EYE OPENER

"Jack Ruby, who was supposed to have acted through blind emotion, is reported to have been in Havana, Cuba, last year.

"Lee Oswald's apartment was close to Ruby's, and Oswald was headed in the direction of Ruby's apartment when he encountered Officer Tippit.

"Also of interest is the fact that Congressman Hal Boggs, an extreme left winger who is on the Warren Investigating Committee, has an interesting communist front record. Just minutes after the assassination, Boggs, Walter Reuther, and a red-wing black bird, Earl Warren, miraculously appeared on radio and TV and denounced the John Birch Society and other anticommunist groups, even though Oswald proudly announced that he was a communist.

"The American people will probably never know how much they owe to the Federal Bureau of Investigation. There are rumors afoot that the Warren Commission, which is a brazen usurpation of the investigative power of Congress, will attempt to turn the investigation into a smear of the Federal Bureau of Investigation and its director, J. Edgar Hoover.

"If you have not received the Let Freedom Ring assassination series - one of the first unhypocritical reports of the tragedy and the eye opening highly documented SPX research report, send one dollar to The Eye Opener, Box 645, Sarasota, Florida."

# Memorandum

TO : Mr. Belmont

DATE: March 24, 1964

FROM : A. Rosen

SUBJECT: ASSASSINATION OF PRESIDENT JOHN F. KENNEDY; 11/22/63; DALLAS, TEXAS

Referenced memorandum dated 3/20/64 from Jevons to Conrad set forth information concerning testimony relating to firearms evidence and the fact that firearms evidence was to be made available to the President's Commission on March 21, 1964, in order that an independent examination could be made of the firearms evidence.

This matter was discussed with J. Lee Rankin, General Counsel, President's Commission, in the early evening of March 23, 1964. Mr. Rankin was advised that in view of the action taken by the Commission concerning the firearms evidence, it was obvious the Commission does not have confidence in the FBI Laboratory, and that in view of the independent examinations being requested, it would appear desirable for the Commission to have whatever examination they desire from independent experts made and for the Bureau to step out of the picture from the standpoint of Laboratory examinations. It was pointed out to Mr. Rankin that our Laboratory was greatly burdened with a large volume of work and that if the examinations that we made were not going to be accepted, it would appear that there would be no reason for our Laboratory experts to be tied up on these examinations in utilizing the time it requires to furnish testimony concerning matters where independent examinations are being made.

Mr. Rankin immediately replied that he certainly desired to correct any impression that the Bureau may have received that anyone connected with the President's Commission had a lack of confidence in the examinations made by the Bureau Laboratory. He stated that there had been a tremendous amount of pressure from various sources on the Commission for accepting the work being performed by the Bureau and not subjecting it to any independent examination. He also commented that the Bureau had performed a tremendous amount of investigative activity at the Commission's request and that there was likewise considerable pressure on the Commission to have independent examinations made concerning the findings made available by the FBI. Memorandum to Mr. Belmont
RE: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY; 11/22/63;
DALLAS, TEXAS

advised he had personally been completely opposed to any independent investigation by any outside investigators and that he had taken a strong stand that any investigation conducted should be handled by Government agencies unless it was found that the Commission could not obtain the results they desired. He stated thus far there had been no difficulties encountered with the FBI or any other Government agency relative to investigations and he did not anticipate there would be any. He stated he sincerely hoped he would be able to keep the members of the Commission agreeable to Government agencies handling investigative matters without any investigations on the part of outside investigators. Mr. Rankin was advised that his comments concerning investigative matters were appreciated but this did not change the picture relative to what appeared to be a lack of confidence in the Laboratory examinations. Mr. Rankin again stated that there was no lack of confidence and that the Commission relied completely on the thoroughness of the FBI Laboratory examiners, which he considered to be the best in the country. He stated because of the pressure that had been brought, the members of the Commission had made the decision to have the independent examinations. He stated emphatically that the Commission would insist that the Bureau Laboratory men be available to furnish testimony concerning matters examined by the Laboratory.

During the discussion, it was ascertained from Mr. Rankin that the Commission members had indicated they will probably desire independent examination concerning handwriting and fingerprint examinations. He gave no indication what items he was referring to or when such a request would be made.

Throughout the discussion Mr. Rankin seemed to be a little disturbed over the Bureau pointing out to him that the Commission obviously lacked confidence in our Laboratory and he repeatedly commented that the independent examinations of evidence were being made at the instructions of the seven members of the Commission. He gave no indication, however, whether this was the desire of certain members of the Commission and others were going along, or whether the Commission was in full agreement concerning this matter.

The foregoing is submitted for information.

ASSASSINATION OF PRESIDENT JOHN FITZGERALD KENNEDY, NOVEMBER 22, 1963, DALLAS, TEXAS

The following investigation was conducted concerning an allegation by Mark Lane, an attorney representing Mrs. Marguerite Oswald, mother of Lee Harvey Oswald, to the effect that about one week before the assassination of President John Fitzgerald Kennedy a meeting occurred in Jack L. Ruby's Carousel Club, Dallas, Texas, attended by Bernard Weissman, Officer J. D. Tippit, of the Dallas Police Department, and Ruby.

A source, who requested that his identity be protected, but who has furnished reliable information in the past, furnished the New York Office of the Federal Bureau of Investigation a transcript of a recording of a meeting held on February 18, 1964, at The Town Hall, 123 West 43rd Street, New York, New York, by the "National Guardian." Mark Lane was a featured speaker and stated in part as follows:

"Should the Federal Bureau of Investigation, the Secret Service and the Dallas Police decide in this matter to conduct honest investigation and to give that information to the Warren Commission, an investigation not dedicated to a theory they know in all likelihood is false, I would suggest that they begin with an examination of a prearranged two-hour meeting, which I have reason to believe took place a week before the assassination of the President. Present at that meeting, I'm informed, were Bernard Weissman, author of the full-page, infamous advertisement appearing in the Dallas Morning News on the day of the assassination, Patrolman Tippit, and one other leading character on the Dallas scene, not Lee Oswald. Within a period of weeks, I'll be free to reveal the name of the third person who was present at this meeting which took place in the Carousel, a strip-tease club operated by Jack Ruby."

Mr. Larrie Henry Schmidt, 5735 Gaston Avenue, Dallas, Texas, on December 3, 1963, advised in part as follows:

RE: ASSASSINATION OF PRESIDENT JOHN FITZGERALD KENNEDY, NOVEMBER 22, 1963, DALLAS, TEXAS

He stated that Bernard Weissman and William M. Burley are two friends of his who served in the United States Army with him at Munich, Germany, during 1962. He stated that about the time of arrival of Weissman and Burley in Dallas, Texas, around the first of November, 1963, he (Schmidt) conceived the idea of placing an advertisement in a newspaper pertaining to President Kennedy's visit to Dallas on November 22, 1963. Schmidt stated he does not know Lee Harvey Oswald or Jack Ruby. He further stated that Bernard Weissman, William Burley and Joseph P. Grinnan do not know either Oswald or Ruby so far as he knows.

Mr. William Milton Burley, II, advised on December 4, 1963, that during the time he was in Dallas he never heard any of the people with whom he came into contact in the John Birch Society, or other conservatives, mention the name Lee Harvey Oswald or the name Jack Ruby. He said that he never heard Bernard Weissman, Joe or Robert Grinnan, or Larrie Schmidt ever refer to either Ruby or Oswald. Burley advised that neither did he hear any of these people mention any violence towards President Kennedy and it was his opinion that the people he met in the group were sound, sensible businessmen, who disagreed with the policies of President Kennedy and the administration, and he cannot seriously believe that they ever entertained thoughts of assassinating the President of the United States.

Mr. Bernard William Weissman advised on December 5, 1963, that he did not know Lee Harvey Oswald and, to his knowledge, never met Oswald. He also stated he never met nor did he know Jack Ruby.

Detective Thomas Donald McMillon, Dallas Police Department, Dallas, Texas, advised on December 4, 1963, he has no knowledge of any relationship between Jack Ruby and Lee Harvey Oswald. McMillon stated while Ruby was being interviewed by Special Agent Hall (C. Ray Hall) of the Federal Bureau of Investigation, Ruby told Hall that he, Ruby, had seen an article in the Dallas newspaper by Bernard Weissman that was derogatory to Kennedy and Ruby wanted Hall to check Weissman out. Ruby appeared to be very concerned about this newspaper article and Ruby stated that he had gone to the Post Office to try to find out who Weissman was and his address.

RE: ASSASSINATION OF PRESIDENT JOHN FITZGERALD KENNEDY, NOVEMBER 22, 1963, DALLAS, TEXAS

Mr. Frank Bellocchio, 9832 San Lea Drive, Dallas, Texas, advised on December 5, 1963, that on the afternoon of November 23, 1963, he was at Sol's Turf Bar, Dallas, Texas, and saw Jack Ruby standing away from the bar. Bellocchio advised he has known Ruby casually for approximately seven or eight years, and he stopped to talk with Ruby. During their conversation, Bellocchio took from his pocket a folded, full-page article prepared by Bernard Weissman that had appeared in a Dallas newspaper on November 22, 1963. Ruby, upon seeing the article, became very upset and loud. Ruby told Bellocchio that he had been to the newspaper and had been advised that there was no such person as Bernard Weissman. Ruby was also disturbed by the name Weissman, as Ruby felt that the name may have been used to create anti-Semitic feelings. Ruby told Bellocchio that he had learned that the ad placed by the person using the name Weissman had been partially paid for in cash and that a third of the price of the ad still remained unpaid. Bellocchio is specific in this recollection because he thought that it was odd that the paper would accept an ad on partial payment. Bellocchio had no information or knowledge of Ruby's associates or personal activities. Bellocchio did not know Lee Harvey Oswald, nor did he have any information pertaining to any association or acquaintance between Oswald and Ruby.

Mr. Stanley F. Kaufman, 1520 Mercantile Securities Building, Dallas, Texas, advised on November 26, 1963, that on the morning of November 23, 1963, Jack Ruby called him, appeared to be very upset and asked him if he had read the article placed in the Dallas News by a Bernard Weissman. Kaufman stated that he told Ruby he had seen it and Ruby asked, "Did you notice that this ad was bordered in black, which makes it look like a death tip?" Kaufman stated that Ruby wanted to know who Weissman was and how he could get in touch with him and if Mr. Freedman, of the Anti-Defamation League, could furnish him any information as to the whereabouts of Bernard Weissman. He stated Ruby also told him that he had tried to locate this Weissman through the Post Office Department, but was unable to do so. Kaufman stated that Ruby told him that he had been to the Dallas News Advertising Department and had raised "hell" with the Ad Department for accepting such an ad.

Mrs. Eva L. Grant, 3929 Rawlins Street, Apartment I, Dallas, Texas, advised on November 25, 1963, that on Friday morning,

November 22, 1963, her telephone rang at her apartment and it was her brother, Jack Ruby, calling. Ruby asked her if she saw the advertisement in the morning paper which was a full-page ad addressed to "Mr. Kennedy" by Bernard Weissman. She said that Jack Ruby was very upset about this article and, undoubtedly it bothered him a great deal, not only on that day but for the next two or three days. He called Weissman an "SOB" and also said that the newspaper was completely wrong in accepting the ad. She advised that he told her he had called the "Times Herald" newspaper in Dallas, and they had advised him that they had turned down and refused to accept the same advertisement. He was very commendable in his statement regarding that paper's refusing the advertisement.

Mrs. Grant stated that he was most upset that the ad was addressed to Mr. Kennedy and thought it should have been addressed to the Honorable President if it had to be in the paper. She stated that he came to her apartment that day and had the ad from his own paper and took the ad from her paper. She said she understood both copies of this ad were found in Ruby's automobile after his arrest by the Dallas Police Officers. She stated that Jack Ruby told her that he had contacted the paper which ran the advertisement and asked them, "Where in the hell do you get off taking an ad like that? Are you money hungry?" She said that Ruby felt it was a rotten thing for any person to question the way the President was running this country. She said that Ruby made a statement regarding the advertisement and regarding Weissman, whose name appeared at the bottom of the ad, that "If that guy is a Jew, they ought to whack the hell out of him." By that, she advised, since Ruby is a Jew, he felt that this reflected against the Jewish race.

She advised that Ruby told her that he went to the Post Office in downtown Dallas and looked at the box, which box number appears in the advertisement. He told her that the box was full of mail. According to Mrs. GRANT, after he told her this, he made the statement, "I bet Weissman is a Communist," or words to that effect.

RE: ASSASSINATION OF PRESIDENT JOHN FITZGERALD KENNEDY, NOVEMBER 22, 1963, DALLAS, TEXAS

Mr. Jack Ruby advised on November 25, 1963, that he was upset over an advertisement by one Bernard Weissman in the "Dallas Morning News" newspaper of November 22, 1963, criticizing President Kennedy. Ruby said he was proud of the fact that he was a Jew and was ashamed that anyone named Weissman would criticize the President.

During the course of the investigation in the assassination of President John F. Kennedy and the shooting of Lee Harvey Oswald, no information has been developed to indicate that any meeting occurred in Jack L. Ruby's Carousel Club that was attended by Bernard Weissman, Dallas Police Officer J. D. Tippit and Ruby.

Item 2

During the course of an investigation concerning Ralph Eugene Young, which related to a possible violation of the Atomic Energy Act, the following interview was conducted wherein Jack Ruby was mentioned:

A confidential source exhibited the records of the Ambassador Hotel which reflected that Ralph E. Young, 3110 North Clybourn, Chicago, Illinois, was registered in apartment 321. His registration card under remarks reflected that he was connected with the John E. Wahl Engineering Company and Russ Products Company. He had registered at said hotel on August 27, 1950.

The source stated that Young had been brought to Dallas along with R. M. Piper, Fred N. Ruic, Charles Campbell, Donald Henry Mars, Leo Stukas, and Pat Henry Foethe by L. A. Robinson, 4051 LaPorte Avenue, Chicago, Illinois, who was a representative of the John E. Wahl Company. It was the source's understanding that these individuals had been brought to Dallas by Robinson for employment with the Chance Vought Aircraft Company.

The source advised that Piper was a very close associate of Young's and in fact had roomed with Young at the hotel for some time. He stated that none of the above-mentioned individuals with the exception of Young was still registered with the hotel.

The source found a forwarding address for Fred N. Ruic dated September 17, 1950, which reflected he was presently residing in Apartment A, 2112 St. Malo, Dallas, Texas.

The source advised that Joyce Skillman was registered in room 207 and he subsequently reported that she checked out at 2:30 p.m., on October 3, 1950, with M. C. Black. Black's registration card reflected he had registered at said hotel on October 1, 1950, and gave his address as 772 South Los Angeles Street, Los Angeles, California.

1 XEROX

At the time Skillman left the hotel she gave the assistant manager of the hotel an envelope containing a handwritten note which was addressed to Young. A copy of said note and the original envelope containing same which was addressed to Young are being maintained by the Dallas Division.

Said note is as follows:

"Ralph, the company is Utah Leavell Construction Company, Los Alamos, New Mexico. Hopkins can be reached at: White Electric, Haskell Avenue, Dallas. I am going to Oklahoma City. Will arrive Santa Fe Sunday night. Will call or write you further information.

/s/ Joyce"

The back of the letter contained the following:

"Did not get to talk to Hopkins so if you call him don't mention any connection with me. Will send all information as quickly as obtained."

The source furnished the following telephone calls from Young's room 321 for September 25 through October 3, 1950. Listings for the telephone numbers were obtained from another confidential source.

Item 3

In connection with certain information concerning James Breen which was forwarded to our Dallas Office from our Los Angeles Office by communication dated March 20, 1956, the following interview with Bunny Breen, whose true name is Eileen Curry, is set forth.

On March 18, 1956, Bunny Breen, presently known as Carol Connor, requested the Los Angeles Office to have Special Agent Ambrose K. Law call her collect at Davis 74784, Dallas, Texas. She had been interviewed twice for information she might furnish in the case entitled "Unknown Subject, Abraham Davidian - Victim. Obstruction of Justice." She was acting as was James Breen as informants for the Federal Narcotics Bureau and the Los Angeles Police Department Vice Squad. She indicated she had formerly been with Stanley Adams, a subject in this case. Bunny, at that time, was operating a house of prostitution in Los Angeles on a call girl basis. She furnished no information of particular significance. James Breen was interviewed two or three times as a possible prospective confidential source, but both were constantly in trouble with local authorities and contact could not be maintained with them. Bunny, on March 18, 1956, advised she and James had jumped a local bond on narcotics charges about the first of the year and gone to Dallas. James was driving a cab for the City Transportation Company, and she was apparently operating in some branch of the prostitution racket. Bunny was told by James he had made connection with large narcotics setup operating between Mexico, Texas and the East. James made several trips and returned. He left about three weeks ago and has not returned. He purposely did not give details so she could not get into trouble. He took his clothes about three weeks ago and said he was going on another trip. She heard later that he had left her but heard also from a bondsman named Schott this was not true and that James had contacted him and asked him to look out for her if she got into any trouble. She believes James made connections with the narcotics ring through a former associate from Seagoville Prison where James served time. In some fashion James got the okay to operate through Jack Ruby of Dallas. Several days ago, one Jack (last name unknown) of Houston came to see Bunny with one Gordon Winter

XEROX

of Houston, a friend of hers and James. Jack told her that James was trying to hijack a 300 to 400 thousand load of narcotics from Mexico and was going to try to go with another distribution setup. Jack questioned her as to whether she had information regarding James' whereabouts and threatened her if she was withholding information about James. Also, he stated his life would not be worth anything if he was trying to double-cross the group. Bunny fears James has been killed or kidnapped and wanted to talk to someone she could trust.

Item 4

In connection with a survey of gambling activities in the Dallas Division, the following information wherein Jack Ruby is mentioned was obtained.

On July 9, 1959, Lieutenant Jack Revill, Criminal Intelligence Section, Dallas Police Department, furnished the following:

On April 2, 1959, the Dallas Police Department received a letter from the Oklahoma City Police Department that Sidney Siedband, FBI number 773833, a Dallas gambler, had been arrested in Oklahoma City and in his possession were a large number of telephone numbers of Dallas and Fort Worth contacts. The Oklahoma City Police Department requested the Dallas Police Department to identify the Dallas contacts. They were identified as follows:

Al Meadows, FBI number 856928, phone FL 77950, at 2438 Inwood, Dallas, gambler and ex-convict;

Item 5

There is set forth as follows an interview with confidential source of the Dallas Office wherein Jack Ruby was mentioned.

On September 7, 1961, a confidential source was contacted by Special Agents Richard E. Harrison and Robert P. Gemberling at Room 214, Dallas Hotel, Dallas, Texas. The source refused to talk with Agents out of the presence of a girl friend, Helen Agnew, stating that Helen knew everything she did.

The source stated she had come to Dallas on September 5, 1961, from Shreveport, Louisiana, in her 1959 Corvette bearing Louisiana license plates, number unknown, accompanied by Helen Agnew who, she stated, uses the name Helen Axenfield, and a girl by the name of Bethel "Babs" Kramer or Cramer.

The source stated she owns the Hi Lo Bar, 1900 East Texas Street, Bossier City, Louisiana, and the Little Hangar Bar, 2464 Barksdale Boulevard, Bossier City, Louisiana. She stated she has a mother who lives in Shreveport and a son in school there.

The source stated that Helen Agnew, who described herself as a white female, born December 1, 1941, at Omaha, Nebraska, 5 feet 2 inches, 111 pounds, green eyes, blond hair, was working at the Little Hangar Bar, and that Bethel Kramer had been working at Joe's Studio Steak House at Bossier City, Louisiana, as a waitress and was going to work for her, but she ascertained Kramer was not 18 years of age and for this reason she and her girl friend, Helen Agnew, did not desire to have her living or associating with them at Bossier City, Louisiana.

The source stated she and Helen Agnew had brought Bethel to Dallas in an effort to obtain a job for her as they did not want her with them at Bossier City because the source stated she and "her girls" always share everything. She stated she obtained a job for Bethel through Jack Ruby as a stripper at Ruby's Carousel Club. She stated that Bethel would be staying with the Carousel bartender and his wife.

She described Bethel merely as a white female who would be 18 years of age on December 21, 1961, who had been in reform school, had had an illegitimate child and was "a big liar." The source stated she understands Jack Ruby is going to obtain identification for Bethel reflecting she is 21 years of age.

This information was made known on September 8, 1961, to Detective Morris Brumley, Special Service Bureau, Dallas Police Department, Dallas, Texas.

The source stated that she was returning to Shreveport, Louisiana, on the evening of September 7, 1961, and would likely return to Detroit, Michigan, in about a week. She stated the purpose of her trip from Shreveport, Louisiana, to Dallas was to try and buy some "hot furs" for she and "her girls" but that she had not been able to make any contacts. She indicated that she had assisted the FBI in Detroit, had operated houses of prostitution in Detroit, and that she had only been arrested on one occasion and this arrest did not result in a conviction. She denied that her operations at Bossier City, Louisiana, represented the operation of a house of prostitution and stated she was considered a reputable citizen in Greenwood, Louisiana, where she has a home run by a housekeeper.

The source stated that she had no information at this time that would be of interest to the FBI except that she considered Merle Kimblery, who runs Sak's, Bossier City, a pimp and stated that he has advertised in Dallas newspapers for waitresses offering $175.00 per week.

Item 6

There is set forth as follows an interview with Jean Bostick on September 25, 1961, wherein Jack Ruby was mentioned.

On September 25, 1961, Jean Bostick, cashier, Carousel Club, 1312 Commerce Street, telephone number RI 7-2367, home address 117 North Adams, no home phone, Dallas, Texas, telephonically advised that "Babs" Axenfield (Bethel Kramer) was presently residing with her and Harvey Bostick, bartender at the Carousel Club, at 117 North Adams.

Jean Bostick stated that a person named Jimmy Myers told her on September 24 that the FBI was looking for "Babs" Axenfield. Bostick stated that she did not want to have anyone living with her if she was wanted and wished to report "Babs" location. Bostick stated that "Babs" is presently employed by Jack Ruby, owner of the Carousel Club, as a waitress. "Babs" has been employed there for approximately two weeks.

Bostick was advised that the FBI was not looking for Axenfield at the present time, but that we might receive a request to locate her at any time.

Item 7

There is set forth as follows an interview with Mrs. Sue Brown on November 13, 1962, wherein it was mentioned that a brother of Eva Grant at that time owned and operated the Carousel Night Club in Dallas.

On November 13, 1962, Mrs. Sue Brown, 5319 Phillips, Dallas, Texas, telephone number TAylor 4-2925, advised Special Agent W. Harlan Brown that Eva Grant operates the Vegas Club in Dallas. She said that she had received information from her sister that Eva Grant was formerly connected with the Al Capone Gang in Chicago, Illinois. Mrs. Brown stated that a brother of Eva Grant currently owns and operates the Carousel Night Club in Dallas. She stated that recently she had been with Eva Grant, who formerly operated the Singapore Night Club in Dallas, and stayed overnight with her on one occasion. She subsequently learned that Eva Grant reported that a diamond in one of her rings was missing and as a consequence she was one of the suspects in the alleged theft of this diamond. A Dallas detective with the Burglary and Theft Bureau contacted her and questioned her concerning the missing diamond, she stated, and requested that she take a lie detector test. She stated that she was willing to take this test but upon talking to her attorney she was told by him that tests of this kind were inconclusive and advised her not to take such a test. She advised that Eva Grant spent sometime in Chicago where her family still resides and had also lived on the West Coast. She has been in Dallas for about two or three years, the last time becoming involved during the war years in the illegal sale of sugar stamps which led to the conviction of a man named Jones who was associated with her.

She described Eva Grant as follows:

| Weight: | 145-150 |

Item 8

On August 11, 1953, Special Agent Ralph J. Miles chanced to be in the office of Vincent Lee, Branch Manager, American Guild of Variety Artists, 1818 Live Oak Street, Dallas, Texas, on official business. An individual later identified by Mr. Lee as Jack Ruby, operator of the Silver Spur, 1717 South Ervay Street, Dallas, Texas, came blustering into Lee's office. Ruby demanded of Lee that Lee supply Ruby with some "girls" to put on entertainment at his Silver Spur. Lee told Ruby that Ruby would have to put up a cash bond to guarantee the girls' salary whereupon Ruby began to curse Lee, claiming that he was short on money and that Lee did not make his, Ruby's, competitors put up such a cash bond. Lee maintained that he still could not furnish girl entertainers to Ruby unless Ruby put up some cash at which time Ruby arose and in a threatening tone of voice asked Lee: "Do you want to know whether or not I'm packing a gun?", and "What are you trying to do, be a tough guy in Dallas? Well, I'm just as tough as they come" or words to that effect.

After Ruby stormed out of Lee's office, cursing all the while, Lee confidentially advised Special Agent Miles that Ruby considered himself a very tough Dallas character and was an associate of Joe Bonds, operator of the Sky Club, who was also a "tough" character who bore a grudge against Lee because Lee one time attempted to collect a $700.00 bad check Bonds had given a girl entertainer at which time either Bonds or one of his henchmen had struck Lee across the forehead with a pistol. Lee continued that both Ruby and Bonds always carried concealed pistols and were in constant association with James Robert Todd, better known as Jack Todd, FBI number 1805883, Dallas Police Department number 22255, a well-known Dallas safe-cracker. Lee informed that Ruby, Bonds and Todd, together with other hoodlums and safe-crackers, whose identities were unknown to Lee, usually hung around Sue's Used Car Lot, 3400 Live Oak, Dallas, Texas.

On May 31, 1961, a confidential source was interviewed and advised that she suspects Betty Crosby, the girl friend of the owner of the Holiday Bar, 1212A Main Street, Dallas, and who also is the day bartender at that bar, is practicing prostitution or lining up other girls for dates of prostitution. She stated that Betty is constantly on the telephone at the Holiday Bar during the day, both making calls and receiving calls. She stated that Betty has telephone number AD 5-4650 (listed to E. C. Tanner, 305 Dover Drive, Richardson). She stated that the owner of the Holiday Bar, Cliff Hunsaker, supposedly has a ranch in Oklahoma and that Betty frequently makes several trips a week, stating she is going to Oklahoma with Cliff Hunsaker. She stated that Betty Crosby recently bought a new house in Richardson, Texas, and drives a late model blue colored automobile, make unknown. She stated that the Holiday Bar bank account is maintained at the First National Bank, Dallas, Texas. She stated that Betty has a sister, Rosemary Brewer, who is married to a Buddy Brewer. Rosemary's home telephone number is AD 5-1395 (listed to Lois Jetty, 323 Vista Vista, Richardson). She stated that Rosemary formerly worked at the Cowgirl Bar on Commerce Street and later at Victor's Lounge on Commerce Street across from the Statler Hilton Hotel.

The source stated that Jack Ruby is the owner of the Carousel Club located at Commerce and Field Streets and that he formerly operated the Roundup Club on South Ervay Street and at one time ran the Vegas Club on Oak Lawn. She stated that she knows Jack Ruby and that he is "no good." She stated that he will not permit a girl to work for him unless she is intimate with him.

The source stated she is acquainted with the lady called "Zela" who is the bartender at the Zoo Bar on Commerce Street and who appears to be the boss over the other girls employed as waitresses there. She stated that Zela has recently mentioned to her that she would like her to come to work there. The source stated she had no

specific information that would indicate that any of the waitresses at the Zoo Bar were prostituting or that Zela was steering customers to the waitresses for dates of prostitution. She stated Bob Russell is the owner of the Zoo Bar. She stated Zela was formerly married to one Joe Slayton who owns the Orleans Room on Commerce Street which has recently been made into a private club.

The source stated that Penny Pennington, 5306 Gaston, Dallas, Texas, who is approximately 36 or 37 years of age, has two girls who rent apartments at her address and fill dates of prostitution with male tenants she has at that location. She stated she has heard that Pennington gets part of the proceeds received by these girls. She stated she does not know who these girls are or where they came from but that Pennington drives a late model white Cadillac.

The source advised that a lady in her late 30's by the name of Faye Dandridge is manager of Fay's Drive In Liquor Store at 4401 Main Street. She stated she understands Faye has a list of girls who will accept dates with men and she believes it is possible these girls charge the men a fee. She stated she has heard conversation that Faye is in her late 30's and has made the remark "if you are going to go out, you might as well go first class" and that she has allegedly told other girls if they are interested in going out with men to the finer places she can fix them up. She stated that this liquor store is located near the It'll Do Club on Elm Street and that Faye supposedly frequents the It'll Do Club approaching male individuals to find out if they would like to have her obtain a date for them.

August Meyer

The following letter was received by the Attorney General of the United States:

"2-17-64.

"The Hon. Robt Kennedy
U. S. Attorney General.

"Sir.

"On 11-16-63 while sitting in the Continental Bus Depot in Lincoln, Nebraska, at about 2-30 - 3. P.M. Sat a man walked into the bus depot on the P Street entrance. he wore a dark gray top coat, real dark gray suit, white shirt short brim hat real dark gray with a colored feather in it if I remember the hat correctly.

"He was carrying a reddish brown piece of airplane type luggage and two rifles. which he wanted to check to Dallas Texas.

"Due to the fact they were not broke down but were enclosed in rifle cases the bus co refused to check them to Dallas Texas.

"Then he put his suitcase on the floor an was going to put the rifles in the bottom 25 ct locker and as I held the door open for him I noticed that one was shorter than the other rifle. The longer rifle had a insigna of the riseing sun across the trigger to the gun stock. and were in a metal gun case for each rifle. the smaller one was definetly bolt action and the larger one was the same as the carbine automatic. while he was trying to get the rifles in the locker diagonaly he looked up at me and said they won't fit they won't go in will they. so he took them

"back out and had to pieces of cloth. over the trigger part and stock and Barrel of both of them and said he was an exchange student and he headed for the 10th street exit. I noticed he was to old for that college part but I also noticed the way he walked and talked that he was not what he claimed to be from Viet Nam. The way his hair was combed it seemed that he was useing black hair dye on heavy because I noticed at the color part of his neck he had some pretty heavy splotches of gray hair showing.

"The week of Nov. 26 I was in Cedar Rapids Iowa I walked into a tavern for a glass of beer and I thought I was seeing double because a man who resembled the one above was standing away from the bar with his arms outstretched just like trying to imitate as though he was lifting something heavy on his shoulders then I was told not to pay any attention to him as he was in shock as his brother was in deep trouble in Dallas Texas. Enclosed you will find the picture of a person who looks similar to the one with the 2 rifles

"Sitting in the booth as you open the door to enter the tavern was a dark skinned lady with two children She had on a black head band around her head to hold her hair back and I doubt if she was over five ft tall.

"If you think that this has anything to do with the murder of your brother I will gladly help all I can.

"I called the Provost Marshall of the Lincoln Air base. Lincoln, Neb on the phone about the 12-2-63 Capt Siburg and he made an apt with the U.S. Marshal in Lincoln and who I talked with. I decided to forget it but after seeing these pictures. I can't forget it there is to close a resemblance of what I saw in Lincoln, 11-16-63

"I authorize you to look up my A.S.N. 5428381. 32670549 You will notice that I carry 2nd & 3rd degree phenal burns on both shoulders, back right side, both buttocks and right leg that was in 1935 to keep me in line so as not to squeal. The Weyerhauser kidnap case I believe I now who they are and some have been taken for a P.N.R.

"I carry a 12 gauge shot gun slug in the lob of my left ear. Yes you will find that George Morgridge of Morgridge Inn was fined $1,000 and put on probation accused me of being and informer when he took a shot at me on Buffalo Rd east of Whittier Rd.

"Sheriff Klienkans will verify that if he is still alive. That was indirectly involved with the Lindburgh kidnap case from the soldiers home at Gd. Rapids, Michigan. yes they are all alive by nature not by name to the best of my knowledge. Jafsie Condo Alvas Joe Pedro, Ruth Meyers, Charlotte Schenk her mother I believe, and her brother the driver of the ford sedan The carpenters tool box against the back of the front seat the way the baby was laying and crying and I offered to get the baby some milk from the road house but they just wanted to find out how to get to the Rochester Airport they were supposed to make contact. there but lost their way and came to the private airport on the Norman Stadt farm across from the 100 Atlantic Gas Station I was running for George Morgridge. This was about 9:30 A.M. the day before the kidnaping was broadcast over the radios, March the 1st, 1932 I remember how the five were dressed and what the baby wore when I saw it alive.

"How do I now the names. they used to work for Mrs Lindburgh who was a school teacher in Detroit the 3 women used to trade at my brothers store and I waited on them in Inkster Mich.

"Yes there are a lot of other things I now, about, kidnapers, murders, bank robbers, their method of Operation those that have been taken for one way rides. Yes I can even tell how they used to brag the way they put the money in the right places and the law cant touch them, and I am and have been on that list for extermination but I keep moveing so that I cant get caught by them.

"Ask for protection from the law thats a joke, an assistant State Attorney General told me in 1937 I was a nobody but the man going through the door was a somebody, he sure was fleeceng the public.

"If anything comes from that ad I have told David Brinkly everything goes to the crippled childrens hospital.

"I understand that uncle sam has some expert hangman I would rather have him hang me for trying to make a honest liveing. I cant even aford to have the highly infected throat taken care of with the slug in it. let alone pay taxes.

"Sorry to have bothered you with this letter but what I said stands

"Sincerely.

"End August Meyer
"P.S. This is not a crank letter"

August Meyer appeared at the Omaha Office of the Federal Bureau of Investigation October 31, 1963, at which time he advised he was an itinerant mechanic living at the Conant Hotel in Omaha. He made claims about being able to solve murder cases and said he had been a witness in the Lindberg kidnaping case. At this time he was incoherent and talked in circles. He would furnish no information relative to his background. He had no information of value to the division.

On December 3, 1963, August Meyer contacted Special Agent Harmon J. Ogren at the Lincoln, Nebraska, Resident Agency of the FBI. He was a man about 65 years of age and stated he was an itinerant sewing machine mechanic. He advised he possessed some information, but probably should not take up the FBI's time with it. He stated that on November 16, 1963 (he is sure of the date), he was in the Continental Bus Depot in Lincoln and while there assisted a "foreigner," a foreign student from Viet Nam, or one of those Eastern countries, put a rifle into a locker. He advised this student was going to Dallas, Texas, and they would not let him check a rifle through. At this time he described the student as very definitely a young man, of student age, who was wearing all dark brown clothing. He stated the rifle was in a case, which was brown in color, and had a rising sun on the outside of the case. He was asked how he knew it was a rifle and he said because the student said so and because it was a rifle case. He advised he had not seen the rifle. He then went on to relate the number of times he had been of service to the FBI in solving some of its bigger cases. He started a rambling story of his knowledge of the Lindberg kidnaping case and of the fact he could solve any big crime, past or present, that

the FBI was investigating. He spoke of having gun shot wound in the leg and other parts of his body which had been put there by gangsters who were trying to kill him because of his knowledge. He asked the interviewing agent to mention some big crime and he would help solve it, with his past knowledge, or he, with his connections, could find the answer. He advised he would not furnish any background information or information as to how he could be reached because the underworld was still after him and he did not want anyone to know how to contact him. He was thanked for his information.

Following the interview, a check was made with Leo R. Luken, Assistant Secretary and Treasurer, Continental Trailways parent company, the American Bus Lines, who advised that according to his records no tickets were sold to Dallas, Texas, from November 15 through 18, 1963, by the Lincoln terminal.

In his letter to the Attorney General, Meyer advised the man was wearing grey clothes and was older than the usual student as he had dyed black hair with patches of grey. He stated there were two rifles and two cases and that they were out of their cases as he saw a rising sun on a trigger guard and was able to describe them as to type. Although the interview at Lincoln, Nebraska, took place following appearance of the photograph of Ruby in the newspapers, at that time he made no mention of the incident at Cedar Rapids, Iowa, or the belief that this student looked like Ruby.

Contact at the Conant Hotel, Omaha, Nebraska, on February 29, 1964, failed to disclose that Meyer resides there. The Lincoln, Nebraska, Police Department and the Lincoln Credit Bureau checked on March 2, 1964, contained no reference to Meyer.

Henry F. Theimer, The Lincoln Leather Company, Lincoln, Nebraska, advised on March 2, 1964, that Meyer is a very good sewing machine mechanic who constantly travels throughout the Middlewest. He knows nothing about Meyer's background or where he can be reached. Meyer is self-employed. He goes to a leather dealer in a major town, gets a list of machines which may need repair, and when done moves on to another town. He comes to Lincoln about every ninety days. The last time he was here he told Mr. Theimer it would be some time before he would be back. He was last in Lincoln during the first week of December, 1963. Mr. Theimer advised that as a person, Meyer is mentally disturbed and makes very irrational statements which any knowledgeable person would know not to be true on their face. He also said Meyer at times becomes very emotional.

FOR IMMEDIATE RELEASE
MARCH 7, 1964 - 4:45 P.M.

FBI Director J. Edgar Hoover today issued a public denial that Lee Harvey Oswald, accused assassin of President John F. Kennedy, and Jack L. Ruby, accused murderer of Oswald, ever served as confidential informants of the FBI.

Mr. Hoover said, "To set the record straight and to refute the misinformation which has been maliciously circulated, I want to state unequivocally that Lee Harvey Oswald and Jack L. Ruby were never FBI informants; that they were never employed by this Bureau in any capacity; nor did they ever render any services for--or receive any sums of money from--the FBI."

Dear Mr. Rankin:

In connection with your letter of March 2, 1964, requesting that this Bureau obtain toll call records of Lewis J. McWillie, Las Vegas, Nevada, and others named for the period September 26, 1963, through November 22, 1963, please be advised that Mr. Vern L. Rogosch, General Commercial Superintendent, Central Telephone Company, Southern Nevada Division, Las Vegas, Nevada, on March 6, 1964, advised that none of the records of the telephone company at Las Vegas can be reviewed or obtained by the FBI without the issuance of a subpoena duces tecum or a court order.

Mr. Rogosch stated that the telephone company, he believes, still has toll records going back to September, 1963; however, they are only required to retain these records for six months and he expects that the September, 1963, records will be destroyed in the near future.

In view of the Central Telephone Company's refusal to furnish toll records in the absence of a subpoena duces tecum or a court order, no further effort will be made by this Bureau to obtain the requested toll records relating to Lewis J. McWillie.

Sincerely yours,

J. Edgar Hoover

The Las Vegas Office was advised that toll call records of Lewis J. McWillie, who resides in Las Vegas, cannot be obtained in the absence of a subpoena or court order. Lewis J. NOTE:

Department furnished a letter dated 2/17/64 to the Attorney General from August Meyer which had no return address and the envelope was not furnished. In addition to the above Meyer relates that during week of 11/26/63 he saw a person in a bar in Cedar Rapids, Iowa, whom he was told was in a state of shock because his brother was in deep trouble in Dallas, Texas. Ruby's three brothers, Earl, who resides in Detroit, Sam, who resides in Dallas, Texas, and Hyman, who resides in Chicago, Illinois, were each interviewed during the week of 11/26/63 at their residences and no indication was given that they had been to or were connected with the Cedar Rapids, Iowa, area in any way. Omaha advised that Meyer contacted the Lincoln, Nebraska, RA on 12/3/63 and furnished the identical story about a foreign student at the bus station in Lincoln with a rifle who was en route to Dallas, Texas. He furnished a description of the student which bore no resemblance to Ruby's description and did not at that time state that he resembled Ruby which is contrary to his allegation in the letter to the Attorney General. The bus station was checked but no tickets were sold to Dallas between 11/15 and 18/63.

Gentlemen:

The preparations which are being made in the trial of J. Ruby are indicative of a desire to put him to death.

I am going to tell you a few words:

1. President Kennedy was very much loved not only in the United States but throughout the world.

2. Many, many of us are potential assassins of Oswald; search your conscience and you will see that you are one of them.

3. As far as we are concerned here, there are no doubts that Oswald was the assassin of Kennedy and Tippit. There is an overabundance of evidence and it is overwhelming. The fact that Oswald denied it does not change anything. The German fellow who killed the Lindbergh baby denied his crime up to the very last moment.

4. Remember that there never were any quarrels between Ruby and Oswald.

THIS IS A MATTER FROM THE INNERMOST OF A MAN'S SOUL.

I extend my regards and remain,

Sincerely yours,

Dear Sir:

Before beginning to write a letter, I wish to let you know that I consider you as the "blood avenger" of President ennedy and, in this sense, I have taken the initiative of writing to you, for in order to save an innocent man one must not shun from anything. Thus, open the Holy Bible, "Synodic Version" (sic), page 146, numbers 34 and 35, chapter 35, and your judges will find therein the answer to the problem which they are trying to find; for the earthly laws are nothing compared with those of our Lord, the Eternal God of the Hosts.

Dear Mr Hoover:

As an American Citizen, an old Widower, retired Oil well driller, and former Drilling Contractor, now unemployed except by occasional Special assignments, writing some Oil Leases, I, feel it My duty to write this Letter to You, concerning information that I, feel is very Important to the Amediate, as future welfare Of Our Nation, and may prevent the Assination of some of Our High Government Personel.

For about the past year and a half I,ve been keeping a room here at the above Address at The Colonial Hotel.Wich is being run by very reputable People, Olive and Russel Kays, they, her Mother andtwo miner Children Reside in the back part of the Hotel, and Mr Kays, has been a Rural Mail Carrier for the past 23 yrs. Post ex 1917-1932

Dec. 5 th, 1963. Robert E. Ingram, Registered in Room 20. Gave his Address as Rt. 1- Lockport Illinois.

At that time I, was in Texas, Wichita Falls, Ft Worth and Dallas, where I, spent the Holyday season with My three Children and My 23 Grand Children, I, returner here to My room Jan, 8 th, 1964.

This Robert E. Ingram, had engaged in some hated arguments with some of the other Guests, over some news reports, Govt, policies ect and the Management quieted the Argument and told the two who were in the argument that if there was anything more like that happened they,d be thrown out, or turned over the the City Police, so that quieted Ingram, and He don,t spend much time in the Lobby and did,nt pay any attention to Ingram, untill some of the fellows mentioned that they throught He was a Cyco-

REC-6 44-24016E-1191

He finally asked the Lady who manages the Hotel, who I, was, and if I, was,nt an Investigator. She told Him that all She knew I,was in the Oil business, writing some Oil Leases and some Geologists, and Oil people came occasionally for advice, or discussion on Oil. so I, thought if He was suspicious of He, I,d sort of warm up to Him, and try and find out who He is and what His line is, and to this writing My findings are as Follows.

ENCLOSURE

He, appears to be in his Middle forties, no gray hair, has a heavy head of rather Auburn, or reddish hair. I,d Judge Him to be about 5 ' 11 " to 6 ft, in heights very broad shoulders and Back, and according to the Restaurant Man across the Street, whom He [illegible] might at 200 lbs, which seems

He,s not Crazy, except I, think He has a warped Mind, like John Wilks Booth, and Oswald, who Killed Pres. Kennedy.

He says He had twelve years in the U.S.Army, went in at Paris, Ill. He says he, spent two years at the Panama Canal, helping Ships through the Cana, and knows every foot of the Canal teritory and He says now Our Govt, is going to give it away. 131435

He faught in World War two, was with the Group of Our Soldiers who were pulled back from Berlin, and waited for Russia to get into berlin. ( had a Nephew killed in that drive ) He don,t show any scars, and has never said anything about haveing been wounded, but a few night ago after the late News, he and I, were all that were left in the Lobby at 1-30 when We have to shut off TV, except on Sat, night. He said in Germany after the fighting had stopped, he talked with a Talanted German, who had been some sort of a Diplomat to some of the other Countries, he spoke good English, and lived in a nice Brick home, He asked the German, why they Killed so many Jews, He replied, well Your People don,t wan,t them, and We can,t feed them so why not. Ingram, said He just went into that fellows house which was nicely furnished, and took His Machine Gun and shot the place up, then took his knife, and ripped the Upholstering of the furniture. He said We, burned a lot of the houses.

In my judgement a fellow like Him, is extremely dangerous to Our Govt. He know the Army, and reads and Studies a lot. He said he had spent some time in the Show business. He showed Me, His Membership Card in the MAGICIANS Association, name, Robert E. Ingram. He said on July 4 th, 1964, all the Magicians of the World, about 4,000 in number are to meet at the Worlds Fair. ( They will be a group to watch.

At the lunch room across the street from here, as He had paid his check the Man, laid out a Five Dollar Bill, and four ones, he picked them up, and then laid them down and asked the proprioter to count them, and there was only eight, then he picked them up again and laid them down, and there was only seven, then he took a 1.00 Bill and it looked like he tore it in two, and rolled the two pieces together, then straightened it out and it was alright. I, was sitting across the Counter. He,s big and looks clumsy, but He,s handy with his hands, and thats his line, outwardly, making Fairs, and Carnivals. When he came here, he was advertising Ball point Pens, twice a day at the Purnby .10 ct store, but He,s loose from that deal, and about a months ago, he made a trip to Chicago, for a few days, and He has his old Nash Sedan loade down with some sort of Equipment, Games ect, but its covere, and he has,nt moved the Car since, and still has 1963 Florida License on the Car, if and when He starts moving it, the Law will Stop Him.

He pays His room rent a week in advance and Asked the Land Lady to stay out of His room. He,d make up his own bed, but He uses several heavy Mat, lights, has a Camera, Radio, A Tape recorder, and some cases. He told her He had a Case of Coal, that he had about completed that could be Use in the Army, and an entire Nation could be taken ove

Subject. Robert A. Ingram, Comte Gen.

Ingram, had told the Land Lady, he had been living in Florida, and came here from there. 131436

A few evenings ago, after some News about the selection of a Jury for Ruby, in Dallas, I, asked Ingram, if he did,nt think it likely that Ruby, was getting defence money from His Gangster associates, He said no, its coming from Cuba, that Ruby had been trying to sell stuff to Cuba, and Oswald had been there too, and that Oswald had been in Ruby,s Car for the night before the Assination, of the President, and thats where Oswald was headed for when the Cop tried to stop Him, and got killed. ( this may only have been Ingram,s Idea, ) but He does most of His sleeping in the day time, then staiys up in His room at night, reading and working on his plans, He told Me, he did,nt pay much attention to the news in the day time, as they did,nt broad cast the real news untill late in the night, that he staid up and got all the Important news from all Over.

Ingram, is now trying to Convert Me to Membership in the John Birch Society, to help get Our present leader out of Office some way or another, as they have plans all made to turn the United States over to the Russian Communists. He,s campaigning quietly for the Birch Society and Barry Goldvater to take over. he insisted I, read the Birch Society Blue Book, and gave it to me to read, I, glanced through it the past few days, to get the Founders of it, in Indianapolis Ind, in 1958, by Robert Welch, and eleven others, that used to be a breeding place for the K.K.K. According to the John Birch Society Blue Book, the headquarters is , Belmont 78 Massachussets.

Last evening Ingram, asked Me, what I thought of that Blue Book, and the Birch Society, I, told I, really had,nt had time to analie what I, had read, and I, was,nt much to jump at decisions about something that I, did,nt know what it was, and I,d like to know more. then I, asked Him, if he knoew about how many members the S ociety now has, that sort of stumped him, he said Well, You, can,t find out that, that part they keep like the Communists, don,t put it out untill they get enough to do the Job. With this Radio he has in his room, He could be getting, or sending Information to many places. He took His tape Recorder to the Electric shop to have some repairs a few days ago.

I asked the Supt, at Our Post Office, if He knew any FBI, or Govt, Intelligence Contact Man here that a Person could report to Confidentially, he said no, he did,nt he supposed one would have to report to Washington, D.C. or Springfield, Ill.

I, asked an Atty, friend here, who had been County Atty, and is a Member of the Legion,

but not a Combat soldier, how one could get a check on some Ex service Man without going to the War Dept, he said he did,nt know. thats why I,m bothering You, with this report. My 70 yr old Typewriter, just barely will do, but I, would chance this Information to any one else to write. If You, wish to have Me contact some one nearer on such matter Kindly let Me, know.

Sincerely Yours,

John D. Hitchcock

Enclosed are six copies of a letterhead memorandum containing the results of an interview conducted with PHILIPPE LABRO, a reporter for "France-Soir," a daily French newspaper.

It is noted that LABRO did not interview RUBY on November 23, 1963 as alleged but did have a casual conversation with him on the third floor of Dallas police headquarters on November 23, 1963. OSWALD was not mentioned during the conversation and there was no indication that RUBY was acquainted with OSWALD.

Mr. PHILIPPE LABRO, a reporter for "France-Soir," a daily French newspaper, Paris, France, was interviewed at the American Embassy, Paris, on March 5, 1964. He advised that he did not conduct an interview with JACK RUBY on November 23, 1963 at Dallas, Texas. He stated that he did encounter RUBY in the corridor on the third floor of Dallas police headquarters at about 12 o'clock noon on November 23, 1963. At that time there were numerous newspaper reporters in the corridor on the third floor and RUBY was circulating among them and making casual remarks. RUBY encountered Mr. LABRO and asked him who he was and what he did for a living. Mr. LABRO advised RUBY that he was a French newspaper reporter. RUBY's response was "ooh la la Folies Bergere," which according to LABRO were probably the only French words known to RUBY. RUBY then presented Mr. LABRO with a card advertising his night club "The Carousel" containing the picture of a nude woman and invited him to stop and have a drink with him. RUBY then walked down the corridor toward a small press office which had been setup at the end of the corridor on the third floor. Mr. LABRO also walked down the hall and he noticed RUBY address several uniformed police officers by their first names. RUBY then walked back up the corridor and again encountered Mr. LABRO, at which time he said "you fellows are having a tough time of it but you are doing a great job - keep up the good work." No further conversation was had by Mr. LABRO with RUBY. He stated that during his encounter with RUBY it was his impression that RUBY did not display any unusual emotions and appeared to be entirely relaxed and normal.

Mr. LABRO advised that on November 24, 1963, following the murder of OSWALD, he happened to ride up in the elevator in the Dallas police headquarters with a

COPIES DESTROYED

44 DEC 26 1972

woman, who apparently had come to visit RUBY who was then on the fourth floor in the Dallas police jail. He presumed the woman to be RUBY's sister. The elevator did not stop en route and thus he saw the woman get off the elevator and walk to the cell to visit RUBY. He recognized RUBY at that time as the man whom he had encountered on the previous day, November 23, 1963, on the third floor. He stated, therefore, that there is no question in his mind as to the identity of the person whom he talked with on November 23, 1963 as RUBY.

THE PRESIDENT'S COMMISSION

Since the tragic assassination of our late President John Fitzgerald Kennedy on November 22, 1963, at Dallas, Texas, this Bureau has forwarded to the President's Commission in excess of 12,800 pages of investigative results broken down as follows:

| Topic | Pages |
|---|---|
| Investigation of Lee Harvey Oswald and related matters | 8650 |
| Jack L. Ruby, Civil Rights investigation | 4200 |

In addition, our Laboratory has furnished the Commission with over 2400 photographs.

GENERAL INVESTIGATIVE DIVISION

1. At the present time the General Investigative Division has a total of nine pending requests from the President's Commission, the oldest dated February 21, 1964, and the most recent dated March 4, 1964. The status of each of these in chronological order is set out below.

By letter dated February 21, 1964, the President's Commission requested investigation to establish how the photograph of Lee Harvey Oswald carrying a rifle and pistol came into the possession of various news media. This photograph received considerable nationwide publicity as a cover for "Life" magazine. Dallas was immediately requested to run this matter down and by communication dated March 3, 1964, this material was furnished to the Bureau and is in the process of being assembled for transmission to the Commission.

44-24016 -

ENCLOSURE -

2. By letter dated February 21, 1964, the Commission submitted a three-page request for technical and other related information concerning the rifle used in the assassination. This request is very extensive and requires the obtaining of original documents of numerous items such as shipping documents, invoices, bills of lading, etc. This was immediately relayed to the field for expeditious attention. This request requires technical examination by our Laboratory as well as extensive work by our Dallas Office. The technical data has now been assembled and the numerous documents are being obtained, some of which are already in the possession of the Bureau. This matter is being closely followed and when all items are obtained they will be promptly furnished to the Commission.

3. By letter dated February 24, 1964, the Commission referred to us two matters which necessitated leads being covered in Milwaukee, Wisconsin, to interview a reporter for the "Milwaukee Journal" concerning the alleged signature of Oswald on a register at the "Fox and Hounds" restaurant, and research work by our Dallas Office concerning a photograph which appeared in "The Saturday Evening Post" in which an individual was observed who resembled Lee Harvey Oswald. Both of these matters have been handled and a current letter to the Commission under the date of March 9, 1964, has been prepared.

4. By letter dated February 28, 1964, the Commission requested still additional information relating to the rifle used in the assassination. This particular request necessitates leads be covered by our Legal Attache in Rome with the Italian Munitions Industry. Prior to referring this matter to the Legal Attache considerable research was necessary at the Bureau in order to facilitate the Legal Attache's handling of this request. By communication dated March 6, 1964, this matter was referred to the Legal Attache in Rome requesting expeditious handling.

5. By letter dated March 2, 1964, the Commission requested we obtain copies of Immigration and Naturalization Service records of Jack L. Ruby's parents, Joseph and Fannie Rubenstein. It also requested we obtain all available records of toll calls made by Ruby, his three brothers and four sisters and twelve persons known to have been in contact with Ruby between September 26, 1963, and November 22, 1963. This is currently being afforded expeditious handling by the field.

The President's Commission

6. By letter dated March 3, 1964, the Commission asked for copies of all records of interviews with Jack L. Ruby or other persons who referred to Ruby prior to November 23, 1963, in all FBI files. This is currently receiving expeditious handling by the field.

7. By letter dated March 3, 1964, the Commission requested a transcript of all radio transmissions from local and state police capable of being received in Dallas, Texas, from 12:20 p.m., November 22, 1963, until 6:00 p.m., November 24, 1963, as related to the assassination of President Kennedy and related matters. This matter has been referred to the field for expeditious handling.

8. By letter dated March 3, 1964, the Commission referred to us an allegation made by Marina Oswald's former business manager, Mr. James Herbert Martin during his testimony before the President's Commission on February 27, 1964, relating to an alleged telephone call made from Atlanta, Georgia, to Lee Harvey Oswald and Jack L. Ruby. This matter has been resolved by the field and the letter to the Commission under date of March 9, 1964, has been prepared.

9. The Commission by letter dated March 4, 1964, requested the production of numerous items of evidence as well as various diagrams and sketches in connection with the contemplated testimony of Buell Wesley Frazier and Linnie Mae Randle before the Commission on March 11, 1964. This request has necessitated the sending of a crew from our Exhibits Section to Dallas to prepare detailed sketches to comply with this request. This matter is being followed closely and afforded expeditious attention.

## DOMESTIC INTELLIGENCE DIVISION

This Division has seven pending special requests of the President's Commission for investigation in this matter. The earliest of these requests is January 13, 1964 and the latest request is March 3, 1964. Set out below is a chronological summary of each of the seven pending requests furnishing the status of each:

1. By letter dated January 13, 1964, the Commission requested this Bureau to initiate a full scale background, intelligence investigation of Michael Paine and his wife, Ruth Paine. Marina Oswald was residing at the Paine residence at the time of the assassination. We have initiated such investigation and have furnished the Commission reports setting out results of such investigation to date. Our investigation of the Paines is continuing.

2. By letter dated February 12, 1964, the Commission requested this Bureau initiate a full scale background investigation of George and Jeanne De Mohrenschildt, acquaintances of Marina and Lee Harvey Oswald. Such investigation was instituted and we are reviewing summary reports just received on these individuals and will furnish them to the Commission in the immediate future.

3. By letter dated February 12, 1964, the Commission made inquiry into certain facets of our investigation relating to Oswald's trip to Mexico between September 26, 1963 and October 3, 1963. The Commission was particularly interested in the manifest of the Transportes Frontera Company and identities of passengers of this bus during the above period. This necessitated extensive investigation in Mexico and at the border. Our letter of February 25, 1964 furnished the Commission results of our inquiries to that date and informed the Commission that further details would be furnished as developed. We are affording this phase of our investigation close and continual attention on a priority basis.

4. On February 24, 1964, Mr. J. Lee Rankin, during a meeting with the Director, orally requested that this Bureau conduct appropriate investigation of

Marina Oswald to determine her contacts and activities. Appropriate instructions were issued to the Field and results of our coverage are being immediately sent to the Commission on a day-to-day basis.

5. On February 25, 1964, Mr. Rankin orally requested of Inspector J. R. Malley that this Bureau make arrangements to have talks or meetings at which Mark Lane appears recorded by any means. We have issued appropriate instructions to the Field and transcripts and tapes where available relating to Lane's speeches and meetings are being furnished to the Commission as received from the Field.

6. On February 26, 1964, Mr. Howard Willens of the Commission orally requested Inspector Malley to obtain recordings of all of Marguerite Oswald's appearances. The Field has been so instructed and recordings and transcripts of her appearances are being furnished the Commission as obtained.

7. By letter dated March 3, 1964, the Commission requested investigation of six different items resulting from Marina Oswald's testimony before the Commission. The six items included:

   1. Locate two thick books on history of the United States carefully read by Oswald

   2. Determine whether the rifle of Oswald's did or did not have a mounted scope when shipped to him by the seller

   3. Conduct investigation in vicinity of Love Field in Dallas in attempt to find practice range where Oswald may have fired his rifle

   4. Make handwriting examination of a note that may have been used by Marina Oswald and a friend, Mr. George Bouhe. The note was not enclosed from the Commission and we so informed the Commission by letter dated March 6, 1964.

5. Conduct handwriting examination to definitely determine if Oswald was right or left handed. We answered this request in our letter to the Commission dated March 6, 1964.

6. Ascertain whether the 15 power telescope and hunting knife furnished to the Commission belonged to the Paines, and if not, attempt to trace their origin.

We have issued appropriate instructions to the Field in connection with the above-listed items and as soon as the investigation is received at the Bureau it will be forwarded to the Commission.

Dear Mr. Hoover:

Thank you for your letter of February 18, 1964, in which you forwarded to us a complete set of medical records of Fannie Rubenstein obtained from Elgin State Hospital, Elgin, Illinois.

A report incorporated therein from the Psychopathic Hospital of Cook County, Illinois, (a duplicate of which is attached hereto) indicates that other reports on members of the Ruby family may be available through other agencies in Illinois. The Psychopathic Hospital makes particular reference to the following reports: JFE 11-25-32, JSSB C. 3-32, Rest Haven 8-11-30, JFE 7-13-29, WL. 6-30-27, JHFS 2-15-26, MTS Racine 3-25-24, IJR 43-76 7-6-22.

The Commission would appreciate your obtaining and forwarding to it copies of those reports. In all probability, the report designated IJR 43-76 7-6-22 is identical to a report which has already been subpoenaed by the Commission from the Institute of Juvenile Research in Illinois. If that is true, it will be sufficient for your agency to indicate that we have already subpoenaed that document.

Sincerely,

NOTE: State Judge J. C. Duvall, Fort Worth, Texas, advised Dallas that he had represented Pike as an attorney in 1943 on a rape charge. Duvall recently advised Pike, who worked for Ruby as a bookkeeper and part-time bartender at time of shooting of Oswald, had spoken to him (Duvall) two or three hours after Ruby shot Oswald and has told him that Oswald had been in Ruby's club on numerous occasions. Pike was interviewed in connection with this case on 11/25/63 at which time he alleged that Ruby was friendly with James Hoffa and the "syndicate" and was a pay-off man of Dallas PD. He could not substantiate these allegations. He said nothing at that time relative to Ruby-Oswald connection. In view of this new information Dallas set forth lead for Los Angeles where Pike now resides for Los Angeles to interview Pike if Bureau approved. Los Angeles instructed to handle the interview. Pike is one of twelve persons known to have been in contact with Ruby through toll calls which the Commission has requested that we obtain. Commission's request appears to be based on allegations made by Pike in original interview which was furnished to Commission in report of 11/30/63 and the fact that he was employeed by Ruby. Pike is living with Ramona Wagner who will be separately interviewed in accordance with retel.

# Ruby to See Self on TV For 1st Time

By BOB CONSIDINE

Hearst Headline Service Special to N. Y. Journal-American

DALLAS, March 6.—Melvin Belli's long fight to save Jack Ruby from the electric chair begins sometime today, and the expectation is that it will be mainly uphill.

As quickly as possible after the state rests its case with more police testimony and a dramatic showing of film made from "live" and "slow motion" videotapes in which Ruby will see for the first time the actual killing of Lee Oswald, Mr. Belli will bring one of his prime witnesses to the stand.

He is Dr. Manfred Guttmacher, well-known Baltimore psychiatrist, who will testify that Ruby could have blacked out from psychomotor epilepsy just as he lunged at and shot Oswald in Dallas police headquarters two days after the assassination of President Kennedy.

## BLUNT TESTIMONY

It will be scientifically-worded evidence offered against an impressive and extraordinarily blunt case made against Ruby by the Dallas police.

In the three days the officers have been on the stand they have hammered home the following points:

• Ruby, far from being in a black out condition, growled "You S.O.B., you killed the President," just before he shot the 22-year-old Marxist.

• Ruby repeatedly said, "I hope the S. O. B. dies," after officers snatched his gun away and took him in custody.

• Ruby, when denounced by a detective captain and asked why he shot Oswald, replied, "somebody had to do it. You guys couldn't do it."

• Ruby told at least two officers that he had planned to shoot Oswald three times, but that police jumped him so fast he could get off only one shot.

## TAKING STAND

The state concludes its presentation today by calling two police captains to the stand—Glen King and P. T. Dean.

Capt. Dean is expected to tell the jury of eight men and four women that he heard Ruby say, "I thought I could be a hero and I fouled it up."

Capt. King will corroborate yesterday's testimony that Ruby planned to shoot three times. He may also add that Ruby told him he shot Oswald so that there would not be an Oswald trial which, he said, would cause Jacqueline Kennedy great anguish.

The showing of the films today will set a precedent that, conceivably, will never be approached again. This is believed to be the only murder of this stature ever seen on "live" television. Including the re-runs, it is estimated that 85 per cent of all the televiewers in the United States have seen what will be shown again today in Judge Joe B. Brown's court.

At least two persons in court will be seeing the "show" for the first time.

One is a juror, Luther Dickerson, who said before being qualified that he had missed both the "live" and the "reruns" because, as he explained, "I was out of town."

And then there is Ruby. He had the best view of anybody, but has been in jail since it happened and, of course, has not been among the countless millions here and abroad who have seen the act which rocketed him from sleazy anonymity to international notoriety.

The defense expects to call between 50 and 75 witnesses. It will need all next week to present its case, Mr. Belli told reporters after yesterday's session.

Biggest wrangle yesterday was the fight that persuaded the prosecution to take the wraps off two statements given and signed by Detective Thos. as D. McMillon, one of Ruby's captors, six days after the shooting.

When they were finally produced in court, Mr. Belli demanded a mistrial on the grounds that he had not been able to examine them before that.

He spent nearly three hours hammering away at Mr. McMillon on the stand, charging the witness with producing more Ruby "quotes" in front of the jury than he included in his report to his superiors and to the FBI.

does not have to let the defense see material of this sort. First Asst. D. A. Bill Alexander was asked late yesterday why he had acceded to Mr. Belli's demands that he release the statements. Mr. Alexander shrugged and said:

# For the First Time, Ruby Sees Film of His Biggest Moment

Dallas, March 6 (Special)—Twelve times today, Jack Ruby saw himself kill Lee Oswald. Steadily chewing on a piece of gum, the little night club operator stared at a screen in the darkened courtroom where he is on trial for his life while films of the killing were shown over and over again.

His pallid face was impassive but he muttered once to assistant defense attorney Phil Burleson: "I don't remember there was such a crowd."

### First Time for Him

It was the first time that Ruby had watched the scene familiar to millions all over the world.

A new eeriness was added to the films made in the basement of Dallas Police Headquarters—the sound track was cut out. The only voice came from a police officer who used a pointer to identify Ruby, Oswald, policemen and newsmen as the tragedy was played out.

Besides Ruby, many of the figures on the flickering screen were in court today watching themselves.

With the jury out of the room, the films were shown at ordinary speed, in slow motion and then frame by frame. Defense attorney Melvin Belli accepted all the shots except those showing Oswald being carried from the basement on a stretcher.

### Where They Sat

During the first run-through, Belli and District Attorney Henry Wade sat together in the jury box their feet up on the rail. Ruby, surrounded as always by four guards, sat at the defense table about six feet from the portable screen.

After the pictures had been studied in detail, the jury walked in to watch a repeat performance. Belli retired to the defense table while Wade moved over to the witness chair.

At the end, the projector and screen were removed, the lights went on and Jack Ruby was back in the present, watching the fight over his own life.—Anthony Burton.

# Stripper Testifies Her Call Got Ruby to Death Scene

By THEO WILSON
Staff Correspondent of THE NEWS

Dallas, March 6—Though upset by a jailbreak in the courtroom building, a pregnant 19-year-old stripteaser took the stand today as the first defense witness in the Jack Ruby murder trial and told about putting the arm on Ruby for rent money the day Lee Harvey Oswald was shot.

Red-haired Karen Lynn Bennett, was the petite dancer who phoned Ruby the morning of Nov. 24 to ask him for $25 rent. The phone call, the defense contends, started a chain of events ending with the murder of President Kennedy's accuser assassin, Oswald, and to Ruby's trial.

Karen was called after Police Sgt. Patrick T. Dean, the final state witness, testified that Ruby admitted plotting for two days to kill Oswald to show "that Jews have guts."

### Alarm Sounded

As Karen approached the courtroom to testify, alarm bells clanged throughout the building, which also houses the county jail.

Karen, who expects a baby any time now, cried out in alarm at the jailbreak commotion. She was escorted by defense counsel Melvin Belli into Judge Joe B. Brown's courtroom, where smelling salts were administered.

### Tears in His Eyes

Dean testified that 10 minutes after Ruby killed Oswald in the City Hall basement, he spoke to him on the fifth floor of the building in a jail corridor. Stripped to his shorts, barefoot, and with tears in his eyes, Ruby rambled on to Dean about "not wanting Mrs. (Jacqueline) Kennedy to come back to Dallas" for the Oswald trial, the sergeant swore.

After District Attorney Henry Wade rested, these statements and many others presented by police witnesses to show that Ruby planned Oswald's murder were labeled as constitutional violations by Belli and his aid, Joe Tonahill.

### Ask for Acquittal

They asked for a directed verdict of acquittal because Ruby's statements were made after his arrest and he was not advised of his constitutional rights.

Denied this by Judge Brown, Belli made a brief opening statement telling the eight men and four women jurors he will prove Ruby was insane, that he was near City Hall by coincidence, and that he killed Oswald in a blackout caused by psychomotor epilepsy.

Karen's testimony showed that Ruby went to the only Western Union office open on Sunday, where a money order could be obtained, to send her $25 rent money. She lives in Fort Worth. This office was near City Hall, and that's how Ruby was on the scene, the defense said

### Defense Is Adamant

The defense fought virtually every word spoken by Dean.

Twice the defense called on Judge Brown to cite the district attorney for misconduct in his questioning of Dean. Wade asked: "What else did he tell you, sergeant, with reference to his (Ruby's) plans to kill him?"

Outraged howls came from the defense for such a "grossly suggestive" and leading question. Wade said: "I'll change the leading part of it." He then rephrased the question. Again came a request to cite him for misconduct, denied by the judge. But he ordered the first question stricken.

During Dean's testimony the

defense demanded a mistrial four times. The objections were based on a violation of Ruby's Constitutional rights, because he was under arrest at the time he was being quoted by Dean.

They charged the testimony also was a "violation of due process of law, incompetent, hearsay, prejudicial, immaterial," among other things. Each time Judge Brown denied the mistrial request.

Dean, a dark-haired young man, got into his testimony by telling the district attorney he was in uniform on security duty in the City Hall basement for the Oswald transfer to the county jail.

### Tells of Hearing Shots

He heard the shots but did not get into the police scuffle with Ruby. About 10 minutes later, he said, he was ordered by Police Chief Jesse E. Curry to take a secret srvice agent to the fifth floor jail in City Hall, where they found Ruby under guard, stripped to his shorts.

The agent spoke to Ruby about four or five minutes, Dean said. Then, over objections from the defense, Wade asked the sergeant to tell what he and Ruby said, after the agent was through.

### Arrives in Basement

Ruby, Dean said, told how he came into the basement "as a car had driven out" and had been there "for two or three minutes" when Oswald came into view.

"He said that he thought about this about two night: prior when he saw Oswald at the police show-up," Dean said. Here, a mistrial motion interrupted testimony.

"He said he believed in due process of law," Dean continued, "but he was so wrought up over the events — he and his sister both — his sister was just out of the hospital and very emotional . . ."

The sergeant continued testifying about what he said Ruby had told him: "he knew the outcome of the trial was inevitable, that there would be a death penalty, but he didn't see why there should be a long and lengthy trial and have Mrs. Jacqueline Kennedy subjected to coming back (for the trial)."

Again Dean was interrupted by objections and mistrial calls from the defense.

### Sarcastic Sneer

Then, after that subsided, Dean said Ruby told him:

"He noticed a sarcastic sneer on Oswald's face two nights prior at the show-up. That's when he first thought if he had the chance, he would kill him.

"And also, he wanted the world to know Jews do have guts."

"What was that?" Wade asked. asked.

"Jews . . . J-E-W-S," Belli spelled out; and then called for a mistrial, which was refused. That ended Dean's testimony in the morning session.

### Police Chief's Aid Heard

Before Dean took the stand, Capt. Glen D. King, administrative assistant to the Dallas police chief, testified that during the shooting he was at the rear of the armored car parked in the basement ramp, and first saw Ruby lying on the floor in the basement jail office.

"I heard him say: 'You didn't think that I'd let him get by with it, did you?'" King testified.

### Denied by Capt. King

Tonahill asked: "Didn't you ask Ruby why he did it, and didn't he say: 'Do what?'" King denied this.

The two state's witnesses testified after the jurors saw an hour of films of the murder, in slow motion, regular speed and frames.

The Los Angeles Times

DALLAS, March 6—A policeman testified today that Jack Ruby said he planned the murder of accused assassin Lee Harvey Oswald for two days to spare Mrs. John F. Kennedy a return trip here for a trial.

Sgt. Patrick T. Dean of the Police Patrol Division also quoted Ruby as saying he "wanted the world to know that Jews have guts."

The testimony rocked Ruby's murder trial after jurors watched television films of the shooting. Then prosecutors rested their case against the 52-year-old striptease club operator.

First defense witness was Mrs. Karen Bennett, a 19-year-old pregnant stripper, whose appearance on the stand was delayed when she nearly was bowled over in the corridor by escaping jail prisoners.

After several minutes, Mrs. Bennett was helped to the witness stand by attorney Melvin Belli and testified with jurors and most everyone else in the courtroom unaware of what had happened.

The stripper, known professionally as Little Lynn, testified she called Ruby from Fort Worth between 10 and 10:30 a.m. the morning of Nov. 24 to ask for money. Telephone records timed the call at exactly 10:18 a.m.

This was 18 minutes after the announced time for Oswald's transfer from the city jail to county jail, but an hour before it actually started.

## Sounded Strange

Mrs. Bennett, speaking with a fetching Texas drawl, said Ruby sounded strange on the phone.

"He sounded as if he had been crying, was crying or about to cry," she testified. "He sounded far away. I had to ask three times if he was still there."

She quoted him as saying either he had to go downtown or was going downtown, and that he would drop the money off at the Western Union office.

A $25 money order sent by Ruby to Mrs. Bennett was time-stamped 11:17 a.m. Oswald was shot exactly four minutes later in the city hall basement a block away.

It is the defense contention that Ruby came on the scene quite by accident and, at the fateful moment Oswald appeared, shot him in a state of rage equivalent to legal insanity.

Dean's testimony, the most damaging yet to Ruby's defense of temporary insanity, was branded by his attorneys as "false" and "illegal."

Dean testified he took a Secret Service man to interview Ruby in the jail about 10 minutes after Oswald was gunned down in the basement of City Hall the morning of Nov. 24.

After the Secret Service man questioned Ruby about five minutes and left, Dean said he also asked Ruby some questions.

He said Ruby told him he had entered the underground garage as a car was being driven out and that he had been in there only a few minutes.

**Saw Oswald at Showup**

Then, under District Attorney Henry Wade's questions, which defense attorney Melvin Belli labeled "grossly leading and suggestive," Dean dropped his bombshells.

Ruby "said something about he thought of this two night's prior when he saw Lee Harvey Oswald at the showup," Dean testified.

"He said he believed in due process of law, but he was so torn up over events—that this man had not only killed the President but also officer J. D. Tippit, and he was emotionally torn up.

"He said the outcome of the trial was inevitable that Oswald would get the death penalty. He said he didn't see any sense in prolonging the trial and subjecting Mrs. Kennedy to coming back to Dallas for the trial."

Dean said Ruby told him it was when he saw a "sarcastic sneer" on Oswald's face as the accused assassin was brought before the press the preceding Friday night that the idea formed in his mind. "He said that's when he first thought that when he got the chance he would kill him," Dean testified.

"He said he just wanted the world to know that Jews do have guts."

In an hour-long cross-examination by Belli that was not as strenuous as expected, Dean conceded that Ruby had not used the word "planned."

"He just said it was two nights prior that the thought first came to him," Dean said.

Did you inform him of his constitutional rights, if any?" asked Belli.

"No, sir," Dean replied.

Two hours were spent at the start of today's session for the showing of the television films.

It was the first time Ruby had seen the films. He showed no emotion, and often directed his gaze down toward the counsel table instead of at the screen.

# Tough Hombre on Bench

By BOB CONSIDINE

DALLAS: Judge J. Frank Wilson, the tough hombre who gave the lagging Ruby trial a shot in the arm during his one-day appearance in court as a substitute for ailing Judge Joe B. Brown, is greatly respected around the Criminal Courts Building.

CONSIDINE

The prosecution made it abundantly evident it would have preferred to have Judge Wilson on the bench for the remainder of the trial. It liked the way he domesticated the adroit and learned Melvin Belli, the defense attorney from San Francisco, whose manner and dress set him apart from the less sophisticated lawyers handling the state's case.

The once-strident voices of Texan members of the defense subsided to timorous whispers during Judge Wilson's stay in court, particularly after he commanded the sometimes rambunctious Belli to sit down and shut up. The command had an implied "or else!" attached to it.

"Judge Wilson knows all there is to know about Texas law," a reverent bailiff whispered to me, looking up at the impressive bronze-faced jurist as he pondered the testimony and puffed an expensive cigar.

"What's more, the judge is a millionaire," the awed bailiff continued. "He doesn't need this job at all."

"How did he make his million?" I whispered back. "Oil? Cattle?"

"He was in Congress for eight years," the bailiff said.

P.S.—Judge Wilson is a self-made legal eagle who ran an original stake of $300 into a fortune in law practice before going to Washington in 1946.

* * *

JACK RUBY'S SISTERS, Eve and Eileen, were told to leave the court when the trial turned to the taking of testimony. Belli pleaded vainly to Judge Brown to allow them to remain.

"Ruby has no mother or father," Belli said. "At least he should have someone here with him . . ."

Judge Brown said nix, the ladies were presumed to be witnesses for the defense, and no witnesses are permitted to hear what's going on in the court until they take the stand.

Eve Ruby Grant has asked former welterweight champion of the world Barney Ross to fly to Dallas to lend moral support to her brother. The Rosses and the Rubensteins grew up together in Chicago. Barney has received several letters from Ruby since the shooting.

"If they throw the book at Sparky," Ross told the writer recently, using the nickname by which he has known Ruby for years, "they'll have to throw it at me, too. I would have done the same thing as he did if I had been in his position."

* * *

BIG Joe Tonahill did not get very far with his mistrial motion, which he based on the premise that Ruby cannot get a "public" trial because most of the seats in Judge Brown's courtroom are filled by reporters.

The judge gave his old friend Joe one of those "Who are you trying to kid, chum?" looks and told him to get along to something else.

One wonders if there has been a more public trial.

It is getting a bigger "play" in several foreign countries — notably France, Italy and Britain—than it gets in the local papers. The French press, radio and TV are still clutching hopefully to the long-discredited notion that there was a dark conspiracy involving JFK's death, and that Ruby, a part of it, killed Oswald, another part of it, to keep him from squealing.

The forlorn supposition ignores a basic reasoning. If Ruby had wanted to "silence" Oswald he had a chance to do so on the night of the assassination. What sense was there in "silencing" him after 48 hours of interrogation?

# *Memorandum*

TO : Mr. Belmont

DATE: March 7, 1964

FROM : A. Rosen

SUBJECT: JACK L. RUBY
LEE HARVEY OSWALD - VICTIM
CIVIL RIGHTS

Since the shooting of Lee Harvey Oswald by Jack L. Ruby on 11/24/64, we have conducted a detailed comprehensive investigation of the shooting itself and an exhaustive investigation into the background and activities of Ruby. The results of this investigation which includes 3357 interviews set forth in more than 4163 pages of reports and memoranda have been furnished to the President's Commission.

Our investigation has not developed any positive information to indicate that Ruby had ever known or associated with Oswald prior to the assassination of President Kennedy or that Ruby conspired with anyone to kill Oswald. We have checked out literally hundreds of rumors and allegations to the contrary but in every instance they have proven to be unfounded.

We are currently conducting investigation on the basis of two requests from the President's Commission. One request received by letter dated 3/2/64 asked that we obtain copies of the Immigration and Naturalization Service records on Ruby's parents, Joseph and Fannie Rubenstein. It also asked that we obtain available records of toll calls made by Ruby, his three brothers and four sisters and twelve persons known to have been in contact with him between 9/26/63 and 11/22/63. This will be completed by 3/13/64. The second request received by letter dated 3/3/64 asked for copies of all records of interviews with Ruby or other persons who mentioned Ruby prior to 11/23/63 in all FBI files. Copies of this original source material is being submitted by the field by 3/17/64 and will be promptly furnished to the Commission.

REC 11 1197

We are closely following the state trial of Ruby now in progress in Dallas. The prosecution completed presentment of its case at 2:55 p.m., Friday, 3/6/64. The defense

ENTIRE AFTERNOON SESSION OF RUBY TRIAL DEVOTED TO TESTIMONY OF DR. MANFRED GUTTMACHER, PSYCHIATRIST, ATTACHED TO SUPREME BENCH OF BALTIMORE, MARYLAND, AS DIRECTOR OF COURT CLINIC. AT OUTSET WITNESS TEXTIFIED HIS OPINION RUBY NOT CAPABLE OF DISTINGUISHING RIGHT FROM WRONG OR KNOWING THE CONSEQUENCES OF HIS ACT AT THE TIME OF THE SHOOTING OF OSWALD. STATED WAS FIRST APPROACHED TO SERVE AS MEMBER OF NEUTRAL PANEL UNDER AUSPICES OF AMERICAN PYSCHIATRIC ASSOCIATION TO EXAMINE RUBY, WAS LATER CONTACTED BY DEFENSE TO SERVE AS DEFENSE WITNESS. STATED HE CALLED DR. ROY SCHAFER, YALE UNIVERSITY PSYCHOLOGIST INTO CASE AS BEING THE MOST EMINENT MAN IN HIS PARTICULAR SPECIALTY. STATED HE DOES NOT USE CLINICAL PSYCHOLOGISTS IN HIS OWN PRIVATE PSYCHIATRIC PRACTIVE BUT USES ONE IN CASES INVOLVING COURT TRIALS.

INSANE. WITNESS CHARACTERIZED RUBY AS HAVING ABNORMAL PERSONALITY, BEING A SUICIDAL RISK, GIVEN TO IMPULSITIVITY. QUESTIONED AS TO RUBY-S POSSIBLE REACTION ON THE WITNESS STAND, WITNESS WOULD NOT VENTURE A PREDICTION, STATING COULD BECOME PSYCHOTIC AND POSSIBLY ENGAGE IN SELF DESTRUCTIVE EFFORT.

WITNESS ADMITTED HAD WRITTEN REPORT WITH HIS CONCLUSIONS RUBY WAS PROBABLY VICTIM OF PYSCHOMOTOR EPILEPSY ON JANUARY SEVEN LAST. DEFENSE ATTEMPTED TO INTRODUCE CERTIFIED COPY OF MEDICAL RECORDS SHOWING RUBY-S MOTHER HAD RECEIVED PSYCHIATRIC TREATMENT OVER SEVENTEEN YEAR PERIOD, THAT BROTHER EARL HAD IN RECENT YEARS RECEIVED PSYCHIATRIC TREATMENT AND THAT SISTER EILEEN KAMINSKY HAS BEEN TREATED FOR INVOLUTIONARY MELANCHOLIA. DEFENSE OBJECTED ON BASIS WITNESS HAD FORMED HIS CONCLUSION AND WRITTEN HIS REPORT PRIOR TO RECEIPT OF CERTIFIED COPIES IN QUESTION AND HAD ONLY STATEMENTS OF RUBY, HIS SISTER EVA GRANT, AND BROTHER EARL REGARDING FAMILY HISTORY. DURING ARGUMENT ON ADMISSIBILITY WITNESS STATED HEREDITY WAS MOST IMPORTANT SINGLE FACTOR IN PSYCHIATRIC STUDY BUT IN VOIR DIRE QUESTIONING BY PROSECUTION ADMITTED PSYCHOMOTOR EPILEPSY WAS NOT A HEREDITARY DEFECT.

END PAGE TWO

IN CROSS EXAMINATION WITNESS STATED RUBY DID NOT TELL HIM HOW HE GOT IN BASEMENT AREA THE CITY HALL BUT ON FURTHER QUESTIONING GAVE SOME DETAILS SUPPLIED BY RUBY IN THIS REGARD. HE STATED RUBY TOLD HIM HE ALWAYS CARRIED A GUN. RUBY TOLD HIM OF HIS REACTION ON SEEING OSWLD IN BASEMENT AREA AND USED WORD "RAT" IN DESCRIBING OSWALD. PROSECUTION APPEARED TO ATTACH CONSIDERABLE SIGNIFICANCE TO USE OF THIS WORD SINCE A PROSECUTION WITNESS HAD PREVIOUSLY TESTIFIED RUBY AT TIME OF SHOOTING USED PHRASE "RAT SON OF A BITCH." WITNESS STATED RUBY, WHEN ASKED WHY HE HAD FIRED ONLY ONE SHOT, STATED SOMEONE HAD GRABBED HIS HAND AND HAD TOLD OF BEING WRESTLED TO FLOOR ALTHOUGH WITNESS WAS NOT CLEAR WHERE RUBY WAS WRESTLED TO FLOOR.

QUESTIONED AS TO WHEN THE FUGUE STATE OF RUBY WHICH HE BELIEVED EXISTED BEGAN, STATED WHEN RUBY FIRST SAW OSWALD. WAS INDEFINITE AS TO WHEN FUGUE STATE LIKELY ENDED EXCEPT THAT IT WAS LIKELY A VERY SHORT TIME LATER . WITNESS DURING FURTHER CROSS EXAMINATION STATED HE HAD NOT SAID RUBY WAS VICTIM OF PSYCHOMOTOR EPILEPSY. QUESTIONED THEN AS TO WHAT HE BELIEVED IF SUCH WAS NOT THE CASE, HE USED PHRASES "RUPTURE OF THE EGO," "EPISODIC DISCONTROL," AND OTHERS

TO DESCRIBE RUBY-S CONDITION AT TIME OF SHOOTING.

WITNESS WAS CONFRONTED WITH QUOTATIONS FROM A BOOK HE HAD CO-AUTHORED IN WHICH IT WAS STATED IN EFFECT THAT TEMPORARY INSANITY IS MOST OFTEN A DEFENSE CREATED IN THE COURTROOM. WITNESS AGREED THE STATEMENTS WERE IN THE BOOK BUT ATTEMPTED TO CREDIT HIS CO-AUTHOR WITH THAT PORTION. QUOTATIONS WERE ENTERED IN EVIDENCE.

WITNESS STATED BELIEVED RUBY CURRENTLY KNOWS RIGHT FROM WRONG AND AT TIME OF THE DOCTOR-S LAST INTERVIEW WITH HIM LIKEWISE KNEW RIGHT FROM WRONG.

WITNESS STATED RUBY HAD TOLD HIM ABOUT GOING TO CUBA STATING HIS PURPOSE WAS TO MAKE SOME MONEY BY SELLING JEEPS, THAT THIS WAS AT A TIME WHEN CASTRO WAS NOT IN DISFAVOR IN THIS COUNTRY.

WITNESS ADMITTED RUBY HAD TOLD HIM A PART OF HIS MOTIVATION WAS HIS FEELING MRS. KENNEDY SHOULD BE SPARED THE ORDEAL OF RETURNING FOR A TRIAL.

CROSS EXAMINATION BROUGHT OUT THAT RUBY HAS BEEN TAKING A DRUG CALLED PRALUDIN /PHONETIC/ FOR REDUCING PURPOSES AND THAT HE SAID IT IS VERY STIMULATING AND THAT WHEN MIXED WITH LIQUOR IT MAKES HIM "NASTY AND ARGUMENTATIVE."

END PAGE FOUR

PAGE FIVE

FOLLOWING EXCUSING THIS WITNESS DEFENSE STATED PURPOSE OF INTRODUCING IN EVIDENCE A DISK RECORDING ENTITLED "FOUR DAYS THAT SHOCKED THE WORLD" TO SHOW THE EMOTIONAL STRAIN WHICH RUBY WAS UNQUESTIONABLY UNDER DUE TO ALL THE EVENTS. PROSECUTION PRESENTED REBUTTAL WITNESSES AS FOLLOWS.

DR. R. L. STUBBLEFIELD, PHYSICIAN AND PSYCHIATRIST, SOUTHWESTERN MEDICAL SCHOOL, DALLAS, TESTIFIED HE PARTICIPATED IN NEUROLOGICAL EXAMINATIONS OF RUBY AT REQUEST OF COURT. HE SAID HIS KNOWLEDGE OF THE TERM PSYCHOMOTOR VARIANT IS CONFINED TO HIS UNDERSTANDING DR. FREDERICK A. GIBBS, EMINENT AUTHORITY, HAS SAID SUCH EXISTS. WITNESS TESTIFIED CERTAIN NAMED AUTHORITIES CONCUR IN HIS OPINION.

LIEUTENANT COLONEL ALFRED H. ~~BRENINGER~~, U. S. ARMY RETIRED, FIREARMS EXPERT, TESTIFIED IT WOULD NOT BE UNUSUAL FOR A PERSON TO USE MIDDLE FINGER RATHER THAN INDEX FINGER AS A TRIGGER FINGER FOR POINT SHOOTING. DEFENSE HAS CONTENDED PHOTOGRAPHS SHOW RUBY WAS USING MIDDLE FINGER.

DR. PETER ~~CALLOWAY~~, HOUSTON, TEXAS, PH.D., AUTHORITY ON ELECTRO-ENCEPHALOGRAPHY AND PRESIDENT OF AMERICAN EEG SOCIETY, TESTIFIED HE OBSERVED ENCEPHALOGRAMS OF RUBY AND THEY SHOW NOTHING FROM WHICH A DIAGNOSIS OF BRAIN DAMAGE OR EPILEPSY COULD BE MADE. SAID CERTAIN CHANGES REFLECT AN ABNORMALITY OF NON SPECIFIC NATURE, THAT SUCH MIGHT BE CAUSED BY VASCULAR INSUFFICIENCY OR OTHER CAUSES.

IN CROSS EXAMINATION, STATED POSITIVELY HE DISAGREED WITH DR. GIBBS WHO HAS CONCURRED WITH OPINION OF DEFENSE WITNESS, DR. MARTIN TOWLER.

DR. A. EARL WALKER, PHYSICIAN AND SURGEON, IN CHARGE OF NEUROLOGICAL SURGERY, JOHNS HOPKINS HOSPITAL, TESTIFIED HE HAD SEEN ENCHEPHALOGRAMS, OBSERVED BRAIN WAVES NOT SEEN IN THE NORMAL RECORD, BUT NOT ABNORMAL, AND OF SIGNIFICANCE WHICH IS NOT APPARENT. LISTED A NUMBER OF POSSIBILITIES INCLUDING USE OF DRUGS WHICH COULD CAUSE THE CHANGES IN PATTERNS WHICH ARE SUBJECT TO QUESTION. HE STATED HE SAW NO INDICATION OF EPILEPSY.

STATE RESTED AT FIVE TWENTY PM. DEFENSE, IN REBUTTAL, PRESENTED LT. JACK REWILL, DALLAS POLICE DEPT., TO TESTIFY FROM STILL PHOTOGRAPHS THAT OFFICER T. D. MC MILLON, WHO HAS TESTIFIED AS PROSECUTION WITNESS, WAS NOT LOOKING AT RUBY AT TIME PHOTOGRAPHS WERE TAKEN, INFERENCE BEING MC MILLON COULD NOT HAVE SEEN AND HEARD FACTS TO WHICH HE TESTIFIED.

EILEEN KAMINSKY, RUBYS SISTER, CHICAGO, TESTIFIED RUBY HAD NEVER BEEN CONVICTED OF A FELONY. NO CROSS EXAMINATION.

TESTIFIED RUBY SOUNDED STRANGE, THAT SHE SUGGESTED SHE CLEAN APARTMENT AT TWO OCLOCK AND RUBY INSISTED SHE CALL HIM AGAIN PRIOR TO APPEARING.

BILLY H. COMBEST, DALLAS POLICE DEPT., IDENTIFIED HIMSELF IN STILL PHOTOS OF SHOOTING. TESTIFIED SAW RUBY MOMENTARILY PRIOR TO SHOOTING, WITH GUN IN HAND, RECOGNIZED HIM AND SAW LIPS MOVING, BUT COULD NOT HEAR WHAT RUBY WAS SAYING. Enclosed for Dallas are 25 copies of the FD-302.

During the interview Mr. INGRAM said his interests are in checkers, reading and politics. He used a tape recorder for his work in sales promotion of ballpoint pens and entertainment only. His radio and camera are standard items of equipment with only normal operational capabilities.

He reiterated that he often gets too "loud for his own good" in proclaiming his ideas on politics but he gets confused with so many different attitudes toward Communism varying from partial acceptance in diplomatic bargaining to what appears to be a lack of vigorous resistance to Communist demands.

He informed he was born November 30, 1919 at Harvey, Illinois, and served in the United States Army from 1939 to 1945 with Army Serial Number 6911988, and again from 1952 to 1956 in the United States Air Force.

Since INGRAM denied any personal knowledge of any of the circumstances alleged and that his only sources are public media, no leads corroborating his remarks have been assigned.

During the interview INGRAM informed that he thought the purpose of the visit from the FBI was because he had not filed income tax returns since he was released from the military service in 1956. He said that another of his regretful characteristics is extreme procrastination and he now desires to report his failure to file returns. INGRAM said he would now go to the Internal Revenue Service and explain his situation to them.

This information was disseminated to the Internal Revenue Service by separate letter at Springfield.

FD-302 (Rev. 1-25-60) FEDERAL BUREAU OF INVESTIGATION

Date March 10, 1964

1 Advocate of John Birch Society Robert E. Ingram

ROBERT EUGENE INGRAM, Colonial Hotel, 223 North Ninth Street, Mt. Vernon, Illinois, advised he was self-employed as a salesman of ballpoint pens for the Magic-Writer Pen Company, New York City. He has been in Mt. Vernon since early December, 1963, and for a time was engaged in promotional work for the Magic-Writer Company at the local Murphy's Store. He is now unemployed and the duration of his stay in Mt. Vernon is indefinite. He lives wherever it is necessary for him to sell the pens, and, on occasions, travels with carnivals and the like during their season of operation. B 11-30-1919 Honolulu

Mr. INGRAM explained that he has never been in the city of Dallas, Texas, and he has no personal knowledge that defendant JACK RUBY, currently on trial for killing LEE HARVEY OSWALD at Dallas, associated with OSWALD at any time prior to shooting him.

He did say that soon after RUBY had killed OSWALD he read in the daily newspapers and heard television news reports to the effect that OSWALD was believed to have been seen in the tavern operated by RUBY several days prior to the assassination of President KENNEDY. In this respect, Mr. INGRAM related that his hobby is tricks of magic and to some extent tricks involving mental telepathy techniques. He distinctly recalls the news he read in connection with the prior association of RUBY and OSWALD was attributed to a "mentalist" who apparently was performing at the night club operated by RUBY and who supposedly described that he had seen OSWALD in this night club possibly a week before the assassination of the President. He noticed this particular reference to the source because of his own interest in "mentalist" performances.

Mr. INGRAM described that he realizes he is an extremely outspoken person and this has been a personality problem to him. He said for the most part people did not seem to take him seriously, although he does try to read and understand something of which he speaks before telling others.

He said most of his ideas and philosophies are based on his fears that the United States will be lost to Communist

domination because of the lack of opposition of our leaders in government. He has adopted generally the thinking of the philosophy of the "John Birch Society", particularly those who advocate that the United States should vigorously oppose Communist inroads in the Western Hemisphere. The Communist bloc encirclement is extremely alarming to him as witnessed by the massive gains of Communism during recent years as opposed to ten and fifteen years ago, while he was serving in the military forces. Mr. INGRAM said he felt the leaders of our government were too willing to go to any extreme to deal with Communist nations peacefully. He pointed to the Communist claims for a great victory in converting Cuba to Communist rule and recent capitulation of the United States to terms for the sale of wheat to Soviet Russia. He said he did not believe in strengthening an enemy by seeing they were well fed.

Mr. INGRAM explained that most of his beliefs have been the result of his reading and study of such sources as the "Blue Book of the John Birch Society" and various literature distributed by the Americanism Committee of the American Legion and the House Un-American Activities Committee. He recently purchased the John Birch Society literature in one of the paperback issues and has spent a great deal of time studying this book. In 1961 at a county fair in a small community near Cincinnati he was given a quantity of material from American Legion Americanism Committee representatives and pamphlets from the House Committee on Un-American Activities listing the names of organizations considered to be pro-Communist.

During the previous weekend he went to Louisville, Kentucky, where he attended a lecture by Dr. CHARLES SCHWARTZ of the Christian Anti-Communist Crusade. He described that comments by Dr. SCHWARTZ revealed that LEE HARVEY OSWALD was apprehended by police authorities some two and one-half miles from the scene of the assassination of the President, however, the President was shot at a place located only two and one-half blocks from where RUBY lived or operated his business. He said he does not know what to conclude from this information except the circumstances do seem too closely related to be pure coincidence.

Mr. INGRAM related that all of this is rather disturbing to him and perhaps he has spoken too often and too loud concerning some of the things associated with the killing of the President.

As an example of his feeling on these things he said that in some instances he has remarked that "President KENNEDY got what was coming to him when he was killed, because of the many people involved in the Cuban situation who were killed because of lack of United States intervention and inadequacy of management in the Bay of Pigs incident."

Mr. INGRAM said he often talks of these things to others in the local cafes and the hotel where he stays and many times he cannot express himself in exactly the manner he wants in order to emphasize certain points. He sometimes gets worked up in his political arguments and perhaps loses the point but he is interested only in more specific and constant opposition to the Communists so their gains are made more difficult and the United States gains additional prestige as a system of government beyond control of the Communists.

He reiterated he did not mean to imply personal knowledge of any of the things he has described since all are the product of his study and generally are the writings and opinions expressed by others with which he agrees.

ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY
11/22/63
DALLAS, TEXAS

PURPOSE

This is to advise of action initiated by Bureau based on results of President's Commission received 3/4/64.

DETAILS

Mr. J. Lee Rankin, General Counsel, President's Commission, by letter dated 3/3/64 advised that on Thursday, 2/27/64, Marina Oswald's former business manager, James Herbert Martin, testified before the Commission.

According to Rankin, Martin testified that about one week before his testimony he met an executive of the Dinkler Hotel chain who related a story to Martin which the executive had learned from a maintenance man employee of the Dinkler chain in Atlanta. According to the story the maintenance man's wife was or is presently a long-distance telephone operator and she heard, on night before President Kennedy's assassination, a male individual make a credit card call to Lee Harvey Oswald and say "proceed as planned." After this he placed a second call to Jack Ruby and told Ruby that if "anything went wrong he knew what to do."

Rankin requested appropriate investigation be undertaken to determine the accuracy of this report.

An interview of Martin by Dallas developed this this rumor was overheard by him in Dallas night spot. Continuing investigation

Memorandum to Mr. Belmont
Re: Assassination of President John F. Kennedy

by Atlanta established this rumor passed by Mr. Cyrus E. Hornsby, Jr., General Manager of the Dinkler Hotel chain, Atlanta. Mr. Hornsby states he obtained this information from Mr. Ralph Harmon, an engineer at the Dinkler Hotel in Atlanta. Mr. Harmon's wife is a long-distance telephone operator in Atlanta.

In addition to the above information, Mr. Carling Dinkler, owner of the Dinkler Plaza Hotel, Atlanta, advised on 1/28/64, Helen Harmon local telephone operator, told her husband, an engineer at the Dinkler Plaza Hotel, that an unknown telephone operator had told Mrs. Harmon she handled a long-distance call from Chamblee, Georgia, to Dallas, Texas, for Lee Oswald and then one to Jack Ruby on the night before the assassination.

Mrs. Harmon during interview stated she had not talked to the operator, but there was a rumor at the telephone office that some operator had placed calls for Oswald and Ruby from the Dogwood Hotel in Chamblee, Georgia, and this operator had been interviewed by the FBI.

This incident was reported to the Commission in the report of SA Charles S. Harding at Atlanta dated 12/1/63. Marion Hayes is the long-distance telephone operator who made the original allegation and from our investigation it would appear Mrs. Hayes was emotionally upset as a result of the assassination.

Our Atlanta Office made a review of pertinent telephone company records and no record of any such calls as alleged by Mrs. Hayes could be located, although all logical efforts were made to resolve this allegation.

RECOMMENDATION

That the attached letter be sent to the President's Commission advising them of the results of our inquiry and referring them to the report of SA Charles S. Harding.

Title: HERBERT S. MIKESELL

Character: REGISTRATION ACT - LATIN AMERICA

Synopsis: HERBERT S. MIKESELL, 1449 Hunt Street, Richmond, Indiana, considered by acquaintances to be senile and mentally unstable.

- C -

DETAILS:

This investigation is predicated upon receipt of a letter by JACK L. RUBY, in care of the Dallas County Jail, Dallas, Texas, which letter was postmarked 3:00 p.m., December 31, 1963, at Richmond, Indiana, from H. S. MIKESELL, 1449 Hunt Street, Richmond, Indiana.

This letter was written on letterhead of "H. S. Mikesell, B. SC., PS. D., M.J.D., LL.D., Consultant to Latin-American Nations, Desiring Medical Missionary Supplies, 410½ Pearl Street, 1449 Hunt Street, Richmond, Indiana, U.S.A. phone 89535, 88574" and reads as follows:

"Dear Friend:

"You know Jack, you would not be where you are and President Kennedy would not be dead if the United Secret Service and the Federal Bureau of Investigation had done their duty.

"Having in their possession the life history of Oswald, his Russian training, et cetera. That he lived in Dallas, would have allerted even a hick town police force to put Oswald under 24 hour surveillance during the time President Kennedy would remain in Dallas. If this had been done President Kennedy would now be alive, the Police officer would now be alive, Oswald would be alive and you would be operating your theaters.

"So my friend I contend the United States Secret Service assigned to protect the President and the Federal Bureau of Investigation are directly responsible for the deaths noted above and for your confinement.

"Any 100% American would have done as you did under the circumstances.

"I have corresponded with several nationally prominent legal authorities who are of the same opinion as I hold. We will be watching closely the proceedings in your case and will have adequate help for your attorneys. gratis. If desired - Have your attorney inform us on your receipt of this letter.

"In the meantime, Happy New Year and the best of luck.

"Sincerely yours -
H. S. MIKESELL
1449 - Hunt St.
Richmond, Ind."

Dr. HERBERT S. MIKESELL, Richmond, Indiana, has corresponded with the Bureau and the Indianapolis Office several times relative to suggestions he purposed for solution of major crimes, unfounded complaints and data of no investigative interest. Dr. MIKESELL was interviewed by Agents of the Indianapolis Office during July, 1937, at which time it was

determined he was 48 years of age and had previously volunteered information to Federal Probation Agents.

He had written a letter to the Attorney General during May, 1937 to obtain money for any services he might perform or for information he might furnish in connection with official investigations. Dr. MIKESELL admitted he had no information concerning matters within the FBI investigative jurisdiction. During conversation, he frequently strayed considerably from line of thought he was attempting to develop.

ELLIS DUCKETT, Chief of Detectives, Richmond, Indiana, in August, 1937, advised Dr. MIKESELL is an amateur private detective who drank heavily and whose mind was very flighty.

On January 20, 1964 [redacted] Richmond Credit Bureau, Inc., Richmond, Indiana, advised SA JOSEPH CARL MC DONALD that records of her agency reflect Dr. HERBERT S. MIKESELL currently resides at 1449 Hunt Street, Richmond, Indiana. She stated that he has been known to records of her bureau since 1927. She stated that her record indicates Dr. MIKESELL was 55 years of age in 1945. The last credit inquiry received by her agency was from San Antonio, Texas during October, 1945. Records of her agency record that he was self-employed as a chemist for a period of years during his residence in Richmond, Indiana. In 1927 he was a piano turner and an organ salesman for an unnamed Cincinnati, Ohio business firm. Her records indicate that in 1928 Dr. MIKESELL spent a portion of his time in El Paso, Texas. She related the records reflect Dr. MIKESELL formerly resided at 1514 East Main Street, Richmond and at 610 South "C" Street, Richmond, Indiana. His wife's name is listed as EMMA O. MIKESELL.

IP 100-3654

On January 20, 1964 Captain of Detectives BERT RUSSELL and Officer JOHN SPERLING, Records and Identification, Richmond Police Department, Richmond, Indiana, advised records of their agency reflect no information concerning MIKESELL, and he is unknown to them.

On January 20, 1964 Officer COLLINS DICKERSON, Richmond Police Department, Richmond, Indiana, related that he resided less than a block from Dr. MIKESELL. He related that he is not well acquainted with MIKESELL as he is an elderly, senile person. He stated that Mr. and Mrs. MIKESELL reside in a three-room double at 1449 Hunt Street and due to their advanced ages, rarely leave their apartment. He stated that Rev. ARTHUR FISHER, 1310 Ratliff Street, Richmond, Indiana, is a son-in-law. He stated that he is unaware of any employment that MIKESELL has been engaged in in the past several years and to his knowledge is not currently gainfully employed.

On January 20, 1964 FLOYD C. DICKERSON, 1416 Hunt Street, Richmond, Indiana, father of Officer COLLINS DICKERSON, related that during the past summer he purchased a bushel of pears from MIKESELL and has subsequently held occasional conversations with MIKESELL. He related that he is quite elderly, and his mental ability to carry a conversation to a logical conclusion is poor due to his age and obvious senility. He stated that MIKESELL is not employed and definitely would be mentally unable to carry on a business operation.

On January 28, 1964 VERLIN BALLINGER, 102 South 21st Street, retired postal carrier advised he has been acquainted with MIKESELL during the periods of time he has resided in Richmond, Indiana and stated he considered MIKESELL to be eccentric and is now a senile and a borderline feeble-minded individual who is incompetent, and his mental reasoning ability is definitely unstable. He related that he is not currently gainfully employed.

IP 100-3654

ED HARRIS, Managing Editor, Palladium-Item and Sun Telegram, advised records of the Newspaper Library reflect no reference to an individual in the Richmond, Indiana area as being a consultant to Latin American Nations Desiring Medical Missionary Supplies. Mr. HARRIS further related that HERBERT S. MIKESELL is known to his newspaper as being an unstable individual.

[redacted] Richmond, Indiana, on January 28, 1964, advised STEPHEN PERSEPONKO resides at 410½ Pearl Street, and JAMES E. GRAY resides at 410 Pearl Street. He stated there is no agency or individual in the Richmond, Indiana area receiving correspondence as Consultant to Latin American Nations Desiring Medical Missionary Supplies or using the address of 410½ Pearl Street, Richmond, Indiana.

DATE: March 12, 1964

FROM : C. D. DeLoach

SUBJECT: THOMAS GETTINGS BUCHANAN, JR.
INTERNAL SECURITY - C

Jack Ruby

Reference is made to the attached copy of my memorandum to you dated March 4 in captioned matter. In that memorandum, it was pointed out that Buchanan had recently written stories in a Paris newspaper, "L'Express," relative to Lee Harvey Oswald being an informant or employee of the FBI. Buchanan is a former member of the Communist Party now in Paris. It was on the basis of this repeated attack against the FBI the Director approved our giving to wire services and Jerry O'Leary of the "Star" on March 7, 1964, the statement which was publicized throughout the news media world last Saturday that Mr. Hoover had issued a public denial that Lee Harvey Oswald or Ruby had ever served as confidential informants of the FBI.

DEVELOPMENT:

Jay Iselin, one of the Washington correspondents for "Newsweek" magazine who is friendly, advised Wick at 5:21 pm., 3-11-64, that he, last week, talked with Thomas Gettings Buchanan, Jr., here in Washington. Iselin volunteered to Wick he believed that Buchanan might be a communist because of the manner of his talk and also, said Iselin, he had picked up from someone around the office that Buchanan had once worked in Washington and had been a member of the Communist Party in Baltimore. Iselin said he knew that Buchanan had been writing stories in Paris about Oswald, Ruby and the FBI. Iselin told Wick that he told Buchanan he ought to get his facts straight. Iselin said he told him, "Why don't you go to the FBI or Katzenbach" (Deputy Attorney General) in the Department to see what they have to say.

Iselin said he later talked with Buchanan who told him he had seen Katzenbach but did not get too much information. Iselin told Wick that apparently Katzenbach told Buchanan to tell his story to the Warren Commission. Iselin said he did not know what "Buchanan's story" consisted of but at any rate Buchanan did see someone at the Warren Commission last week. Buchanan then told Iselin that

his (Buchanan's) reception at the Warren Commission "was a lot more cordial and warmer than at the Department when he saw Katzenbach." Iselin told Wick he had no further information on this matter and did not know whether Buchanan was still in town nor how long he stayed here in Washington. He merely thought we would be interested in the above.

My memorandum to you dated March 4 pointed out that FBI Agents have interviewed subject Buchanan on several occasions between 1952 and 1957; he admitted Communist Party membership to us; he was fired from the "Star" for that reason in 1948 and on one occasion he publicly admitted in Detroit having been a member of the Communist Party.

The attached cablegram from Paris dated 3-10-64 to the Director in captioned matter reflects that Ralph Smith of the U. S. Information Agency (USIA) in Paris is concerned about Buchanan's articles. It was stated Smith may have his headquarters in Washington contact the Bureau for information on Buchanan which could be released to discredit him.

RECOMMENDATION:

That this memorandum be referred to the Domestic Intelligence Division and the General Investigative Division for their information and any action deemed necessary in disseminating information on Buchanan to USIA or taking the matter up with the Warren Commission. It is quite possible the Warren Commission is not aware of Buchanan's communist background.

Reference my memorandum to you in captioned matter dated yesterday pointing out that Jay Iselin of "Newsweek" had furnished Wick information on Buchanan's visiting Deputy Attorney General Katzenbach in the Department and seeing some member of the Warren Commission. Buchanan, of course, is the man who is writing articles in the Paris newspaper, "L'Express," stating Oswald and Ruby were informants of the FBI.

DEVELOPMENT:

Jay Iselin called Wick late last evening stating that Buchanan was to come back to Washington Thursday, 3-12-64, to see "New Republic" representatives for the purpose of writing an article in that magazine on the involvement of Oswald and Ruby with the FBI. Iselin said he did not know whether Buchanan had, in fact, returned to Washington. Iselin said it was Monday, 3-9-64, that he had talked with Buchanan. It was Tuesday, 3-10-64, said Iselin, that Buchanan had talked with Deputy Attorney General Katzenbach. During the discussion with Katzenbach, the latter arranged for Buchanan to see Howard Willens of the Warren Commission. Iselin said he believed that Mr. Katzenbach phoned Willens asking him to see Buchanan.

Iselin said that shortly thereafter, perhaps Tuesday evening, 3-10-64, or early 3-11-64, Buchanan went to New York to see his agent.

In the event Iselin obtains any more information about the activities of Buchanan in this area, he will advise Wick.

At 12:08 a.m., March 7, 1964, M. C. Reynolds, 301 West Parkway, Talladega, Alabama, telephonically advised the Birmingham Office that earlier in the evening at Mickey's Drive In Cafe, Talladega, Alabama, he had overheard a man by the name of Gaither Ledlow, who appeared to be drinking, make the statement, that he had worked with Jack Ruby in Dallas, Texas, for about seven years, and he knew where all of Ruby's defense money was coming from.

On March 7, 1964, E. E. Ledlow, Manager, Mickey's Drive In, Talladega, Alabama, advised that Gaither Ledlow is his brother. He said Gaither Ledlow was sentenced on some kind of a white slave traffic act violation in the state of California approximately two years ago, and served approximately one year of this sentence in some Federal institution in Florida. He said Gaither Ledlow was released from prison in February 1964, at which time he came directly to Talladega, Alabama, where he has been since that time. He continued by stating that on the evening of March 6, 1964, his brother Gaither was drinking heavily, that he last saw him about 7:00 p.m., but that Gaither had never mentioned anything concerning the Jack Ruby case at any time in the past in his presence.

On March 7, 1964, Gaither Venell Ledlow, 208 Adams Street, Talladega, Alabama, advised that approximately three years ago he was in Dallas, Texas, visiting a strip show at Jack Ruby's night club on several occasions, and on one or two occasions was introduced to Jack Ruby. He said that he has never known Ruby other than to speak to him on those one or two occasions, knows nothing whatsoever about the details of the assassination of President Kennedy, nor the handling of the prosecution of the case, or any financial arrangements relating to Jack Ruby, other than what he has read in the newspapers. He admitted he had been drinking quite heavily on the night of March 6, 1964, recalls vaguely making some comment in regard to

At 2:05 p.m. Saturday, March 7th, Mr. Garrett of the Associated Press called and talked to Kemper in my office. He said that he was trying to run down a story that the FBI had given to Ruby's defense attorney a great deal of material.

After checking Kemper told Garrett that these questions should go to the Department of Justice, but by way of background, the Department of Justice has approved giving to the Ruby defense names and addresses of individuals who might have information to offer. Dear Mr. Hoover:

On Thursday, February 27, 1964, the Commission heard the testimony of Mr. James Herbert Martin who has been Mrs. Marina Oswald's business manager. During the course of his testimony, Mr. Martin made the following statement:

"I met a gentleman who is an executive with the Dinkler Hotel chain, and he related the story to me that was told to him by one of their engineers, a maintenance man in the Atlanta, in their Atlanta, hotel. The maintenance man's wife was an or is a long distance telephone operator, and on the night preceding the assassination there was an individual that called, well, they way I heard the story, that he mentioned to her to remember this telephone call because it would go down in history. He made a credit card call to Lee Harvey Oswald, and simply said, 'Proceed as planned.'

"Then he made another telephone call to Jack Ruby and told him that if anything went wrong he knew what to do.

"Now, I questioned this, I guess there are numerous rumors of this type or whatever it is, and he said no, that it was definitely the truth, and the reason she hadn't come out before with it was that it is a violation of Federal law to listen to a long distance telephone call, and that they finally did report it to the FBI."

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast
Washington, D. C.

Dear Mr. Rankin:

Reference is made to your letter dated March 3, 1964, relating to the testimony of Mr. James Herbert Martin on February 27, 1964. Mr. Martin furnished the President's Commission with information relating to alleged telephone calls on the night preceding President Kennedy's assassination to Lee Harvey Oswald and Jack L. Ruby from Atlanta, Georgia.

On March 6, 1964, Mr. Martin was interviewed in Dallas, Texas, and advised he originally heard the above story about February 18, 1964, from an executive of the Dinkler Hotel Chain who had been introduced to him by Miss Karie Bushing, owner of the Sky-Night Club in Dallas. Miss Bushing was subsequently interviewed and she identified this executive as Mr. C. E. Hornsby, Jr., general manager of the Dinkler Hotel Chain, Atlanta, Georgia. Miss Bushing also corroborated Mr. Martin's assertions concerning the alleged telephone calls.

On March 6, 1964, Mr. Cyrus E. Hornsby, Jr., Atlanta, Georgia, advised that the information he furnished to Miss Bushing was received by him in a hearsay manner from Mr. Ralph Harmon, an engineer at the Dinkler Plaza Hotel, Atlanta. Mr. Hornsby pointed out he has no first-hand knowledge concerning this matter but was just repeating a rumor. Mr. Hornsby stated Mr. Harmon's wife is a long-distance telephone operator in Atlanta.

Honorable J. Lee Rankin

Mr. Carling Dinkler, owner of the Dinkler Plaza Hotel, Atlanta, Georgia, advised on January 28, 1964, that Mrs. Helen Harmon, a local telephone operator, told her husband, Ralph Harmon, an engineer at the Dinkler Plaza Hotel that an unnamed telephone operator had told Mrs. Harmon she had handled long-distance telephone calls from Chamblee, Georgia, to Dallas, Texas, for Lee Harvey Oswald and Jack L. Ruby on the night prior to President Kennedy's assassination.

Mrs. Harmon during interview stated she did not know who the operator was, but there had been a rumor around the telephone company that some unidentified operator had placed calls for Oswald and Ruby on the night before the assassination originating at the Dogwood Motel in Chamblee, Georgia. Mrs. Harmon stated this operator allegedly had been interviewed by the FBI.

Your attention is invited to the report of Special Agent Charles S. Harding at Atlanta, Georgia, dated December 1, 1963, entitled, "Lee Harvey Oswald, Internal Security - R." Pages 28 and 31 of this report relate to information furnished by Miss Marion Hayes, a long-distance operator for the Southern Bell Telephone and Telegraph Company, Atlanta, Georgia. Miss Hayes indicated that approximately three weeks prior to November 26, 1963, she had handled long-distance calls for Lee Harvey Oswald and Jack Rubenstein, placed from the Dogwood Motel in Chamblee, Georgia. These calls were placed on a Sunday evening and the individual placing the calls used a credit card ending in 832. At the time of this interview Miss Hayes admitted to being emotionally upset over the assassination of President Kennedy.

In view of Miss Hayes' information the security officer for the Southern Bell Telephone and Telegraph Company was contacted and he stated it was very improbable that the same telephone operator would have received and placed the calls described by Miss Hayes. He made a check of all canceled calls for the dates of November 3, 10, and 17, 1963, all Sundays, and no calls identifiable with those mentioned by Miss Hayes could be located.

Honorable J. Lee Rankin

In addition the telephone records of the Dogwood Motel, Chamblee, Georgia, for the month of November, 1963, were made available and no record could be located disclosing that telephone calls were placed to Dallas or New Orleans as indicated by Miss Hayes.

This concludes our inquiry into this particular matter.

Sincerely yours,

Referenced airtel sets forth that Chicago has in its possession numerous summons issued by the Circuit Court of Cook County (Juvenile Court) in the 1920's in matters pertaining to members of the Rubenstein family including subject Jack Ruby.

Make appropriate copies of every item in your possession in the nature of public records including the numerous summons mentioned and submit with appropriate cover memorandum along with copies of other documents as requested by the Commission and obtained by your office.

The Bureau must not, under any circumstances, be placed in a position of having possession of copies of any public documents or records pertaining to Ruby or members of his family that have not been furnished to the President's Commission. The Commission is obviously attempting to obtain copies of any such records pertaining to Ruby and his family which are known to exist. If, at a later date, the Commission should learn that we have had knowledge of or had such documents in our possession that were not furnished, it could prove a source of embarrassment.

With regard to the report of the Institute for Juvenile Research (IJR) which the Commission indicated they had already subpoenaed and it need not be obtained, in view of the statement of Dr. Raymond E. Robertson, IJR, that no reports of that institute had been subpoenaed, you should make certain that any such reports are included with material now being obtained for submission to the Commission. Include in your cover letterhead memorandum the statement of Dr. Robertson that documents of that institute had not been subpoenaed.

NOTE:

The President's Commission by letter dated 2/12/64 requested that we obtain medical records on Ruby's mother, Fannie Rubenstein, which was done and the results submitted to the Commission 2/18/64. A portion of these records reflected existence of reports in other agencies pertaining to Ruby's family, and Commission has requested that we obtain those. Chicago states that they have possession of some records which would not necessarily be covered by Commission's request and they would not include them with material being obtained for the Commission. This is to insure that any public records which the Bureau has possession of or even knowledge of are obtained and submitted to the Commission.

Dear Mr. Hoover:

In reviewing the materials submitted to the Commission by your Bureau we have noted that the report of Special Agent Manning C. Clements, dated December 6, 1963, at page 153, mentions the fact that several colored photographs were taken of Curtis LaVerne Crafard on November 28, 1963 during the course of an interview. We further note that during his interview, Crafard stated that after December 6, 1963 he would be away from the Bellaire, Michigan area but would keep your Traverse City Resident agency advised of his current whereabouts. The following investigation was conducted by SA ALFRED D. NEELEY at Dallas, Texas:

Hungary - Traits On 2/10/64, Mrs. ZELA HORN, 2917 Bryan St., advised that JENO FARKAS lived in a room at this residence for two or three months beginning 10/63. She advised that someone called her from the Cabana Motor Hotel saying they had hired FARKAS but that he had no place to stay. She stated she agreed to rent him a room as she operated a rooming house and he came to her place that night. She advised that FARKAS claimed he was a Hungarian refugee. He had no friends and left there in 12/63, leaving a lot of his personal belongings in his room. She advised that the police contacted her in December trying to locate FARKAS and checked through his personal belongings that had been brought in his room.

Mrs. HORN advised she received a letter 2/10/64 from the Hilton Hotel, El Paso, Texas, addressed to JENO FARKAS, 2917 Bryan St., Dallas. She advised that this appeared to be a bill and that she was returning the letter.

Mrs. HORN stated she had no idea as to how JENO FARKAS might be located, but in the event he contacted her she would advise the Dallas Office.

Re: Thornton Caine

On the evening of March 16, 1964, Thornton Caine of Booneville, Mississippi, appeared at the Washington Field Office of the Federal Bureau of Investigation and at his request was interviewed by a Special Agent of that office.

Immediately after entering, Caine insisted that he be given a polygraph examination. He protested that he was not crazy and that the information he furnished was very valuable. After being informed that he could not be given a polygraph test to determine his mental condition and the value of the information he furnished, Caine told the following story, which he said he had also furnished to the Federal Bureau of Investigation in Tupelo, Mississippi, on March 9, 1964.

In the latter part of September, 1963, Caine attended the County Fair in Tupelo. Lee Harvey Oswald was the master of ceremonies at the rodeo held in an arena located in the fairgrounds. After the rodeo was over, there was a drawing for a new car, which took place in the rodeo arena, and a large group of people was gathered there. During the drawing Jack Ruby walked through the crowd giving speeches attacking former President Kennedy. Ruby made statements such as, "The President should be done in, he should be put away".

Re: Thornton Caine

Caine said that in November, 1963, he telephoned The White House in an unsuccessful effort to warn President Kennedy to stay away from Dallas, Texas.

Caine displayed a newspaper clipping which he said was taken from the local Tupelo paper. This clipping indicated that Caine, a former mental patient, had been arrested in Dallas on Thursday (no date indicated) after he walked into the District Attorney's office to furnish information on the assassination of President Kennedy. Caine declined to allow the interviewing agent to keep the clipping.

Caine said it was true that he had been in a mental institution, but stated he was not crazy.

At the conclusion of the interview, Caine said he planned to immediately start hitchhiking back to Booneville.

Dear Mr. Hoover:

Thank you for your letter of March 3, 1964 in connection with the investigation of the Liberty Distributing Company, 328 South Jefferson Street, Chicago, Illinois, a trade style of Jack Ruby.

The report which you forwarded dated February 26, 1964 by Dennis W. Shanahan indicates that the tenants at 328 South Jefferson have generally been engaged in the printing trade and allied fields. The enclosed copyright registration indicates that printing for the Liberty Distributing Company was done by the Shelby Printing Company, Chicago, Illinois. This Commission would appreciate your conducting a further investigation into the activities of Jack Rubenstein aka Jack Ruby based on the enclosed registration.

Since we have relatively slight amounts of information concerning Ruby's life from January 1940 to May 1943, the Commission would appreciate your regarding any persons found to have known Ruby as a result of the above inquiry as possibly having specific information concerning his life in general, including his friends, specific businesses or occupations he may have been engaged in, his sexual relationships, and any underworld connections or illicit activities in which he or his friends were known to engage.

On March 17, 1964, Mr. Howard Willens, President's Commission, by telephone referred to the letter from the Commission dated March 12, 1964, wherein requests were made for ~~considerably~~ detailed photographs, a plat of the area where Officer Tippit was killed and other items. It is noted Mr. Gauthier and additional personnel went to Dallas on March 16 to prepare the requested material. Mr. Willens stated that the Commission had requested that this material be available by April 1, 1964. He stated that in view of a rescheduling of Commission hearings, he desired to know whether it would be possible to have the requested material prior to April 1. As alternate dates for the hearings he mentioned March 26 and March 30.

The work being handled with reference to the Commission's request was discussed with Mr. Gauthier in Dallas and he advised that in view of the progress which has now been made on this project, it would be completed and could be delivered to the Commission for use on March 30, 1964. Mr. Gauthier understands that the Commission desires to use the material on March 30 and it will therefore have to be delivered prior to that date.

After checking with Mr. Gauthier, Mr. Willens was advised that the material would be available to the Commission in sufficient time for the Commission to make use of it on March 30.

Enclosed herewith is a copy of a letter to the Bureau from the President's Commission dated March 16, 1964 requesting that we obtain any photographs taken by Edward Rocco in his visits to Ruby's Carousel Club and a photograph of Mr. Rocco. A copy of this letter is also enclosed for Dallas for information.

Los Angeles will contact Mr. Rocco, 1350 North Laurel Avenue, Hollywood, California, and obtain copies of any photographs other than the one previously furnished to the Bureau which he may have taken during his visits to Ruby's Carousel Club and a photograph of himself. Advise Mr. Rocco that the photographs are being obtained at the specific request of the President's Commission on the Assassination of President Kennedy.

For information of Los Angeles, Edward Rocco was interviewed while visiting his father-in-law in Dallas, Texas, on 12/26/63 at which time he advised that he was acquainted with Ruby and that during the week following the fifth or the sixth of November, 1963, he visited Ruby's Carousel Club for six or seven consecutive nights in connection with his efforts to do a profile story on the club. He took pictures in the Carousel Club and it was subsequently alleged that an individual appearing in one of the pictures looked like Oswald. Rocco furnished a copy of this particular picture.

Paul Jones — Maurice Melton

Agent ROBERT TAYLOR, Bureau of Federal Narcotics, Texas 433 West Van Buren, Chicago, Illinois, made available on December 5, 1963 their file for the following pertaining to PAUL ROLAND JONES, MAURICE COSTELLO MELTON, and TAYLOR CROSSLAND. These three individuals had contacted and were associated with JACK RUBY and his brother, HYMAN RUBENSTEIN, while in Chicago during 1947:

TAYLOR CROSSLAND was arrested on August 27, 1947, Laredo, Texas, by U.S. Customs for having 48 pounds of raw and smoking opium brought into Texas from Mexico in his possession. CROSSLAND implicated MAURICE C. MELTON and PAUL ROLAND JONES. MELTON and his brother, JOHN MELTON, were arrested October 29, 1947, at Houston, Texas. MAURICE MELTON corroborated the information given by CROSSLAND implicating PAUL ROLAND JONES and JONES was subsequently arrested October 24, 1947, Dallas, Texas, by Federal Narcotics agents as was MELTON.

Prior to these arrests, the above subjects were surveilled during the course of this investigation and they checked into the Central Plaza Hotel, Chicago, on August 2, 1947. While at this hotel, they made several telephone calls which were checked out and the number of Kedzie 1717 was listed to HYMAN and JACK RUBENSTEIN, 3650 West Lexington, Chicago. The RUBENSTEINs were subsequently interviewed by Federal Narcotics agents, Chicago, and the results of these interviews are set forth as follows:

"I, HY RUBENSTEIN, having been informed by ALBERT E. AMAN known to me to be an agent of the Bureau of Narcotics of the Treasury Department of the United States, and ARTHUR R. ADAMS, known to me to be an agent of the Bureau of Customs of the Treasury Department, that I may decline to answer any questions propounded to me by him on the grounds that the answers thereto may tend to incriminate me; and having also been informed that this statement may be used in evidence against me in criminal or other proceedings; and no threats of any character having been made against me and no

physical violence having been used against my person; and no reward nor immunity having been promised to me in consideration for my making said statements by said AMAN or any other person acting for or on behalf of the United States; I do freely and voluntarily make the following statement:

"My name is HYMAN RUBENSTEIN, I am forty-six years of age, born in Warsaw, Poland, and I was naturalized about 1922, in Federal Building, Chicago, Illinois, my occupation is the candy and novelty business and I am the proprietor of the Victory Products Company, 3650 Lexington Street, Chicago, Illinois.

"I reside with my father, my brother, SAMMY, my sister, MARIAN, and a nephew named RONNIE at 3650 Lexington Street. I lived in Chicago since I have been two and a half years of age, at which time my people migrated from Poland.

"Question: I hand you three photographs, will you examine them and inform me whether or not you know these people?

"Answer: I met TAYLOR CROSSLAND and MAURICE COSTELLO MELTON only once. PAUL ROLAND JONES I have known for about a year or less.

"Question: When was the first time you met PAUL JONES?

"Answer: About ten months ago. He called me at my house and said he was a friend of my sister, EVA GRANT, and that he would like to see me if I wasn't too busy. We met at the Sherman Hotel in the Celtic Room and our conversation was merely general subjects of the day. The last time we met was on a Sunday morning, after he called me at my home and this meeting was held at the Sherman Hotel in the Celtic Room. He introduced me to TAYLOR CROSSLAND and MAURICE COSTELLO MELTON and we all had breakfast together.

"The latter meeting held at the Sherman Hotel, Celtic Room, took place during the first week of August, 1947. During this period of time, the conversation was about general subjects. We walked around the Loop for about an hour and I pointed out places of interest to the men. Later I suggested driving them to the airport because I wasn't busy and inasmuch as they said they were going to Wichita, Kansas. While in my automobile, MELTON and CROSSLAND asked me if I would get them a connection on steel pipes and I said I would let them know tomorrow, which I did, and mailed them the sample (3/4" pipe) to PAUL JONES at 3904 Junius Street, Dallas, Texas. I also wrote him a letter with specifications and prices. I never heard a word from him since.

"During the period of time spent with JONES, MELTON and CROSSLAND, a discussion came up about lumber inasmuch as MELTON asked me. MELTON suggested that he could get many carloads of lumber at a very good price. I believe a brother of his had a connection in a lumber mill. I suggested if he would cut off a one foot sample slab so that I could show it to some people in Chicago, we might be able to to some business. He promised me he would, but I never got a sample.

"While we were waiting for the plane, TAYLOR suggested something about a gold mine that he had with an engineer partner on the Pacific Coast of Mexico. I told him that it took too much money for a guy like me. He said 'Do you think you can find somebody?'. I told him there was only one party that I knew who was a prospector and a miner and knows more about that business than I do, and I gave him the name of JOSEPH CUNNINGHAM, located at Room 428, Rowan Building, 458 Spring, Los Angeles, office telephone Van Dyke 4044.

"CROSSLAND said he would have his engineer write to CUNNINGHAM as he knows more about the details of gold mining. No more was ever heard on this subject. (Residence telephone Chapman 5-2801).

"During this conversation, PAUL JONES said that he would like to pick up some new cars if any contacts could be made, but I never tried to make any and that ended that.

"The next time I met PAUL JONES was on or about the 15th of October and he remained in Chicago approximately a week. He called me upon his arrival at my home and asked me to meet him in Room 674 at the Sherman Hotel, which I did. He introduced me to a Mr. WAGNER and the importance of my meeting with him each day that he was here was that Mr. WAGNER was the inventor of a new type of rubber fabric to be used for recapping tires. PAUL JONES said that he met and talked with JACK KEESHIN of the Keeshin Motor Express Corp. and that JACK KEESHIN was going to give it a trial. PAUL JONES also said that he made a trip to Canada and attempted to interest the Goodyear Rubber and the United States Rubber Company in this product, but was informed that he would have to take the matter up with the United States Office in Ohio.

"During this week, PAUL JONES asked me if I could get him seven hundred gallons of bulk four year old whiskey. I wrote him a special delivery air mail letter after he left Chicago and I told him I could get him the whiskey--to find out from his people what they would pay and to let me know immediately. I never heard from him on this matter either.

"During these several meetings that I had with PAUL JONES, he never mentioned opium nor any other narcotics drug to me, nor did CROSSLAND or MAURICE MELTON.

"For the Government's information, I want it to be known clearly that I am a businessman, that I have never been arrested on any charge, and that I absolutely know nothing about opium or narcotics in any shape, manner or form, nor the elicit traffic of narcotic drugs."

"/s/HYMAN RUBENSTEIN"

"Witnessed by: /s/ALBERT ALLAN, Narcotics Agent, Chicago, Illinois, October 30, 1947"

A further review of the above Narcotics Bureau file reflected that Agent ALLAN of this Bureau interviewed JACK RUBY on October 27, 1947. RUBY was a permanent guest of Room 6-142 of the Congress Hotel, Chicago. RUBY identified the photograph of PAUL ROLAND JONES and has known him for the past four to five months inasmuch as PAUL JONES is a friend of his sister, EVA GRANT, Proprietress of the Singapore Supper Club, 1717 South Ervay Street, Dallas, Texas. He was introduced to PAUL JONES by EVA GRANT.

JACK RUBY had talked to PAUL JONES on numerous occasions while visiting his sister in Dallas but he never had any conversations with him relative to narcotic drugs nor has he ever talked to PAUL JONES in the City of Chicago either personally or via telephone. According to JACK RUBY, he was visiting in Dallas on October 2 and 3, 1947, which are the dates that PAUL JONES, TAYLOR CROSSLAND, and MAURICE MELTON were in Chicago.

JACK RUBY is a sales promoter and calls himself a merchandise distributor. He is 36 years of age, 5' 9" tall, 160 pounds, wavy hair with a high receding hairline, a large pointed nose, a fashionable dresser, born in Chicago. He is also the brother of HYMAN RUBENSTEIN who is previously interviewed.

CG 44-645

The registration records of the Sherman Hotel, Chicago, indicate PAUL JONES occupied Rooms 1024 and 674 from October 10 to 21, 1947, and the telephone calls made by him had been checked and were made to all legitimate organizations.

Files of the Federal Narcotics Bureau and files of the Bureau of Identification, Chicago Police Department, were examined in 1947 and there were no records involving HYMAN RUBENSTEIN, 3615 West Lexington, Chicago, or JACK RUBY, his brother, who resides as a permanent guest of the Congress Hotel, Chicago.

She stated she had forwarded the W-2 statement as requested on 3/10/64 and has not heard from CURTIS CRAFORD since that time. CRAFARD was characterized by his mother as very "unreliable." She stated that he served in the Army in 1959-1960 and received a Medical Discharge; that after returning to Dallas, Oregon, he worked in tannery with his father; that he had considerable marital trouble and his unreliability appears to have started at that time. His date of birth was furnished as 10/19/41 at Farwell, Mich. UNITED STATES GOVERNMENT

# Memorandum

TO : MR. I. W. CONRAD

DATE: 3/3/64

FROM : MR. C. F. DOWNING

SUBJECT:

Commission letter of 2/28/64, in commenting upon a translation of a foreign language notebook, stated that the translation previously furnished by the Bureau simply reported that it was such a notebook and did not translate the actual words. The Director commented, "Here again we have grossly mishandled the original request. Why?"

In response to the Director's inquiry, the following information is set forth. Commission letter of 2/21/64, is one of a continuing series of letters from the Commission requesting translation of numerous foreign language items. Upon checking the 2/21/64, request against the record of translated items previously furnished to the Commission by the Bureau, it was apparent that the Commission had not even taken the trouble to determine what already had been furnished, since several of the 26 items requested in the 2/21/64 letter were included in an earlier list of more than 50 items, translations of which had been furnished previously by Bureau letter of February 1, 1964. Accordingly, in order to avoid unnecessary duplication of work, Bureau letter of 2/26/64, furnishing the requested translations, pointed out that certain of these translations had been previously sent to the Commission. Among these was the notebook in question, identified as Item B-6.

In providing translations of the various foreign language material encountered in this case, an area of judgment necessarily enters at times, since several of the items are bulky books of one kind or another, other items consist of longhand copies of published poems, etc. However, our translator and supervisory personnel have given in the past and will continue to give the utmost care in complying with the Commission's requests as they are understood.

44-24016 - UNREC

NOT RECORDED

Contrary to the statement in the Commission's letter of 2/28/64, the translation furnished under date of 2/1/64 did, in fact, translate a representative sampling (although not all) of the actual words, and was considered to be a proper response in the absence of a request for a verbatim translation. It is now apparent that a verbatim translation of each and every word is desired and this is being furnished under cover of the attached letter. It is noted that the foreign language material is merely a vocabulary drill.

Proposed letter to Commission attached for approval.

SUBJECT: JACK L. RUBY, aka

Mr. Leon D. Hubert, Jr., member of the President's Commission staff, called today and referred to the following:

On page 496 of the report of Special Agent Robert Gemberling dated 11/30/63, Dallas, Texas, mention is made of a notebook described as a Penway memo book with a spiral binder.

On page 504 in the same report mention is made of a letter written by C. L. Crafard, which letter was on letterhead stationary of Jack Ruby Associates, Dallas, Texas, which letter starts, "Dear Gail."

Concerning the two items mentioned, Mr. Hubert was desirous of knowing whether they were actually in the possession of the Bureau and, if so, whether they were located in the Dallas Office or at Bureau headquarters. He stated he would like to have these two items available for the Commission's hearing which would take place either on April 6 or shortly thereafter.

These items have been located in the Bureau Laboratory and are identified as Items D 53 and D 54. Mr. Hubert was advised the items were at Bureau headquarters and would be available at such time as the Commission desired them. He stated he would make his request for these items in ample time for them to be available for the Commission hearing.

Mr. Hubert also mentioned the previous request to ascertain the current whereabouts of Curtis LaVerne Crafard. This individual is a drifter who appeared as a defense witness in the Ruby trial in Dallas, Texas, on March 12, 1964. He spent the nights of March 10, 11 and 12 at the Dallas City Mission. On the night of the 13th he reappeared to spend the night but was turned away because he had already overstayed his time by one night and also appeared to be drunk on this occasion. Mr. Hubert stated that in the event Crafard was located,

the Commission would like to be advised in order that a subpoena could be issued and served on him so that he would be available in Washington for the Commission's hearing.

He also requested that color photographs of Crafard be made available to the Commission by Friday, 3/20/64, of this week inasmuch as members of the Commission staff would be in Dallas next week taking depositions and they desired to have photographs of Crafard with them in handling their work in Dallas.

Called to Hubert 3/19/64 RL

It is noted colored photographs are being made at the present time and they will be available in ample time to deliver to the Commission by Friday.

ACTION:

We should follow the field to see that Crafard is located if at all possible. When the color photographs of Crafard are available, arrangements should be made for copies to be delivered to the President's Commission, attention of Mr. Hubert.

He is quoted in the letter to RUBY as stating EVA GRANT, RUBY's sister, insists retaining and exercising a general power of attorney for RUBY, that FOREMAN would thus be representing her Texas which he does not care to do. ASSASSINATION OF PRESIDENT

NOVEMBER 22, 1963
DALLAS, TEXAS
MISCELLANEOUS - INFORMATION CONCERNING
Bufile 62-109060
Paris 62-148

Re Paris letter 3/13/64.

There is enclosed a copy of the latest article in the series by THOMAS GITTINGS BUCHANAN, JR. which appeared in "L'Express" on March 19, 1964.

The current article differs slightly from those preceeding in that BUCHANAN interupts his discussion of the assassination of President Kennedy in order to comment on and give his impressions of his recent trip to the United States when he visited Dallas, Miami and Washington, D. C.

Concerning Dallas, BUCHANAN stated that on the day he arrived in that city the panel of jurors had almost been completed. He goes on to predict that JACK RUBY will commit suicide and urges strongly that he be incarcerated

away from Dallas in order to protect him from himself as well as from the Dallas police. BUCHANAN then discusses generally prior comments he has made concerning the slaying of President Kennedy and mentions that no journalist has had an opportunity to view the windshield of the presidential car which would assist in determining the number and direction of the shots. He comments again on the absence of powder marks on LEE HARVEY OSWALD's cheek.

Turning to Miami, BUCHANAN mentions rumors to the effect that when President Johnson recently visited there security officials uncovered a plot whereby his plane was to be rammed by another plane. The plan allegedly was prepared by anti-Castro elements in Miami with the hope it would be attributed to CASTRO forces and result in some sort of reprisal action on the part of the United States.

Concerning his visit to Washington, D. C., BUCHANAN states that he met and talked with Assistant Attorney General NICHOLAS DE KATZENBACH and, thereafter, with HOWARD P. WILLENS, a member of the Warren Commission and the liaison representative between the Commission and the Department of Justice. In general, BUCHANAN states that he was given a friendly audience by WILLENS and left with the impression that the Warren Commission is giving more serious consideration to facts which tend to disprove the official version of the slaying which has been offered to date.

BUCHANAN implies that the next article in the series will resume his discussion of the assassination and will deal in general terms with the unknown individual or individuals who planned the slaying.

As in the case of previous articles in this series the Bureau may wish to have this one translated in its entirety. If this is done, it is requested that we be furnished a copy of the translation.

We will, of course, continue to follow this matter closely and furnish to the Bureau any information of interest.

Mrs. LINDA GIBSON, 1005 Third Avenue, Apartment 2, Salt Lake City, Utah, furnished the following information to SA WILLIAM J. GEIERMANN on March 18, 1964:

Mrs. GIBSON is employed by the Salt Lake County Department of Welfare, is divorced, and has twin sons 10 years of age.

She stated that on a Sunday afternoon in January or February, 1963, she received a telephone call from an individual claiming to be DAVID LEE, a widower from Dallas, Texas. LEE stated he is a psychologist at Dallas and operates a consulting firm. He told Mrs. GIBSON that he had met her at a party in Salt Lake City several years earlier, that he was alone in Salt Lake City, and wanted to renew her acquaintance. Mrs. GIBSON said she could not recall ever having met LEE, but when he explained he was Jewish, as she is, and had been to the Jewish Community Center, she invited him up to her apartment to visit.

A short time later LEE came to Mrs. GIBSON's apartment and they chatted for several hours about various things. LEE talked about psychology and seemed to be familiar with the subject. In addition, he discussed his former wife and claimed to have some small children. During the conversation LEE stated he was from the eastern part of the United States, was a graduate of Yale University, and had worked for Dr. KINSEY several years ago. Mrs. GIBSON stated LEE seemed to be very much aware of money and gave the impression that his main objective in life was to make money. Mrs. GIBSON said the conversation eventually led to politics, and when President JOHN F. KENNEDY's name was mentioned, LEE seemed very upset with President KENNEDY and stated he would work against his re-election. LEE said he had formerly been a supporter of President KENNEDY but had become disillusioned with some of the President's policies.

Mrs. GIBSON stated that after LEE had been in her apartment for several hours talking and drinking tea, he began to make advances to her, and she asked him to leave, which he did.

ENCLOSURE

Mrs. GIBSON stated LEE did not seem to be a man with a good education; however, as stated before, he seemed to be conversant with the general topic of psychology. She said he generally behaved fairly well and was nice with her 10-year-old twin boys, who were present during the entire time LEE was in the apartment.

After the assassination of President KENNEDY, when the first photographs of JACK L. RUBY appeared in the newspaper, she was impressed with the close likeness between RUBY and the man who identified himself as DAVID LEE. She said she cannot be positive but has the distinct feeling that they may be identical. She stated that a few days ago she mentioned this incident to a fellow worker, who told her that she should immediately report this information to the FBI.

Mrs. GIBSON said she does not recall knowing DAVID LEE prior to this incident and has not seen nor heard from him since that time.

Mr. John E. Hoover,
The Director,
Federal Bureau of Investigation
United States Department of Justice
W a s h i n g t o n 25, D.C.

Dear Director Hoover!

We have been informed that Syra, the strip-tease dancer, and her manager Billy Frick have recently received a telegram approximately saying that she should consider participation at the Ruby trial in order to avoid difficulties. This telegram was signed with "Fenster". As far as we are informed "Febster" is an underground organization controlling most of the night clubs and saloons between New York and Chikago.

I should feel obliged if you, dear Director Hoover, could let us have some details on this organization. Further, I should be interested to receive an authentic report on the great smuggling of narcotics into which even the Mexican Ambassador to Bolivia has been involved, and if there is a proved connection between this ring and the gangster organization "Cosa Nostra".

I read in the German issue of "Reader's Digest" that measures are being taken by your organization to meet the increasing cases of bank robberies. The magazine wrote that the FBI has issued a pamphlet "How banks can aid the police".

Enclosed is a copy of the pamphlet, "How Banks Can Help the FBI," along with some other literature I trust you will find to be of interest.

NOTE: Mr. Kretschy is on the Bureau's mailing list to receive the Law Enforcement Bulletin. We have enjoyed prior correspondence with him, last outgoing 12-27-63. "Offentliche Sicherheit" is an illustrated monthly review published by the Austrian Federal Ministry of the Interior. The "Syra" to which he refers is believed to be "Siri the Dutch Doll," which is the trade name of Marjorie Alice Putnam, a strip-tease dancer in Hollywood, California. Putnam was interviewed by the FBI on 12-26-63, in connection with the Jack Ruby investigation at which time she advised that she did not know Ruby or Lee Harvey Oswald and had never worked in Ruby's club. On the basis of information available, it was not possible to identify the alleged underground organization, "Fenster." //

The President's Commission by letter dated 2/12/64 requested that we obtain medical records on Ruby's mother Fannie Rubenstein which was done and one copy of the records furnished to the Commission on 2/18/64. A portion of these records indicated existence of reports in other public agencies pertaining to Ruby's family and Commission has requested that we obtain copies of those. Chicago submitted one copy to the Laboratory and requested that they prepare four photographic copies in the manner prescribed for handling photographs of evidence pertaining to the assassination. This is not necessary with respect to these records requested by the Commission which relate to Ruby's family, inasmuch as the Commission has indicated the intention to subpoena the records themselves if needed.

ReButel 12/12/63 to all SACs setting out reporting procedures to be followed in connection with captioned matter.

As Office of Origin, Dallas is setting forth the following information, instructions and requests to those offices which have conducted considerable investigation in the above related matters in order that the various instructions and requests from the Bureau can be carried out and the Bureau's responsibilities fulfilled. It has become necessary to re-evaluate instructions issued during the early stages of this investigation with regard to reporting procedures. Initially, it was sufficient to submit certain information by Letterhead Memorandum as it was only necessary to disseminate such information to the U. S. Secret Service or one of the other government agencies. Since the establishment of the President's Commission, the Bureau desires that the Commission be furnished with the results of all investigation conducted in connection with the assassination. This of necessity includes individuals and situations having little or no direct connection with the assassination.

The above captioned cases are in existence in the Dallas Office in connection with the assassination and subsequent events. In connection with the first captioned case above, every effort is being made to include in this file allegations alleging some person or persons other than OSWALD committed the assassination. This includes numerous complaints from persons of questionable mentality and who appear mentally unstable or disturbed. The Bureau has instructed that each of such allegations must be fully resolved and reported as the President's Commission has indicated a desire to receive all information pertaining to all investigation conducted concerning the assassination and related matters. In some instances certain allegations are received that do not indicate a connection or reference to OSWALD, but upon checking into them it is determined such allegations do pertain to OSWALD. In such instances, such investigation may have been reported in the first of the above captioned cases, but every effort is being made to avoid placing anything in the first captioned case which has to do with OSWALD or his connection with the assassination.

The Bureau in many instances has sent communications carrying the first caption above although the subject matter indicates it pertains to OSWALD and/or the evidence gathered in the investigation into the assassination, and the Bureau has requested that in replying to their communications, such

communications bear the same caption as the communication making the request. Dallas is abiding by this request but where the subject matter pertains to OSWALD or the evidence in connection with the assassination, Dallas is filing such communications in the second captioned case set forth above.

In many instances, auxiliary offices have reported the results of their investigation concerning a miscellaneous allegation not involving OSWALD or connected with OSWALD by Letterhead Memorandum and in some instances have included the results of such investigation in reports bearing the second caption above.

The most logical facility for advising the President's Commission of investigative results is by report. The Bureau has instructed Dallas, as Office of Origin, to coordinate the assembling and submission of reports under the first caption above. It is requested therefore that each office receiving this communication fully cooperate to enable Dallas to handle its responsibilities in this connection. Each office should continue to submit its own reports in matters pertaining to LEE HARVEY OSWALD and/or the assassination insofar as it relates to OSWALD.

Before Dallas can submit the reports requested by the Bureau in the first captioned case (Dallas 89-43), it will be necessary that all investigation previously reported by Letterhead Memorandum and other communications such as teletypes, airtels and letters be incorporated in appropriate FD-302s or inserts. All files relating to this matter must be thoroughly and meticulously reviewed to insure all investigation is logically resolved and 25 copies of inserts or FD-302s submitted to Dallas. It is recognized that considerable retyping will be required, but this retyping must be handled by each individual office receiving this communication in order that the retyping at Dallas is held to an absolute minimum. The day-to-day urgent requests of Dallas in connection with this matter are of such volume that for Dallas to handle the retyping of material submitted by other offices is not feasible. The investigative results which normally would have been prepared on FD-302s, but which were not so prepared in view of their incorporation in a Letterhead Memorandum, should now be retyped on a FD-302 where appropriate. The usual five-day dictation rule for FD-302s will of necessity have to be suspended for this particular project only and must be strictly adhered to in the future.

Those investigations initiated as a result of the assassination, but of necessity reported under a different title and character than those reflected in this communication, such as Fraud Against the Government and Extortion cases, will have to be identified by each office receiving this communication and 25 copies of all FD-302s and inserts in connection with the investigation in these cases furnished to Dallas for inclusion in a subsequent Dallas report bearing the first caption above. It is suggested that in this respect that at the time a Fraud Against the Government, Extortion or other case arising out of the assassination is closed, that the complete results be forwarded to Dallas for inclusion in a Dallas report along with other allegations which have been completely resolved.

Separate inserts and FD-302s should be prepared in each instance where a specific allegation is concerned and a subject matter heading such as the name of the individual against whom the allegation is made or other appropriate identifying data should be included. In the case of the Fraud Against the Government, Extortion and other cases, the actual title used in such cases would be an appropriate heading. In all instances the complete resolving of the allegation is necessary before the insert can be included in the report. In connection with inserts prepared where the source has requested his identity be protected, it will be necessary to furnish Dallas an appropriate administrative insert reflecting the identity of the source. T symbols cannot be used in this report. A statement on the administrative insert such as: "The source who requested his identity not be divulged and who furnished information concerning JOHN DOE reflected in this report is BILL JONES, etc.".

The investigative insert reflecting the information from such a source should begin with a statement such as: "On (date) an individual who requested his identity not be divulged, but who has furnished reliable information in the past (or who has furnished insufficient information in the past to determine his reliability), advised, etc.".

Each office receiving this communication which received an allegation resulting in subsequent investigation must prepare an appropriate insert disclosing the "predication" or "basis" for the investigation. Where leads are indicated to completely resolve an allegation, the office developing same should set out the necessary leads to completely resolve the allegation.

Where an office has already included in a report under one of the above described captions, certain information relating to an allegation, it will be permissible to state in an insert for the details of the report being prepared by Dallas, a statement such as: "The following (or the foregoing) investigation supplements that contained on pages _____ of the report of SA _____, dated _____ at _____, captioned (title of report) concerning, etc."

This will enable the President's Commission and any other agency to whom such reports have been and are being disseminated to locate the results of investigation which completely resolve a particular allegation. However, every effort is now being made to report the complete results of investigation pertaining to a specific allegation in the same report.

It is pointed out that the submission of Letterhead Memoranda is a device being used by the Bureau for expeditiously furnishing certain results of investigation to the President's Commission or some other agency and does not preclude the necessity for submission in report form subsequent thereto in order that the continuity of a particular report will not be disjointed or not clear.

The Bureau has directed that the property statement not be included on Letterhead Memoranda where it is known such Letterhead Memoranda are going to be disseminated to the President's Commission.

The Bureau has strongly pointed out that all material contained in reports and other communications in the above captioned cases must meticulously prepared with the utmost care given to grammar, spelling, punctuation, and sentence structure. Therefore, each office before forwarding Dallas 25 copies of any insert or FD-302 should make absolutely sure that such material is "letter perfect".

Each office receiving this communication should immediately commence preparation of the requested information in the proper form as described above and furnish same to Dallas as it is completed with respect to each specific allegation. The entire review and submission in appropriate form to Dallas must be completed by April 15, 1964.

TO : Mr. Belmont

DATE: March 17, 1964

FROM : A. Rosen

SUBJECT: PRESIDENT'S COMMISSION
ASSASSINATION OF THE PRESIDENT
Jack Ruby

While discussing other matters with J. Lee Rankin of the President's Commission on March 16, 1964, Mr. Rankin brought up the matter of an independent examination of the rifle slug which was found on the stretcher which President Kennedy's body was on in Dallas, as well as bullet fragments found in the President's body during the autopsy at the U. S. Naval Hospital at Bethesda.

Mr. Rankin advised the Commission certainly relied on the examination conducted by the Bureau Laboratory; however, there was strong feeling in the Commission that an independent examination would be advantageous because of the fact that the Bureau had conducted the principal investigation into the assassination of the President as well as having handled the Laboratory examinations. Mr. Rankin advised he was aware of the possibility of a difference of opinion on the part of an outside examiner but nevertheless they felt this independent examination necessary. He indicated he would request the Bureau to handle the delivery of the rifle, bullet and bullet fragments to an independent examiner.

Mr. Rankin was advised that a letter had been prepared by the Bureau and sent to the Commission on March 13, concerning this matter, expressing the Bureau's views concerning this procedure. Mr. Rankin advised he had not seen the letter as yet; however, it was the desire of the Chief Justice for the Bureau to maintain as much control over items of an evidentiary nature as possible to make certain they were not lost. It was suggested to Mr. Rankin that prior to making any final decision as to the procedure to be utilized he might desire to review the Bureau's letter which thoroughly outlined the Bureau's position and Mr. Rankin advised he would do so. The Bureau's position as outlined in the letter of March 13, is that any material to be examined by an independent examiner should be delivered to the Commission by the Bureau and the Commission make all necessary arrangements for handling the delivery of the material to the independent examiner.

Mr. Willens was furnished the names of the SAC and ASAC and was told that any requests of the Dallas Office should be handled through them. Appropriate instructions are being issued to the Dallas Office relative to handling contacts by representatives of the Commission staff with the Dallas Office.

The foregoing is submitted for information.

Re Dallas airtel to Director dated 3/17/64.

For information of the Bureau, Dallas airtel to the Director dated January 29, 1964, enclosed for the El Paso Office a copy of a letter addressed to JACK RUBY at the Dallas County Jail. The letter was postmarked El Paso, Texas, and was dated January 11, 1964. The letter reads as follows: "Jack - tell them nothing. We paid Os - plenty. There is $20,000 for you. We will get you out. Don't leave Cuba down. Joe will take care of Johnson. Look for Sue with package. Fair play for Cuba."

By El Paso airtel to the Director dated 2/26/64, the Bureau and Dallas were advised that Special Agent in Charge GEORGE WEISHEIT, United States Secret Service, El Paso, advised on February 4, 1964, that the United States Secret Service was conducting an investigation in an effort to identify the writer of the above mentioned letter. Mr. Howard Willens of the President's Commission called today and advised that he and another attorney would be arriving in Dallas, Texas, at approximately 12 noon on March 19, and would be joined by additional attorneys over the weekend, the purpose of this trip being to take depositions with reference to events which transpired at the Dallas Police Department garage.

In this connection Mr. Willens inquired as to whether it would be possible to have shipped to Dallas the three-dimensional mockup exhibit which had been prepared by the Exhibits Section which is now located at the President's Commission office. He advised that if this could be done they would like to have the exhibit shipped to Dallas and delivered to the office of the U. S. Attorney, Barefoot Sanders, where it will remain during the period that depositions are being taken.

Arrangements have been made with the Exhibits Section to pick up the exhibit at the Commission's office and for it to be shipped in accordance with the above request.

Estimado señor:

Espero que la presente, sea una de las cartas privilegiadas, que logran llegar a sus manos.

Leí en fecha reciente, el fallo dado por el jurado de esa cámara en el juicio seguido en contra del Señor Ruby y por supuesto, también he tenido conocimiento de los comentarios que han seguido a tal suceso.

La verdad señor Procurador, sea dicha sincera y valientemente: Ese fallo no satisface a nadie, si acaso sólo a los enemigos de los Estados Unidos de Norte América y por consiguiente del mundo libre. La posición de un servidor, como reportero de los diarios americanos es de alerta mental, buceando tras las capas mas de la traicción que dominó todos los hechos tan dramáticos, pero a pesar de todo, tratando de verificar todos los de la realidad lógica y jurídica que debe dispensarse en todo caso.

El señor Ruby, persona madura de temperamento, no actuó debido a un trastorno emocional; éste se desarrolló sólo después de la captura del asesino y además por la publicidad con la que fue tratado. No veo cómo podría explicarse la actitud de Ruby, para entrar al preciso sitio donde se encontraba el asesino del Presidente Kennedy; y cómo podría explicarse que el señor se atreviera a entrar a un sitio que se hacía aparecer custodiado y del cual, no solamente no habría podido introducir ninguna persona, que por razón de su trabajo no tuviera que estar presente y menos aún de estarlo armado. Y lo más difícil de explicar acaso sería el que una persona de la edad y los antecedentes del señor Ruby hubiera sufrido tal descontrol emocional, que le hubiera hecho, sin medir las consecuencias, a un costado como el de la bala.

Señor Procurador, sin ánimo de hacer la historia de los acontecimientos hasta ahora ocurridos, quiero preguntar.

Primero.- Puede ser posible que Lee H. Oswald figurara él sólo [illegible] homicidio. Oswald que por sus antecedentes fue completamente irresponsable en lo que se refiere a inteligencia, pudo ser el actor material y director intelectual del asesinato del Presidente Kennedy.

Segundo.- Puede ser creíble que el señor Ruby se haya desenvuelto de modo tan adolescente al grado tal de haber actuado como lo hizo.

La verdad es que se trata de uno de los acontecimientos más importantes de nuestro tiempo y en el que la justicia de los Estados Unidos de Norte América ha actuado en una forma por demás negligente y apática. ¿Es que acaso tienen miedo de llegar al fondo del homicidio y del asesinato? ¿A qué fuerzas políticas influyentes se está refiriendo? ¿Usted mismo señor Procurador está vendido? o es que no le han dejado actuar en este caso?.

El Presidente Kennedy manifestó en su primer discurso como Presidente de esa nación, "que no había de preguntar qué cosa podía hacer su patria por él, sino lo que él podía hacer por su patria". ¿Lo puede hacer esa patria lo más significativo y valioso de ella?. ¿Lo puede hacer una ramera a su honor? o es que una vez más el honor ha sido sacrificado en aras de la conveniencia; o debo decir cobardía?.

El veredicto del fallo como lo presentan no satisface a nadie porque sólo hay dos fallos en este juicio.

O se declara que Ruby es un trastornado mental y que obró por su cuenta, y en esas condiciones no puede ser condenado a muerte; o se descubre el fondo de este asunto y se pone al descubierto a las personas intelectualmente responsables de estos asesinatos, sin miedo a las consecuencias que todos estos traigan.

Pero el único fallo que no es posible dictar, es el de sentenciar a muerte, sólo a Jack Ruby.

Atenta y respetuosamente.

Jack Ruby

Dear Mr. Rankin:

Receipt of your letter of March 11, 1964, requesting photographs of Curtis LaVerne Crafard and information available regarding the current whereabouts of Crafard is herewith acknowledged. The photographs were furnished to the Commission on March 20, 1964.

Curtis LaVerne Crafard appeared as a defense witness in the trial of Jack L. Ruby at Dallas, Texas, on March 12, 1964. Investigation determined that Crafard stayed at the Dallas City Mission on the nights of March 10, 11, and 12, 1964, but was then turned away because he had overstayed the maximum allowable time at the Mission and because he appeared to be in a drunken condition. Crafard spent the night of March 14, 1964, at a fourth-rate hotel in the downtown area of Dallas.

Samuel David Ruby, brother of Jack Ruby, on March 18, 1964, advised that he had learned through his sister, Eva Grant, that Crafard had slept at the Big D Copa Night Club, formerly the Carousel Club, which is now closed. Crafard departed Dallas, Texas, at 9:30 a.m. on March 18, 1964, stating that he was hitchhiking to Dallas, Oregon, where he could be located at 1219 Birch Street. He said that he might not arrive in Dallas, Oregon, for about two months as he did not wish to reach Oregon until warm weather.

Mrs. Hugh Craford, 1219 Birch Street, Dallas, Oregon, advised on March 17, 1964, that she had last heard from her son, Curtis, around March 10, 1964, when she received a letter from him requesting that his W-2 (income tax) Withholding Statement be sent to him in care of his sister, Cora Belle Ingersoll, 307 East Seventh Street, Clare, Michigan. She forwarded the requested statement and has not heard from Curtis since that time.

Mrs. Cora Belle Ingersoll was interviewed at Clare, Michigan, on March 16, 1964, and advised that she saw Curtis LaVerne Crafard when he left Clare, Michigan, on March 5, 1964, hitchhiking. He indicated that he was en route to Dallas, Texas.

We will continue to maintain contact with Crafard's relatives and to conduct appropriate investigation in an effort to locate Curtis LaVerne Crafard. You will be promptly advised when his specific whereabouts are determined.

Sincerely yours,

J. Edgar Hoover

NOTE:

The Commission by letter 3/11/64 requested that we furnish photographs of Crafard and information that the Bureau might have as to his whereabouts inasmuch as they expect to subpoena Crafard sometime after 3/23/64. The photographs were furnished directly to the Commission on 3/20/64. Crafard, who is a drifter, is hitchhiking between Dallas, Texas, and Dallas, Oregon. We have contacted and placed stops with all relatives, all offices en route, the Identification Division, and other logical stops in an effort to locate Crafard. It is noted Crafard's original name was Craford and when interviewed he stated that when he entered the Army they spelled his name Crafard and he has retained that spelling ever since. Other members of his family use the original spelling. The President's Commission is aware of this difference as they received a copy of the report reflecting the interview with Crafard.

Dallas, Texas

ASSASSINATION OF PRESIDENT JOHN FITZGERALD KENNEDY, NOVEMBER 22, 1963, DALLAS, TEXAS

WARREN A. REYNOLDS, Johnny Reynolds Motor Company, 500 East Jefferson Street, Dallas, Texas, was a witness to the flight of the murderer of Dallas Police Officer J. D. TIPPIT on November 22, 1963. On January 23, 1964, WARREN A. REYNOLDS was shot in the head by a bullet from a .22 caliber rifle and the prime suspect was DARRELL WAYNE GARNER.

On February 23, 1964, there appeared in the "New York Journal-American" an article by Mr. BOB CONSIDINE which indicated that GARNER had been released based in part on the testimony of BETTY (MOONEY) MAC DONALD, who had allegedly worked as a stripper at the Carousel Club and that MAC DONALD subsequently hung herself.

On March 17, 1964, Captain O. A. JONES, Forgery Bureau, Dallas Police Department, furnished the following information from the results of the investigation by the Dallas Police Department into the shooting of WARREN A. REYNOLDS:

On January 23, 1964, at approximately 9:15 P.M., WARREN A. REYNOLDS, employee, Johnny Reynolds Motor Company, 500 East Jefferson, Dallas, Texas, after pulling the keys out of all the cars and locking them, walked down to the office basement to turn out all the lights. He flipped the light switch at the door of the basement; however, the basement remained dark. Thinking the light was burned out, he proceeded downstairs to the basement fuse box and, as he reached for the fuse box, was shot in the head with a .22 caliber weapon.

REYNOLDS, not knowing if he had received an electrical shock or had been shot, started up the stairway. At this point an unknown, small white male carrying a rifle raced past him on the stairs.

REYNOLDS proceeded out of the building, fell over the hood of a vehicle near the office door, then entered the office, tried to use the telephone, and fell over on a couch.

SONNY CARTY, 425 East Jefferson, Room 5, was watching television when he heard a shot coming from the direction of the Reynolds Motor Company. He ran down the hall to the balcony and observed in the bright light of the motor company car lot a white male, 5'5", wearing brown khaki trousers, a blue flowered shirt, carrying a rifle, run out the rear of the car lot and then south in the 200 block of South Patton.

CARTY then saw REYNOLDS staggering up to the office and then observed a white compact car, believed to be a Valiant, containing two men and a woman in the front seat in front of the car lot. CARTY raced down the hall and down the stairs, by which time the vehicle was gone. He ran over to assist REYNOLDS, who advised CARTY he did not know what had happened.

Mrs. CHRISTENE JEFFERIES, Apartment 101, 429 East 12th, advised she had just walked out to her car parked on Patton and she observed a small male, race unknown, about 5'6", running down the street towards her from the direction of the Reynolds Motor Company car lot waving a rifle. The man ran down an alley and disappeared from her sight.

Investigating police officers located REYNOLDS' broken glasses and a .22 rifle bullet on the floor of the Reynolds Motor Company basement and a blood trail leading over the route traveled by REYNOLDS to the couch. Also, it was determined REYNOLDS was not robbed of anything.

L. J. LEWIS, 7616 Hume, salesman at Reynolds Motor Company, advised the light bulb had been screwed out the night before the shooting.

Re: ASSASSINATION OF PRESIDENT JOHN FITZGERALD KENNEDY, NOVEMBER 22, 1963, DALLAS, TEXAS

On January 23, 1964, JOHNNY REYNOLDS, 622 West Five Mile Parkway, brother of WARREN, advised he was at home at the time of the shooting and that WARREN usually closed the lot at night.

On January 24, 1964, DARRELL WAYNE GARNER, also known as "DAGO", 1006 North Bishop, white male, age 24, born January 1, 1940, 5'8½", was arrested at Topper's Cafe, 315 East Jefferson, and charged with investigation, assault to murder and "drunk and disorderly." GARNER had been talking about how sorry the REYNOLDS brothers were and that WARREN REYNOLDS had received what he deserved. GARNER had been at the Reynolds Motor Company car lot on Monday, January 20, 1964, attempting to sell a 1957 Oldsmobile for which he did not have a title and became extremely upset when REYNOLDS would not purchase the vehicle.

The day after the shooting, January 24, 1964, an anonymous telephone caller advised JOHNNY REYNOLDS to go see "DAGO" and hung up.

It was determined GARNER owned a 1961 white Ford Falcon, License Number RM 1299, which he was in the process of purchasing from WELDON MC COWEN, 619 North Winnetka.

Mrs. DAHLIA GARNER, 1006 North Bishop, mother of DARRELL WAYNE GARNER, advised DARRELL does not generally reside at 1006 North Bishop and is presently living in his car. Mrs. GARNER stated DARRELL was a mentally unstable person whom she did not desire to have hanging around influencing her other boys, RICKEY, age 16, and EARNEST, age 19.

A .22 caliber rifle, Marlin Model 80-DL, was obtained in a search of 1006 North Bishop, which rifle was found not to be the one which fired the bullet removed from WARREN REYNOLDS.

DARRELL WAYNE GARNER advised that on the night of January 23, 1964, he was driving around in his car with AUDIE ANDERSON, white male, age 18, 728 Melba, and they picked up

Re: ASSASSINATION OF PRESIDENT JOHN FITZGERALD KENNEDY, NOVEMBER 22, 1963, DALLAS, TEXAS

NANCY JANE MOONEY, also known as BETTY MAC DONALD, white female, age 24, 319 North Windomere, and HELEN WOALSCHLAGER, white female, age 24, 319 North Windomere, in front of the Poodle Salon on Jefferson Avenue between Beckley and Zangs about 9:00 P.M. The four drove across the river and obtained some beer. When coming back from across the river they heard from the radio about a shooting on East Jefferson. NANCY MOONEY wanted to go see what happened so they drove around near the Reynolds Motor Company car lot for about five minutes and then left. They drove around town for awhile and took HELEN home about 10:30 P.M. DARRELL and AUDIE dropped NANCY at her place at 3:30 A.M., January 24, 1964.

A Polygraph examination on January 27, 1964, was afforded DARRELL WAYNE GARNER, RICKEY GARNER, EARNEST GARNER and AUDIE ANDERSON, and all were judged to be telling the truth and were released.

On February 3, 1964, DARRELL WAYNE GARNER made a long distance telephone call to Mrs. BILLIE BLAYLOCK, Las Vegas, Nevada, his sister-in-law, and advised her he had shot WARREN REYNOLDS.

On February 3, 1964, DARRELL GARNER was arrested on charge of investigation, assault to murder. GARNER admitted calling his sister-in-law in Las Vegas but would not state what he said. He was drunk and belligerent at this time. On February 4, 1964, GARNER stated he had been bragging to his sister-in-law so she would think he was a big shot. He also stated he frequently made statements like this when he was drunk.

On February 5, 1964, NANCY JANE MOONEY gave an affidavit substantiating GARNER's alibi for the night of January 23, 1964, when the shooting occurred. She was afforded a Polygraph examination which indicated she was telling the truth.

On February 13, 1964, at 2:45 A.M., NANCY JANE MOONEY was arrested and charged with disturbing the peace after engaging

in a fight with PATSY SWOPE MOORE over the affections of one JIMMY WALTER KIRKPATRICK.

After being placed in a cell at the Dallas City Jail, NANCY JANE MOONEY hung herself with her toreador trousers, causing death by asphyxiation.

On February 13, 1964, WILLIAM GRADY GOODE, 1618 Lebanon, furnished an affidavit in which he stated he had known NANCY JANE MOONEY for about six weeks, during which time she had attempted suicide on two occasions. The first attempt was by gas in her bathroom at 319 Windomere, but GOODE arrived in time to revive her. The second attempt at suicide was made by cutting her wrists. MOONEY also exhibited previous scars on her wrists and stomach and advised GOODE she had done that to herself.

NANCY MOONEY, on February 5, 1964, advised Detective RAMSEY, Dallas Police Department, she had worked as a stripper at JACK RUBY's place when she was very young.

PATSY SWOPE MOORE had known NANCY MOONEY about six weeks prior to their fight over KIRKPATRICK and had shared Apartment 4 at 5400 Live Oak, Dallas, with MOONEY. Both were employed at Mickey's Bar, 1402 Greenville Avenue.

NANCY advised PATSY she had four children who resided with NANCY's mother in Paris, Texas. PATSY understood these children had been taken away from NANCY, causing her to be very despondent at times. NANCY also stated to PATSY that she had been a former striptease girl working at various bars of that type in Dallas, but the only one PATSY can specifically recall is JACK RUBY's Carousel Club.

Interviews with GEORGE SENATOR, RUBY's former roommate, and with present employees of the Carousel Club failed to identify NANCY MOONEY as a former stripper at the club.

Captain O. A. JONES received a telephone call, date unrecalled, from BOB CONSIDINE prior to CONSIDINE's article in

the "New York Journal-American", at which time CONSIDINE related substantially the material contained in his article and requested Captain JONES to comment on it. Captain JONES declined to comment on the material.

During the course of the investigation into the shooting of LEE HARVEY OSWALD by JACK L. RUBY under the caption "JACK L. RUBY; LEE HARVEY OSWALD, (Deceased) - VICTIM; CR", no information was received to the effect that NANCY JANE MCONEY, also known as BETTY MAC DONALD, had ever been employed at the Carousel Club in Dallas, Texas, for JACK L. RUBY.

retained at the Bureau for transmittal to the Commission on receipt of the enclosed letterhead memorandum. It is requested the Bureau attach those records to the enclosed letterhead memorandum.

The last paragraph of referenced airtel instructed that reports of the Institute for Juvenile Research (IJR) relative to RUBY should be obtained and forwarded to the Bureau with the attached letterhead memorandum.

Doctor RAYMOND E. ROBERTSON, Psychiatrist in Charge, IJR, Chicago, has advised on both occasions he was contacted by Bureau Agents that he would not release records pertaining to RUBY without either a subpoena or a signed release from RUBY authorizing disclosure. On both occasions, Doctor ROBERTSON was contacted, he has stated IJR file concerning RUBY consists of approximately 50 pages of records which had been reduced to microfilm. He has stated that in the event documents are subpoenaed, he would be willing to prepare an abstract of the information contained in the IJR file and make it available along with the subpoenaed records. This information is set out in Doctor ROBERTSON's FD-302 which is attached to the letterhead memorandum.

[redacted] Jewish Childrens Bureau, 1 South Franklin, Chicago, Illinois, provided the following information concerning records in her possession relating to JACOB RUBENSTEIN, also known as JACK RUBY, and his family:

All actual records relating to the RUBENSTEIN family in possession of her office have been destroyed because of age, with the exception of a face sheet and several copies of Circuit Court of Cook County Juvenile Court records.

[redacted] advised that because of the passage of time the face sheet reflecting contacts with the RUBENSTEIN family was the only actual record her office still maintained. The face sheet she had in her possession was for JOE and FANNY RUBENSTEIN and their children: HYMAN, date of birth December 21, 1901; ANNA, date of birth May, 1904; MARY, date of birth June 3, 1906; EVA, date of birth 1909; JACOB (JAKE), date of birth April 25, 1911; SAM, date of birth December 25, 1912; ISADORE, date of birth May, 1914; and IDA, date of birth July 11, 1917.

[redacted] advised that the Cook County, Illinois, Juvenile Court docket numbers for the RUBENSTEIN children were as follows:

HYMAN
Number 60011

JAKE
Number 90342

SAM
Number 90340

ISADORE
Number 90341

IDA
Number 90343

[redacted] stated that the Cook County Juvenile Court records in her possession relate to scheduled hearings November 21, 1924, and another hearing scheduled December 8, 1924, before Judge VICTOR P. ARNOLD. [redacted] advised that the court documents in her possession, and which are mentioned above, provide no information relating to the disposition of the hearings. She further stated that all of the court documents in her possession for each of the RUBENSTEIN children were similar in nature and bore the same dates.

[redacted] made available for copying the original face sheet she had in her possession concerning the RUBENSTEIN family, along with the Circuit Court of Cook County juvenile records also relating to the RUBENSTEIN family. She requested, however, that these records not be sent out of Chicago, but that they be copied in Chicago and be returned to her before the close of business March 13, 1964.

On review of the reverse side of the face sheet of the RUBENSTEIN family, which she had in her possession, Mrs. LAWRENCE stated that she could not interpret all of the notations appearing thereon. She stated that in spite of the fact she has been connected with social work in the Jewish community in Chicago, Illinois, for over 40 years, she could not identify all the notations on the face sheet.

With regard to the requests by the President's Commission on the Assassination of President Kennedy for reports on the RUBENSTEIN family entitled as follows: "JFE 11-25-32, JSSB C 3-32, Rest Haven 8-11-30, JFE 7-13-29, WL 6-30-27, JHFS 2-15-26, MTS Racine 3-25-24, IJR 43-76 7-6-22," Mrs. LAWRENCE advised as follows:

The initials JFE could possibly relate to the Jewish Free Employment Bureau, now called the Jewish Vocational Service headed by WILLIAM GELMAN, second floor, 1 South Franklin, Chicago, Illinois. The initials JSSB probably relate

to the Jewish Social Service Bureau, now known as the Jewish Family and Community Service, 1 South Franklin, Chicago, Illinois, headed by Mr. SIDNEY BERKOWITZ. The name Rest Haven is the former name for the Schwab Rehabilitation Center at California and 16th Streets, Chicago. The executive director of the Center is IRA GOLDBERG. The initials WL probably relate to the Women's Loan Association, which is now a part of the Jewish Family and Community Service above. The initials JHFS relate to the Jewish Home Finding Service, which was the parent agency of the Jewish Childrens Bureau headed by [redacted] The initials and name MTS Racine undoubtedly, in [redacted] opinion, relate to the Chicago Municipal Tuberculosis Sanitarium, Racine Avenue Branch. The initials IJR in the opinion of [redacted] relate to the Institute for Juvenile Research at Chicago, Illinois.

At this point, [redacted] advised, as she had previously, the only significant information which she felt appeared on the face sheet of her office's record in relation to the RUBENSTEIN family was the notation relating to IJR as, "I.J.R. 7-6-22 Exam Number 4376 Jake."

With regard to the Cook County, Illinois, Juvenile Court records in her possession concerning the RUBENSTEIN children, [redacted] said none of them related to HYMAN RUBENSTEIN, Juvenile Court Docket Number 60011.

SIDNEY BERKOWITZ, Executive Director, Jewish Family and Community Service, 1 South Franklin, Chicago, Illinois, advised that his office contained no records or report concerning any member of the JOSEPH - FANNY RUBENSTEIN family, of which JACK RUBY, true name JACOB RUBENSTEIN, was a member.

Mr. BERKOWITZ advised that the Women's Loan Fund (WLF) is no longer in existence, and that the records pertaining to it had been destroyed. He stated that during the depression in the 1930s the WLF functions were taken over by the Self-Support and Loans Group, a subdivision of his agency, the Jewish Family and Community Service. With regard to his agency, Mr. BERKOWITZ advised that it had formerly been called the Jewish Social Service Bureau.

Miss BROWN stated that there was no record of any patient at the hospital prior to 1947, and that the hospital was a convalescent home until 1956.

Miss BROWN advised that if JACOB RUBENSTEIN, also known as JACK RUBY, or any member of his family had been at Rest Haven in 1930, there would be absolutely no way of ascertaining this at the present time.

Mrs. GLADYS GREEN, Senior Clerk, Central Office, Municipal Tuberculosis Sanitarium, 54 West Hubbard Street, Chicago, Illinois, advised that the records of her office contain no information concerning the family of JOSEPH and FANNY RUBENSTEIN, the parents of JACOB RUBENSTEIN, also known as JACK RUBY.

Mrs. GREEN advised the reference to a MTS Racine report dated March 23, 1924, undoubtedly referred to the Racine Avenue Branch of the Municipal Tuberculosis Sanitarium. She stated that the Racine Avenue Branch is no longer in existence, and that records concerning it had been divided among the three clinics taking over the area formerly covered by the Racine Clinic. She stated that based on the information available it appeared that any records concerning the RUBENSTEIN family above would be located at the Washington Clinic, 2049 West Washington Boulevard.

Mrs. GREEN advised, however, that in view of the fact that the Central Office maintains no record of the RUBENSTEIN family, it did not appear that any of them had ever been tubercular. She stated that it is the policy of the sanitarium to retain records concerning tubercular patients and to index them by both name and street address. She stated that both her name and street address indices failed to reflect any information concerning the RUBENSTEIN family.

SIMON B. FRIEDMAN, Assistant Executive Director, Jewish Vocational Bureau, 1 South Franklin, Chicago, Illinois, provided the following information:

His agency was formerly known as the Jewish Free Employment Bureau (JFEB). The records of his agency contain no information concerning JOSEPH RUBENSTEIN, his wife FANNY, or their children HYMAN, ANNA, MARY, EVA, JAKE, SAM, ISADORE, and IDA. He advised that in the event the RUBENSTEIN family above had been in contact with his agency, his records would have been destroyed because of his agency's continuing policy of record destruction. He stated that employment assistance records are destroyed after five years of no activity, while records concerning more extensive service to the family are destroyed after ten years of no activity.

FRIEDMAN advised that the JFEB had been founded in 1920, and that its name had been officially changed to Jewish Vocational Service and Employment Service in 1936.

Dr. RAYMOND E. Dr. ROBERTSON stated that this file to date has not been subpoenaed by the President's Commission on the Assassination and that in addition to the original inquiry by the FBI in December, 1963, the only person contacting IJR relative to RUBY had been a member of the Chicago press who had been turned away without having been provided any information.

Dr. ROBERTSON stated that IJR file 4376 relates to JACOB RUBENSTEIN, also known as JACK RUBY, and that it consists of approximately 50 microfilm records. He advised that in view of this, in the event the record is subpoenaed, he would be willing to prepare a summary of the file and forward it along with the file itself if such a request is made.

Dr. ROBERTSON stated that he wished to cooperate in every way possible, but that because of the nature of the information contained in the file, he did not believe that he could release it unless the file were subpoenaed or JACK RUBY authorized its release.

Commission, by referenced letter, referred to above item wherein one Warren Reynolds, a witness to Oswald's shooting of Dallas police officer J. D. Tippit, was in turn shot by an intruder in his auto concern. Dallas PD suspect Darrell Wayne Garner, was absolved from involvement in the shooting of Reynolds "primarily" because of the testimony of Betty (Mooney) MacDonald, allegedly a stripper at Jack Ruby's Carousel Club. Subsequently, MacDonald is reported to have hung herself. The Commission requested "a full report." Purpose of Commission's request is not known; however, Reynolds was witness to Tippit shooting. Reynolds is recovering. Investigation by our Dallas Office through the Dallas PD substantially corroborates Considine's story with the exception his story is somewhat sensationalized. Based on our investigation MacDonald was never employed by Jack Ruby and there is no apparent connection with this matter and our investigation.

JACK L. RUBY
LEE HARVEY OSWALD - VICTIM

The following information concerning Lewis Joseph McWillie was developed by the FBI in connection with another matter.

Records of the Nevada Gaming Commission, Carson City, Nevada, made available by Investigator Harold Anderson to SA Thomas G. Dempsey on November 21, 1963, reflect the following information:

Lewis Joseph McWillie, also known as Lewis Joseph Martin, FBI Number 4-404-064, has the following arrest record:

November 20, 1925 - larceny - Memphis Police Department, their number 8480 - disposition not shown

August 3, 1945 - USM, Dallas, Texas, number 5367 - violation of OPA Gas Ration Act - disposition not shown

December 12, 1947 - Memphis, Tennessee Police Department - investigation known gambler - fined

June 30, 1949 - Dallas, Texas Police Department - their number 28652 - investigation gambler - released

June 27, 1961 - Sheriff's Office, Reno, Nevada - applicant - number A03382

October 4, 1961 - Reno, Nevada Police Department, number 87293 - applicant

February 15, 1963, Clark County Sheriff's Office, Las Vegas, Nevada, their number 63658 - applicant.

The Memphis Police Department has a lengthy arrest record for McWillie under their number 8480, from November, 1925, to December, 1947. All dispositions were shown as fines and released except that on November 20, 1925, he was sentenced to two years at the Boys Reformatory, Washington, D. C., for violation of Dyer Act.

Files contain a letter from the Crime Commission of Greater Miami dated October 11, 1961, from Daniel P. Sullivan, Operations Director, who advised he could locate no information regarding McWillie in connection with operations of former Havana, Cuba, gambling casinos.

Investigation by Confidential Source reflected that at Dallas, Texas, McWillie was a member of the "so called gambling syndicate" operating in the Dallas area before the city and county of Dallas were closed in December, 1946. On April 11, 1946, McWillie killed one George Arthur McBride, a Dallas, Texas thief with an extensive record, at Dallas, when McBride attempted to hold him up. This case was no billed by the Dallas County Grand Jury. As of May, 1960, McWillie was pit boss at the Riviera Casino, Havana, Cuba. Report reflects that it would appear McWillie solidified his syndicate connections through his association in Havana, Cuba, with Santo Trafficante, well known syndicate member, for Tampa, Florida; Meyer and Jake Lanski; Dino Cellini and others who were members of or associates of "the syndicate". McWillie has been in Nevada since June, 1961. From 1941 to about 1948, he resided in the Dallas, Texas, area and was a prominent figure in illegal gambling in that area. He left Dallas and went to Havana, Cuba, where he was known to associate with nationally known gambling characters such as Willie Bischoff, also known as Lefty Clark, Jake Lansky, Trafficante, and others.

McWillie was former Casino Manager at the Riverside Hotel, Reno and he began his employment in the casino at the Thunderbird Hotel, Las Vegas, on February 14, 1963, as an assistant to Mike Rennis, day shift casino boss.

On November 20, 1963, Robert Kellerer, Identification Officer, Washoe County Sheriff's Office, Reno, advised that Lewis Joseph McWillie, born May 4, 1908, at Kansas City, Missouri, FBI Number 4-404-064, was printed by his agency on June 27, 1961, for a work card for employment as a floor man at the Cal Neva Lodge, Crystal Bay, Nevada. This card expired on June 27, 1962, and has not been renewed. His residence at that time was Glad Lake Court, Kings Beach, California. He listed his mother as Blanche McWillie, 3631 Southwest 18th Terrace, Miami, Florida.

On December 17, 1963, Pat Tuggle, Clerk, Reno, Nevada Police Department, advised her records reflect Reno Police Department Number 87293 was assigned to Lewis Joseph

McWillie who registered with her agency as a pit boss at the Riverside Hotel casino, Reno, on October 4, 1961. References listed were Bill Miller, Eddie Moss, and T. W. Richardson, all of the Riverside Hotel. He listed the following as residences:

December, 1941 - September, 1958 - Maple Terrace, Dallas, Texas

September, 1958 - January, 1961 - Havana, Cuba

January, 1961 - June, 1961 - 3631 Southwest 18th Terrace, Miami, Florida

June, 1961 - September, 1961 - Gladly Lodge, Kings Beach, Lake Tahoe, California

He admitted being arrested for violation of the Dyer Act in 1925 and in 1946 was arrested by the Dallas, Texas Police Department for killing a hold-up man. He claimed that he was exonerated of the above charge at Dallas.

On December 16, 1963, Inspector Robert Andreane, Reno Police Department, who conducts investigations regarding employees at various casinos in the Reno, Nevada, area advised that McWillie is currently employed as a pit boss or assistant pit boss at the Thunderbird Hotel casino, Las Vegas, Nevada. Andreane advised that while employed at the Riverside Hotel Casino in Reno, there was no indication of any illegal activities on McWillie's part. However, undoubtedly McWillie was well acquainted with some of the prominent gambling hoodlums in the United States.

# Cuba Invasion Office Opened in Chicago

By SAM KUSHNER

CHICAGO—An office has been set up in Chicago's loop which is openly recruiting for an attack on Cuba.

It claims to represent "anti-Castro Cubans" in an organization called the Cuban Democratic Front, but two developments here give rise to some question about the nature of this organization.

Sergio Montejo, who describes himself as the "assistant chairman" of this new organization, has held a number of "press conferences" in his new offices at 166 W. Washington, but discreetly omits all mention of why he left Cuba.

Montejo was exiled from Cuba for selling exit permits to Batista and using the proceeds for his own personal gain. This is the statement made to The Worker by John Rosen, chairman of the Chicago Fair Play for Cuba Committee, who stated that this information was given him on a recent trip to Cuba.

On December 11 Dr. Manuel Anthony De Verona, the self styled co-ordinator of the Cuban Democratic Front, in a speech at the Ashland Boulevard Auditorium in Chicago called for the direct intervention of American marines in order to overthrow the Castro regime.

The Chicago committee says its aim is to recruit 600 persons for the Cuban invasion in Chicago.

A thinly veiled attempt by two Chicago newspapers, the Chicago Tribune and Chicago's American, to secure the ouster of a Chicago school teacher, Verne K. Kraut, from his post, because he is alleged to have made remarks favorable to the Castro regime while on a trip to Cuba over the Christmas holidays fizzled.

These two newspapers in editorials and "news accounts" gave great publicity to an attack on Kraut at the Miami Airport by Lee McWillie, a former manager of the Tropican night club in Havana, who had said that he was incensed by Kraut's pro-Castro stand.

UPHOLDS FREE SPEECH

In dismissing the howl set up for Kraut's dismissal, Richard McVey, assistant superintendant in charge of Chicago school personnel, stated:

"It is not my intent to muzzle an individual's prerogative to freedom of speech".

In commenting on McWillie's attack on Kraut, he added:

"Under those circumstances it isn't too hard to understand why he (McWillie) might swing at anyone who said anything that might possibly be construed as favorable to Cuba."

An attempt by Chicago newspapers to query some people who had visited Cuba over the New Year's weekend as part of a tour organized by the Fair Play for Cuba Committee, brought forth only favorable replies in relation to Cuba.

Hans Diamont, a business man, said he was "shocked" by the U. S. break with Cuba. He said, "I think the U. S. ought to wake up."

Mrs. Shirley Freundlich, a medical technician, commented on the break by saying:

"I think it's a terrible mistake on the part of our government to do such a thing."

Others who had been part of the tour commented along similar lines.

Every person interviewed by the press was quoted as being critical of the policies of the Eisenhower administration.

LEWIS McWILLIE, 3631 Southwest 18th Terrace, Miami, Florida, advised that he is the former manager of the Tropicana Night Club in Havana, Cuba. He stated that when returning to the United States from Cuba and waiting at the Havana International Airport for his flight to Miami, he overheard an American talking to a group of men who apparently were Cuban newspaper correspondents. He stated that the American spoke in English and was denouncing "President EISENHOWER and American imperialism." He told the Cubans that all Americans thought about was the dollar and that in his opinion, the government of FIDEL CASTRO was the right kind of government. McWILLIE advised that this American was wearing the Fair Play for Cuba Committee badge and another badge indicating he was a guest of the Cuban Government which he took off before arriving in the United States. McWILLIE advised that he and this American both traveled to the United States aboard the same airplane and that when they arrived at Miami, McWILLIE went up to this man and said, "Why don't you make remarks you made in Havana?" McWILLIE stated the man then made a sudden movement and McWILLIE hit him. McWILLIE further stated that police officers at the airport asked this American whether he wanted to prefer charges against McWILLIE and he refused. McWILLIE stated that he did not know the name of this man, LA VERNE KAUTT, until he saw it in the newspapers.

JACK L. RUBY
LEE HARVEY OSWALD - VICTIM

The following information concerning Lewis Joseph McWillie was developed by the FBI in connection with another matter.

The January 3, 1961, edition of the "Chicago American," a Chicago daily newspaper, on page 5, column 2, contains an article captioned "Teacher Ducks Talk of Punch." The article states that LaVerne Kautt, a teacher at Senn High School, refused to answer questions by reporters after having promised three times to talk to the press. Kautt stated, "My advisers agree this is a private matter. I have nothing to say about it." The article reflects that Kautt was in Havana over the week end with eighty other Chicagoans who were guests of the Fair Play for Cuba Committee. Lewis McWillie, of Miami, told the "Chicago American" that he was waiting to board a plane for Miami in Cuba when Kautt started talking to Cuban newspapermen. Kautt told the reporters that everything that Castro and the Cuban Government was doing is a good thing, even taking property from the Americans. He said that the United States wasn't anything but an imperialistic government. McWillie stated Kautt also strongly denounced American newspapers quoting him as saying they constantly misinterpret and misrepresent stories that come from Cuba because imperialist advertisers dictate editorial policy to American newspapers. McWillie said he was so annoyed over what Kautt said that when their plane landed at Miami, he asked Kautt to repeat his remarks on American soil. Kautt refused and McWillie said, "He made a move like he was going to hit me so I hit him in the nose."

The January 4, 1961, edition of the "Chicago Tribune," a Chicago daily newspaper, on page 5, contained an article captioned "Teacher to be Questioned on Fidel Fracas." It mentions that Assistant Superintendent Richard C. McVey, who is in charge of school personnel, planned to talk with LaVerne Kautt concerning possible disciplinary action by school officials and the Board of Education in connection with statements made by Kautt in Cuba concerning the American Government. McVey said that if it is found that Kautt is a member of the Communist Party or any organization that advocates overthrow of the Government, he would be discharged

44-24016-532

for violating a non-Communist oath he signed in 1955. The article further reflects that Kautt, when interviewed by a "Tribune" reporter in Senn High School, denied comments attributed to him and said the situation was "ridiculous." He said, "What I said I would be willing to repeat to the Superintendent of Schools, the President or to anybody." Kautt said he is a registered Republican voter, not a Communist and just a tourist who got involved in a situation. Kautt described himself as an average school teacher, not wealthy, and said he got a circular in the mail about the trip to Cuba for $200.00. "On a teacher's salary I couldn't afford what it would normally cost. It was a tremendous opportunity to take this trip." Kautt considered the incident in Havana where McWillie took offense at something he was saying a misunderstanding.

The January 6, 1961, edition of the "Chicago Sun Times," a Chicago daily newspaper, on page 7, column 1, contained an article captioned "Teacher Who Got Punched Denies He Praised Castro." The article states that Chicago school teacher LaVerne E. Kautt denied Thursday that he praised Cuba's Fidel Castro or criticized the United States after a trip to the island. "I believe him," said Richard C. McVey, Assistant Superintendent in charge of school personnel. McVey said even if Kautt made the remarks attributed to him, he certainly could not take any action against him. He went to Cuba on a legitimate leave of absence and did not try to pass himself off falsely as a school representative. "It is not my intent to muzzle an individual's prerogative to freedom of speech." McVey said he learned that McWillie, the former manager of the Tropicana Night Club in Havana, had just had most of his assets confiscated by the Castro regime. "Under those circumstances, it is not too hard to understand why he might swing at anyone who said anything that might possibly be construed as favorable to Cuba."

NOTE: In the above referenced Commission letter Lane allegedly identified Ruby as the third member at this meeting before the Commission's executive session. Lane is also reported to have stated he was endeavoring to obtain from his "source" permission to reveal the name of the source to the Commission. However, the Commission indicated Lane had not recontacted them with regard to the identity of this source and that they were to communicate with him to establish whether he was in a position to reveal the name of the source. Buairtel 3/13/64 advised President's Commission on the Assassination of President KENNEDY has requested advice as to the whereabouts of CURTIS LaVERNE CRAFORD aka Crafard, Larry, former employee of RUBY in Dallas, who was interviewed at Bellaire, Michigan, 11/28/63. Commission desired to issue subpoena for CRAFORD sometime after 3/23/64.

CRAFORD appeared as defense witness in RUBY trial 3/12/64, testified he had voluntarily hitchhiked to Dallas from unnamed point to testify.

Immediate investigation on receipt of Buairtel disclosed CRAFORD had stayed nights of 3/10, 11 & 12/64 at Dallas City Mission. He had reappeared at the Mission 3/13/64, but was turned away because he had overstayed the allowable time at the Mission and, further, because he appeared to be in a drunken condition. Checks at Dallas City Jail and Salvation Army were negative. Subsequent investigation disclosed CRAFORD had spent night of 3/14/64 at a fourth-rate hotel in Dallas downtown area.

You gave Jack Ruby the chair. Your honor, this verdict should be definit but not for Ruby. Those who rightly deserve it are Henry Wade, Max E. Causey, Dall Police, Dallas Politicians and yourself your honor, for at the time of Kennedy's slaughtering you along with millions of Americans were potential killers, this bei definitely proved by the fact that Lee Harvey Oswald was never given proper protec tion, and although you were the ones supposed to protect his life you did nothing positive, thus approving of Lee's execution, and actually enforcing old-times Texa laws.

In lieu of protection he was abandoned to his fate in a wolves' world wh extended throughout the world, and you purposefully offered him to anyone mad enou to replace the firing squad by broadcasting and showing the exact time and place where he was to appear, signing his death certificate by falsely protecting him with a police detail limited enough to permit the passing of any prospect to carry out the understood orders.

By letter dated 3-18-64, the President's Commission requested identity of telephone numbers at the residence and employment of Mr. Lewis J. McWillie including any pay phones in the latter. The Commission also requested any additional information from our files other than that already furnished relating to Lewis J. McWillie. It is noted McWillie is a gambler in Las Vegas. He formerly resided in Dallas where he was acquainted with Ruby, and Ruby visited McWillie in Cuba in 1959 when McWillie was operating a gambling casino in Havana.

In addition to the identity of the telephone numbers requested, the Commission is being furnished with the following items concerning McWillie:

(1) A copy of a newspaper clipping from "The Worker" dated 1-15-61 which contains information concerning an altercation between McWillie and LaVerne Edward Kautt at the Miami airport in January, 1961, as a result of alleged pro-Castro remarks made by Kautt. It is noted that an investigation has been conducted by us regarding Kautt, a school teacher in Chicago, Illinois, suspected of having communist sympathies.

(2) A memorandum containing information concerning the above-mentioned altercation between McWillie and Kautt obtained from three Chicago, Illinois, daily newspapers as set forth in the report of SA Eugene J. McKinney dated 4-27-61 at Chicago in the case entitled "LaVerne Edward Kautt - Security Matter - C."

(3) An interview report form dated 3-23-61 containing results of an interview with McWillie by SA John E. Moone at Miami, Florida, on 3-22-61 (wherein McWillie advised he hit Kautt as a result of Kautt's denouncing "President Eisenhower and American imperialism) as set forth in report of SA Eugene J. McKinney dated 4-27-61 at Chicago in case entitled "LaVerne Edward Kautt, Security Matter - C."

SUBJECT: PERCY FOREMAN
JACK L. RUBY
INFORMATION CONCERNING

The "Washington Post and Times Herald" of 3/20/64 contained an article wherein it is mentioned that Percy Foreman, a Houston TEX criminal attorney who says he can afford to choose his clients carefully, agreed to replace Melvin Belli as chief counsel for Jack Ruby, who was recently convicted of the murder of Lee Harvey Oswald.

No investigation has been conducted by the Bureau concerning Foreman, who is President of the National Association of Defense Lawyers. Reportedly he has handled more than 700 criminal offense cases and has lost only one defendant to the electric chair.

Information in Bureau files reveals that Foreman has been characterized as one of the most brilliant criminal attorneys in the southwestern part of the United States. He constantly represents members of the criminal element and has been most successful in obtaining acquittal of individuals relative to murder, etc. He has represented individuals involved in investigations conducted by our Houston Division and on a continuing basis refuses permission for his clients to be interviewed by Agents. Foreman reportedly would stoop to any limit in an effort to "manufacture a witness" to gain acquittal for clients. He has been described as a "big blow hard" who will back down when confronted with the facts. He has a most lucrative practice and usually ends up with all the real and personal property of his clients. He is considered a high-priced "mouthpiece." (62-9-12-220) Foreman has a reputation for injecting into his cases such civil rights issues as alleging abuse by arresting officers.

Additional information in Bureau files reveals that Foreman was involved in a Federal Reserve Act case during 1955-1956 in which the U. S. Attorney in Houston on 2/21/56 advised no additional investigation was warranted and our case was closed. In an Interstate Transportation of Stolen Motor Vehicle case in which he was defense attorney Foreman told a U. S. District Judge in Houston in chambers that he needed time to investigate an alleged ransacking by Bureau agents of the law office of two subjects in Chicago. The subjects

had been arrested in Chicago in 1959 and had been ordered to appear in Houston for trial. There was no foundation for this allegation. During cross-examination of a Bureau Agent in January, 1960, in this case, Foreman referred to the Bureau as "constabulary" and "Federal police;" however, he promptly thereafter volunteered that he intended no disrespect.

In April, 1961, Foreman identified himself to our Houston Office as an attorney for Joseph Francis Civello, a top hoodlum of the Dallas Division, who was in attendance at the Apalachin meeting. (29-28704-3288)

Bureau files also reveal that an indictment was returned in Houston, Texas, in October, 1937, charging Foreman with subornation of perjury, a felony. A nolle prosequi was entered 3/18/38. Foreman was also indicted by a grand jury in Houston for keeping and exhibiting a policy game, a felony, and on 11/1/43 he was found not guilty after a jury trial. (87-55433)-5

Early in March, 1964, articles appeared in the local press that the Warren Commission had reversed its position regarding the protection of interests for Oswald and appointed Walter E. Craig, President of the American Bar Association, to protect Oswald's interests. It was indicated that the Commission in naming Craig by-passed Percy Foreman who, according to the articles, was among the earliest to suggest that a defense counsel for Oswald was necessary to get the truth.

TO : Mr. Rosen

DATE: March 26, 1964

FROM : G. H. Scatterday

SUBJECT: DR. HUBERT WINSTON SMITH
JACK L. RUBY
INFORMATION CONCERNING

The Washington "Daily News" 3/25/64 contained a short article entitled "The Ruby Case," which indicated that Dr. Smith, Director of the Law Science Academy at Texas had been hired to represent Jack Ruby and would work "without fee."

Bureau files indicate that we have not investigated Dr. Smith. However, since 1942, we have had considerable cordial correspondence with Dr. Smith in connection with his work and research in the field of medico-legal matters.

Dr. Smith was born in Texas in 1907. He graduated from Harvard with both a LL.B and a M.D. degree. He has been connected with Harvard, Tulane, Louisiana State, and Texas Universities, over the past many years. Also, he has served as a member of the White House Conference of Children and Youth during 1951-52. In 1942, he was a lieutenant in the United States Navy, and first wrote this Bureau in connection with his research in the relationship between law and medicine. He indicated at that time that he was preparing material for a book on that subject. Our correspondence with him over the past many years has been entirely cordial. He has also been favorable to the Bureau and the Director. We have furnished him a good deal of material in connection with his research. He has been interviewed by Bureau officials and afforded detailed tours of the Bureau.

During the past five years we have not heard from him. However, in 1957, he corresponded with this Bureau. At that time, he was Director and Professor of Law and Legal Medicine of the Law-Science Institute sponsored by the University of Texas in Austin, Texas. (94-33938- 94-1-4279- 94-1-1005)

TO : SAC, OKLAHOMA CITY DATE: 5-11-61

FROM : SAC, DALLAS (162-0)

SUBJECT: SIDNEY SIEDBAND
INTERSTATE GAMBLING ACTIVITIES

On 5-2-61, Detective H. M. HART, Criminal Intelligence Section, Special Service Bureau, Dallas PD, Dallas, Texas, made available to SA ROBERT P. GEMBERLING a memorandum prepared by him concerning gambling operations in the City of Dallas and Dallas County, Texas. This memorandum reflects that one of the most active gambling houses is operated by JOHN BENTON TURNS, aka. J. B., Dallas PD #12510, and MORRIS RUFUS MARTIN, aka. Red Martin, Dallas PD #4476. The latter also operates the Custom Cleaners at 4817 Bryan Street, Dallas, Texas. This gambling house is located on Copeland Road, Tarrant County, Texas, which was formerly operated by J. B. TURNS and ALBERT MEADOWS, Dallas PD #11974. JOHN TURNS and MEADOWS were convicted in Tarrant County District Court in 1960 for operating a gambling house at that location.

According to Detective HART, SIDNEY SIEDBAND, Dallas PD #39422, a dice man and bookmaker from Oklahoma, is a close associate of both TURNS and MEADOWS.

The Dallas Office indices reflect that on 4-2-59, the Dallas PD received a letter from the Oklahoma City PD to the effect that SIDNEY SIEDBAND, FBI #773833, had been arrested in Oklahoma City and in his possession were a large number of telephone numbers of Dallas and Ft. Worth, Texas, contacts. These contacts were identified as follows:

AL MEADOWS, FBI #856929, phone FL 7-7950, at 2438 Inwood, Dallas, gambler and ex-convict;

OSCAR COLQUITT SWAIN, aka. "Cotton", FBI #492723, phone TA4-5779, 2203 N. Carroll, Dallas, gambler and ex-convict;

This article states that the first week of the Warren Commission investigation in Dallas provided little more than speculation to the public. The article stated that the majority of witnesses interviewed have been Dallas policemen who witnessed the OSWALD slaying and that many of these officers were previously interviewed by trained investigators -- members of the FBI, the Secret Service and fellow officers.

The article states that when asked about "duplication", persons close to the investigation reply that the Warren Commission agents are compiling trial-like testimony as opposed to written statements.

The above-mentioned article is being furnished to the Bureau for its information.

# Leaks From Warren Probe Arouse Public Speculation

By JOHN GEDDIE

The first week of the Warren Commission investigation in Dallas provided little more than speculation to the public.

A few facts, however, leaked through closed doors of the commission rooms.

And many of the facts have contributed to more speculation.

When the team of attorneys arrived, they indicated that investigation would primarily concern the assassination of President Kennedy and the murder of Patrolman J. D. Tippit. They did not mention the murder of Lee Oswald, which was witnessed by millions on television.

But the majority of witnesses interviewed have been Dallas policemen who witnessed the Oswald slaying. Many of these officers were previously interviewed by trained investigators — members of the FBI, the Secret Service and fellow officers.

They also have filed reports to the district attorney and a few testified at the Jack Ruby murder trial.

When asked about "duplication," persons close to the investigation reply that the Warren Commission agents—attorneys picked from private practice—are compiling trial-like testimony as opposed to written statements.

This is necessary, they say, to provide a complete history of the three days in November. And they add, although Oswald is dead, the finished Washington report will provide a trial-of-sorts, complete with a question-and-answer transcript.

Heavy interest in the Oswald shooting also is indicated by the City Hall basement mockup set up behind locked doors at the Federal Building. The replica of the shooting scene, flown in from Washington, is used by officers when they give testimony.

The City Hall shooting site is only a few blocks from the Federal Building. But the mockup, owned by the FBI, apparently is used to allow interviews in private.

The number of persons interviewed indicates the investigation may end well before the estimated "three or four weeks." If not, many more than the estimated "40 or 50" persons likely will be interviewed. Almost that number already have given sworn testimony.

Thus far the other half of the heavy emphasis of interviewing has been at Parkland Hospital. Dozens of doctors, nurses, orderlies and other employes have been interviewed.

The attorneys, who work at the office of U.S. Dist. Atty. Barefoot Sanders, toiled until almost midnight Thursday. During the day they meet witnesses in private. The daily list of persons interviewed is issued by Sanders.

Many of the names are well known as murder trial witnesses or police officers. Others turn out to be parking lot attendants or hospital workers. Others cannot be checked.

It is these unknown witnesses who may provide the only new evidence in the much-investigated events.

Friday's single witness was Huey Reeves. Reserve officers H. B. Holly, A. M. Criss, G. E. Worley, K. [illegible] and A. R. Brock made statements Thursday night.

ORIGINAL FILED IN 62-109060-2787

Referenced Dallas airtel set forth certain information, instructions, and requests of those offices which had conducted considerable investigation in captioned matter. Offices receiving instant airtel are being advised of certain information contained in referenced Dallas airtel as follows:

As Office of Origin, Dallas is setting forth the following information, instructions, and requests to those offices which have conducted considerable investigation in the above related matters in order that the various instructions and requests from the Bureau can be carried out and the Bureau's responsibilities fulfilled. It has become necessary to re-evaluate instructions issued during the early stages of this investigation with regard to reporting procedures. Initially, it was sufficient to submit certain information by Letterhead Memorandum as it was only necessary to disseminate such information to the U. S. Secret Service or one of the other government agencies. Since the establishment of the President's Commission, the Bureau desires that the Commission be furnished with the results of all investigation conducted in connection with the assassination. This of necessity includes individuals and situations having little or no direct connection with the assassination.

The above-captioned cases are in existence in the Dallas Office in connection with the assassination and subsequent events. In connection with the first captioned case above, every effort is being made to include in this file allegations alleging some person or persons other than OSWALD committed the assassination. This includes numerous complaints from persons of questionable mentality and who appear mentally unstable or disturbed. The Bureau has instructed that each of such allegations must be fully resolved and reported as the President's Commission has indicated a desire to receive all information pertaining to all investigation conducted concerning the assassination and related matters. In some instances, certain allegations are received that do not indicate a connection or reference to OSWALD, but upon checking into them it is determined such allegations do pertain to OSWALD. In such instances, such investigation may have been reported in the first of the above-captioned cases, but every effort is being made to avoid placing anything in the first captioned case which has to do with OSWALD or his connection with the assassination.

The Bureau in many instances has sent communications carrying the first caption above although the subject matter indicates it pertains to OSWALD and/or the evidence gathered in the investigation into the assassination, and the Bureau has requested that in replying to their communications, such

communications bear the same caption as the communication making the request. Dallas is abiding by this request but where the subject matter pertains to OSWALD or the evidence in connection with the assassination, Dallas is filing such communications in the second captioned case set forth above.

In many instances, auxiliary offices have reported the results of their investigation concerning a miscellaneous allegation not involving OSWALD or connected with OSWALD by Letterhead Memorandum and in some instances have included the results of such investigation in reports bearing the second caption above.

The most logical facility for advising the President's Commission of investigative results is by report. The Bureau has instructed Dallas, as Office of Origin, to coordinate the assembling and submission of reports under the first caption above. It is requested therefore that each office receiving this communication fully cooperate to enable Dallas to handle its responsibilities in this connection. Each office should continue to submit its own reports in matters pertaining to LEE HARVEY OSWALD and/or the assassination insofar as it relates to OSWALD.

Before Dallas can submit the reports requested by the Bureau in the first captioned case (Dallas 89-43), it will be necessary that all investigation previously reported by Letterhead Memorandum and other communications such as teletypes, airtels and letters be incorporated in appropriate FD-302s or inserts. All files relating to this matter must be thoroughly and meticulously reviewed to insure all investigation is logically resolved and 25 copies of inserts or FD-302s submitted to Dallas. It is recognized that considerable retyping will be required, but this retyping must be handled by each individual office receiving this communication in order that the retyping at Dallas is held to an absolute minimum. The day-to-day urgent requests of Dallas in connection with this matter are of such volume that for Dallas to handle the retyping of material submitted by other offices is not feasible. The investigative results which normally would have been prepared on FD-302s, but which were not so prepared in view of their incorporation in a Letterhead Memorandum, should now be retyped on a FD-302 where appropriate. The usual five-day dictation rule for FD-302s will of necessity have to be suspended for this particular project only and must be strictly adhered to in the future.

Those investigations initiated as a result of the assassination, but of necessity reported under a different title and character than those reflected in this communication, such as Fraud Against the Government and Extortion cases, will have to be identified by each office receiving this communication and 25 copies of all FD-302s and inserts in connection with the investigation in these cases furnished to Dallas for inclusion in a subsequent Dallas report bearing the first caption above. It is suggested that in this respect that at the time a Fraud Against the Government, Extortion or other case arising out of the assassination is closed, that the complete results be forwarded to Dallas for inclusion in a Dallas report along with other allegations which have been completely resolved.

Separate inserts and FD-302s should be prepared in each instance where a specific allegation is concerned and a subject matter heading such as the name of the individual against whom the allegation is made or other appropriate identifying data should be included. In the case of the Fraud Against the Government, Extortion and other cases, the actual title used in such cases would be an appropriate heading. In all instances the complete resolving of the allegation is necessary before the insert can be included in the report. In connection with inserts prepared where the source has requested his identity be protected, it will be necessary to furnish Dallas an appropriate administrative insert reflecting the identity of the source. T symbols cannot be used in this report. A statement on the administrative insert such as: "The source who requested his identity not be divulged and who furnished information concerning JOHN DOE reflected in this report is BILL JONES, etc.".

The investigative insert reflecting the information from such a source should begin with a statement such as:"On (date) an individual who requested his identity not be divulged, but who has furnished reliable information in the past (or who has furnished insufficient information in the past to determine his reliability), advised, etc.".

Each office receiving this communication which received an allegation resulting in subsequent investigation must prepare an appropriate insert disclosing the "predication" or "basis" for the investigation. Where leads are indicated to completely resolve an allegation, the office developing same should set out the necessary leads to completely resolve the allegation.

Where an office has already included in a report under one of the above described captions, certain information relating to an allegation, it will be permissible to state in an insert for the details of the report being prepared by Dallas, a statement such as: "The following (or the foregoing) investigation supplements that contained on pages _____ of the report of SA _____, dated _____ at _____, captioned (title of report) concerning, etc."

This will enable the President's Commission and any other agency to whom such reports have been and are being disseminated to locate the results of investigation which completely resolve a particular allegation. However, every effort is now being made to report the complete results of investigation pertaining to a specific allegation in the same report.

It is pointed out that the submission of Letterhead Memoranda is a device being used by the Bureau for expeditiously furnishing certain results of investigation to the President's Commission or some other agency and does not preclude the necessity for submission in report form subsequent thereto in order that the continuity of a particular report will not be disjointed or not clear.

The Bureau has directed that the property statement not be included on Letterhead Memoranda where it is known such Letterhead Memoranda are going to be disseminated to the President's Commission.

The Bureau has strongly pointed out that all material contained in reports and other communications in the above captioned cases must be meticulously prepared with the utmost care given to grammar, spelling, punctuation, and sentence structure. Therefore, each office before forwarding Dallas 25 copies of any insert or FD-302 should make absolutely sure that such material is "letter perfect".

Each office receiving this communication should immediately commence preparation of the requested information in the proper form as described above and furnish same to Dallas as it is completed with respect to each specific allegation. The entire review and submission in appropriate form to Dallas must be completed by April 15, 1964.

Dallas was unaware of the above until receipt of reairtel. The identity of G. A. ANDERSON is not known, except as may be indicated in the address. JACK REVILL of the Dallas Police Department, it was brought out that an individual who was identified as Reverend RAY RUSHING of Plano, Texas had furnished REVILL sometime during the trial of RUBY, information that on the 24th of November, he was going up the elevator in the Police Department about 9:30 AM as he wanted to see if he could give spiritual guidance to OSWALD, and he believed he saw JACK RUBY on the same elevator. Mr. HUBERT stated that apparently REVILL did not place much credence in this, but that he felt that this matter should be run out, and he was requesting that it be handled. This investigation will be conducted and reported under the OSWALD captioned case.

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

Memorandum Branigan to Sullivan 2-28-64, set forth results of interview by SAC Shanklin, Dallas, and SA Vincent E. Drain with Melvin Belli, attorney for Jack Ruby, concerning allegation that Belli had stated Oswald and Jack Ruby were FBI informants. Belli stated he had heard rumors to that effect, however, placed no credence whatsoever in these rumors and that in his opinion, these rumors originated with William Alexander, Assistant District Attorney, who had tried to plant other rumors on him. It was Belli's feeling that Alexander thought Belli might fall for this trap. It was recommended that no worth-while purpose would be served in reinterviewing Alexander as he has categorically denied being the source of rumors that Oswald was an FBI informant; however, our inquiries strongly point to Alexander as the source. The Director noted "I think SAC should see Wade and tell him we should insist upon Alexander putting up or shutting up. H."

On 3-3-64, SAC Shanklin advised that Mr. Wade was contacted by him, and it was pointed out to Wade that we keep getting indications that his assistant, William Alexander, is the source of the rumors that Oswald was an FBI informant. It was pointed out to him that Alexander has been interviewed and denied having any information in this regard. It was also pointed out that if Alexander does have any information, we want him to put it on the line or stop talking. Wade said he felt that any information along this line was the old rumor, as he has told Alexander to stop talking and that he (Wade) is at present the only one on his staff supposed to talk to the press. He volunteered that he had heard nothing regarding this rumor around the courthouse in recent weeks. He stated that this rumor of Oswald being an informant of the FBI or CIA had no place in the trial of Ruby, and that it would not be brought up by him. He stated he would again tell Alexander to be quiet and make no further remarks in this regard.

The memorandum of 2-28-64 referred to above also recommended that in order to conclusively pin down whether Belli

made statements that Oswald was an FBI informant as was Jack Leon Ruby, contact should be made with Kingsbury Smith of the Hearst Publications, to request that he make the alleged recording of Belli's statements available for our review. Smith was contacted 3-3-64 by Assistant Director DeLoach at which time he stated he would mail the tapes to us.

ACTION:

When the tapes of the alleged Belli interview are received, they will be analyzed and you will be advised of the results. At that time, too, we will furnish the above details to the President's Commission so they can be aware as to how we pin down this latest allegation.

# Memorandum

TO : Mr. Conrad

DATE: 3/20/64

FROM : R. H. Jevons

SUBJECT: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY; 11/22/63;
DALLAS, TEXAS

In my memorandum of 3/12/64, I advised that during a discussion with representatives of the President's Commission, they advised that the Commission was contemplating having the firearms evidence in this matter examined by some other organization.

Jack Ruby

Today during the course of the prearranged conference with our firearms examiners, Mr. Melvin Eisenberg of the Commission stated that they contemplated using the testimony concerning the firearms evidence on or about 3/30/64. In this regard, he stated that the only testimony required on this date would be that concerning the assassination rifle, the identification of the bullet from the stretcher and the two bullet fragments recovered from the President's limousine and the significance of the diphenylamine tests on paraffin casts taken of Oswald's hands and face by the Dallas Police Department. Also, he desired testimony concerning the general characteristics of the bullet recovered from the residence of General Walker, which bullet was found in the Laboratory to have the same general rifling characteristics as test specimens from the assassination rifle, and the auditory effect of a bullet passing near an observer. As a matter of experience, two sounds will be heard by an observer close to the passage of a bullet, first the "crack" of the bullet passing and secondly, the sound of the report from the gun. This latter testimony would be pertinent to the fact that some observers reported hearing a number of shots fired during the assassination. He advised that the testimony concerning the remaining firearms evidence would be taken by deposition or before him and a court recorder at some time in the near future. This latter evidence includes the evidence received in the murder of Officer J. D. Tippit.

Memorandum to Mr. Conrad
Re: ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY; 11/22/63;
DALLAS, TEXAS
62-109060

During the course of the above discussion, Mr. Eisenberg stated that he would like to have the firearms evidence in our possession and pertaining to the assassination delivered to his office Saturday, 3/21/64, so that he could make arrangements to have it delivered to Mr. Ronald Simmons, Weapons System Division of the Defense Department at Aberdeen, Maryland, for re-examination. Mr. Eisenberg advised that he would request that the remaining firearms evidence be delivered to his office at a later time for the same purpose. This indicates that the Commission is complying with the Bureau's position that the evidence be delivered by the FBI to the Commission rather than directly to the outside expert.

As you will recall, a tiny tuft of fibers was found adhering to the butt of the assassination rifle that matched the fabric composing the shirt worn by Oswald on the date of the assassination. Various fibers were also found in the paper bag found in the Texas Book Depository Building that matched the blanket reportedly having belonged to Oswald. Also, body and pubic hairs were found in the blanket that matched hair specimens from Oswald. Mr. Eisenberg says that the Commission expects to use testimony on this subject on or about 4/1/64.

Mr. Wulforst pointed out that according to Chief Thompson, no G. A. Anderson could be located with the Navy at Norfolk; that Navy Serial Number 542-59-13 has never been issued. He stated that a separate communication to the same addressee had also been received by the United States Naval Base, Norfolk, on March 24, 1964, with the return address of "Jack Ruby, Maximum Security Section, Dallas, Texas."

Mr. Wulforst stated that the communication has not been opened. He is forwarding it to C. C. Garner, Postal Inspector in Charge, Washington, D. State Attorney, Dallas, Texas,

Dear Sir:

I hope that this letter is privileged enough to reach your hands.

I read quite recently about the verdict returned by the jury of your city in the trial against Mr. Ruby and, of course, I am familiar with the commentaries which have followed this event.

Allow me, dear Mr. Attorney, to tell you the truth in sincerity and without reticence: This verdict satisfies no one, with the exception perhaps of the enemies of the United States of America and, therefore, of the free world. Your (?) position as a servant, as it were, of the majority of the American citizens is rather partial and it is a fact that none of us seems to be able to accept this tragedy which entailed so many shocking developments. However, in spite of everything, I will try to set forth by means of these few lines the logical and juridical reality which must emanate from this case.

Mr. Ruby, a mentally mature person, did not act as a result of an emotional shock. This is apparent not only from the age of the accused, but also from the premeditation with which he acted. How else could one explain the various attempts Ruby made to enter the enclosed area where the President's assassin was? How else could one explain that the fellow dared to

ENCLOSURE

enter the place which was supposedly guarded and which was inaccessible to any person who had no right to be there (save for reasons of work) and much the less to an armed person? Indeed, it would be much more difficult to explain why a person of the age and record of Mr. Ruby suffered such an emotional derangement as to commit the crime he committed without a second thought about the consequences.

Dear Mr. Attorney, I have no intention of going over the history of the events, but I would like to ask the following:

First - Is it indeed possible that Lee H. Oswald plotted the assassination of the President all by himself? Could Oswald who, because of his record, appears to have been a person of negligible intelligence, perpetrate and mastermind the assassination of President Kennedy?

Second - Is it indeed credible that Mr. Ruby lost his self-control like a teenager to the extent of doing what he did?

The truth is that we are confronted with one of the most despicable events of our age; one, in which the law enforcement authorities of the United States of America acted in a manner which is, at least, negligent and apathetic. Are they afraid by any chance to fully unravel the President's assassination and the assassination of his assassin? Which influential political personages are being protected? Are you, Mr. Attorney, a bought man? Or else, have you not been free to act in this case?

In his first speech as the President of your nation, President Kennedy said: "Ask not what your country can do for you; ask what you can do for your country." Is your country unable to do the least that can be expected of it? Is it unable to remove the stain from its honor? Or is this one more case of the honor having been sacrificed on the altar of comfort? Or, should I call it cowardice?

In short, the verdict as it has been returned satisfies no one because there can be only two verdicts in this trial.

Either it is found that Ruby is a mentally deranged person and acted by himself; and, under these circumstances, he cannot be sentenced to death. Or, one gets to the bottom of this matter and strips the mask from the people who have masterminded these two assassinations without fear of the consequences which may follow.

However, the only verdict which cannot be returned is one which sentences Jack Ruby, and only him, to death.

Sincerely and respectfully

Dear Mr. Rankin:

With reference to your letter of March 11, 1964, requesting information available regarding the current whereabouts of Curtis LaVerne Crafard, Mr. Crafard was located at Dallas, Oregon, on April 2, 1964. He advised that he would be in care of his mother, Mrs. Hugh Craford, 1219 Birch Street, Dallas, Oregon, until April 6, 1964, at which time he would seek work in the western part of the state of Oregon. He stated that, if he was not successful in obtaining work, he would depart for unknown areas. Mr. Crafard can be located through his mother while in the Dallas, Oregon, area.

The above information concerning the current whereabouts of Mr. Crafard was telephonically furnished to Mr. Leon Hubert of the President's Commission on April 3, 1964. This concludes this Bureau's efforts to locate Mr. Crafard.

Sincerely yours,

J. Edgar Hoover

NOTE:

The President's Commission by letter on 3/11/64 requested that we furnish any available information regarding the whereabouts of Crafard inasmuch as they expected to subpoena him. Crafard, who is a drifter and itinerant worker, was employed as a handy man by Ruby at the time of the assassination. We have conducted extensive investigation to locate Crafard for the Commission through contacts with his relatives and known associates. Mr. Hubert of the Commission was telephonically advised of Crafard's whereabouts on 4/3/64 at which time Hubert stated that the Commission was issuing a subpoena today, 4/3/64, to be sent air mail, special delivery, to the U. S. Marshall covering Dallas, Oregon, who will in turn serve the subpoena. Crafard spells his name different from other members of his family. The Commission is aware of this.

Dear Mr. Rankin:

Reference is made to your letter dated March 16, 1964, requesting certain photographs in the possession of Mr. Edward Rocco, 1350 North Laurel Avenue, Hollywood, California, which depict a person who might be Lee Harvey Oswald as well as any other photographs Mr. Rocco may have taken during his visits to the Carousel Club including a photograph of Mr. Rocco. Pursuant to your request, I am enclosing the following photographs:

1. Four copies of a photograph showing various patrons of the Carousel Club. The individual (marked by arrow) according to Mr. Rocco was thought to look like Lee Harvey Oswald by Mr. Terry A. Friedman, a photographer of "The Times-Picayune," New Orleans, Louisiana. It is noted that in the report of Special Agent Manning C. Clements dated January 17, 1964, at Dallas, (page 177) Mr. Friedman advised that he had no actual basis for his statement to Rocco as Oswald was never known to him and his statement was intended only as conversation and was by no means intended as an identification. This photograph was made by Mr. Rocco on November 5 or 6, 1963, at the Carousel Club and was obtained from him on December 23, 1963.

2. Four copies of a photograph of Mr. Edward Rocco, 1350 North Laurel Avenue, Hollywood, California.

NOTE: By letter dated 3-16-64 the Commission requested certain photographs in possession of Mr. Edward Rocco, a free-lance photographer, Hollywood, California, which were taken by Rocco at the Carousel Club, Dallas, Texas. Rocco was interviewed while visiting his father-in-law at Dallas, Texas, on 12-26-63 at which time he advised that he was acquainted with Ruby and that on or about November 5 or 6, 1963, he visited the Carousel Club for six or seven consecutive nights in connection with his efforts to do a profile story on the club. He took numerous pictures in the Carousel Club. On 12-23-63 Rocco advised that while in New Orleans, Louisiana, a short time ago, a photographer with "The Times-Picayune" in New Orleans, a Mr. Terry Friedman, told him that one of the individuals in the photograph looked like Oswald to him. Friedman was subsequently interviewed by us and advised he had no actual basis for a statement to Rocco as Oswald was never known to him and his statement was only intended as conversation and was by no means intended as an identification. Agents of the Dallas Office who had observed Oswald advised the individual in photograph not identical to Oswald.

NOTE: Miss Riegler, a student at SMU, Dallas, Texas, on 11/25/63 advised that she was at Phil's Delicatessen, Dallas, Texas, on the night of November 22, 1963, in the company of Rita Silverman, Bill Nichols, Dennis Martin, and Bob Sindelor, who are also students at SMU. She observed a man in the delicatessen whom she, on 11/25/63, identified as Ruby after having seen his photograph on television. Our investigation has established that Ruby was in Phil's Delicatessen on the night of 11/22/63 where he bought the sandwiches which he later furnished to the employees of the Dallas Radio Station.

Information from files relative to EVA GRANT, sister, and SAMUEL DAVID RUBY, brother, has been previously reported as has information from files relative to Carousel Club and Vegas Club. Considerable background information relative to and interviews with RUBY's brothers and sisters in Dallas, Chicago and Detroit, has been reported heretofore.

Previous reports have included interviews with GEORGE SENATOR, CURTIS LA VERNE CRAFORD, ANDREW ARMSTRONG, LEWIS J. MC WILLIE, KAREN BENNETT CARLIN, ROY WILLIAM PIKE, aka Mike Ryan, LAURENCE MEYERS, ALEXANDER P. GRUBER, FRANK GOLDSTEIN, ROBERT BAKER, aka Barney Baker, and ABE WEINSTEIN.

Indices of Dallas Office are negative, except as to WEINSTEIN, re above individuals prior to institution of this investigation.

Certain information is set out in the introductory pages of this report regarding various individuals whose toll charges are of concern to the President's Commission, for the purpose only of showing the availability of telephones to such persons. Certain offices have furnished information from indices regarding some of these individuals as well as subscribers to certain of the telephone numbers called by them. None of the information furnished shows any connection with JACK L. RUBY and accordingly is not being set out in the body of this report. Such information is summarized hereinafter for the Bureau's information.

Dallas indices include a number of references to ABE WEINSTEIN in connection with WEINSTEIN's operation of the Colony Club, Dallas, a burlesque club. No references connect WEINSTEIN, except as a competitor, with RUBY.

The San Francisco Office has informed that office is origin in the case entitled "FRANK GOLDSTEIN, ITWI", which was initially opened in the San Francisco Office on November 14, 1961 on the basis of an allegation from a confidential informant that GOLDSTEIN was a professional bookmaker. Investigation has established from other informants that GOLDSTEIN has operated a

local sporting event book for several years and has no other gainful employment. Insufficient evidence of interstate bookmaking has been developed to date to present the case for prosecution. Investigation of GOLDSTEIN's gambling activities is continuing.

The Los Angeles Office has noted in connection with the above investigation that numerous telephone calls were made by GOLDSTEIN to MORRIS GOLDSTEIN, Santa Monica, California, whose name appears in the body of this report as the subscriber to a telephone called by GOLDSTEIN during the pertinent period. MORRIS GOLDSTEIN was identified by the Los Angeles Office as a shoe salesman formerly employed by Karl's Shoe Store, Los Angeles, and as having come from New York to Los Angeles several years ago.

Los Angeles has noted GOLDSTEIN previously had made telephone calls to THEODORE SCHOENFELD, Los Angeles, whose number was also called by GOLDSTEIN during the pertinent period of instant investigation. SCHOENFELD, according to credit records, was shown to be the owner of Magna Film and St. Francisco Garage, both Los Angeles.

Los Angeles has noted LILY ROSE LYNCH, nee Bernstein, aka, clerk-typist, Regional Office, Veteran's Administration, Los Angeles, was [redacted] Los Angeles noted no derogatory information was developed on this person. LILLY R. LYNCH, Venice, California, was one of the persons called from GOLDSTEIN's number during the period pertinent to this investigation.

The Omaha Office has noted that indices reflect an article appeared in the "Omaha World Herald", daily newspaper, issue of June 23, 1963, reflecting ROBERT (BARNEY) BAKER, an organizer for the Teamsters Union, had been released from Federal

DL 44-1639 MRS ROBERT BAKER

Prison, Sandstone, Minnesota, after serving eighteen months of a two year sentence imposed January 28, 1961 in USDC, Pittsburgh, Pennsylvania, along with a $1200 fine, for extorting $525 from the president of a trucking firm in McKees Rocks, Pennsylvania. The article continues that BAKER was married to CAROLINE MORE, daughter of former Iowa Democratic State Chairman JAKE MORE of Harlan, Iowa. It is noted JAKE MORE was the recipient of a telephone call from one of the telephones available to BAKER during the period pertinent to this investigation.

The Denver Office has noted that telephone 333-8193, Denver, recipient of several calls from telephones available to BAKER, above, is the non-published number of SONNY LISTON, aka Charles Sonny Liston, former heavyweight boxing champion, concerning whom information appears in Criminal Intelligence Digest, 7/18/63.

Indianapolis Office has noted that investigation has been conducted in a case entitled "JAMES RIDDLE HOFFA; EARL SCHEIB Auto Paint Shops; ET AL, MISCELLANEOUS INFORMATION CONCERNING", Los Angeles origin, Bufile 63-7112. It is noted numerous telephone calls have been placed from telephones available to BAKER to various offices of the EARL SCHEIB Company, a national chain. U.S.

New York and Springfield Offices have noted EARL A. SCHEIB was shown as president of Jackson Chemical Company in the case entitled "UNION BANK AND TRUST COMPANY of Los Angeles, Los Angeles, California; ET AL, FRA-Conspiracy".

St. Louis Office has identified telephone numbers called from the residence of ROBERT BAKER as being listed to the residence and office of STANLEY M. ROSENBLUM, St. Louis attorney. St. Louis reported background investigation was conducted on ROSENBLUM in September, 1946 in the case entitled "JULIAN MARTIN, aka Espionage-R&C," Washington Field origin. St. Louis noted ROSENBLUM, who had already been discharged from military service, was described as a friend of MARTIN. Washington Field has informed MARTIN was found guilty in Army court martial proceedings. St. Louis also noted that in the case entitled "JAMES RIDDLE HOFFA, aka, LMRA-IM-CONSPIRACY", St. Louis conducted investigation to identify one of the telephones of ROSENBLUM which had apparently been called by the Teamsters Union Welfare Fund, Detroit, Michigan. Kansas City Office has noted that investigation was conducted in 1948 in a case entitled "Gateway Sporting Goods Company, LOUIS A. COHOMOW, owner, Neutrality Act", Bufile 2-9444, New York origin. Investigation reflected Gateway shipped over 500,000 ammunition primers to United Lumber Company, St. Louis, Missouri, reshipped to Palestine. It is noted Gateway Sporting Goods Company, Kansas City, Missouri, was the subscriber to a telephone called from a telephone available to LAURENCE V. MEYERS, Chicago, at Ero Manufacturing Company.

It is noted a telephone call was made from the Ero Manufacturing Company number, Chicago, to one GIBSON, Pagosa Springs, Colorado, with the use of a credit card.

Denver Office determined from M. J. CATCHPOLE, owner, Harvey's Motel, Pagosa Springs, Colorado, that HERBERT R. GIBSON, 8620 Main Street, Dallas, who owns Gibson Products, Dallas, and operates several discount stores, was a guest of the motel at the time of the telephone call involved. It is observed that a telephone call was made from Ero Manufacturing Company to Gibson's Tri-State Wholesale, Inc., Monroe, Louisiana, which has been identified as a chain discount house.

Files of Dallas Office reflect that information was received on 2/6/43 that HERBERT R. GIBSON, owner of Gibson Products Company, Dallas, was a dealer in drug sundries with branch offices in several states. Credit records reflected at that time that on 10/3/31, GIBSON had pleaded guilty in Federal Court, Oklahoma City, Oklahoma, to the interstate transportation of rubber contraceptives and had been sentenced to one year and one day in the U. S. Penitentiary, Leavenworth. Credit records indicated GIBSON had also been arrested, date and place unknown, for peddling obscene literature.

Indianapolis Office has identified a telephone number called from the company phone of ROBERT BAKER to Hammond, Indiana as being listed to one CLAUDE M. HAYBERRY, Hammond. Indices of Indianapolis Office reflect one GORDON HAYBERRY representing NAACP, spoke at a mass meeting in Hammond in 1951, in protest of the shooting of one GEORGE HALL by a Hammond, Indiana Police Department officer.

During the period WALLACK met the father of PIKE who resided in some small town in Maine.

WALLACK said PIKE was a good salesman at the time but always broke. He currently has a wife and child in Fort Worth, Texas. He said after the above employment he knows PIKE spent a number of years in Corpus Christi, Texas, later worked for a Volkswagen dealer in Fort Worth, Texas, and thereafter believed to have lived in California. He said sometime in the fall of 1963, PIKE called him from Las Vegas, Nevada, stating he was coming to Dallas, wanted WALLACK to assist him in selling a Porsch sports car and also wanted to obtain employment.

WALLACK said upon PIKE's arrival in Dallas, he assisted him in selling the automobile and sent him to C. O. MORGAN, automobile dealer in Dallas, where he obtained employment. Subsequently, he assisted PIKE in getting employment with COLLINS Ford Company. PIKE was unsuccessful in both jobs. The next job PIKE had was as a bartender at Northpark Inn, Dallas. WALLACK said he knew that PIKE had worked intermittently for JACK L. RUBY when in the Dallas area previously and during the latter period, had also worked for RUBY for a short time. WALLACK said on the day after RUBY shot OSWALD, PIKE called him and expressed some concern in that he had previously worked for RUBY and knew his name and address were undoubtedly in RUBY's possession. Subsequently, upon leaving Dallas to go to California, PIKE contacted WALLACK to return a car he had borrowed from WALLACK and stated at the time he believed it best for him to leave the area since he had previously worked for RUBY.

HOLLAND that none of the records of the telephone company at Las Vegas can be reviewed or obtained by the Federal Bureau of Investigation without the issuance of a subpoena duces tecum or a court order. He stated he believes records of toll charges back to September, 1963, were still held by the company. However, he said they are only required to retain such records for six months and he expected the September, 1963 records would be destroyed in the near future. Legat, Mexico City, has advised as follows:

On 2/13/64, a check of the current Mexico City telephone directory revealed that there is no one named CAMORGO listed in this directory; however, there are many persons with the last name of CAMARGO listed. A check of all of the persons named CAMARGO listed in the current directory revealed that Mexico City telephone number 14-96-28 (this number listed previously as 14-9628, but Mexico City numbers actually listed as given above) is not listed to anyone named CAMARGO in Mexico, D. F.

On 2/13/64, a call to Mexico City number 14-96-28 revealed that this number is listed to ADOLFO DORFSMAN, Calle Tamaulipas #55, Apartment 601, Mexico D. F., and this listing was subsequently verified through a check of the Mexico City telephone directory.

ADOLFO DORFSMAN, an employee of the Mexican Ministry of National Property, advised that he has had Mexico City telephone number 14-96-28 for more than two years, that he knows no one named CARLOS CAMORGO or CAMARGO, and that no person by this name has had access to his telephone. DORFSMAN stated that he has, of course, heard of JACK RUBY and LEE HARVEY OSWALD, but that he does not know either personally and his only knowledge of these persons has been through newspaper and other publicity.

On 2/13/64, an additional check of the Mexico City telephone directory revealed that one CARLOS CAMARGO, Calle Mexicali #45, Mexico, D. F., has telephone numbers 14-98-94, 25-25-58, and 25-29-51.

On 2/13/64, CARLOS CAMARGO, Calle Mexicali #45, Mexico, D. F., advised he has never visited Dallas, Texas, in his life and that Mexico City telephone number 14-96-28 has never been listed to him. CAMARGO further advised that he has heard of JACK RUBY and LEE HARVEY OSWALD only through publicity given these persons in various news media and has no personal knowledge of either. CARLOS CAMARGO pointed out that his name is not uncommon in Mexico City; that his own son is, in fact, named CARLOS CAMARGO MARTINEZ, but that without the "segundo appellido" or maternal surname of such an individual, it would be very difficult, if not impossible, to determine who the pertinent CARLOS CAMARGO might be in Mexico City, which is a city of more than five million persons.

On 2/13/64, a check of the records of the Visa Section, U. S. Embassy, Mexico, D. F., was made in an effort to identify a Mexican national by the name of CARLOS CAMARGO who might have had Mexico City telephone number 14-96-28; however, this check revealed that the telephone numbers of visa applicants are not normally listed on visa records and no conclusive data to identify CARLOS CAMORGO or CAMARGO was made from this check.

On March 3, 1964, Lieutenant M. B. PHILLIPS, Intelligence Division, Los Angeles Police Department, advised that FRED OTASH reportedly is in Dallas assisting Attorney MELVIN BELLI, in defense of JACK RUBY, who is on trial in State Court at Dallas charged with murder of LEE HARVEY OSWALD.

OTASH is a former Los Angeles police officer, who resigned under pressure to leave the Department a number of years ago. Since then, he has been licensed as a private investigator in Los Angeles, and has been involved in numerous sensational court cases. He was convicted in State Court for conspiring to fix a horse race, and his investigator's license has been in jeopardy.

He was once considered [redacted]

He is known to utilize sound technicians to investigate for him and can be expected to undertake endeavors requiring an almost abandonment of caution.

FRED OTASH was the subject of Paragraph A, SAC Letter 61-72 dated December 26, 1961.

The following investigation was conducted by SA THOMAS A. BRONSTAD:

AT SAN ANTONIO, TEXAS

On March 6 1964 [redacted] furnished the following information and requested that his identity as the source of the information not be disclosed. He said that he is presently working for [redacted]

He explained that on June 30, 1942, he left Kelly Air Force Base, San Antonio, Texas, where he had [redacted] and went to work for [redacted] Later, in 1943, and continuing into the fall of 1944, he was employed by [redacted] He said he was [redacted]

[redacted] said that while connected with this [redacted] in Dallas about twenty years ago, he had observed a gambling syndicate situation in existence at Dallas with a local leader named DENNY PUGH. He said he was not aware of the individual who took PUGH's place after his death, but that if JACK LEON RUBY took his place, a knowledge of the gambling setup at Dallas might explain RUBY's motive in killing OSWALD.

[redacted] advised that as he recalled there was an out-of-town gambling syndicate trying to move into Dallas during about 1943 and 1944, and during this period, CAT NOBLE, a Dallas hoodlum, was a victim of several car bombing attempts. He said someone conceived the idea of putting DENNY PUGH at the head of gambling in Dallas in an effort to exclude foreign interests. He described PUGH as a carnival worker, working out of Fair Park, Dallas. PUGH was given unlimited power and even had the approval for all electrical installations in Dallas and other local utility work. He was allowed to put in gambling casinos all over Dallas with no payoff to the local officers on the beat. On regular intervals, however, raids were made on these casinos and the fines collected went into the City treasury. He indicated DENNY was a moral man, however, got into some type of trouble with a carnival woman and subsequently died in a narcotics coma.

COVER PAGE

[redacted] continued that DENNY PUGH operated out of a small electrical shop across the street from the fair grounds. This shop was owned by CARROLL SANDS and was known as the Sands Electric Shop. During that time, Mr. HINKLE was commissioner at Dallas and had his office in the same building with DENNY PUGH.

[redacted] added that he did not know who succeeded DENNY PUGH after PUGH's death, but it would seem to him, WHITNEY, that if this method of operation has not stopped and if there is a line of succession that would reach RUBY, then RUBY may be the man in control of the gambling syndicate at Dallas.

He said the only people he knew who could describe the system subsequent to the death of DENNY PUGH would be:

1. Mrs. EMMA RIED who was formerly secretary and bookkeeper for Sands Electric Shop and worked for PUGH. He said she is now manager of the South and East Dallas Chamber of Commerce whose offices recently moved from the fair grounds.

2. CARROLL SANDS would know if he is still alive.

3. His ex-wife, Mrs. CARROLL SANDS, also known as A. Z. or AZEY, would know about the syndicate.

4. Reverend RAY MORELAN who was formerly at the Northside Baptist Church, Baytown, Texas, and has now moved from this address with forwarding address unknown. MORELAN was formerly an engineer for North American Aviation, Ft. Worth, who knew all the gamblers in North Richmond Hills, a suburb of Ft. Worth.

5. Criminal District Judge BYRON MATTHEWS, Ft. Worth, would know the entire situation as he formerly represented various gamblers and knew the inner workings of the syndicate. He indicated that MATTHEWS had connections with TRUJILLO of the Dominican Republic.

On November 25, 1963 [redacted] advised that he had located the above person named JAMES WELLS at the Papagayo Club and that WELLS was then at the Nuevo Laredo Police Department.

## Prosecutive Action

Examination of prospective jurors to serve in "the State of Texas vs. Jack Rubenstein, alias Jack Ruby, No. E 4010J," Criminal District Court No. 3, Dallas County, Texas, was begun on February 17, 1964, Judge JOE B. BROWN presiding. RUBY was represented by Attorneys MELVIN BELLI of San Francisco, JOE H. TONAHILL of Jasper, Texas, and PHIL BURLESON, Dallas, Texas. The State was represented by District Attorney HENRY WADE and Assistant District Attorneys WILLIAM F. ALEXANDER, A. D. JIM BOWIE, and FRANK WATTS. Jury selection was completed on March 3, 1964.

Testimony was begun on March 4, 1964, and completed on March 13, 1964, followed by the charge of the court and arguments to the jury. The prosecution asked for the death penalty for Murder With Malice; the defense asked for acquittal on the basis of temporary insanity. Arguments were concluded at 1:05 a.m., March 14, 1964.

After deliberating from approximately 9:10 a.m., to approximately 11:30 a.m., March 14, 1964, the jury returned a verdict of guilty of Murder With Malice and assessed the death penalty at 12:23 p.m., March 14, 1964.

The trial of RUBY was observed by SA MANNING C. CLEMENTS.

Dallas newspapers reported on March 19, 1964, that RUBY had dismissed MELVIN BELLI as his attorney by letter on March 18, 1964. The newspapers reported Attorneys TONAHILL and BURLESON had on March 20, 1964, filed application for a new trial. Coincidentally, it was announced PERCY FOREMAN, Houston, Texas, attorney, had been retained as Chief Defense Counsel.

Newspapers on March 24, 1964, announced that FOREMAN had quit the RUBY defense on the previous day on the basis of conflicts regarding direction of the case. On March 25, 1964, newspapers

LL

reported Dr. HERBERT WINSTON SMITH, Professor of Law and Legal Medicine and Director of the Law-Science Institute, University of Texas, had been retained as Chief Defense Counsel. The question of whether Dr. SMITH can pursue this matter while still acting as a full professor at the University of Texas has been the subject of press speculation and it is reported the question is currently pending before the Board of Regents of the University.

Date 3/17/64

1.

Mrs. MARY LAWRENCE, Executive Director, Jewish Childrens Bureau, 1 South Franklin, Chicago, Illinois, provided the following information concerning records in her possession relating to JACOB RUBENSTEIN, also known as JACK RUBY, and his family:

All actual records relating to the RUBENSTEIN family in possession of her office have been destroyed because of age, with the exception of a face sheet and several copies of Circuit Court of Cook County Juvenile Court records.

Mrs. LAWRENCE advised that because of the passage of time the face sheet reflecting contacts with the RUBENSTEIN family was the only actual record her office still maintained. The face sheet she had in her possession was for JOE and FANNY RUBENSTEIN and their children: HYMAN, date of birth December 21, 1901; ANNA, date of birth May, 1904; MARY, date of birth June 3, 1906; EVA, date of birth 1908; JACOB (JAKE), date of birth April 25, 1911; SAM, date of birth December 25, 1912; ISADORE, date of birth May, 1914; and IDA, date of birth July 11, 1917.

Mrs. LAWRENCE advised that the Cook County, Illinois, Juvenile Court docket numbers for the RUBENSTEIN children were as follows:

HYMAN Number 60011

JAKE Number 90342

SAM Number 90340

ISADORE Number 90341

IDA Number 90343

by SA HERBERT F. BRIICK/MJD 5 Date dictated 3/16/64

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

Mrs. LAWRENCE stated that the Cook County Juvenile Court records in her possession relate to scheduled hearings November 21, 1924, and another hearing scheduled December 8, 1924, before Judge VICTOR P. ARNOLD. Mrs. LAWRENCE advised that the court documents in her possession, and which are mentioned above, provide no information relating to the disposition of the hearings. She further stated that all of the court documents in her possession for each of the RUBENSTEIN children were similar in nature and bore the same dates.

Mrs. LAWRENCE made available for copying the original face sheet she had in her possession concerning the RUBENSTEIN family, along with the Circuit Court of Cook County juvenile records also relating to the RUBENSTEIN family. She requested, however, that these records not be sent out of Chicago, but that they be copied in Chicago and be returned to her before the close of business March 13, 1964.

On review of the reverse side of the face sheet of the RUBENSTEIN family, which she had in her possession, Mrs. LAWRENCE stated that she could not interpret all of the notations appearing thereon. She stated that in spite of the fact she has been connected with social work in the Jewish community in Chicago, Illinois, for over 40 years, she could not identify all the notations on the face sheet.

With regard to the requests by the President's Commission on the Assassination of President Kennedy for reports on the RUBENSTEIN family entitled as follows: "JFE 11-25-32, JSSB C 3-32, Rest Haven 8-11-30, JFE 7-13-29, WL 6-30-27, JHFS 2-15-26, MTS Racine 2-25-24, IJR 43-76 7-6-22," Mrs. LAWRENCE advised as follows:

The initials JFE could possibly relate to the Jewish Free Employment Bureau, now called the Jewish Vocational Service headed by WILLIAM GELMAN, second floor, 1 South Franklin, Chicago, Illinois. The initials JSSB probably relate

to the Jewish Social Service Bureau, now known as the Jewish Family and Community Service, 1 South Franklin, Chicago, Illinois, headed by Mr. SIDNEY BERKOWITZ. The name Rest Haven is the former name for the Schwab Rehabilitation Center at California and 16th Streets, Chicago. The executive director of the Center is IRA GOLDBERG. The initials WL probably relate to the Women's Loan Association, which is now a part of the Jewish Family and Community Service above. The initials JHFS relate to the Jewish Home Finding Service, which was the parent agency of the Jewish Childrens Bureau headed by Mrs. LAWRENCE herself. The initials and name MTS Racine undoubtedly, in Mrs. LAWRENCE's opinion, relate to the Chicago Municipal Tuberculosis Sanitarium, Racine Avenue Branch. The initials IJR in the opinion of Mrs. LAWRENCE relate to the Institute for Juvenile Research at Chicago, Illinois.

At this point, Mrs. LAWRENCE advised, as she had previously, the only significant information which she felt appeared on the face sheet of her office's record in relation to the RUBENSTEIN family was the notation relating to IJR as, "I.J.R. 7-6-22 Exam Number 4376 Jake."

With regard to the Cook County, Illinois, Juvenile Court records in her possession concerning the RUBENSTEIN children, Mrs. LAWRENCE said none of them related to HYMAN RUBENSTEIN, Juvenile Court Docket Number 60011.

Mrs. GLADYS GREEN, Senior Clerk, Central Office, Municipal Tuberculosis Sanitarium, 54 West Hubbard Street, Chicago, Illinois, advised that the records of her office contain no information concerning the family of JOSEPH and FANNY RUBENSTEIN, the parents of JACOB RUBENSTEIN, also known as JACK RUBY.

Mrs. GREEN advised the reference to a MTS Racine report dated March 25, 1924, undoubtedly referred to the Racine Avenue Branch of the Municipal Tuberculosis Sanitarium. She stated that the Racine Avenue Branch is no longer in existence, and that records concerning it had been divided among the three clinics taking over the area formerly covered by the Racine Clinic. She stated that based on the information available it appeared that any records concerning the RUBENSTEIN family above would be located at the Washington Clinic, 2049 West Washington Boulevard.

Mrs. GREEN advised, however, that in view of the fact that the Central Office maintains no record of the RUBENSTEIN family, it did not appear that any of them had ever been tubercular. She stated that it is the policy of the sanitarium to retain records concerning tubercular patients and to index them by both name and street address. She stated that both her name and street address indices failed to reflect any information concerning the RUBENSTEIN family.

Dr. ROBERTSON stated that this file to date has not been subpoenaed by the President's Commission on the Assassination and that in addition to the original inquiry by the FBI in December, 1963, the only person contacting IJR relative to RUBY had been a member of the Chicago press who had been turned away without having been provided any information.

Dr. ROBERTSON stated that IJR file 4376 relates to JACOB RUBENSTEIN, also known as JACK RUBY, and that it consists of approximately 50 microfilm records. He advised that in view of this, in the event the record is subpoenaed, he would be willing to prepare a summary of the file and forward it along with the file itself if such a request is made.

Dr. ROBERTSON stated that he wished to [illegible] cooperate in every way possible, but that because of the nature of the information contained in the file, he did not believe that he could release it unless the file were subpoenaed or JACK RUBY authorized its release.

WILLIAM ERNEST FLETCHER was contacted at his residence, penthouse B, 923 Fifth Avenue, Manhattan, New York. He furnished the following information:

FLETCHER formerly operated private clubs in Dallas, Texas, and still has some business connections there. He first met RUBY about 1944 or 1945 when RUBY first came to Dallas from Chicago, Illinois. Since that time he has met RUBY only five or six times.

When RUBY first came to Dallas, FLETCHER spoke to him when the club operated by RUBY's sister in Dallas was for sale. This was only a brief meeting and FLETCHER did not become interested in this club.

Some years later RUBY had a partner named JOE SLATON in one of his clubs, believed to be the Carousel. The club was then in financial difficulty and SLATON, a friend of FLETCHER, asked FLETCHER if he were interested in putting some money into the club.

FLETCHER met RUBY during the above mentioned discussions. He might have been to one of RUBY's clubs for a brief visit on one or two occasions since that time. FLETCHER thought that RUBY might have briefly visited a club operated by FLETCHER on one or two occasions.

FLETCHER did recall that about 1958 he and RUBY both lived in the same apartment house, believed to be the Continental Apartments in Dallas. While living there FLETCHER met RUBY only once, and that was when they were brought together by "MAC WILLIE", a gambler who was apparently a friend of RUBY's from Chicago, Illinois. "MAC WILLIE" is now a "Pit Boss" at the Thunderbird Hotel in Las Vegas, Nevada.

FLETCHER said he had no social contact with RUBY and did not care to have any. He considered RUBY to be a "nut". FLETCHER had heard a rumor that RUBY had beaten up some customers who "had gotten out of line" in RUBY's club after having too many drinks. He could not remember anyone who had told him this rumor.

Texas

She is temporarily residing at 2113 Live Oak Street, Houston, with DONALD LEE, a guitarist, but she Island intends to return to her home in Nassau, the Bahamas within the next two weeks. She is a British subject, and is now in the United States on a Visitor's Visa which has since expired. She has not danced for about four months, and her last dancing engagement was at the Cinder Club, Dixie Drive, Houston. She was in the Riverside General Hospital, Houston, for five weeks under the name of Teka Lee, and was operated on for the removal of an ovary.

In early, 1962, she was in St. Petersburgh, Florida and needed employment. She knew that a friend of hers who is also from Nassau was dancing at the Carousel Club, Dallas, Texas. This friend is Vincent Ferguson who dances under name of "Buttercup". She telephoned him from Florida and explained her need for a job. He contacted Jack Ruby and arranged for her to dance at the Carousel Club in Dallas. Jack Ruby sent her a bus ticket which she utilized in traveling from St. Petersburgh to Dallas. She danced at the Carousel for about four months. Her relationship with RUBY was strictly employer-employee in nature. She was paid $90.00 per week, and RUBY treated her well. She informed she never met or heard of LEE HARVEY OSWALD, and she had no idea whether RUBY and OSWALD were acquainted with one another.

ROSELDA HENDERSON advised she returned to the Carousel Club in Dallas for about one week around Christmas of 1962. She needed a bit more money to enable her to return to Nassau, and her Visa was expiring. She explained her plight to Jack Ruby, and he loaned her about $135.00

for this purpose. RUBY told her he was going to sign on her behalf some papers which were required by Immigration and Naturalization Service. RUBY wanted her to return and dance at the Carousel Club where her act was well received. She did return to Nassau, but she did not remain there long enough to ascertain whether RUBY in fact signed any Immigration documents on her behalf. She was referred to her article which appeared in the "Miami News," on January 29, 1964, captioned "RUBY visited Cuba--exiles." In the article, WILKINSON reported that "JACK RUBY--has visited CASTRO's Cuba, an exiled student group charged here today---RUBY flew from Mexico City to Havana the latter part of December, 1962, said a spokesman for DRE. RUBY stayed in Havana until early January, 1963, frequenting a tourist store owned by a man named SOLOMON PRATKINS. The store was located across the street from the Seville Biltmore Hotel."

ROBERT H. SAUNDERS, 504 Harvey Street, who is a semi-retired consultant for the Taylor Publishing Company, Dallas, Texas, and who resides at the Tourist Motel and Apartments in San Marcos for personal convenience purposes, advised that he had never seen JACK RUBY, but had been talking with GARLAND STOKES at the Rio Vista Cafe, San Marcos, late in November 1963 after the assassination of President JOHN F. KENNEDY and the subsequent killing of LEE HARVEY OSWALD by JACK RUBY. SAUNDERS stated that, as he understood, a man resembling JACK RUBY had been in the Rio Vista Cafe, which is operated by STOKES, with Mexican girls on several occasions over a period of time which was unknown to SAUNDERS. He added that STOKES did not mention what the girls were doing with the man who resembled RUBY; however, SAUNDERS assumed that the girls were Mexican nationals who were being brought to the United States on some sort of an exchange program for entertainers and that they would have to return to Mexico upon the expiration of their visas. SAUNDERS added that he had related the above to Mrs. MIMS, the motel owner, and that Mrs. MIMS, in turn, sent the information to the FBI. SAUNDERS asserted that he did not have any first-hand information concerning RUBY.

H. GARLAND STOKES, 400 Blanco, San Marcos, Texas, owner, Rio Vista Cafe, advised that he has never met JACK RUBY and, to the best of his knowledge, RUBY had never been in the Rio Vista Cafe with any Mexican girls.

STOKES explained that he recalled that RALPH MARKER, manager of Stucky's Pecan Candy Store, west of San Marcos, had mentioned to him that RUBY had been in the candy store several times. STOKES stated that he understood that RUBY was transporting female entertainers either to or from Mexico for RUBY's Dallas club. STOKES asserted that he would not recognize RUBY if they met face to face.

RALPH MARKER, Manager, Stucky's Pecan Candy Store, P. O. Box 171, San Marcos, Texas, advised that he had no personal knowledge or recollection of JACK RUBY, the accused slayer of LEE HARVEY OSWALD.

MARKER asserted that, to the best of his personal knowledge, RUBY had never been in the establishment operated by MARKER at San Marcos.

MARKER added that in about February 1963 he and his wife and one of their employees, REBECCA BLACK, were in Dallas, Texas, on a buying trip during which time they attended a strip tease show at some unknown club. MARKER added that when a picture of JACK RUBY was broadcast on local television, REBECCA BLACK commented that RUBY resembled a man that had been in the store with a girl whom she recognized as the stripper they had seen in Dallas at the club they attended in February while on the buying trip.

Mrs. REBECCA BLACK, Clerk, Stucky's Pecan Candy Store, Texas, advised that she did not know JACK RUBY and did not recall that RUBY had made any purchases at the establishment where she is employed. She stated that in February 1963 she and Mr. and Mrs. MARKER were in Dallas, Texas, and attended a strip tease show at some club, the name unknown. She explained that when she observed a photograph of JACK RUBY in connection with publicity concerning the killing of LEE HARVEY OSWALD, she felt that RUBY resembled a man she had seen in the store in about August 1963 in the company of another man and a girl. She added that she recognized the girl as the stripper in the show at the club she attended in Dallas in February. Mrs. BLACK added that she spoke to the girl and asked her if she worked in Dallas, which the girl confirmed; however, they did not become engaged in any other conversation. Mrs. BLACK asserted that she did not recognize the man accompanying the girl as anyone she had seen at the club in Dallas or as anyone who had been at the store on other occasions.

The girl was very attractive and exceptionally well-proportioned. He recalled that the three were in a Cadillac two-door hardtop, about a 1961 model. RUTLEDGE added that he was most attentive to the girl and recalled that her name may have been "MITZIE", full name unknown. Mrs. VIVA EPPLER, 500 South Elm, who operates Viva's Beauty Salon, same address, informed that in 1956 she and her mother were at Mineral Wells, Texas, taking a series of hot mineral baths. She informed that one morning she observed a man wearing a pink striped shirt, white straw hat, and khaki pants in front of the bath house arguing with the owner, Mr. GLENN. She said she heard Mr. GLENN tell this man, "I don't care what you do after they leave here, but you're not coming into my place of business."

Mrs. EPPLER said she became frightened and she and her mother left the bath house and returned to Brady by bus. She said as she and her mother were leaving Mineral Wells, this same man in the pink striped shirt, white straw hat, and khaki pants, followed them on foot, until their bus reached the city limits when he turned back.

Mrs. EPPLER said that about two days later, when she was standing in front of her house in Brady, she saw this same man drive by in a black 1950 Chevrolet, still wearing the same pink striped shirt, white straw hat, and that he looked at her very closely.

A photograph of JACK LEON RUBY was exhibited to Mrs. EPPLER, and she identified this photograph of RUBY as the man she had seen in 1956 at Brady and Mineral Wells, Texas, in the pink striped shirt, white straw hat, and khaki pants.

Mrs. EPPLER said she believed this man was a member of a gang that was "trying to get her." She said in 1936 she worked in a beauty salon in Burnet, Texas, owned then by Mr. and Mrs. BERT WALRAVEN. She said a young, pretty, blonde-haired woman also worked there. One day she and the blonde-haired woman went to the Post Office and she (Mrs. EPPLER) noticed they were being followed by six men with guns. She said these men also followed them back to the beauty salon and she told the blonde-haired woman about it. The woman said her husband had violated a

Federal law and these six men were Texas Rangers and were after him. She said her husband was hiding out in Arizona and they needed her husband in order to break up a ring of car thieves operating out of Chicago, Illinois, and Los Angeles, California, and Burnet, Texas. Mrs. EPPLER said the blonde-haired woman, whose name she could not recall, told her that now she was a member of the gang since she knew where the blonde's husband was hiding.

Mrs. EPPLER said she told this information to Mr. WALRAVEN who instructed her to fire the blonde, which Mrs. EPPLER said she did. She said the blonde then called her husband in Arizona to inform him where she was going, but the Arizona authorities had been alerted by the Texas Rangers and her husband was caught because of the telephone call.

Mrs. EPPLER said at that time she never met any of the members of the gang, other than the blonde. She said she did not know that anyone by the name of RUBY was a member of this gang.

She said, however, she feels this gang has been after her ever since 1936 and that they finally found her at Mineral Wells, Texas, in 1956 and that the man who was sent to "get" her was RUBY whom she identified from a photograph.

Mrs. EPPLER said she does not know what RUBY or the gang has been doing since 1956 unless it has been to decide what to do with her.

HARRY CHENAULT, operator of a department store, Checotah, Oklahoma, furnished the following information:

He did not remember the dates or approximate date, but sometime subsequent to the assassination of President JOHN F. KENNEDY at Dallas, Texas, one Mrs. MILAM T. KING of Checotah had been in his store. She had a photograph which she said her son, MILAM T. KING, JR. had purchased at Dallas. The photograph was a large photograph, showing the President, accompanied by his wife, the Governor of Texas and his wife, the driver and guards. The photograph also showed a part of the crowd along the parade route.

Mrs. KING had asked him, "Don't you think a man in the photograph looks like JACK RUBY?" He, having seen JACK RUBY's photograph in the newspapers and on television, told her "Yes"; however, he barely looked at the photograph and gave her the type of answer she apparently wanted. He said at the time this question was asked there was no mention of a JACK RUBY west of Checotah or to anyone else who might have resided west of Checotah.

He added that he had later heard that persons referred to in a newspaper article had agreed that the party residing west of Checotah, Oklahoma, was actually one LES PALLETT, a bootlegger from Dallas, Texas. To the best of his knowledge, no JACK RUBY has ever resided west of Checotah, and further he had never known a JACK RUBY.

Mrs. MILAM T. (TISHIE) KING, mother of MILAM T. KING, JR., Checotah, Oklahoma, furnished the following information:

She, at no time, ever knew anyone by the name JACK RUBY and to the best of her knowledge has never heard the name of JACK RUBY until one JACK RUBY killed LEE HARVEY OSWALD at Dallas, Texas. She did not remember the date, but subsequent to the assassination of the President at Dallas, her son, MILAM T. KING, was in Dallas and from a colored boy on the streets of Dallas, he purchased a photograph which, according to the colored boy, had been taken just seconds before the shot was fired which killed the President. She could furnish no further identification of the boy who sold the photograph.

On one occasion she took the photograph to downtown Checotah where she showed it to Mr. HARRY CHENAULT, operator of a department store in Checotah, at which time she asked Mr. CHENAULT, "Doesn't that look like JACK RUBY?" and Mr. CHENAULT said it did. She claimed she was making the comparison with photographs of RUBY she had seen on television and in the papers.

She said she had no knowledge of any one ever claiming that a JACK RUBY had formerly been a liquor runner residing west of Checotah, Oklahoma. She said she had never remarked or indicated that JACK RUBY had formerly resided in the Checotah vicinity.

Mrs. KING furnished the photograph which she said was bought by her son in Dallas. It is a photograph showing the President and his party along the parade route in Dallas. It is a ten inch by an eight inch photograph. She also exhibited a copy of a news article taken from the Checotah newspaper, which was a later edition and a retraction of the article originally written. The retraction article read as follows:

Mrs. ARTHUR FRAZIER, Checotah, Oklahoma, who formerly resided seven miles west of Checotah, on U. S. Highway 266, advised that her husband was not available for interview; however, she was completely familiar with the article in the Checotah newspaper which stated her husband had said JACK RUBY formerly resided west of Checotah, Oklahoma. She furnished the following information in regard to the matter:

She did not know the exact years, but several years ago one MACK McCOY of Checotah, Oklahoma, had sold a building used as a beer joint and located just one-fourth mile from their home seven miles west of Checotah, Oklahoma. He sold it to one LES PALLETT, bootlegger from Dallas, Texas, who at this location operated an illegal liquor business for four or five years. PALLETT then sold the building to one RUBIN SELF, who later sold it to one (FNU) DIXON, and DIXON later sold it to CLEM LACKEY, present owner, who resides at Checotah. At no time was the building ever owned by one JACK RUBY, and at no time did she ever know of a JACK RUBY living in that vicinity.

She said her husband had remarked that JACK RUBY's picture he had seen on television had resembled someone he had known, but he had not mentioned any names of who he thought RUBY's picture looked like.

She said her husband had demanded a retraction of the story in the Checotah paper and a retraction story had been written.

Special Agent MANNING C. CLEMENTS has observed a photograph made available by Mrs. MILAM T. It had been reported Mrs. KING thought an individual among the spectators on the sidewalk resembled photographs she had seen of JACK L. RUBY.

SA CLEMENTS has observed the individual in the photograph to whom Mrs. KING referred and is of the definite opinion the person is not RUBY and bears no resemblance to him. This opinion is based on SA CLEMENTS' having interviewed RUBY on December 21, 1963, and having observed him at close range on several occasions in the courtroom since that time. SA CLEMENTS further advises he has seen the same photograph and examined it previously with the same definite opinion.

Detective BOB PARSONS, Arlington, Texas, Police Department, telephonically advised SA JOSEPH M. MYERS that he is employed part time at Sears & Roebuck as a detective in Arlington. He stated that he has recently obtained a check from the local District Attorney's office in Arlington which was written at Sears & Roebuck on November 9, 1963, for a rifle by a THOMAS R. PEASNER. PARSONS stated that this check was in the amount of $75.99 and the record at Sears & Roebuck, made on November 9, 1963, reflected that PEASNER was a pianist for JACK RUBY, and that on the date he bought this rifle he had just left the employment of RUBY's Carousel Club in Dallas.

The check, according to PARSONS, was a personal check drawn on the Republic National Bank, Dallas, Texas, and was returned for insufficient funds.

The record at Sears, according to PARSONS, showed PEASNER's address as 501 North Ewing, Apartment E, Dallas, Texas however, several letters have been written to this address by the local D.A. in Arlington, and PEASNER has moved from this address. The rifle is described by PARSONS as being a .22-caliber automatic Browning, SN R706898. PARSONS stated PEASNER is described as white male; 6 feet, 1 inch; 140 pounds; born October 19, 1929; brown hair, blue eyes, has Texas Operator's License 0155824.

PARSONS stated that he has already advised CHARLES KUNKEL of the U. S. Secret Service, Arlington, relative to this man, and that he, PARSONS, is seeking a warrant for his arrest on the check charge. PARSONS stated he is passing this information on to the FBI in view of the fact that PEASNER purchased this automatic rifle prior to the President's assassination and has since disappeared.

Mrs. BEVERLY STEINBERG, 834 North Damen, Chicago, Illinois advised that she was the sister of CONSTANCE HARBAUGH of the same address. Mrs. STEINBERG indicated that she was aware of the information furnished the Chicago Division of the Federal Bureau of Investigation by Mrs. HARBAUGH as it pertained to a meeting with a man believed to be JACK RUBY in Chicago on November 21, 1963.

Mrs. STEINBERG advised on the evening of November 21, 1963, she accompanied by her sister, CONSTANCE HARBAUGH and her maid, ELIZABETH CLAYBOURNE were shopping at a small candle shop located at the corner of Oakley and Division. Upon leaving this store at approximately 10:30 to 11:00 p.m., and approaching her car, Mrs. STEINBERG said, the three women were approached by a well-dressed man, approximately 6' tall, wearing a dark brown snap brim hat, a black overcoat and a brown suit. This man commented on the fact that Mrs. STEINBERG was quite a small woman to be driving such a large car. Mrs. STEINBERG indicated that she replied, "I'm big enough to drive the car." It should be noted that Mrs. STEINBERG states she drives a Cadillac. At this point, the unidentified male offered Mrs. STEINBERG $5,000 if she were to drive him away from the city of Chicago on the following day, November 22, 1963. He desired to leave the city after 3:30 p.m. on that date. He indicated that he did not want to leave via the airport as he did not wish to be observed. Mrs. STEINBERG declined the offer made by this individual and she and her companions left the scene. According to Mrs. STEINBERG the above incident was witnessed by the owner of the candle shop.

She stated that subsequent to this event she observed JACK RUBY on television and also saw photographs of this individual in various local newspapers. She stated she is positive that the individual who approached her, as described above is identical with JACK RUBY.

Mrs. STEINBERG, during the course of this conversation, indicated that her husband had been aboard PT 109 during World War II with the late President KENNEDY. She indicated that she had corresponded with President KENNEDY concerning her husband and furthermore had corresponded with him concerning her two children who had been burned in a fire in a church school in Chicago approximately 4 years ago.

Mrs. LINDA GIBSON, 1005 Third Avenue, Apartment 2, Salt Lake City, Utah, furnished the following information to SA WILLIAM J. GEIERMANN on March 18, 1964:

Mrs. GIBSON is employed by the Salt Lake County Department of Welfare, is divorced, and has twin sons 10 years of age.

She stated that on a Sunday afternoon in January or February, 1963, she received a telephone call from an individual claiming to be DAVID LEE, a widower from Dallas, Texas. LEE stated he is a psychologist at Dallas and operates a consulting firm. He told Mrs. GIBSON that he had met her at a party in Salt Lake City several years earlier, that he was alone in Salt Lake City, and wanted to renew her acquaintance. Mrs. GIBSON said she could not recall ever having met LEE, but when he explained he was Jewish, as she is, and had been to the Jewish Community Center, she invited him up to her apartment to visit.

A short time later LEE came to Mrs. GIBSON's apartment and they chatted for several hours about various things. LEE talked about psychology and seemed to be familiar with the subject. In addition, he discussed his former wife and claimed to have some small children. During the conversation LEE stated he was from the eastern part of the United States, was a graduate of Yale University, and had worked for Dr. KINSEY several years ago. Mrs. GIBSON stated LEE seemed to be very much aware of money and gave the impression that his main objective in life was to make money. Mrs. GIBSON said the conversation eventually led to politics, and when President JOHN F. KENNEDY's name was mentioned, LEE seemed very upset with President KENNEDY and stated he would work against his re-election. LEE said he had formerly been a supporter of President KENNEDY but had become disillusioned with some of the President's policies.

Mrs. GIBSON stated that after LEE had been in her apartment for several hours talking and drinking tea, he began to make advances to her, and she asked him to leave, which he did.

FBI LI

Mrs. GIBSON stated LEE did not seem to be a man with a good education; however, as stated before, he seemed to be conversant with the general topic of psychology. She said he generally behaved fairly well and was nice with her 10-year-old twin boys, who were present during the entire time LEE was in the apartment.

After the assassination of President KENNEDY, when the first photographs of JACK L. RUBY appeared in the newspaper, she was impressed with the close likeness between RUBY and the man who identified himself as DAVID LEE. She said she cannot be positive but has the distinct feeling that they may be identical. She stated that a few days ago she mentioned this incident to a fellow worker, who told her that she should immediately report this information to the FBI.

Mrs. GIBSON said she does not recall knowing DAVID LEE prior to this incident and has not seen nor heard from him since that time.

He stated that he had been advised on this date by Chief THOMPSON, Mail Index, United States Naval Base, Norfolk, that a communication of interest had been directed to him.

He stated that the communication was contained in an envelope with the addressee identified as follows:

"G. A. ANDERSON
AR 542-59-13
Co. 15-64 RTD
NARTU NAS 93
Memphis 15, Tenn. 38115"

The envelope bore the following return address:

"JACK RUBY

Dallas, Texas"

The envelope was sent air mail and was postmarked March 18, 1964, at Seattle, Washington.

The communication had been forwarded from Memphis, Tennessee, to the Naval Receiving Station, Norfolk.

Mr. WULFORST stated that Chief THOMPSON advised that he could locate no G. A. ANDERSON with the Navy at Norfolk. He stated that Navy Serial Number 542-59-13 has never been issued; that AR presumably stands for Airman Recruit.

Mr. WULFORST advised that he will obtain the letter from the Navy; and, thereafter, will send it to C. C. GARNER, Postal Inspector in Charge, Washington, D. C.

Mr. WULFORST stated the communication has not been opened and he presumes, after it has been received by Mr. GARNER, it will probably be forwarded to JACK RUBY, Dallas, Texas.

At 12:08 a.m., March 7, 1964, M. C. REYNOLDS, 301 West Parkway, Talladega, Alabama, telephonically advised the Birmingham Office that earlier in the evening at Mickey's Drive In Cafe, Talladega, Alabama, he had overheard a man by the name of GAITHER LEDLOW, who appeared to be drinking, make the statement that he had worked with JACK RUBY in Dallas, Texas, for about seven years, and he knew where all of RUBY's defense money was coming from.

On March 7, 1964, E. E. LEDLOW, Manager, Mickey's Drive In, Talladega, Alabama, advised that GAITHER LEDLOW is his brother. He said GAITHER LEDLOW was sentenced on some kind of a White Slave Traffic Act violation in the State of California approximately two years ago, and served approximately one year of this sentence in some Federal institution in Florida. He said GAITHER LEDLOW was released from prison in February, 1964, at which time he came directly to Talladega, Alabama, where he has been since that time. He continued by stating that on the evening of March 6, 1964, his brother, GAITHER, was drinking heavily, that he last saw him about 7:00 p.m., but that GAITHER had never mentioned anything concerning the JACK RUBY case at any time in the past in his presence.

On March 7, 1964, GAITHER VENELL LEDLOW, 208 Adams Street, Talladega, Alabama, advised that approximately three years ago he was in Dallas, Texas, visiting a strip show at JACK RUBY's night club on several occasions, and on one or two occasions was introduced to JACK RUBY. He said that he has never known RUBY other than to speak to him on those one or two occasions, knows nothing whatsoever about the details of the assassination of President KENNEDY, nor about the handling of the prosecution of the case, or any financial arrangements relating to JACK RUBY, other than what he has read in the newspapers. He admitted he had been drinking quite heavily on the night of March 6, 1964, recalls vaguely making some comment in regard to JACK RUBY, but knows nothing whatsoever about the financing of the defense counsel for RUBY, or anything about the case.

"RE: The President's Assassination

"Dear Sir:

"It is clear, I think, that the funds which are available for Rubinstein's defense are unlimited, and I suggest, when your Department has determined the source of those funds, you will know the identity of the group or syndicate which planned and executed President Kennedy's assassination. Certainly one would be naive to think that the funds expended for the defense of Ruby are being spent because of Ruby's sterling character or friendship for Ruby. It is as absurd to suggest that Ruby's murder of Oswald was motivated by his idolatry for President Kennedy.

"It has seemed clear to me from the beginning that President Kennedy's assassination was arranged by a syndicate, identity unknown, of which Rubinstein is either a member or an agent. In this connection I suggest you check with NBC-TV, which had a live program on the Sunday evening of Oswald's murder, at a time when the principals and agents had not had sufficient time to think. I believe the program was shown on Channel 4 (Boston) at either 8:00 P. M. or 9:00 P. M. The program lasted an hour and involved an interview with one of Ruby's strip teasers who mentioned that Oswald had been in Ruby's night club once or twice during the preceding week; two interviews on the West Coast by TV or radio correspondents with acquaintances of Ruby, one of whom divulged the information that Ruby

"knew each of the police officers on the Dallas force by first name and another of whom made the startling revelation that 'We will have Ruby out on bail tomorrow morning regardless of the amount. We have already talked with Beverly Hills and We will have the best lawyer in California take care of .....' The quotes are not entirely accurate but suggest the theme of the discussion. I am certain the tapes are available and certainly disclose at that early time the avid interest of Ruby's 'acquaintances' on the West Coast for his well being.

"I suggest the very real possibility that Rubinstein had been assigned by the syndicate to hire the assassin; that when the assassin showed signs of terror,and flight the syndicate ordered Ruby to murder him before he had an opportunity to speak; that Ruby, for his own self-preservation, carried out the instructions of the syndicate, having full opportunity because of his first-name relationship with the Dallas Police Department. (The television photos show his gun in his hand, exposed to all viewers, for I do not know how many seconds, as Oswald walked down the corridor.)

"I am certain your Department has considered all possibilities, but if my letter will shed a little light on the problem and indicate in a small way the feelings of one individual toward the publicity which suggests that the assassination was a 'one-man operation,' my time in writing and your time in reading will be served.

"Very truly yours,

ATTORNEY BENNETT CATHERALL
SHARON, MASSACHUSETTS

On February 28, 1964, Attorney BENNETT CATHERALL, 5 Post Office Square, Sharon, Massachusetts, advised he does not know RUBY or OSWALD and has no specific information regarding this matter. He said his knowledge is based solely on what he saw on TV and read in the newspapers following the assassination plus his conclusions based on his own analysis of what he saw and heard. He said he is a trial lawyer and formerly Assistant District Attorney in Norfolk County, Massachusetts. He said what he saw on TV was on Channel 4 (NBC) but there is a possibility it was on Channel 5 (CBS). He said that as a trial lawyer he has an "insight" into these sort of things and he wanted to suggest the possibility that RUBY had engaged OSWALD to assassinate the President and had later shot OSWALD so he could not furnish any information. He advised he has no evidence to support his conclusions and that he wanted to make certain that no possibility was overlooked in the investigation of the events that took place at Dallas, Texas. He said he realized the investigation of the assassination will be most thorough but he wanted to state his views regarding a group or syndicate having planned the assassination of President KENNEDY and ordered the killing of OSWALD.

Eugene Juster, Production Manager, National Broadcasting Company (NBC) News Library, Room 901, 30 Rockefeller Plaza, on February 26, 1964, exhibited a television taped interview by NBC News Reporter W. Thomas Pettit with a strip tease performer named Tammi True.

Juster indicated this television taped interview occurred sometime during the day on November 24, 1963 at Dallas, Texas, and was broadcast as a portion of a program which lasted approximately one hour. This program was televised on the NBC television network from approximately 10 p.m. to 11 p.m. Eastern Standard Time, 11/24/63. Tam! Texas

The interview with Tammi True, who is known in private life as Mrs. Nancy Powell, lasted approximately three minutes. The interview was concerned principally with the personality of Jack Ruby. NANCY m TRUE

During the interview, she described Ruby as a very strongminded person. Pettit asked her "was he an emotional, impulsive person?" She replied, "Yes."

She said that during an ordinary discussion if someone disagreed with Ruby, he would become very upset and "ask you to leave or throw you down the stairs." She said during the interview that she had driven one of the other female performers at the Carousel Club to the club Saturday night, November 23, 1963, and they found the club was closed. This girl then called Ruby on the telephone and he became very upset because she did not realize that he had closed the club out of respect for President Kennedy.

There was no mention of Lee Harvey Oswald during the interview. There was no mention of ary of the patrons of Ruby's Night Club.

During the interview, Pettit pointed out that Tammi True had worked as a performer at Ruby's night club until the preceding Tuesday.

One THORNTON SHOE CAINE, General Delivery, Booneville, Mississippi, contacted SA SAM H. ALLEN, JR. and volunteered that he had recently been in Dallas, Texas, where he attempted to furnish information to the District Attorney's Office at Dallas in connection with the current file of JACK LEON RUBY charged with the November 24, 1963, murder of LEE HARVEY OSWALD, the alleged assassin of the late United States President JOHN FITZGERALD KENNEDY.

CAINE added that in connection with his efforts to furnish information in this case, he was arrested by Dallas authorities and thereafter stayed in jail at Dallas, Texas, for about nine days. He said he had also talked to representatives of the Secret Service of the United States in Dallas in connection with this case. He did not elaborate.

CAINE then claimed that he possessed knowledge that JACK LEON RUBY and LEE HARVEY OSWALD had attended the Mississippi - Alabama Fair and Dairy Show at Tupelo, Mississippi, in September, 1963. CAINE claimed that during this Fair, JACK RUBY masqueraded as a clown and LEE HARVEY OSWALD served as the Master of Ceremonies at the rodeo which performed at this Fair. During the Fair, JACK RUBY became involved in a fight with a Negro and badly cut this Negro. CAINE added that during the Fair, both RUBY and OSWALD stayed at the Jeff Davis Hotel in Tupelo, Mississippi. CAINE continued that he first became suspicious of RUBY and OSWALD when he personally heard them talking in a low voice at the Fairgrounds and claimed that he heard RUBY make a statement to OSWALD that the President of the United States was a "pole cat." CAINE added that because of this statement, he took upon himself to follow RUBY and OSWALD and thereafter observed them to enter the Jeff Davis Hotel in Tupelo, Mississippi. CAINE also stated that prior to the assassination of President KENNEDY, he had attempted to place a long-distance telephone call to the White House in Washington, D. C., but that some Negro telephone operator, a woman who apparently wanted the President killed, refused to put this call through to the White House. He did not elaborate. CAINE volunteered that he has recently been confined as a mental patient as the Veterans Hospital in Gulfport, Mississippi, and on numerous occasions in the past has been confined in the Veterans Hospital at Memphis, Tennessee. ELDER and STACY further added that Mrs. DELLA MOORE of Tupelo, Mississippi, the mother of THORNTON SHOE CAINE, had been interviewed by a newspaper reporter at Tupelo sometime ago at which time Mrs. MOORE made the statement that her son is mentally disturbed and continuously seeks publicity by making irresponsible and ridiculous utterances.

J. C. DUVALL, Judge, Criminal Courts Building, stated that on Sunday, November 24, 1963, the day LEE HARVEY OSWALD was killed, one ROY PIKE appeared at his residence. Judge DUVALL noted that PIKE appeared about two or three hours after OSWALD had been shot. PIKE told Judge DUVALL he was employed by JACK RUBY as a bookkeeper and bartender under the name of TOMMY RYAN and he would like the Judge's opinion as to what punishment RUBY would get for the crime he had just committed.

PIKE told Judge DUVALL that he was standing in front of a shop window in Dallas one day when JACK RUBY walked up to him and asked him if he were in show business. PIKE told RUBY he was and currently was between engagements. RUBY then asked him if he could keep books. Stating he could, PIKE accepted employment with RUBY as a bookkeeper and part-time bartender, and was working in that capacity at the time OSWALD was shot by RUBY. PIKE further advised Judge DUVALL that OSWALD had been seen at RUBY's place of business on numerous occasions and had been there just recently.

Judge DUVALL further stated that he defended PIKE on a rape charge in 1943 at the Pecos, Texas, Army Air Base where PIKE was serving. PIKE was subsequently acquitted.

Judge DUVALL stated PIKE ostensibly came to his residence on November 24, 1963, to seek his opinion as to what would happen to RUBY. PIKE was driving a 1963 Studebaker.

ROY WILLIAM PIKE, 5041 Carlton Way, Apartment 2, Hollywood, California, furnished the following information:

He is currently employed at Hollywood Ford, 6000 Hollywood Boulevard, Hollywood, California, as a car salesman. He has been living during the past year with RAMONA WAGNER in a common-law relationship, and married her a week ago. He and his wife came to Dallas last September from Los Angeles, by way of San Antonio, Texas, arriving about September 20, 1963. They stayed at the Baker Hotel for a short period, and during this time he worked at JACK RUBY's clubs Carousel and Vegas several evenings. They then went to Fort Worth for several days, and returned to Dallas about the first part of October, where they rented an apartment at 2344 Connecticut Lane, Apartment C. After a short period, they had a telephone installed in the apartment in the name of RAMONA WAGNER. He does not recall the telephone number assigned them.

From early October until December 10, 1963, when he and his wife had a quarrel, and he returned to Los Angeles, they resided at the apartment on Connecticut Lane. During this time, he worked for Collins Ford in Dallas for about three weeks, and for the same period for the Hillside Corporation, as a bartender at the Northpark Inn. He used the name of MIKE RYAN, since he has never like the name of ROY PIKE, and has considered changing his name legally.

He first met RUBY about September, 1962, at which time he worked for RUBY as a bookkeeper. He has since this time worked for RUBY off and on at his clubs, but was not employed by RUBY at the time of the shooting. About a week prior to the shooting of the President, he approached RUBY and asked for a small loan, but RUBY refused his request. He did not know LEE HARVEY OSWALD, had never seen him, and has never made any statement about seeing OSWALD in RUBY's club. He has no knowledge of, and has never made any statements to the effect, that RUBY was friendly with JAMES HOFFA and the "Syndicate", or that RUBY was a payoff man for the Dallas Police Department. RUBY seemed to get along fine with the Dallas Police Department. Any time there was any trouble at the clubs, RUBY would immediately call the Dallas Police Department. He commented on several occasions that he liked the police officers in Dallas.

After the OSWALD shooting, he contacted DUVALL, and during the course of the conversation, which centered around the shooting, he asked DUVALL what would happen to RUBY, to which DUVALL replied that he would "throw the book at RUBY". He has no knowledge of any association between RUBY and OSWALD, and has never heard RUBY made any comments about OSWALD.

On one occasion last fall, he heard a Doctor, name unrecalled, prescribe preludin diet pills for RUBY. RUBY made the comment to him that these pills gave him lots of drive. He is of the opinion that RUBY is mentally sick. RUBY was constantly worried about a $40,000 tax bill he owed the Government, and problems at the clubs, such as having his MC's quit, was a matter of grave concern to him. He spent Christmas Day in 1962 with RUBY, who was deeply depressed because he had only received one small gift from one of all his employees, and he expected more since he had done so much for them. RUBY has always impressed him as being extremely nervous.

Mrs. ROY WILLIAM PIKE, 6041 Carlton Way, Apartment 2, Hollywood, California, furnished the following information:

She did not know, and had never met, LEE HARVEY OSWALD. About last September, when she and her husband were in the Carousel Club, JACK RUBY came over and sat at their table briefly, and her husband introduced him. This is the only time she has ever met RUBY. She has no knowledge of any association between RUBY and OSWALD, and has never heard her husband comment in this regard. She has never heard her husband comment about RUBY, JAMES HOFFA, and "The Syndicate", or of RUBY being a payoff man for the Dallas Police Department. Her husband worked for RUBY on occasion while they were in Dallas. She worked as a cocktail waitress, and recalled that she and her husband moved into an apartment on Connecticut Lane around last September, to her best recollection. They did not have a telephone installed right away, but when necessary, used a pay telephone at a service station near the apartment, at the foot of the hill, and other times at the Lakewood shopping center about a mile away. RUBY impressed her as being a very nervous person.

On 12/12/63, LOUIS BENAVIDES, Agent in Charge, U. S. Secret Service, advised that LILA MAY CAMPBELL, Room 310, Crockett Hotel, called his office that day and advised his secretary that she, Mrs. CAMPBELL, was a retired Methodist missionary and social worker.

Mrs. CAMPBELL said that a clerk at a San Antonio department store, whose name she would not divulge, told her that she waited on a woman named DAVIS who said she was from Dallas, Texas, and had worked at a place run by JACK LEON RUBY. DAVIS also stated that RUBY and LEE HARVEY OSWALD were close friends and that OSWALD frequently visited RUBY's club. She also said that RUBY silenced his employees concerning this relationship.

DAVIS indicated that she was an entertainer at the Westwood Club at San Antonio.

LILLY LAVELL YVONNE DAVIS, nee WHITE, 1933 Montana, advised that she is usually known as LAVELL WHITE.

Miss WHITE advised that she came to San Antonio, Texas from Dallas on December 5, 1963. She said she called JOHN PHILLIPS of the Eastwood Club on December 4, 1963, and asked for an engagement at his club and he advised her that she could work if she came to San Antonio. She stated she has worked at several Negro clubs in Dallas and one white club known as the Sportsman Playboy. She added that her legal address is Don's Hotel, 2611 Flora, Dallas, Texas.

Miss WHITE stated that she went shopping on Monday, December 9, 1963, at a department store in San Antonio, but could not recall the name of the store. She said she recalls having a conversation with one of the saleswomen in which she stated that she knew RUBY and OSWALD and that they were very close friends, but added that this is not true. She said she has never worked for RUBY and did not know him or OSWALD. Miss WHITE said she had no reason to make such a statement, except to impress the saleslady. She added that she now realizes how serious it is to make such a statement and that she should not have made such a statement.

Miss WHITE stated that she was working at the Vegas Club, Dallas, Texas, just prior to the assassination of the President but left November 21, 1963, for an engagement at the Royal Peacock, Atlanta, Georgia. She said she had talked to some of the band members at the Vegas Club who had worked for RUBY and they indicated RUBY was a good man to work for. She added that the only band member that she could recall by name was HARRY JACKSON, the band leader.

Miss WHITE further advised that after her engagement in Atlanta, she returned to Dallas, arriving December 4, 1963. She said she had hoped to continue working at the Vegas Club, but on arriving in Dallas, learned they were billed up so she called JOHN PHILLIPS and obtained work in San Antonio.

Mrs. RHYMER said she recalls the woman said her name was YVONNE DAVIS, and she is currently working at the Eastwood Club. She described her conversation with DAVIS as follows:

DAVIS stated, "I've been in Dallas, but I'll never go back there." Mrs. RHYMER replied, "Oh, you've been in Dallas." DAVIS answered, "Yes, I worked for RUBY." Mrs. RHYMER said, out of curiosity to see how DAVIS would answer, she made the statement, "I understand RUBY and OSWALD were friends," to which DAVIS answered, "Yes, they were very good friends." Mrs. RHYMER then stated, "I can not understand why RUBY shot him if they were such good friends," to which DAVIS answered, "RUBY was afraid OSWALD would talk."

Mrs. RHYMER said DAVIS appeared to be in her early 20's and was with an older woman about 40. DAVIS purchased about $20 worth of lingerie and left the store. Mrs. RHYMER said she has no idea what DAVIS's address is as her purchases were made with cash.

On January 23, 1964, Mr. C. P. WINTER, 602 Kinney Avenue, Austin, Texas, advised SA H. T. BURK that his brother BILL WINTER, of Round Lake, Minnesota, telephone number 9455776, Area Code 705, visited him in Austin, Texas, and advised him that he came to Dallas, Texas, on the Monday before Christmas Day and en route made an effort to locate the approximate spot where President JOHN F. KENNEDY was assassinated. While attempting to locate this area, he became lost and drove about one mile beyond the actual location of the assassination, where he went into a service station and made inquiry concerning the actual location of the assassination.

C. P. WINTER did not know the exact name of the service station or the location of it, but he believed his brother, BILL WINTER, could furnish this information.

It was the impression of BILL WINTER that the service station attendant in Dallas was personally acquainted with LEE HARVEY OSWALD and also with JACK RUBY, and that both of them might have traded at the service station, and his brother indicated that perhaps the two were acquainted with each other.

"Bill" Tuttle On February 5, 1964, the Minneapolis Office advised that WILLIE H. WINTER, Round Lake, Minnesota, was interviewed on January 31, 1964, and he advised that he is self-employed in the trucking business at Round Lake. During Christmas week 1963, he left his home with his family by automobile to visit his brother, C. P. WINTER, of Austin, Texas. He decided en route, while passing through Dallas, to visit the assassination spot of the late President JOHN F. KENNEDY. He had a map in his possession which indicated the site of the assassination, however, in attempting to follow the map, he missed the location. As he recalls, the assassination spot is located by triangle streets and he actually got on the wrong street near the triangle location.

He stopped at a service station at 10:00 AM on December 22, 1963, to inquire concerning directions to the assassination spot. This service station, as he discovered, was

approximately one mile south of the assassination location, and he is reasonably certain it was on Houston Street. The service station was located on the left side of the street as one proceeds away from the assassination spot. There were no other service stations near this particular service station, and, as he recalls, there was a small restaurant on the same side of the street about a block south of the service station. He does not recall the color of the service station but remembers the rest rooms of the station were on the south side of the station.

As he recalls, the service station sold off-brand gasoline, and he still has a ticket from this station indicating he purchased three gallons of gasoline. Although the top of this ticket is torn off and he cannot read from the ticket the name of the station, the ticket does say, "Use Gloco gas and oil," thus WINTER assumes the station was selling Gloco gasoline. The station gave away no Green Stamps or other type trading stamps and, as he recalls, the station had at least four gasoline pumps and had a grease and wash rack. There were two attendants at the service station; however, he can only describe the individual who directed him to the assassination site and who sold him the three gallons of gasoline. He described this individual as follows:

| | |
|---|---|
| Race | White |
| Sex | Male |
| Age | 55 |
| Height | 6 feet |
| Weight | 160-170 lbs. |
| Eyes | Unknown, wearing no glasses |
| Hair | Unknown |
| Complexion | Medium |
| Dress | Wearing usual service station-type attendant's uniform |

WINTER recalls having asked this service station attendant above described the direction of the site of the assassination, and the service station attendant was able to point in the direction of the assassination location, and he,

MARY FERRELL FOUNDATION

WINTER, was actually able to observe the location from where they were standing in the driveway of the service station.

As he recalls, in discussing the assassination spot with the service station attendant, the latter mentioned that both LEE OSWALD and JACK RUBY had been customers of the service station in the past, and that RUBY "lived a little way" from the service station. He believes this is all the attendant mentioned to him relative to either RUBY or OSWALD, and he had no further conversation with the attendant.

TOM MULLINS, Manager of the Good Luck Oil Company (Gleco) Service Station, 1502 North Zangs, Oak Cliff, Dallas, advised he has been personally acquainted with JACK RUBY, who was an occasional customer in his service station. However, he stated he had never known LEE HARVEY OSWALD although publicity following the assassination of President JOHN F. KENNEDY at Dallas on November 22, 1963, indicated that both JACK RUBY and LEE HARVEY OSWALD had resided in an area not too distant from the location of the station.

He said he had no recollection of waiting on a Mr. WILLIE H. WINTER, of Round Lake, Minnesota, on the Monday before Christmas 1963 at 10:00 AM. He determined that two employees, one J. B. LEWIS, age 32, 5 feet, 2 inches, and one JAMES SUTTON, age 42, 6 feet, 1 inch, were on duty at 10:00 AM on December 22, 1963.

Mr. MULLINS said that he knew of no association or business relationship or other connection between LEE HARVEY OSWALD and JACK RUBY, and he had never been a customer or patron of the Carousel Club or Vegas Club, Dallas, Texas, when they were operated by RUBY.

Mr. J. B. LEWIS, 609 Neches, Dallas, advised that he was employed by the Good Luck Oil Company (Cleco) Service Station at 1502 North Zangs on December 22, 1963. He said that he knew that JACK RUBY was an occasional customer of this station and after the assassination of President KENNEDY on November 22, 1963, and the murder of LEE HARVEY OSWALD on November 24, 1963, it was common discussion among all employees at the service station that RUBY had been a customer there and some of the employees knew RUBY's roommate, GEORGE SENATOR, still buys gasoline from the station on occasion.

He said that he had never known LEE HARVEY OSWALD or anything about him until after the two aforementioned incidents, and then it was determined that RUBY and OSWALD had both lived in an area which was not very far from this filling station. He said he had no recollection of waiting on a customer from Minnesota on December 22, 1963, but many out-of-town customers had made inquiry concerning the location of the assassination site, which may be readily viewed from the service station, which is located about a mile or so south of the Texas School Book Depository Building in Dallas, Texas.

He said that he recalled that he worked from 6:00 AM to 4:00 PM on December 22, 1963, and JAMES SUTTON was the other employee who worked at the station from 8:00 AM to 6:00 PM on that date, together with Mr. TOM MULLINS, the manager of the station. Mr. LEWIS said that he did not know JACK RUBY as a personal friend and knew of no relationship or association between RUBY and OSWALD, and he did not recall that OSWALD had ever been a patron of the service station. He said he had never patronized the Carousel Club or Vegas Club when they were operated by JACK RUBY in Dallas.

Mr. JAMES SUTTON, 501 Lancaster, Dallas, advised he was employed by the Good Luck Oil Company (Gloco) service station at 1502 North Zangs since late October 1963. He said he recalled that he worked the 8:00 AM to 6:00 PM shift on December 22, 1963, but he had no personal recollection of waiting on a WILLIE H. WINTER, of Round Lake, Minnesota, at 10:00 AM on that date. He said that numerous out-of-town visitors patronize the station and since the assassination of President KENNEDY and the murder of LEE HARVEY OSWALD at Dallas, frequent inquiries are made by out-of-state and out-of-town visitors concerning the directions for reaching the assassination site.

He said that he did not personally know JACK RUBY, but he had been told by Mr. MULLINS and Mr. LEWIS that JACK RUBY, who has been accused of the murder of LEE HARVEY OSWALD, was a former customer of the station prior to the murder of OSWALD. He said he had never known LEE HARVEY OSWALD, but he had read many news articles and heard many radio announcements and observed television programs which were presented after the assassination of President KENNEDY, and through these media he knew what these persons looked like.

He said that everyone was constantly discussing the various news articles, press releases and radio programs around the station, but he felt sure he had not advised anyone that he knew of any relationship between RUBY and OSWALD or that both of them were customers of the station.

He advised that he is 42 years of age, 6 feet, 1 inch tall and weighs about 178 to 180 pounds, and that no other employee who was on duty on December 22, 1963, was his height, age or build. He said that J. E. LEWIS was only 5 feet, 2 inches tall and only about 38 years old, and the manager, Mr. TOM MULLINS, was about 5 feet, 11 inches and weighed about 210 pounds.

INGRAM, who gave his address as Route 1, Lockport, Illinois, when registering at Colonial Motel, Mount Vernon, on December 5, 1963.

Mr. MUTH stated INGRAM had engaged in some arguments with other guests of the hotel and he, MUTH, had had conversations with INGRAM. INGRAM had commented to MUTH that defense funds for JACK L. RUBY were "coming from Cuba, that RUBY had been trying to sell stuff to Cuba, and OSWALD had been there, too, and that OSWALD had been in RUBY's bar the night before the assassination, of the President, and that's where OSWALD was headed when the cop tried to stop him and got killed."

ROBERT EUGENE INGRAM, Colonial Hotel 223 North Ninth Street, Mt. Vernon, Illinois, advised he was self-employed as a salesman of ballpoint pens for the Magic-Writer Pen Company, New York City. He has been in Mt. Vernon since early December, 1963, and for a time was engaged in promotional work for the Magic-Writer Company at the local Murphy's Store. He is now unemployed and the duration of his stay in Mt. Vernon is indefinite. He lives wherever it is necessary for him to sell the pens, and, on occasions, travels with carnivals and the like during their season of operation.

Mr. INGRAM explained that he has never been in the city of Dallas, Texas, and he has no personal knowledge that defendant JACK RUBY, currently on trial for killing LEE HARVEY OSWALD at Dallas, associated with OSWALD at any time prior to shooting him.

He did say that soon after RUBY had killed OSWALD he read in the daily newspapers and heard television news reports to the effect that OSWALD was believed to have been seen in the tavern operated by RUBY several days prior to the assassination of President KENNEDY. In this respect, Mr. INGRAM related that his hobby is tricks of magic and to some extent tricks involving mental telepathy techniques. He distinctly recalls the news he read in connection with the prior association of RUBY and OSWALD was attributed to a "mentalist" who apparently was performing at the night club operated by RUBY and who supposedly described that he had seen OSWALD in this night club possibly a week before the assassination of the President. He noticed this particular reference to the source because of his own interest in "mentalist" performances.

Mr. INGRAM described that he realizes he is an extremely outspoken person and this has been a personality problem to him. He said for the most part people did not seem to take him seriously, although he does try to read and understand something of which he speaks before telling others.

He said most of his ideas and philosophies are based on his fears that the United States will be lost to Communist

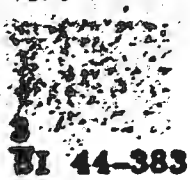
domination because of the lack of opposition of our leaders in government. He has adopted generally the thinking of the philosophy of the "John Birch Society", particularly those who advocate that the United States should vigorously oppose Communist inroads in the Western Hemisphere. The Communist bloc encirclement is extremely alarming to him as witnessed by the massive gains of Communism during recent years as opposed to ten and fifteen years ago, while he was serving in the military forces. Mr. INGRAM said he felt the leaders of our government were too willing to go to any extreme to deal with Communist nations peacefully. He pointed to the Communist claims for a great victory in converting Cuba to Communist rule and recent capitulation of the United States to terms for the sale of wheat to Soviet Russia. He said he did not believe in strengthening an enemy by seeing they were well fed.

Mr. INGRAM explained that most of his beliefs have been the result of his reading and study of such sources as the "Blue Book of the John Birch Society" and various literature distributed by the Americanism Committee of the American Legion and the House Un-American Activities Committee. He recently purchased the John Birch Society literature in one of the paperback issues and has spent a great deal of time studying this book. In 1961 at a county fair in a small community near Cincinnati he was given a quantity of material from American Legion Americanism Committee representatives and pamphlets from the House Committee on Un-American Activities listing the names of organizations considered to be pro-Communist.

During the previous weekend he went to Louisville, Kentucky, where he attended a lecture by Dr. CHARLES SCHWARTZ of the Christian Anti-Communist Crusade. He described that comments by Dr. SCHWARTZ revealed that LEE HARVEY OSWALD was apprehended by police authorities some two and one-half miles from the scene of the assassination of the President, however, the President was shot at a place located only two and one-half blocks from where RUBY lived or operated his business. He said he does not know what to conclude from this information except the circumstances do seem too closely related to be pure coincidence.



BI 44-383

Mr. INGRAM related that all of this is rather disturbing to him and perhaps he has spoken too often and too loud concerning some of the things associated with the killing of the President.

As an example of his feeling on these things he said that in some instances he has remarked that "President KENNEDY got what was coming to him when he was killed, because of the many people involved in the Cuban situation who were killed because of lack of United States intervention and inadequacy of management in the Bay of Pigs incident."

Mr. INGRAM said he often talks of these things to others in the local cafes and the hotel where he stays and many times he cannot express himself in exactly the manner he wants in order to emphasize certain points. He sometimes gets worked up in his political arguments and perhaps loses the point but he is interested only in more specific and constant opposition to the Communists so their gains are made more difficult and the United States gains additional prestige as a system of government beyond control of the Communists.

He reiterated he did not mean to imply personal knowledge of any of the things he has described since all are the product of his study and generally are the writings and opinions expressed by others with which he agrees.

By communication dated February 7, 1964, the El Paso FBI Office advised as follows:

The following investigation was conducted on February 5, 1964 by SA DAVID J. REID in an effort to locate JENO FARKAS:

Mrs. ERNESTINE MC CLUSKY, Clerk in Charge, Record Room, U. S. Immigration and Naturalization Service, El Paso, Texas, made available the 1964 Alien Address Report for JENO FARKAS, which contained the information that as of January 9, 1964, FARKAS was employed as a busboy at the Del Camino Motor Hotel and Restaurant, 4910 Alameda Avenue, El Paso, and resided at the Hotel Linden, Room No. 15, 504 North Oregon Street, El Paso, Texas.

Mr. O. A. ANTHONY, Manager, Del Camino Motor Hotel and Restaurant, advised that JENO FARKAS was released from his employment at the Del Camino Motor Hotel and Restaurant on January 8, 1964. He said that FARKAS was insubordinate and did not perform his work in a satisfactory manner and for those reasons was released from his employment. FARKAS was given two separate pay checks for work performed by FARKAS at the motor hotel and restaurant and has not been seen since his release. It was believed that FARKAS attempted to obtain subsequent employment at the La Fonda Motel in El Paso.

Mrs. MAE PORTER, Manager, Linden Hotel, 504 North Oregon Street, El Paso, advised that JENO FARKAS paid his room rent for Room No. 15 at the hotel through January 9, 1964. FARKAS stayed on at the hotel for several days after January 9 and then left the hotel without paying rent due to the hotel. FARKAS had very little baggage with him when he registered at the hotel. The last time that Mrs. PORTER saw FARKAS was when he cashed two small payroll checks at the hotel. At that time he owed for several days rent. She did not ask him, however, to make payment on the bill owed by him to the hotel. After cashing the two checks FARKAS disappeared and has not been seen since. When FARKAS registered at the hotel he listed his residence as 2917 Bryan, Dallas, Texas.

Mrs. IRIS STOFFEL, La Fonda Motel, 5301 Alameda, El Paso, advised that there was no information in the files of her office regarding any application for employment which JENO FARKAS may have filed.

Mrs. NEVA PETERS, Del Camino Motor Hotel and Restaurant, advised that she formerly worked at the La Fonda Motel in the restaurant section. She said that the day JENO FARKAS was released from his employment at the Del Camino Motor Hotel and Restaurant, he contacted some of the employees at the La Fonda Motel with the idea of gaining employment there. She said, however, that FARKAS was not employed by the motel and was not known to have any further contact with the people at the motel.

Miss IDA HARTLINE, El Paso City-County Health Unit, 118 West Missouri Street, checked the records of her office and was unable to locate any record of JENO FARKAS, it being noted that FARKAS would have to notify the El Paso City-County Health Unit if he planned to work in the El Paso area in the food-handling business.

Mr. ROY WILLIM, El Paso County Sheriff's Office, El Paso, advised that there was no information contained in the files of his office identifiable with JENO FARKAS.

Mrs. DELIA PEDREGON, El Paso Police Department, made available the arrest record of JENO FARKAS, which contained the information that he was arrested on December 12, 1963, in El Paso on a vagrancy charge and was fined $25. The record indicates that FARKAS was released on December 21, 1963. He listed his residence on the arrest record as 2917 Bryan Street, Dallas, Texas. His FBI Number was listed as 261 296 E and his date and place of birth were listed as December 14, 1940, at Nyirpator, Hungary.

On February 4, 1964, SAIC GEORGE WEISHEIT, U. S. Secret Service, El Paso, advised that it is incumbent upon the Secret Service to keep track of JENO FARKAS' whereabouts. He said that on December 30, 1963, he placed a wanted notice stop with the Identification Division of the FBI in Washington, D. C. for JENO FARKAS under FBI No. 261 296 E.

Mr. WEISHEIT said that on January 30, 1964, the U. S. Secret Service in Dallas interviewed H. H. HARLAN, Cabana Motor Hotel, where FARKAS was formerly employed as a busboy and it was determined that FARKAS had not returned to his employment at the motor hotel.

The following investigation was conducted by SA ALFRED D. MEELEY at Dallas, Texas:

On February 10, 1964, Mrs. ZELA HORN, 2917 Bryan Street, advised that JENO FARKAS lived in a room at this residence for two or three months beginning October, 1963. She advised that someone called her from the Cabana Motor Hotel saying they had hired FARKAS, but that he had no place to stay. She stated she agreed to rent him a room as she operated a rooming house and he came to her place that night. She advised that FARKAS claimed he was a Hungarian refugee. He had no friends and left there in December, 1963, leaving a lot of his personal belongings in his room. She advised that the police contacted her in December trying to locate FARKAS and checked through his personal belongings that had been brought in his room.

Mrs. HORN advised she received a letter February 10, 1964, from the Hilton Hotel, El Paso, Texas, addressed to JENO FARKAS, 2917 Bryan Street, Dallas. She advised that this appeared to be a bill and that she was returning the letter.

DL 44-1639
MCC:les
2

Mrs. HORN stated she had no idea as to how JENO FARKAS might be located, but in the event he contacted her, she would advise the Dallas Office.

By communication dated February 17, 1964, the FBI Laboratory advised that as a result of comparison of the handprinting in the communication addressed to JACK RUBY, referred to above, with the handprinting identified as that of JENO FARKAS, it was concluded FARKAS did not prepare the questioned communication. The questioned handwriting was compared with specimens in the Anonymous Letter File without effecting an identification.

By communication dated February 26, 1964, the El Paso Office advised Special Agent in Charge GEORGE WEISHEIT, U. S. Secret Service, El Paso, had stated his agency was conducting investigation in further effort to identify the unknown writer of the letter to JACK RUBY.

Dear Mr. Hoover:

Information provided this Commission by the Internal Revenue Service indicates that on November 1, 1963, Earl Ruby made a telephone call from Detroit, Michigan to the Triangle Manufacturing Company, Oshkosh, Wisconsin on behalf of Jack Ruby. Please advise us of any information in your files concerning that company and its officers together with any other information you may have indicating any connections between persons associated with that company and subversive activities, illegal armament sales, or other organized criminal endeavors. Please also advise us how long the appropriate telephone company in Oshkosh plans to retain long distance call records for the period September 26, 1963 to January 1, 1964.

This Commission has also been informed that a Mr. A. Please provide any information available to you concerning Mr. Hillenbrandt, with particular emphasis on possible subversive activities, illegal armament sales, or other organized criminal endeavors. Also please indicate the earliest existing long distance telephone records of the appropriate telephone company serving East Rochester and how long those records will be retained.

INDEX

MEMO, SAC:

Dallas, Texas
August 11, 1953

Re: G. I. I. F.
Dallas, Texas

On this date, the writer chanced to be in the office of VINCENT LEE, Branch Manager, American Guild of Variety Artists, 1918 Live Oak Street, Dallas, Texas, on official business. An individual later identified by Mr. LEE as JACK RUBY, operator of the Silver Spur, 1717 S. Erway Street, Dallas, Texas, came blustering into LEE's office. RUBY demanded of LEE that LEE supply RUBY with some "girls" to put on entertainment at his Silver Spur. LEE told RUBY that RUBY would have to put up a cash bond to guarantee the girls' salary whereupon RUBY began to curse LEE, claiming that he was short on money and that LEE did not make his, RUBY's, competitors put up such a cash bond. LEE maintained that he still could not furnish girl entertainers to RUBY unless RUBY put up some cash at which time RUBY arose and in a threatening tone of voice asked LEE: "Do you want to know whether or not I'm packing a gun?", and "What are you trying to do, be a tough guy in Dallas? Well, I'm just as tough as they come" or words to that effect.

After RUBY stormed out of LEE's office, cursing all the while, LEE confidentially advised the writer that RUBY considered himself a very tough Dallas character and was an associate of JOE BONDS, operator of the SKY CLUB, who was also a "tough" character who bore a grudge against LEE because LEE one time attempted to collect a $700.00 bad check BONDS had given a girl entertainer at which time either BONDS or one of his henchmen had struck LEE across the forehead with a pistol. LEE continued that both RUBY and BONDS always carried concealed pistols and were in constant association with JAMES ROBERT TODD, better known as JACK TODD, FBI #1805883, Dallas PD #22255, a well known Dallas safe-cracker. LEE informed that RUBY, BONDS and TODD, together with other hoodlums and safe-crackers, whose identities were unknown to Lee, usually hung around SUB'S USED CAR LOT, 3400 Live Oak, Dallas, Texas.

This information is submitted for the completion of the Dallas files.

Re Bureau airtel 4/8/64 and accompanying letter from the President's Commission relative to telephone call allegedly made by EARL RUBY to Triangle Manufacturing Company, Oshkosh, Wisconsin, on 11/1/63 on behalf of JACK RUBY.

The telephone call referred to is apparently that call to Oshkosh referred to on page 131 and page 139, report of SA MANNING C. CLEMENTS, 3/28/64, at Dallas. It is noted such was a station to station call from the telephone at Cobo Cleaners, Detroit, Michigan, operated by EARL RUBY and his partner, GEORGE MARCUS.

By airtel 3/20/64, Milwaukee Office furnished Dallas with FD-302s reflecting information from Dun & Bradstreet relative to Triangle Manufacturing Company and interview with DONALD L. SULLIVAN, president of the company. It is noted the company is reported to manufacture sleeve and specialty bearings and that SULLIVAN stated RUBY and MARCUS are unknown to him; that Cobo Cleaners is not recorded as a customer. SULLIVAN volunteered it is not uncommon for a user to contact the factory when something goes wrong with a product in which Triangle bearings are used, in which case the user is referred to the nearest distributor to him.

Unless advised to the contrary, by Bureau or Milwaukee, the FD-302s referred to will be reproduced in Dallas Office for inclusion in a subsequent report along with other FD-302s and/or inserts which Milwaukee may supply in response to instructions in referenced airtel.

The following refers to the several conversations, the last on 4/7/64, with Inspector MALLEY relative to certain items in which the President's Commission has expressed interest, such being material found in the possessions of RUBY following his arrest on 11/24/63, by Dallas PD. The material in which interest has been expressed is found in FD-302's, pages 725 - 731 and 731 - 751, report of SA MANNING C. CLEMENTS, 11/30/63, Dallas.

Reference is specifically made to page 738, at the top of the page, where a small notebook and its contents are described. The notebook includes numerous names and telephone numbers. Included are the names of certain individuals and their addresses with numbers preceding such names. In describing such names and numbers, at the bottom of page 738 and extending on to 739 and at the bottom of page 739 extending into page 740, Agents who prepared the FD-302 described these names and numbers as "permanent pass card to Carousel Club."

Subsequently, on 12/3/63, other SA'S had occasion to photograph some of the material found in RUBY's possessions. Examination of the photographs discloses that the small notebook

in question was photographed in its entirety. Among the many other items photographed were numerous "permanent pass" cards to the Carousel Club, each bearing a number. In most instances, the name of an individual and some identifying data appear on the individual card. In other instances, the cards have apparently been signed by the person to whom they were to be issued.

The Agents who prepared the FD-302 describing the book had observed the "permanent pass cards" referred to and used this language in describing the names, accompanied by numbers, which appeared in the notebook.

Examination has been made of the names and numbers found in the notebook against the photographs of individual cards. Photographs of the cards have been found to correspond with the notations in the notebook as to all individuals with the following exceptions, pages 738, 739:

Mr. Burt Griffin of the President's Commission staff called on April 3, 1964, and stated that testimony was to be taken from Curtis LaVerne Crafard on April 8, 1964. He referred to the report of Special Agent Manning C. Clements dated 11/30/63 and mentioned a number of items that the Commission desired to have available when Crafard's testimony is taken. He referred to notebooks, papers and other material that Ruby had in his possession or in his automobile at the time he was arrested by Dallas authorities. He mentioned specifically items 24, page 726; 29, page 728; 30, page 729; 31, page 730; and 34, page 731. Griffin was also interested in the item referred to as "six telephone reminders" on page 736, and a small notebook mentioned on page 738, which information was set forth on pages 739 and 740 from the notebook.

Mr. Griffin stated he understood it was a possibility that some of the material being sought had been utilized in the Jack Ruby trial in Dallas. He was told that in the event the material in question had been utilized in the Ruby trial or had any connection with the Ruby case and was in the possession of the Dallas authorities it would not appear proper for the Bureau to be handling this request to obtain this material in view of the fact that an appeal had been filed in the Ruby case. Griffin was told that, consequently, if the President's Commission desired such material, they should make arrangements through the Dallas authorities to obtain whatever material they desired.

Mr. Griffin advised that he had been in Dallas recently and had tried to locate this material but there seemed to be some confusion as to where the material was actually located. He requested the Bureau to make a determination as to where the material actually was in order that appropriate action could be taken by the Commission to obtain same.

The Dallas Office checked into this matter and was unable through the District Attorney's Office or the Dallas Police Department to locate all of the items in question. It was determined that Ruby's notebook was actually in the possession of the Dallas District Attorney. In making this inquiry the District

Attorney was advised that the President's Commission was interested in knowing the location of the material in order that they could contact whatever authorities were necessary in order to obtain same. The District Attorney advised our Dallas Office that he didn't know where all of the material was and if he did have it he did not know whether he would or would not make it available to the President's Commission inasmuch as he was afraid it would not be returned.

Mr. Rankin was advised of the fact that the Dallas authorities did not know the exact location of all the material in question and of the comments made by the District Attorney. He was also advised that in view of the appeal which was pending, the Bureau did not desire to make any contact with the local authorities to actually obtain this material.

On April 7, Mr. Griffin called and inquired as to whether the Bureau had photographs of the material in question. A subsequent check revealed that we did have photographs of the Ruby notebook but that photographs were not available of all the material in question. (In this connection the Dallas Office used this material to obtain sufficient information for our reports and there was no opportunity to photograph all of this material, it being noted that the State was maintaining close custody of these items for possible use in the trial of Ruby.)

By letter dated April 7, 1964, the Bureau transmitted to the President's Commission photographs of the material contained in Ruby's notebook and the six telephone reminder cards.

Today Mr. Griffin called and stated that the President's Commission intended to contact the District Attorney and any other Dallas authorities who might have the material in question. He asked whether or not the Dallas Office would obtain photographs of this material if suitable arrangements were made with the Dallas authorities. Mr. Griffin was advised that if such arrangements were made by the President's Commission, photographs would be made of the material in question. In the event suitable arrangements are worked out, Griffin will advise the Bureau and appropriate instructions will be issued to Dallas.

Submitted for information.

SUBJECT: JACK L. RUBY, AKA.

CIVIL RIGHTS

SYNOPSIS:

The President's Commission by letter dated March 3, 1964, stated that they would like to have copies of all records of interviews with Ruby contained in all FBI records and also copies of all records of interviews of other persons at all places at any time prior to November 23, 1963, wherein Ruby is mentioned. In view of the extremely broad nature of the Commission's request, it was necessary to have all field offices check their indices thoroughly for any references whatever to Ruby and furnish copies of the original source material containing these references for submission to the Commission.

Copies of the original records as submitted by the field have been carefully reviewed at the Bureau. No material was submitted by the field other than that wherein the information pertaining to Ruby had been excerpted therefrom and adequately reported and furnished to the Commission. The only purpose to be served in furnishing copies of the records of the original interviews or other original source material wherein Ruby is mentioned is to satisfy the Commission's request. The material submitted does not contain any information which could logically serve as a basis for further inquiry relating to Ruby or his possible connection with Oswald or the assassination itself. In all investigation conducted to date we have not developed any positive indication that Ruby ever knew Oswald or ever had any connection or association with him prior to the assassination of President Kennedy.

It is noted that Ruby was contacted by an Agent on March 11, 1959, to determine if Ruby was in a position to furnish information regarding criminal matters and if he would be willing to do so. He was advised of the Bureau's criminal jurisdiction and he expressed a willingness to cooperate. Ruby was subsequently

contacted on eight occasions between 3/11/59 and 10/2/59. All of the contacts were completely negative. Ruby did not furnish any information, he was never paid any money, and he was never an informant of this Bureau. The Commission was previously advised of this by letter dated 2/27/64. This Bureau did not at any time, at any place, have any other contacts with Ruby or interview him prior to 11/23/63.

ACTION:

Copies of the original records setting forth interviews of persons who mentioned Ruby and copies of material from our files wherein Ruby is mentioned prior to 11/23/63 are being furnished to the Commission by cover letter attached for approval. This material is set forth verbatim from our files with the exception of instances wherein it is necessary to protect the identity of a confidential source or informant.

DETAILS:

There is set forth as follows a detailed description of each item being furnished to the President's Commission.

1. The material in Item 1 being furnished to the Commission is taken from the report of SA Robert M. Barrett, Dallas, dated 3/1/62 entitled "Crime Conditions in the Dallas Division, Anti-Racketeering" wherein it states that the Carousel Club, operated by Jack Ruby, is one of three burlesque houses in Dallas catering mostly to tourists and featuring "strip-tease" dancers.

2. This item was taken from the report of SA James W. Bookhout at Dallas dated 10/10/50 in the case entitled "Ralph Eugene Young; Joyce Skillman, Atomic Energy Act" and sets forth an interview with [redacted] who requested that his name be kept confidential. He furnished information from the records of the hotel regarding Ralph Eugene Young who was registered there. Included in the information was a list of telephone calls from Young's room, one of which was made to the Silver Spur, 17 South Every (billing to Norma Miller and Jack Ruby). The listings for the telephone numbers called were furnished by another confidential source at the telephone company. Ralph Eugene Young, then employed by Chance Vought Aircraft Company doing work for the Government, was allegedly attempting to obtain Government information which was the basis for the Atomic Energy Act investigation.

3. This item was taken from an airtel from Los Angeles to the Bureau and Dallas dated 3/20/56 entitled "James Breen, Miscellaneous - Information Concerning." The airtel sets forth information relating to a contact of the Los Angeles Office on 3/18/56 by Eileen Curry, Breen's common-law wife who had operated as a prostitute in Los Angeles and had moved to Dallas. It states that Curry indicated that she believed James Breen, who was allegedly handling narcotics, had in some fashion gotten the OK to operate through Jack Ruby of Dallas. This item is the basis for information set forth in the report of SA Manning C. Clements at Dallas dated 11/30/63 indicating that Ruby was known to be an associate of Eileen Curry.

4. This item was taken from a memorandum to the SAC, Dallas, from SA Robert M. Barrett dated 7/9/59 entitled "Gambling Activities, Dallas Division." It contains information obtained from Lt. Jack Revill, Criminal Intelligence Section, Dallas Police Department, indicating that the Dallas Police Department had been advised on 4/2/59 that Sidney Siedband, a Dallas gambler, had been arrested in Oklahoma City at which time he had in his possession a large number of telephone numbers of Dallas and Fort Worth contacts. Among the telephone numbers included was the name and number of Jack Ruby, operator of the Vegas Club.

5. This item was taken from Dallas airtel to Detroit dated 9/14/61 entitled "[redacted] Criminal Informant." It sets forth a contact of the Dallas Office on 9/7/61 by [redacted] an informant of the Detroit Office, wherein [redacted] a prostitute, advised that she and [redacted] had brought [redacted] to Dallas from Bossier City, Louisiana, and obtained a job for her as a stripper at Jack Ruby's Carousel Club.

6. This item was taken from a memorandum to the SAC, Dallas, from Investigative Clerk Pearce dated 9/28/61 entitled "[redacted] Criminal Informant." It relates a contact of the Dallas Office by Jean Bostick, Cashier, Carousel Club, wherein she advised that "Babs" Axenfield (Bethel Kramer) was residing with her and Harvey Bostick, a bartender at the Carousel Club, and was presently employed by Jack Ruby at the Carousel as a waitress.

7. This item was taken from a memorandum to the SAC, Dallas, from SA W. Harlan Brown entitled "Mrs. Eva Grant, aka. Eva Ruby, Eva Rubenstein, General Intelligence Information File"

ERRELL

dated 11/16/62. This memorandum sets forth an interview of [redacted] Dallas, Texas, on 11/13/62 when she advised that she had received information to the effect that Eva Grant, who operates the Vegas Club in Dallas, was formerly connected with the Al Capone Gang in Chicago, Illinois. She related that a brother of Eva Grant's currently owned and operated the Carousel Nightclub in Dallas. . .

8. This item sets forth the contents of a memorandum to the SAC from SA Ralph J. Miles entitled "General Intelligence Information File, Dallas, Texas" dated 8/11/63 which relates that SA Miles while in the office of Vincent Lee, American Guild of Variety Artists, Dallas, on 8/11/53 observed Jack Ruby, operator of the Silver Spur, make certain demands of Lee in a blustering manner that Lee supply Ruby with some girls to put on entertainment at the Silver Spur Club. After the incident Lee advised SA Miles that Ruby considered himself a very tough character and always carried a gun. He also stated that Ruby hung out with other hoodlum types.

9. This item was taken from a memorandum to the SAC from SA Robert P. Gemberling dated 6-5-61 entitled [redacted] Potential Criminal Informant." It sets forth an interview with [redacted] a potential criminal informant of the Dallas Office, by SAs Gemberling and Kenneth C. Howe on 5/31/61 in which [redacted] furnished information regarding activities of girls known to her in Dallas whom she believed to be active in prostitution. [redacted] stated that Jack Ruby was the owner of the Carousel Club. She termed Ruby as "no good" and stated he would not permit girls to work for him unless they were intimate with him.

10. This item is taken from Dallas file number [redacted] entitled "Jack L. Ruby, Potential Criminal Informant." It sets forth a description of Ruby which was obtained by SA Charles W. Flynn at the time Ruby was initially contacted on March 11, 1959, to determine if he would be willing to furnish information regarding criminal matters to the Bureau. No other information was furnished by Ruby at the time of this contact or at the time of any of the eight subsequent contacts between March 11 and October 2, 1959. This description was set forth in the report of SA Manning C. Clements at Dallas dated 11/30/63 which was furnished to the Commission.

The President's Commission by letter dated 4/3/64 has advised that in evaluating the testimony of Nancy Elaine Perrin, it would also be helpful to the Commission if they were provided information as to how Mrs. Perrin came originally to be interviewed by the FBI.

It is noted that in the report of SA Manning C. Clements at Dallas dated 12/18/63 Mrs. Perrin was initially interviewed at Oakland, California, on 11/30/63 and she was again interviewed on 12/3 and 6/63. It is also indicated in the cover pages of SA Clement's report that Perrin was afforded a polygraph examination on 12/5/63.

By return airtel enclosing letterhead memorandum suitable for dissemination to the President's Commission furnish full details of the requested information as to basis for the initial and subsequent interviews of Perrin. Also include in this letterhead memorandum full details of the polygraph examination afforded Perrin including results and conclusions of the operator and basis therefor as this information would also be of value to the Commission in evaluating Perrin's testimony.

NOTE:

Perrin upon initial interview on 11/30/63 advised that she had worked for Jack Ruby as a bartender waitress at the Carousel Club in July and August, 1961. She stated that she had attended four meetings of a group including Ruby and an Army colonel in Dallas where they discussed sending arms to Cuba. Subsequent investigation and interviews of Perrin and other persons named by her to check out her story indicated that she was an "inveterate" liar and completely unreliable. The polygraph examination results were inconclusive due to her emotional instability and use of drugs but the examiner was of the opinion she had suffered from delusions and that her story concerning arms to Cuba was untrue. The conclusion was based upon emotional responses on the polygraph and discrepancies in her story. As the Commission may eventually subpoena Perrin and it will come to their attention that she was afforded a polygraph examination, Commission should be advised of this and the results of same at this time.

PURPOSE:

That the following information concerning Glenn T. Carthron, Jr., be furnished to the Attorney General and the President's Commission. Carthron made allegations based on a "voice from God" that James Riddle Hoffa "triggered" the assassination of President Kennedy by obtaining $1,500,000 from the Teamsters Pension Fund and paying this amount to Jack Ruby who procured the services of Lee Harvey Oswald to carry out the assassination. Investigation continuing and dissemination is being made to the Attorney General and the President's Commission.

BACKGROUND:

Mr. Robert Hickey, former Departmental attorney, reported he received information from Robert Cleary, an executive with Weaver Brothers, Inc., Washington, D. C., that an old Army friend of Cleary's named Glenn T. Carthron, Jr., had related a fantastic story concerning Hoffa taking $1,500,000 from the Teamsters Pension Fund and paying it to Jack Ruby who procured the services of Lee Harvey Oswald to assassinate President Kennedy. Carthron sought Cleary's assistance to arrange an interview with the Attorney General to relate this story. Washington Field Office interviewed Mr. Cleary, Mr. Edwin W. Hanger and Mr. William C. Lord, the latter two are associated with the American Security and Trust Company, all of whom are former associates of Carthron.

These gentlemen related similar stories which in substance was Carthron while in Philadelphia, Pennsylvania, residing at a hotel stated a light came through the transom and a voice spoke to him saying that Hoffa triggered the assassination and "I am God." Carthron was reported to say there was a bomb in his car while in Philadelphia and he then left his automobile and proceeded to Washington by bus. Carthron was described as highly excitable, very nervous and Hanger advised Carthron appears to have a mental problem. Mr. Cleary advised Carthron wanted him to make an appointment with the Attorney General to obtain permission to charge Hoffa with the murder of President Kennedy and if he did not receive permission he was going to order a submachine gun and "shoot Hoffa's head off." Cleary said he feels Carthron is a violent person and was possibly in the same category as Jack Ruby who would take the law into his own hands to revenge the Presidents assassination, contending that Hoffa bears the responsibility for it.

OBSERVATIONS:

It appears Carthron is a violent mentally disturbed person. Leads are currently outstanding to locate and interview Carthron to determine if his allegations have a basis. Bureau files reveal no record concerning Glenn T. Carthron, Jr. Bureau files reveal a case entitled "Unknown Subject; Theft of Government Owned Property Issued in the Name of Glenn T. Carthron, U. S. Treasury Department, Alcohol and Tobacco Tax Unit." This file does not indicate whether there is any relationship involved.

RECOMMENDATION:

If approved, the attached letter to the Attorney General and a letter to the President's Commission with enclosures be forwarded indicating additional investigation is being conducted to resolve this matter.

ASSASSINATION OF PRESIDENT
JOHN F. KENNEDY
NOVEMBER 22, 1963
DALLAS, TEXAS

Mr. Robert Hickey, attorney, Washington, D. C., and formerly an attorney in the Criminal Division, on March 24, 1964, said he had been contacted by a friend, Mr. Robert Cleary, Assistant to the Vice President in Charge of the Insurance Department, Weaver Brothers, Inc., Washington, D. C., concerning an old Army friend of Cleary's named Glenn T. Carthron, Jr., According to Mr. Hickey, Cleary related a story in which Carthron alleged James Riddle Hoffa was responsible for the assassination of President Kennedy.

On March 25, 1964, Mr. Robert Cleary was interviewed by Special Agents of this Bureau at which time he stated he had become acquainted with Mr. Glenn T. Carthron, Jr., and Mr. Edwin W. Hanger while serving in the Armed Forces. Mr. Cleary explained on March 19, 1964, he had received a call from Mr. Hanger advising that Glenn T. Carthron, Jr. wanted to see him. At a subsequent luncheon Carthron alleged James Riddle Hoffa "triggered" the assassination of President John F. Kennedy by taking $1,500,000 from the Teamsters Pension Fund and paying it to Jack Ruby to "take care" of the assassination; According to Carthron, Ruby then hired Lee Harvey Oswald to carry out the assassination. Carthron wanted Cleary to make arrangements for him to meet you so that Carthron could obtain permission to charge Hoffa with the murder of President Kennedy. Mr. Cleary said Carthron indicated if he did not obtain such permission he was going to order a submachine gun and "shoot Hoffa's Head off." In addition, Carthron was reported to have said when he left the hotel in Philadelphia, Pennsylvania, there was a bomb in his car and he took a bus to Washington, D. C.

The Attorney General

Our Agents also interviewed Mr. Edwin W. Kanger, Assistant Chief Clerk, American Security and Trust Company, and Mr. William C. Lord, Assistant Credit Manager, American Security and Trust Company, Washington, D. C., both of whom were former associates of Carthron. These gentlemen furnished substantially the same story. They commented Carthron had related that while in a hotel room in Philadelphia, Pennsylvania, a light came through the transom of his hotel room and a "voice" spoke to him saying, "Hoffa triggered the assassination" and the "voice" said, "I am God." Carthron was described as highly excitable and nervous and Mr. Kanger advised it was his personal opinion Carthron had a mental problem..

Mr. Cleary also stated, based on his previous association with Carthron it was his opinion Carthron tended to be a "violent person." Mr. Cleary also stated Carthron was possibly in the same category as a person like Jack Ruby who would take the law into his own hands to revenge the President's assassination, contending that Hoffa bears the responsibility for it.

On March 30, 1964, Mr. Robert Cleary telephonically advised that he had received a telephone call from Glenn F. Carthron, Jr. on the same day. Mr. Cleary stated Carthron said he was calling from a downtown Washington, D. C. department store and that he had just arrived from Salisbury, Maryland. In addition, Carthron made the statement he had been arrested over the week end by the Wicomico, Maryland, Police Department and was given a psychiatric examination. In addition, according to Carthron, the police found a gun in the glove compartment of his automobile but he claimed the Constitution gave him the right to bear arms.

Mr. Cleary said Carthron related that he was fired from his job at Salisbury, Maryland, but had bought a building at 633 East Main Street, Salisbury, Maryland, from which he would compete with his former employer. Carthron wanted to refinance his Savannah, Georgia, home to obtain working capital and wanted Mr. Cleary to recommend a lawyer who would represent him in the event he was arrested. Carthron also inquired of Mr. Cleary whether Mr. Cleary had made any progress in obtaining an appointment with someone in the Justice Department for him, etc.

Mr. Cleary advised that Carthron wanted an appointment with him but he told Carthron that he had other plans. Carthron

On November 25, 1963, George William Fehrenbach informed Special Agents James J. Mullaney and J. Eldon Dunn at Ashland, Oregon (Report of SA Brown, December 1, 1963, Portland, Oregon) that he had met a person whom he believes to be Jack Ruby in June 1947 in Muncie, Indiana in connection with Communist Party business. Fehrenbach states that he turned the names of Rubenstein and others present at that meeting over to Mervin Collins, then a member of Muncie Police Department.

This Commission would appreciate being informed of your efforts to verify that story including the determination of whether or not Mr. Fehrenbach did provide such names as he indicated.

Dear Mr. Hoover:

In examining the materials available to the Commission with respect to Cuban ties of Jack Ruby, we have noted some confusion as to whether or not Ruby made one or two trips to Cuba in 1959. Immigration and Naturalization Service records reflect that Ruby flew from Miami to Havana, Cuba on September 12 and returned via New Orleans on September 13. Inasmuch as Ruby himself has admitted to being in Cuba only once, for about one week, in September 1959, and three Chicagoans, Jack Marcus, Jay Bishov and Sherwin Braun, reported meeting Ruby in Havana during Labor Day week-end of 1959, please examine immigration records of Marcus, Bishov and Braun, and conduct such further investigation as is necessary to clarify the number of trips which Ruby made to Cuba in 1959 and succeeding years.

To shed further light on connections between Jack Ruby and Robert Ray McKeown, the Commission would appreciate your detailing the material available in FBI files concerning McKeown, including the names of any suspects or confederates in his armament sales to Cuba.

In evaluating the testimony of Nancy Elaine Perrin, it would also be helpful to the Commission if you would provide information as to how Mrs. Perrin came originally to be interviewed by the FBI.

Finally, your informant AT-2 in Atlanta, Georgia (Report of SA Charles S. Harding, December 1, 1963, Atlanta) has stated that Clifton T. Bowes, Leslie Lewis and Joe Marrs are persons having information with respect to Ruby's Cuban activities but our files do not reveal any follow-up of those leads. In addition, Eddie Browder, formerly incarcerated on a liquor violation in the U. S. Penitentiary, Atlanta, Georgia, would seem to be identical with Donald

Edward Browder, alleged by AT-2 to have been associated with Ruby in an arms smuggling operation. Appropriate steps to bring the Commission up to date on those leads would be appreciated.

Sincerely,

J. Lee Rankin

Immediately upon receipt thoroughly review your files to determine if all logical investigation necessary to completely resolve the two matters mentioned in the Commission's letters has been conducted. If they have been fully resolved, submit results of the investigation by report suitable for dissemination to the Commission. If results were furnished to your office in a form unsuitable for dissemination in the report, advise the auxiliary offices involved by teletype to submit appropriate FD-302's of interviews conducted by them by return airtel. If the items mentioned were not fully resolved, set out appropriate leads to do so immediately by teletype.

Include all investigation conducted to thoroughly resolve the two items mentioned in the Commission's letters in your next report in this case to be submitted no later than 4-20-64.

With regard to paragraph 1 of letter number 1, Chicago and WFO have been advised by airtel dated 4-9-64, copy to Dallas, to conduct appropriate check of INS records, and CG will conduct such further investigation necessary to clarify the point raised by the Commission.

With respect to paragraph 2 of letter number 1, the Bureau is preparing a letterhead memorandum with respect to McKeown which will be furnished to the Commission. The item mentioned in paragraph 3 of letter number 1 is being handled by San Francisco pursuant to instructions in Buairtel to SF dated 4-7-64 with copy to Dallas.

NOTE:

The Commission by letter dated 4-3-64 pointed out an allegation set forth in one of the Oswald case reports as received from an Atlanta informant to the effect that Ruby was involved with a group of ex-airline pilots in an attempt to smuggle arms to Cuba. File review reflects that in teletypes submitted the persons connected with the enterprise were interviewed and leads were set out to further resolve the matter. In a second letter from the Commission dated 4-3-64, they mention an interview with one George Fehrenbach which is contained in a report in the Oswald case wherein Fehrenbach alleges that he met a person he believed to be Ruby in Muncie, Indiana, in 1947, which person was participating in Communist Party activities. A review of Bufiles reflects that this item was also thoroughly run out in teletypes and participants interviewed. In both instances from information available in Bufiles, it was indicated that the allegations were without factual basis. Dallas is being instructed to immediately include this investigation in a report for dissemination to the Commission.

Honorable J. Lee Rankin
General Counsel
The President's Commission
200 Maryland Avenue, Northeast

Dear Mr. Rankin:

A confidential source of this Bureau has advised that Melvin M. Belli, former attorney of Jack L. Ruby, directed a letter to Ruby dated March 21, 1964, in which Mr. Belli acknowledged Ruby's letter asking him to withdraw as counsel. Mr. Belli commented in his letter concerning the record for reversal which had been built up and specifically mentioned the court's denial of the motion to change venue.

The source also advised that Joe H. Tonahill, one of Ruby's defense attorneys, on March 18, 1964, directed a letter to Ruby in which he commented on the many reversible errors in the case and said he earnestly believed the appellate court will reverse Ruby's conviction. He said the biggest error was the failure of the court to transfer the case from Dallas County.

Mr. Tonahill said that next in importance were the statements of Officers Archer, McMillon, King, Leavelle, and Dean, of the Dallas Police Department, which statements were admitted by the court over defense objection. According to Mr. Tonahill, these statements served to indicate intent, malice, and premeditation on the part of Ruby. The statement of Officer Dean was the strongest against Ruby. Mr. Tonahill said, of course, "We deny, you deny," that the statements

were made by you (Ruby). The testimony of McMillon was completely destroyed, McMillon having testified he saw certain things, whereas, photographs showed McMillon was not looking in the direction of Oswald at the time he was shot.

Mr. Tonahill's letter continued by stating that, without the testimony of the officers as to statements allegedly made by Ruby at the time of and immediately following the shooting, the District Attorney would at best have a case of murder without malice. "Of course, our testimony would completely contradict that." The penalty for murder without malice is from two to five years. "We can reverse the case and get a change of venue from the appellate court," and the statements of the police officers will not be admissible as res gestae.

Mr. Tonahill said that, should Ruby enter a plea of guilty, he would, undoubtedly, get credit for the time he spent in jail and should not have to serve over a year, considering time off for good behavior, under a maximum sentence of five years. A second trial would likely take less than a week and a jury would find Ruby not guilty, because the approach would be somewhat different in the next trial. "Also, Jack, even if you entered a plea and commenced to serve out that short sentence, you would get the treatment you need during that time."

The above is furnished to you for your information in view of its relationship to the appeal and possible retrial of Jack L. Ruby.

Sincerely yours,

J. Edgar Hoover

Note continued.
Sheriff Decker of the Dallas County Sheriff's Office, who is also in charge of the county jail, has been routinely censoring Ruby's mail as he is a prisoner. He is not censoring Ruby's mail at the request of the FBI. In view of the FBI's investigation of Ruby, Decker has voluntarily furnished information of interest to the Bureau's investigation and we have been furnishing the information to the President's Commission. We should not in this instance be placed in a position of receiving information regarding Ruby without furnishing it to the Commission.

C. Procurador de Justicia del Estado de Dallas Texas.
U. S. Departament of Justice, Dallas Texas.

Estimado señor:

Espero que la presente, sea una de las cartas privilegiadas, que logran llegar a sus manos.

Leí en fecha reciente, el fallo dado por el jurado de esa ciudad en el juicio seguido en contra del Señor Ruby y por supuesto, también he tenido conocimiento de los comentarios que han seguido a tal suceso.

La verdad señor Procurador, sea dicha sincera y valientemente: Ese fallo no satisface a nadie, si acaso sólo a los enemigos de los Estados Unidos de Norte América y por consiguiente del mundo libre. La posición de un servidor, como acaso la mayoría de los ciudadanos americanos es bastante parcial, pues ninguno nos conformamos de la tragedia que desencadenó todos estos hechos tan indignantes, pero a pesar de todo, trataré de convertir en éstas líneas la realidad lógica y jurídica que debe desprenderse de éste caso.

El señor Ruby, persona madura mentalmente, no actuó debido a un trastorno emocional; ésto se desprende no sólo de la edad del acusado sino además por la premeditación con la que actuó. De otro modo cómo podrían explicarse las tentativas de Ruby, para entrar al recinto donde se encontraba el asesino del Presidente Kennedy?; y cómo podría explicarse que el señor se atreviera a entrar a un sitio que se hacía suponer custodiado al cual, no solamente no habría podido introducir ninguna persona que por razón de su trabajo no tuviera que estar presente y menos aún si estaba armada?. Y lo más difícil de explicar acaso sería el que una persona de la edad y los antecedentes del señor Ruby hubiera sentido tal descontrol emocional, que lo hubiera llevado, sin medir las consecuencias, a un asesinato como que realizó.

Señor Procurador, sin ánimo de molestar con la historia de los acontecimientos quiero puntualizar.

La verdad es que se trata de uno de los acontecimien

El Presidente Kennedy manifestó en su primer discur

En resumen el fallo como lo presentan no satisface a
nadie porque sólo hay dos fallos en éste juicio.

O se declara que Ruby es un trastornado mental y que
actuó por su cuenta, y en esas condiciones no puede ser conden

Pero el único fallo que no es posible dictar, es el

State Attorney, Dallas, Texas,
United States Department of Justice, Dallas, Texas. (sic)

Dear Sir:

I hope that this letter is privileged enough to reach your hands.

I read quite recently about the verdict returned by the jury of your city in the trial against Mr. Ruby and, of course, I am familiar with the commentaries which have followed this event.

Allow me, dear Mr. Attorney, to tell you the truth in sincerity and without reticence: This verdict satisfies no one, with the exception perhaps of the enemies of the United States of America and, therefore, of the free world. Your (?) position as a servant, as it were, of the majority of the American citizens is rather partial and it is a fact that none of us seems to be able to accept this tragedy which entailed so many shocking developments. However, in spite of everything, I will try to set forth by means of these few lines the logical and juridical reality which must emanate from this case.

Mr. Ruby, a mentally mature person, did not act as a result of an emotional shock. This is apparent not only from the age of the accused, but also from the premeditation with which he acted. How else could one explain the various attempts Ruby made to enter the enclosed area where the President's assassin was? How else could one explain that the fellow dared to enter the place which was supposedly

COPIES DESTROYED
21 JAN 4 1978

guarded and which was inaccessible to any person who had no right to be there (save for reasons of work) and much the less to an armed person? Indeed, it would be much more difficult to explain why a person of the age and record of Mr. Ruby suffered such an emotional derangement as to commit the crime he committed without a second thought about the consequences.

Dear Mr. Attorney, I have no intention of going over the history of the events, but I would like to ask the following:

First - Is it indeed possible that Lee H. Oswald plotted the assassination of the President all by himself? Could Oswald who, because of his record, appears to have been a person of negligible intelligence, perpetrate and mastermind the assassination of President Kennedy?

Second - Is it indeed credible that Mr. Ruby lost his self-control like a teen-ager to the extent of doing what he did?

The truth is that we are confronted with one of the most despicable events of our age; one, in which the law enforcement authorities of the United States of America acted in a manner which is, at least, negligent and apathetic. Are they afraid by any chance to fully unravel the President's assassination and the assassination of his assassin? Which influential political personages are being protected? Are you, Mr. Attorney, a bought man? Or else, have you not been free to act in this case?

In his first speech as the President of your nation, President Kennedy said: "Ask not what your country can do for you; ask what you can do for your country." Is your country unable to do the least that can be expected of it? Is it unable to remove the stain from its honor? Or is this one more case of the honor having been sacrificed on the altar of comfort? Or, should I call it cowardice?

In short, the verdict as it has been returned satisfies no one because there can be only two verdicts in this trial.

Either it is found that Ruby is a mentally deranged person and acted by himself; and, under these circumstances, he cannot be sentenced to death. Or, one gets to the bottom of this matter and strips the mask from the people who have masterminded these two assassinations without fear of the consequences which may follow.

However, the only verdict which cannot be returned is one which sentences Jack Ruby, and only him, to death.

Sincerely and respectfully

Dallas Office, through censorship of RUBY's mail by Dallas County Sheriff's Office, has come into possession of a copy of a letter directed by MELVIN BELLI to RUBY, from San Francisco, dated 3/21/64. BELLI commented concerning the record for reversal which had been built up, specifically mentioning the court's denial of a change of venue.

TONAHILL then continued that, should RUBY enter plea of guilty, he would, undoubtedly, get credit for the time he spent in jail and should not have to serve over a year, time off for good behavior, under a maximum sentence of five years. He also stated, "Also, JACK, even if you entered a plea and commenced to serve out that short sentence, you would get the treatment you need during that time."

It would appear from TONAHILL's letter that a plea of guilty to Murder without Malice is at least being considered in the event a new trial is granted. There has been considerable comment in the press and otherwise on the fact that the defense, in first trial, "put all their eggs in one basket" in trying to gain acquittal through a defense of temporary insanity, whereas, no plea for leniency was made.

DL 44-1639

On 3/26/64, former SAC WILLIAM A. MURPHY, now with Dale Simpson Associates, Private Investigators, advised SA'S JOSEPH J. LOEFFLER and MANNING C. CLEMENTS he had been approached by PHIL BURLESON, Defense Attorney, in effort to employ MURPHY'S concern to assist in further investigation. He said it was inferred by BURLESON the investigation would be primarily concerned with interviewing police officers and conducting investigation concerning them, referring to those officers whose statements had been particularly damaging to RUBY. BURLESON indicated some of the testimony had come as a surprise to the defense. MURPHY felt, from BURLESON'S statements, the strategy in a new trial, if granted, will revolve around keeping the police testimony out as not admissible under the res gestae rule. MURPHY continued that BURLESON had inferred his belief the FBI was likewise surprised at some of the testimony of police officers. BURLESON noted that certain of the officers had testified on cross-examination they had not told FBI, when interviewed, of statements they attributed to RUBY and to which they testified. BURLESON inferred to MURPHY that SA CLEMENTS, who audited the trial, had told him the FBI had interviewed the officers thoroughly.

SA CLEMENTS advises me he made no such comment to Mr. BURLESON with respect to the interviews of police officers. SA CLEMENTS recalls that D. R. ARCHER, Dallas Police Department, admitted under cross-examination he had not told the FBI of certain statements of RUBY to which he testified, since the FBI had explained the purpose of FBI investigation was to determine whether security had broken down in connection with OSWALD's transfer and, if so, how such happened. At the recess following ARCHER's testimony, BURLESON jokingly commented to SA CLEMENTS that ARCHER had "made the FBI look bad" or something to that effect. SA CLEMENTS did not state to BURLESON whether the FBI was aware of the information to which ARCHER testified or not.

DL 44-1639

Former SAC MURPHY stated he was bringing the statements of BURLESON to our attention, in view of the possibility the defense might, if a new trial is granted, conceivably subpoena Agents who interviewed the various officers and elicit from such Agents the fact that the officers in question had not told of the alleged statements of RUBY to FBI Agents.

On April 9, 1964, SA MANNING C. CLEMENTS encountered EVA GRANT, RUBY's sister, in the lobby of the Dallas County Jail. Mrs. GRANT is a very voluble person and volunteered, as she has on each occasion, much unsolicited information. She mentioned she had been permitted to visit RUBY almost daily, despite the normal regulations specifying particular visiting days. She mentioned further that attorneys were as of that date filing additional papers in connection with their seeking a new trial.

Of particular interest, Mrs. GRANT stated "we" have obtained a copy of a Dallas Police report through a person "who thought we ought to have it". She described the report in question as one which went back to November 13, 1963, and told of police preparations for visit of President KENNEDY to Dallas and went through the events surrounding the shooting of OSWALD.

JONES stated he wanted no part of the vests. He stated he believed [redacted] are members of the Birch Society, and his information should be kept confidential.

TEXAS

On 2/7/64, [redacted] was contacted by SA MANNING. He advised he is a member of the National Rifle Association and is in a group with [redacted] all of [redacted] Texas. He stated he reloads ammunition and keeps primers, powder and other loading equipment for others in [redacted] who reload.. He advised in October, 1963, [redacted] asked him to sell

him 800 rounds of 38 brass and load them. [redacted] stated he agreed to do this and when the loads were ready, [redacted] came by to get the loaded ammunition and gave him a check of [redacted]. [redacted] stated he asked [redacted] what they were going to do with that much ammunition and [redacted] stated they were going to store it along with the 8,000 rounds they already had. Since that time he has sold [redacted] and [redacted] primers to load 800 rounds of 30-60, 800 rounds of .45 caliber, and about 900 rounds of .38 caliber ammunition.

[redacted] stated he is acquainted with these men and feels sure they have not sold any of the ammunition they had, and, while they do shoot in the rifle club, they have not shot any of this ammunition at the local club. He stated he believes these men are members of the local John Birch Society.

On 2/10/64, Lt. H. F. HOPKINS (NA), Intelligence Unit, Fort Worth, Texas, PD, was contacted with negative results by SA JAMES P. HOSTY, JR. concerning this matter.

On 2/11/64, FRANK ELLSWORTH, ATTU, Dallas, Texas, advised SA RICHARD L. WIEHL that subsequent to the arrest of [redacted] for violation of the Federal Firearms Act, MASEN was taken to the ATTU offices for questioning. During this questioning it was determined that [redacted] was of strong "right-wing" beliefs and inclinations. [redacted] stated that there was in the Dallas area a small "elite group" of patriots who were arming for the defense of the country inasmuch as the Government was being infiltrated by Communists and a patriot could no longer look to his Government for protection. [redacted] did not state the name of this "elite group", but left the definite impression it was local in nature.

ELLSWORTH advised subsequent to the above conversation [redacted] has obtained attorneys, led by [redacted], Dallas, who are noted for strong right-wing inclinations. [redacted] has not

permitted interview on advice of his attorneys and has even declined to interview by parole authorities.

On 3/17/64, ELLSWORTH advised [redacted] is still awaiting trial and [redacted] trial will probably commence about the first of May, 1964.

Patrolman PRESTON SNOGA, Irving, Texas, PD, was contacted at his residence, 2517 DeWitt Street, Irving, and furnished the following information to SA WIEHL on 2/11/64:

SNOGA advised he had known [redacted] since approximately February, 1963, and that during the last few months of this acquaintanceship had furnished information concerning [redacted] activities to ATTU, Dallas, Texas. [redacted] activities, he advised, included changing semi-automatic weapons to fully automatic weapons. He advised [redacted] is strictly in the gun business for the money he can make. [redacted] is full of a lot of "big talk" which he never substantiated. [redacted] told SNOGA he had been contacted by Cuban revolutionists for the purpose of supplying guns and ammunition. [redacted] also advised him that "Minutemen" and John Birchers in the Dallas area had contacted him for the purpose of buying ammunition. [redacted] never mentioned the names or locations of these individuals. [redacted] never advised SNOGA that he was himself a member of a John Birch Society or "Minutemen". It was SNOGA's impression that [redacted] was not a member of either of these organizations, if, in fact, he was in contact with them. This impression was based primarily on the fact that [redacted] was more interested in money than in political beliefs.

On 2/28/64, SA JAMES P. HOSTY, JR. conducted the following investigation:

[redacted] advised that he had no further information concerning the activities of "Minutemen" type organizations in the Dallas area. [redacted] advised ever since the assassination of former President JOHN FITZGERALD KENNEDY on 11/22/63, these individuals have been extremely quiet and it is not known whether they have ceased their activity, or they are merely restricting their activities following the assassination of President KENNEDY.

It is noted in referenced Kansas City airtel to Bureau dated 3/3/64, reference is made to the names of [redacted] and [redacted] aka. [redacted] who may be "Minutemen" in the Dallas, Texas, area.

DL 105-1280

Concerning [redacted] enough data on this individual is missing so that he cannot be identified.

Concerning [redacted] aka. [redacted] the following investigation was conducted by SA WIEHL on 3/17/64:

His last address listed as [redacted] and current employment as [redacted] as traveling salesman.

It is noted that the telephone number of [redacted] TEXAS phone call to [redacted] on 3/17/64 verified [redacted] employment there and it was determined that he was working in a salesman capacity and was out of town "on the road" all of the time. NATIONAL INDIGNATION COMMITTEE

A check of current Dallas City Directory and telephone directory reflects no listing for a [redacted] or [redacted]

and that RUBY had a plane chartered to go to Mexico the day of LEE HARVEY OSWALD's assassination, but did not go.

In addition to information contained in Oklahoma City letter to Bureau, 6/20/62, captioned "The John Birch Society, Information Concerning", the Oklahoma City PD file reflected that when [redacted] was arrested he had on his person a .22 caliber pistol. Mrs. [redacted] advised the PD that [redacted] also possessed a sub-machine gun and with the consent of [redacted] the PD went to his apartment and recovered a Schmissier Sub-machine gun which had the barrel plugged with solder. Mrs. [redacted] further advised the PD that [redacted] was a member of the John Birch Society, the "Minutemen", and the National Indignation Committee. The records reflected Mrs. [redacted] address as [redacted] Oklahoma City, Oklahoma. PD records reflected his father as [redacted] Oklahoma, age 57.

APPROX 1907

It is noted referenced Kansas City airtel lists [redacted] Oklahoma, and further lists a [redacted] Oklahoma City notes that it would appear that [redacted] of [redacted] Oklahoma, is identical with [redacted], and it would now appear that [redacted] is identical with [redacted] aka. [redacted].

SUBJECT: LEE HARVEY OSWALD
INTERNAL SECURITY - RUSSIA - CUBA

Reference is made to my memorandum dated 2-28-64, as above-captioned, regarding information received from Dick Berlin and Kingsbury Smith, General Manager and Editor, respectively, Hearst Publications, that a reporter had been advised by Melvin Belli, former attorney for Jack Ruby, that Oswald and Ruby had been FBI informants. Smith indicated this reporter had a tape recording of Belli making this allegation.

Belli has been thoroughly questioned regarding the above allegation and in connection therewith has been specifically advised Ruby and Oswald were never FBI informants. Belli advised he had never stated Ruby and/or Oswald were FBI informants. He explained that he had heard unfounded rumors inferring that Oswald might have been an FBI informant but that he had placed no credence in these rumors.

Mr. Belli was of the opinion that these rumors originated with William Alexander, Assistant District Attorney, Dallas, Texas, and that he was getting "damned tired" of Alexander planting such rumors.

Referenced memorandum also pointed out that while Belli had categorically denied making the statements alleged by Hearst officials, the Bureau should pin this matter down by requesting Kingsbury Smith to make the alleged recording of Belli's statements available to review. Assistant Director DeLoach contacted Kingsbury Smith and requested that the alleged tape of Belli's statements be made available for review. Mr. Smith indicated that the tape would be mailed to the Bureau. While Mr. DeLoach has followed with Mr. Smith and the latter has said the tape would be forthcoming, we have not received it and there is no indication we will. It may be there is no such tape. It is believed this matter should be pinned down and that Mr. DeLoach should have Kingsbury Smith either produce the tape or state specifically why he cannot.

RECOMMENDATIONS:

1. While my memorandum of 3-4-64 recommended that the President's Commission be advised of this false allegation after we had received the tape, it is to be noted we have not received the tape and, therefore, Belli may be right in that he never made such a statement. If this is correct, we are already on record with the Commission that Oswald was never an informant and no useful purpose would be served in advising the Commission of the allegation or Belli's denial at this time.

2. That Mr. DeLoach follow with Mr. Smith to either obtain the pertinent tape recording or determine why Mr. Smith cannot make it available.

I don't believe necessary -

INTERNAL SECURITY - RUSSIA - CUBA

Articles by Thomas Gittings Buchanan, Jr., on his version of the assassination of President Kennedy have been appearing in the French newspaper, "L'Express," in recent weeks. Copies of the past articles have been received from the Legal Attache (Legat), Paris, and have been furnished along with translations prepared at the Bureau to the President's Commission. Buchanan worked for the "Washington Evening Star" as a reporter from 1946 to 1948 when he admitted Communist Party (CP) membership to an official of that paper and was dismissed. He admitted CP membership to Bureau Agents in 1952 and 1953 but claimed in 1956 that he had left the CP. His name is carried on the Reserve Index.

The previous articles by Buchanan have been based on speculation and unfounded material previously published to the effect that Oswald was an Agent of the FBI and/or Central Intelligence Agency (CIA) and that the investigation of the assassination was covering up discrepancies which would tend to establish doubt of Oswald's guilt. Buchanan's article in the 3/19/64 issue of "L'Express" captioned, "Dallas Now Ruby is in Danger," has been received from Legat, Paris, translated and reviewed.

Buchanan claims that Jack Ruby, convicted slayer of Oswald, will attempt to commit suicide. The attempt will be successful, Buchanan states, so that Ruby can be made to "disappear" just as Oswald did before him, thus eliminating "the principal danger of indiscretions in connection with the assassination" of President Kennedy. Buchanan calls for the President's Commission to have Ruby protected while his appeal is pending since leaving him in the "hands of police ... would not only be inhuman but would compromise again the chances of the investigation."

Buchanan claims that the first shot in the assassination was fired from the railroad bridge in front of the President's motorcade and that four shots in all were fired, the fourth making a small bullet hole in the windshield of the President's car and missing a human target. Buchanan claims to have been assured during a recent trip to the

United States by an official investigator whose name he could not reveal that if there were four shots fired, there had to be two assassins. Information in the article also implies that Ruby could have fired the first shot on the bridge and then run to the newspaper office where he appeared shortly after the assassination.

Other points he discusses which cast doubt on Oswald's guilt include the lack of powder found on Oswald's cheek as shown in the paraffin tests; the fact that Oswald must have been an exceptional marksman to have hit President Kennedy while most "official circles" seemed to believe that Oswald was a mediocre shot; and the fact that Oswald did not eat the food or smoke the cigarettes found on the sixth floor of the Texas School Book Depository.

Buchanan also implies that Ruby must have possessed special knowledge to have arrived at the Dallas jail just two minutes before he shot Oswald at 11:21 a.m. on 11/24/63 when the transfer of Oswald had been publicly announced for 10:00 a.m. on that same date.

Buchanan reports that in his visit to the United States recently he stopped in Dallas, Miami, New York City and Washington, D. C., in his inquiry into the assassination of President Kennedy. While in Washington, D. C., he reports that he talked to Deputy Attorney General Katzenbach and Mr. Howard Willens of the President's Commission. (We have received information regarding these contacts by Buchanan in the past.) Buchanan claims that Willens took notes of his report on the assassination. However, Buchanan stated he was not at liberty to write about certain points he discussed with Willens. Willens also reportedly asked Buchanan for all documentation concerning the assassination which could be supplied by "L'Express." Buchanan states that he believes the President's Commission is now more receptive to "proof elements" which contradict the generally accepted version that Oswald, acting alone, killed President Kennedy.

Buchanan's article claims that Miami is the city in the United States where the President of the United States runs the greatest risk of being killed. He states that this is so because there is considerable racial tension there and because some Cuban exiles living there would like to have the President of the United States assassinated and the blame then placed on Castro forces. According to Buchanan such Cuban exiles believe that the assassination of the President would bring about the military occupation of Cuba in retaliation. Secret Service is being furnished a copy of the translation of this article by Liaison in view of the above information relating to possible danger to the President's life.

Memorandum to Mr. Sullivan
Re: LEE HARVEY OSWALD
105-82555

This latest article by Buchanan is typical of his previous articles in "L'Express" in that he deals in implications and previously published speculation on the guilt or nonguilt of Oswald, the claim that Oswald was part of a conspiracy, and the allegation that Ruby was also involved in that conspiracy.

By attached letter the President's Commission is being furnished a copy of the 3/19/64 "L'Express" article by Buchanan and two copies of a translation thereof. Future articles by Buchanan will also be furnished to the Commission.

RECOMMENDATIONS:

1. That the attached letter be sent to the President's Commission.

2. That Secret Service be furnished a copy of the translation of the Buchanan article by Liaison.

Enclosed herewith are two copies of a letter to the Attorney General from Miss Mary Jone dated 4/7/64 wherein she states she has information about an attorney at 17 - 2nd Street, Phoenix, Arizona, who always sends money to help Jack Ruby.

Immediately upon receipt interview Mary Jone for full details as to the basis for the statement in her letter. In the event she furnishes some reasonable basis for her statement, identify and interview the attorney to determine whether or not he has a connection with Ruby and any information he may have regarding Ruby, the assassination of President Kennedy, or any possible connection between Ruby and Oswald. Any further logical leads developed should be promptly handled.

If Jone cannot supply a reasonable basis for her statement, conduct sufficient inquiry through an indices check and reliable sources of your office to determine whether or not such an attorney exists and, if so, who he is and what he does.

Enclosed is one copy of the April, 1964, issue of "Informations & Documents", a periodical published in French by the U.S.I.S. office in Paris. There appears on page 24 an article by Professor G. W. FOSTER, Professor of Law at the University of Wisconsin, presently temporarily at the University of Aix-Marseille, captioned "Dallas: Reflections on a Trial".

There appears on page 27 an article by CHRISTIAN WILLAD, a French journalist who covered the trial in Dallas for a French weekly newspaper "Le Nouveau Candide". Following his return to France, he interviewed one GEORGES SIMENON, a writer of numerous well-known detective novels featuring a fictitious French police detective "Inspector Maigret".

Of particular interest to the Bureau would be remarks appearing on page 29, in which the reporter asks SIMENON, "If one were to show you an FBI report establishing the fact that there was no contact between Oswald and Ruby, would you believe it?" SIMENON answered, "Without a shadow of a doubt." The reporter then states that the FBI report has not been made official, but it has been made known that there was no connection between the two. Many people who believed that there was a plot behind the two assassinations claimed that the FBI has doctored its report. SIMENON answers, "This is impossible." He states that the FBI can't be bought. He states that no President has been able to make the FBI report anything which is contrary to what they have found. He states the FBI is totally independent and does not have a Minister of Interior on its back as do the French Police.

The Bureau may wish to have these two articles translated.

DALLAS: REFLECTIONS ON A TRIAL

(2) An Interview of Georges Simenon

By Christian Millau,

page 27

Christian Millau followed the hearings at the Ruby trial in Dallas for the weekly, "Le Nouveau Candide." Upon his return to Europe he went to ask novelist Georges Simenon what he thought of the American justice. We are reprinting here, with the permission of "Le Nouveau Candide," the interview of this great specialist in criminal matters, whom Christian Millau found at home. . He said he was irritated by a televised debate among French journalists which was rebroadcast from Dallas.

• • •

Georges Simenon. - Nevertheless, this parochialism is strange! Were you, who returned from Dallas, also shocked by the manner in which Americans dispensed justice?

Christian Millau. - Not shocked, but struck. - One cannot imagine President Dechezelles eating during the hearings or sticking a finger in his nose ....

G. S. - Suppose you were a journalist in Dallas and your newspaper sent you to attend a trial in Paris. Don't you think that you would feel as though you were standing on your head? A courtroom which resembles a cathedral; gentlemen dressed as for a carnival, in red robes and furs, with

ENCLOSURE

funny little hats on their heads; attorneys with their big sleeves who, in order to ask a question of a witness, have to ask it first of a presiding judge who then repeats it. And when you learned that these three gentlemen in robes are going to closet themselves with the jury, to decide the fate of the fellow in the dock, would it not make your American blood boil?

"But these three gentlemen," you are going to ask "by whom are they paid?" "By the government," they will reply. "What!" you would say. "They are paid by the government and they render justice! But this is scandalous! Why, in our country ...." And one can go on like this for a long time.

C. M. - All joking aside, what in your opinion, is the big difference between the French and American justice?

G. S. - Instead of being, as in Europe, hieratic, almost religious, justice in a city like Dallas is essentially tribal.

Dallas was founded by some thirty people, whose families still exist. For them, a trial is a family affair, somewhat like the Mafia. .. Do you know that in Connecticut, when there is a sign, "Trespassing is Prohibited," in front of a property, the mistress of the house still has the right to shoot on sight?

In Arizona, where I had my ranch, it is far more serious to steal a horse than to hold up a bank. The explanation is very simple: in Arizona, not so long ago, a man without a horse was a dead man. There was a great gentleman in Tucson who said to his friend one evening: "I bet that if I stole a horse you would not dare to hang me!" Sobbing, they hung him.

This happened in 1880, at the time of Anatole France, Paul Bourget, Cezanne!

C. M. - Do you find it normal that a judge, Judge Brown, for example, is elected like an ordinary city councilman?

G. S. - Even in the United States this is a much debated principle. But there also, the election of a judge stems from the idea of tribal justice. Pioneers named the most honest man among them.

Yes, an election is an affair of bistros and handshakes. But do you believe that Clemenceau or Poincare decreased in stature because they were elected? And that it will lower de Gaulle to shake hands and to make election speeches?

C. M. - You have attended numerous trials, both in France and in the United States. Do the two procedures appear very different to you?

G. S. - In France, a trial is almost finished before it has begun. Everything is in the file and witnesses are merely going to repeat what they have already told the examining magistrate. It only remains for the attorneys to make their speeches.

In the United States, the trial is an action. The entire procedure unfolds under the eyes of the public and everything may change for the slightest cause. That is why in America great trial lawyers are formidable actors: they stage their trial like a play, with sham exits, sensational developments, etc.

And this is always done with unparalleled violence, for everything is permitted. I assure you that it is not fun to be a witness in the United States! Defense attorneys terrorize you.

But then, while in France, the hearings go over the head of the accused who has no right except to keep quiet and whom his attorney forces to sit back, in America, he is obliged to understand what is taking place; he really participates in his trial.

C. M. - If I understand you right, it is more difficult to fake a trial in the United States where it unfolds itself "in the open" than in France where it is secret.

G. S. - It is practically impossible to fake a trial in the United States. But, instead, they can resort to some legal tricks. Thus, when the prosecutor - the district attorney - feels that he has insufficient proof to send the defendant to the electric chair, he proposes a deal to the defense attorney: "I will not ask for capital punishment, but you, on your part, plead unpremeditated murder (ten years in prison, maximum)." If the attorney is not quite sure of his cards, he accepts the trade.

C. M. - Does American justice commit as many or fewer errors than French justice?

G. S. - American justice has more loopholes. If I were guilty, I would prefer to be tried in America .... If I were innocent, I would like to be tried in England.

C. M. - And France?

G. S. - Hm! France, I don't know. Laws change too often. One has to keep track of them every three months.

C. M. - There is something else which makes Frenchmen smile; it is the use Americans make in trials, and particularly in the trial of Ruby, of psychiatry and psychoanalysis. In the case of Ruby, people who believe the conspiracy theory are convinced that medicine is going to be a good means for stifling the so-called scandal. What is your opinion?

G. S. - Americans take the psychological study of the defendant very seriously, and this is all to their credit. But Texas is not among the fourteen States which, a short time ago, instituted a very searching examination in prison hospitals for individuals who plead insanity. Thus, there will be questions for a long time regarding Ruby's sanity.

No psychiatrist in the world would ever be able to tell if Ruby killed or did not kill Oswald in a moment of temporary insanity, which Americans call an "impulse."

Perhaps they will demonstrate that he was weak, that he had epileptic tendencies, but how can they prove - or, *a contrario*, deny - that on such a day and at such an hour it was impossible for him to resist the "impulse?"

C. M. - If they think that the Ruby case was rigged, the Dallas police would be implicated. You, who know American police; is it or is it not possible?

G. S. - The corruption dates back to Prohibition. Today there are two kinds of cities in America; open cities and closed cities. The former are those where, for reasons of hospitality and tourism, the police close their eyes to prostitution, gambling, strip-tease, or closing hours for liquor stores. This is the case of Chicago and Dallas. This is the case of New York at present. Who gets paid? How much does one get paid? I do not know. But, the police are bound to know.

Furthermore, when the American fleet disembarks at Cote d'Azur and 1,000 girls arrive by train from Paris, police also know about it. That is exactly the same thing. But to fake a police investigation, really, I don't believe it.

If Ruby did have contacts with the Dallas police, what is more natural? Ruby, an owner of a cabaret, is necessarily a stool pigeon or an informer for police. If you are not convinced, go and ask the tenants of night clubs in the Pigalle .... But I do not think that this could go much farther.

C. M. - Could the Mafia use a man like Ruby?

G. S. - Unthinkable. When an organization has some "work" to do, it sends a killer to New York from California, a killer from Chicago to Las Vegas, etc. It covers up its tracks; this is the ABC of the trade.

C. M. - And if he acted for a political group?

G. S. - I would think they would take a foreigner. A German, an Italian; at any rate, someone unknown, who would not have identity documents.

C. M. - I see that like 90% of Americans, you do not believe in a conspiracy theory.

G. S. - I did not say that. I do not have in my hands the evidence from the files which would permit me to reject this theory. I know only that, first of all, if there was a conspiracy, it would begin to come out, since a conspiracy profits someone and really, we do not see today, who would profit from it. And then, every time a President of the Republic is assassinated, they talk about a political plot.

Today again, there are people who are convinced that Gorguloff had political reasons for killing Doumer, while it was established that he was simply an insane man. Moreover, plots almost always fail. Too many people are in the know and there is always one who spills the beans. But one lunatic could have killed de Gaulle. A lunatic is unpredictable. Nothing can be done.

C. M. - You did not find anything strange in the investigation conducted after the assassination of Kennedy?

G. S. - I repeat, I do not have the evidence. But, actually, there is no certainty that the investigation was well conducted technically. For example, since they did not find the traces of powder on the fingers or on the cheek of Oswald, it seems impossible to me that he was the one who took the shot. But we must not forget that the investigation was made by the local police, completely stunned by the event. Imagine what would happen in France if de Gaulle were killed at a capital of a canton and a (local) gendarmerie would be in charge of everything.

C. M. - If they would show you the report of the FBI establishing that there was no connection between Oswald and Ruby, would you believe it?

G. S. - Without a shadow of hesitation.

C. M. - This report was not made public, but it exists and it actually affirms that there was no connection between the two cases. It does not matter, say the partisans of the "conspiracy" theory -- the FBI doctored its report.

G. S. - This is impossible. The FBI cannot be bought. No president has been able to make it say anything contrary to its findings. The FBI is completely independent. It does not have the Minister of the Interior on its back. The same people say that the Warren Commission of the Supreme Court (sic) is in the process of shuffling the cards. They do not have any idea of what the Supreme Court represents. The Supreme Court does not care a rap for the President, the Senate or public opinion. It is indeed "supreme." I would not doubt the Warren report for a second.

C. M. - Oswald was hardly slain when France started to talk about a conspiracy. And what was your reaction?

G. S. - I was stunned but I did not think at all about the "settlement of accounts." The French reaction is explained by the fact that, since Louis XIV, this country has had a political police which interferes in everything, even elections.

Why did I put Maigret in the quai des Orfevres and not in rue des Saussaies? Because when I went to the office of the Chief of Police, rue des Saussaies, I saw that his door communicated with that of the Minister of the Interior .... Frenchmen are traumatized by the ties existing between the police and politics. That is why they reject the idea that Kennedy's murder was not a political affair. Today we still have new theories published on the murder of Lincoln! One hundred years from now there will still be men of good faith and mild cranks who will be retrying the Ruby case.

Re: State of Texas vs. Jack Ruby
(S-6010-J, In the Criminal District Court
No. 3 of Dallas County, Texas)

Dear Mr. Miller:

Allow me, on behalf of the defense team in Jack Ruby, to thank you, and through you, your superiors and the Warren Commission for authorizing us to use certain data obtained by the FBI in connection with the investigation of the assassination of President John Fitzgerald Kennedy and the shooting of Lee Harvey Oswald. It was very helpful.

As you have noticed from the Press, the jury returned a death verdict in the Jack Ruby trial on Saturday, March 14, 1964.

We are in the process now of taking the necessary steps to perfect the appeal.

Unfortunately the appellate court will determine that the trial judge failed to accord Ruby the full protection of the law to which he was entitled. Change of venue should never have been refused under the circumstances. Unfortunately the Dallas County jury was influenced by a subconscious desire to "redeem" the good name of Dallas for the November 22nd tragedies which it had somewhat encouraged through its oligarchy leadership through a Jack Ruby death verdict. Each of the jurors had opinions and from the testimony developed on voir dire appeared to have prejudged Ruby and came to their task with their minds made up. We didn't select a jury; we tried to strike one.

During the course of the trial and over repeated objections by defense counsel, the Court permitted police officers King, Leavelle, Archer, McMillan and Dean to give testimony of alleged statements by Ruby after being taken into custody. Those statements were offered as res gestae. They were the sole evidence of the State touching malice.

44-24016-1396

(1) ENCLOSURE

intent, and premeditation. They were uncorroborated by offer of proof of any of the key witnesses who were with Ruby from 12:00 noon November 22nd until the shooting of Oswald at 11:19 A. M., November 24th.

Neither were they corroborated by the Secret Service nor the FBI who interrogated Ruby November 24th, following his arrest.

We feel that these so-called res gestae statements form the entire basis for the Court charging the jury on murder with malice which has a range of punishment from two years to death.

Without them, the Court would doubtless have been forced to charge solely on "murder without malice" which carries a range of punishment of two to five years.

The Court's charge contained eleven legal size pages of instructions. In excess of sixty witnesses testified, eleven of which were medical experts who testified extensively.

After the jury commenced its deliberations on the morning of March 14, 1964, after the arguments were concluded after 1:00 A. M., March 14, 1964, it announced to the bailiff that it had a verdict in less than two hours of deliberation.

We who represented Ruby were greatly shocked, of course. We were shocked by the manner in which the jury was forced upon us, the manner in which the case was tried, and the manner in which the Court continuously tied our hands despite violent objections that the Court was denying Ruby his guaranteed protection of the law.

My co-counsel termed the jury's verdict as a memorial to the Patriot Lee Harvey Oswald for "assassinating President Kennedy in behalf of the Dallas oligarchy." Those words were not borne alone of a disappointed jury verdict. One would have had to have been present during the course of the trial from the first witness on the change of venue to the end of the case to have fully appreciated the considerations that motivated Mr. Belli's strong denunciations.

We were prevented by the Court from ascertaining if the jurors were Republicans or John Birchers. Likewise, we were precluded from offering into the evidence the complaint file by the District Attorney at

11:20 P. M., November 22, 1963 against Lee Harvey Oswald for the murder of President John Fitzgerald Kennedy. We were likewise prevented from qualifying the jury on voir dire examination to the effect that the District Attorney was a friend of Ruby's and had stated on TV in the presence of Ruby the night of November 22, 1963 that Oswald had assassinated President Kennedy and Oswald should be electrocuted for it.

Dallas, Texas Police officers D.R. J. D. McMillon et al

During the course of its investigation, the FBI [illegible] from the aforementioned officers Archer, McMillon, Leavelle, J.L. Glen D. [illegible], who are local Dallas police officers who gave evidence at the [illegible] trial. We were finally able to see statements by Archer, Hunt and McMillon. Those statements were corrected in subsequent statements and the subsequent statements that they had corrected supplied the so-called res gestae malice, intent, and premeditation testimony.

Patrick Jack Ruby Defense

The purpose of this letter is to request of your Department photostatic copies of statements given to the FBI by Officers Archer, McMillon, Dean, Hunt and Leavelle for use in our Motion for New Trial and on appeal of this case.

Unfortunately, the granting of this request will be very helpful towards getting a new trial and the transfer of this case to another county, and out of Dallas County.

Would you therefore please consider this request at your earliest convenience and if you see fit to permit us to have copies of the statements obtained, or copies of reports from FBI interrogating officers of these Dallas police officers that would be beneficial, we should be more than grateful.

This request is made in the interest of justice with the realization that your Department is in a better position to help us than any other means or method of obtaining this necessary help.

Very respectfully,

REQUEST OF DEFENSE ATTORNEY TONAHILL

Assistant Attorney General Miller by memorandum dated 4-7-64 enclosed a letter to the Department from one of Ruby's defense attorneys, Joe H. Tonahill, in which Tonahill requested copies of statements given to the FBI by officers Archer, McMillon, Leavelle, King and Dean of the Dallas Police Department for use by the defense in their motion for a new trial and their appeal of Ruby's conviction. Tonahill stated that the testimony of these officers at the trial of Ruby was the sole evidence of the State touching on malice, intent and premeditation and was the basis for the court charging the jury on "murder with malice" rather than "murder without malice" which carries a lesser sentence.

FACTS

In our investigation of the Ruby case, we interviewed all of the police officers mentioned by Tonahill within a few days after the shooting of Oswald by Ruby. We also obtained copies of these officers' initial statements to their superiors. The officers in their testimony at the trial attributed certain statements to Ruby immediately after the shooting touching on malice, intent and premeditation which statements were not contained in their interviews by Bureau Agents and were not contained in their initial statements to their superiors. Tonahill is apparently aware of this as in his letter he states that he has seen statements (made by officers to their superiors) of three of the officers that had been corrected in subsequent statements and he pointed out that the subsequent statements supplied the premeditation testimony.

Memorandum to Mr. Belmont
RE: JACK L. RUBY, AKA.

OBSERVATION

Tonahill on 1-9-64 requested access to the results of all of our investigation relating to the assassination of the President and subsequent shooting of Oswald. In this instance, we deferred the decision as to what would be furnished to the defense to the Department and the Department made available to the defense the names and addresses of over a thousand persons who had been interviewed by the FBI in connection with the investigation of Ruby's shooting of Oswald along with one or two sentences showing the nature of their association with Ruby or general nature of information furnished by them. No information was furnished to the defense concerning our investigation of Oswald or the assassination of the President. In response to Mr. Tonahill's current request, the Bureau cannot reasonably impose any objection to furnishing the requested results of our interviews with the officers if they could in any way be pertinent to the success or failure of Ruby's appeal. The Bureau will, therefore, defer to the decision of the Department as to whether or not the requested statements of the officers to FBI Agents are to be furnished to the defense, without comment as to the merits of the action.

ACTION

A letter is being forwarded to Assistant Attorney General Miller advising him that the Bureau will defer to the Department's judgment and decision as to whether or not the interview reports covering the FBI's interviews of the five named officers are to be furnished to the defense.

SEE DETAILS PAGE 3.

DETAILS

Details of the FBI interviews of Dallas Police Officers Archer, McMillon, Leavelle, King and Dean and their testimony at the trial of Ruby indicating premeditation is set forth as follows.

Detective D. R. Archer was interviewed on 11-25-63 and he advised that he was present in the immediate proximity when Ruby shot Oswald in the basement of the Dallas police building on 11-24-63. At the time the shot was fired, he heard Ruby say something but the only words he could make out were "son of a bitch." Immediately after the shot, he asked, "Who is it?" Ruby made the statement, "You know me, I'm Jack Ruby." Archer then along with other officers took Ruby to the fifth floor of the police building and stayed with him until 3:00 p.m. At the trial, Archer testified on 3-5-64 to the above statements made by Ruby and in addition said he heard Ruby in the jail office say, "I hope I killed the rat son of a bitch," and on the elevator going to the fifth floor, he heard Ruby say, "I intended to shoot him three times."

Detective T. B. McMillon was interviewed on 11-25-63 and advised that he was present in the basement of the police building in immediate proximity to the shooting when it occurred. He heard Ruby say, "You rat son of a bitch. You shot the President," just before the shot was fired. After the shot, he heard Ruby say, "I hope I killed the rat son of a bitch" and also heard him state, "Don't you know who I am, I'm Jack Ruby." He was with the officers who took Ruby to the fifth floor and said he stayed with him until 3:25 p.m. McMillon when he testified at the trial on 3-5-64 attributed substantially the above statements to Ruby and also said that after Ruby was taken upstairs, he heard Ruby state that he meant to shoot Oswald three times.

Detective J. R. Leavelle was interviewed by Agents on 11-25-63 and on 12-10-63. He was handcuffed to Oswald escorting him at the time the shot was fired. He related in detail the incidents that occurred but related no conversation which he attributed to Ruby. On 3-4-64 Leavelle testified at the trial that at the time of the shooting he heard Ruby mumble something and within a minute after the shot was fired he heard Ruby state, "I hope the son of a bitch dies." Leavelle also said that at the time the gun was taken from Ruby's hand his hand appeared to be contracting as if to fire again. He did not make this statement to Agents when interviewed.

Memorandum to Mr. Belmont
RE: JACK L. RUBY, AKA.

Captain Glen D. King was interviewed on 12-9-63 and 12-10-63. King was in charge of press relations and was in the basement but not in immediate proximity to the shooting when it occurred. He related no conversation attributed to Ruby. In his testimony at the trial on 3-6-64, King said that after the shot was fired while Ruby was in the basement jail office on the way to the fifth floor, he overheard him state, "You didn't think I was going to let him get away with it did you?" King also said that on the elevator on the way to the fifth floor he said to Ruby "You dirty scum, you are the scum of the earth." He did not hear Ruby's reply.

Sergeant Patrick Dean was interviewed on 12-2-63 and 12-9-63. On 12-2-63, he stated that he was in the basement of the police building but was not in immediate proximity to the shooting when it occurred. After the shooting, he escorted Secret Service Agent Sorrells to the fifth floor to interview Ruby. He related no conversation which he attributed to Ruby. Dean was interviewed on 12-9-63 regarding a statement in the press which said that Dean saw Ruby enter the basement. Dean denied making this statement. At the trial of Ruby, Dean testified on 3-6-64 that when he took Sorrells to the fifth floor to interview Ruby he heard Ruby say that he had seen Oswald two nights previously at the press conference and he had at that time thought of killing Oswald, that when he saw how sarcastic Oswald was and the leer on his face he thought to himself that he would kill him if he got the chance.

On April 15, 1964, [redacted], Wisconsin Telephone Company, Milwaukee, Wisconsin, advised that long distance telephone call records relating to Oshkosh, Wisconsin, telephone number 414 235 3710 for the period September 26, 1963, to January 1, 1964, would be maintained in the archives of the Telephone Company for a period of one year from the date of billing. She advised that this is a general policy of the Telephone Company. Records of long distance calls charged to the telephone in September, 1963, would be destroyed at the date of billing in October, 1964.

[redacted] Dun & Bradstreet, 828 North Broadway, on March 17, 1964, advised that the Triangle Manufacturing Company, 700-740 Division Street, Oshkosh, Wisconsin, according to a financial statement made to Dun & Bradstreet September 1, 1963, had a net worth of $600,000. It employs 350 people and manufactures sleeve and specialty bearings and also does metal stamping and electro plating. It has 700 accounts with sales to manufacturers and distributors. The company has international and national territory through manufacturers agents and occupies 20,000 square feet of the two-story brick building which it owns.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

The company was incorporated in Wisconsin on December 20, 1922, with an authorized 2500 preferred shares at $10 and 2500 shares no par value common stock.

Officers of the company are DONALD L. SULLIVAN, President; FRANK J. SULLIVAN, Chairman of the Board and Treasurer; JEANNETTE (Mrs. DONALD L.) SULLIVAN, Secretary.

DONALD L. SULLIVAN, according to the Dun & Bradstreet report, was born in 1911 at Oshkosh, Wisconsin, and has been active in this business all of his life. His wife is Mrs. JEANNETTE SULLIVAN, born in 1913, at Oshkosh, Wisconsin. His father is FRANK SULLIVAN, a native of this country born in 1884 who took over the management of this business in 1922 and was elected president of the company in 1939. In 1958 DONALD SULLIVAN took over the presidency. FRANK SULLIVAN is a director of the Oshkosh National Bank.

On March 18, 1964, DONALD L. SULLIVAN, President, Triangle Manufacturing Company, 714 Division Street, Oshkosh, Wisconsin, advised that he had never heard of the Cobo Cleaners of Detroit, Michigan, and that there is no record that Cobo Cleaners had ever been a customer of the Triangle Manufacturing Company. He stated no record was kept of incoming telephone calls. He said he is not acquainted with GEORGE MARCUS or JACK RUBY. He contacted DONALD BRAND, Sales Manager of Triangle Manufacturing Company, who advised he was not familiar with Cobo Cleaners and recalled no contact by RUBY or MARCUS.

Mr. SULLIVAN stated that the Triangle Manufacturing Company makes sleeve bearings and a bearing known as "Lazy Susan Bearing," which Mr. SULLIVAN said is used in heating, air conditioning and ventilating units. The name of the Triangle Manufacturing Company and its Oshkosh address appears on its products, and Mr. SULLIVAN said it is not uncommon for a user to contact the factory directly when something went wrong with the product in which the Triangle bearings are used. In such instances, the person contacting the factory is referred to the distributor of the product. In Detroit, Michigan, such distributors are the Michigan Bearing Co., 85 Oakman Boulevard, and the Detroit Ball Bearing Co., 110 West Alexandrine Avenue, Detroit, Michigan.

Mr. SULLIVAN said that if the product in which bearing was used came from some point other than in the Detroit area, the party contacting the Triangle Manufacturing Company would be told to contact the manufacturer of the product in which the bearing was used.

JACK L. RUBY;
LEE HARVEY OSWALD - VICTIM

On January 26, 1962, Joseph L. Bard, Attorney, 1026 Plymouth Building, Minneapolis, Minnesota, advised that he was then attorney for Ernest Goldblatt and Jay Goldman, owners of the Triangle Manufacturing Company, Minneapolis, Minnesota, which company then made jackpot boards, punch boards and paper novelties. Mr. Bard stated that the Triangle Manufacturing Company had decided to discontinue shipping any merchandise out of the State of Minnesota until a conclusion could be reached with the U. S. Department of Justice regarding the legality of such shipments.

On April 10, 1964, Mr. Bard was reinterviewed at which time he advised that the Triangle Manufacturing Company of Minneapolis had dissolved and ceased operations about October, 1962. Ernest Goldblatt has since bought into a salvage company located in Minneapolis. Jay Goldman is not known to be in any business operation at present. He has had several severe heart attacks and is more or less retired.

Mr. Bard stated further that neither Goldblatt, Goldman, nor the Triangle Manufacturing Company of Minneapolis, Minnesota, had ever had any business connections with companies outside of Minnesota. Specifically, Bard stated, there was no connection between the Triangle Manufacturing Company of Minneapolis and the Triangle Manufacturing Company of Oshkosh, Wisconsin.

On April 10, 1964, [redacted] Dun and Bradstreet, Inc., 25th and Park Avenue, Minneapolis, Minnesota, advised that his records show that the Triangle Manufacturing Company of Minneapolis, Minnesota, had gone out of business in October, 1962. This company had engaged in the manufacture of paper novelty items, punch boards and similar items from 1948-62. The file contained no information indicating any out-of-state connections or branches.

Enclosed herewith for the Dallas Division are 25 copies each of FD-302's showing interviews with FRANK BROWN and Chief of Police MANUEL GONZALES, (NA), at Gallup, N.M.

Enclosed for the Oklahoma City Division are 2 copies of each of the above FD-302's, along with one copy of referenced El Paso airtel and one copy of El Paso enclosure to referenced airtel.

For the information of the Bureau, FRANK BROWN was interviewed at Gallup, N.M., 4/14/64, and denied he had definitely heard the name ABE RUBENSTEIN or JACK RUBY in connection with any gun running at Duncan, Oklahoma. He stated the the name of JACK RUBY sounded familiar to him and in a telephone conversation, asked his brother-in-law JOHN T. DUDLEY, Night Chief of Police, Duncan, Oklahoma, if the name RUBY sounded familiar to him. DUDLEY replied

that it did not. BROWN then stated that there was some discussion with DUDLEY concerning a "SMITTY" who lived at Duncan, Oklahoma, who had been given chase by the Duncan Police officials several years ago in a car in which some guns were located. BROWN suggested to DUDLEY that DUDLEY look up records to see if "SMITTY" could have been the person with whom BROWN associated the name JACK RUBY. BROWN advised that while the name RUBY sounded familiar to him, the only possible connection with which he could place RUBY was the incident concerning "SMITTY." BROWN denied furnishing any positive information connecting RUBY with "SMITTY."

For the information of the Bureau, it is also noted that Chief of Police MANUEL GONZALES, (NA), advised that he fired BROWN in about 1960 or 1961. Chief GONZALES advised that BROWN is most untrustworthy, will fabricate stories and will make himself look or feel important to other persons.

NANCY ELAINE PERRIN

Nancy Elaine Perrin telephoned the Oakland, California, Resident Agency, Federal Bureau of Investigation (FBI) on November 27, 1963, and advised a Special Agent of the FBI that she had information concerning Jack L. Ruby of Dallas, Texas. She appeared at the Oakland Resident Agency some five minutes after the afore-mentioned telephone call and was there interviewed by a Special Agent of the FBI.

Perrin was reinterviewed at her residence located at 6 Harbor Road, Hayward, California, on December 3, 1963, by two Special Agents of the FBI. On this occasion she furnished the interviewing Agents with a voluntary signed statement setting forth information concerning Ruby and other individuals.

On December 6, 1963, Perrin was afforded a polygraph examination at Oakland, California, with a Special Agent of the FBI as examiner and a second Special Agent of the FBI present during this examination.

In appraising the polygraph examination, the examiner observed that Perrin is a Caucasian female, 35 years of age. She stated that she attempted suicide in 1958 following which she was voluntarily committed to the psychiatric ward, Northampton State Hospital, Massachusetts. She advised that she was arrested in Denver, Colorado, in 1960 charged with carrying a concealed weapon and was fined $25.00 as a result of this charge. She stated she was arrested in Boston, Massachusetts, in 1960 or 1961 charged with prostitution and paid a $200.00 fine. She advised she was arrested at Dallas, Texas, on two occasions during

the summer of 1961 charged with prostitution. These charges later were reduced to vagrancy. She advised that she has suffered from chorea (St. Vitus's dance) since she was eight years of age. She was observed to be extremely nervous. She stated she was then currently under the care of a physician for low blood pressure. She stated she used the drug methedrine and had consumed ten milligrams of this drug on the date of the polygraph examination. Following the polygraph examination, the examiner observed that the results were inconclusive, based on Perrin's past medical history and use of drugs. The examiner observed however that significant emotional responses recorded by the polygraph led the examiner to believe Perrin's story regarding Cuban arms meetings is untrue. The examiner is of the opinion she has a tendency to delusions of grandeur.

During interview on December 5, 1963, Perrin claimed an acquaintance with Mrs. Jacqueline Kennedy prior to her marriage to the late President John F. Kennedy. Perrin also claimed she was acquainted with and had danced with Senator Edward Kennedy during his attendance at Harvard University. In addition, she claimed she was employed as a lobbyist for liquor interests at the Massachusetts Legislature in 1960. Based on the above information, the examiner could not evaluate what portion, if any, of Perrin's story is true.

See memo A. Rosen to Mr. Belmont dated 4-2-64, captioned, "Assassination of President John F. Kennedy, November 22, 1963, Dallas, Texas," KEH/vhm, which pertains to Carthron who alleged a "voice from God" said Hoffa "triggered" the assassination of President Kennedy.

Carthron was interviewed by Agents of WFO, at which time he claimed during a dream "Our Lord Jesus Christ" spoke to him saying Jimmy Hoffa killed President Kennedy. Carthron was arrested on 3-26-64 at Salisbury, Maryland, on an assault warrant obtained by his father, and he was subsequently taken to the Eastern Shore State Hospital, Cambridge, Maryland, but was released even though he was judged mentally incompetent, as he was not a resident of the State of Maryland. He should have been committed in Georgia.

In view of the fact that Carthron believes the responsibility for the assassination of President Kennedy was directly attributed to Hoffa, and further he alleged he had a dream in which he was chosen to eliminate Hoffa, WFO and Detroit are being instructed to furnish background information regarding Carthron to MPD and Detroit PD. Hoffa is not being advised personally of this matter due to previous investigations of him.

In view of subject's proponsity for violence, copies of letterhead memorandum and insert being furnished to Secret Service.

For your additional information, on March 25, 1964, Mr. Robert Cleary was interviewed at which time he informed Agents of WFO he was acquainted with Mr. Glenn T. Carthron, Jr., At a luncheon Carthron alleged James Riddle Hoffa "triggered" the assassination of President John F. Kennedy by obtaining $1,500,000 from the Teamsters Pension Fund and paid it to Jack Leon Ruby, who inturn obtained the services of Lee Harvey Oswald to carry out the assassination. Carthron has claimed that while he was residing in a hotel room in Philadelphia, Pennsylvania, a "voice" spoke to him saying, "Hoffa triggered the assassination."

RE: ASSASSINATION OF PRESIDENT KENNEDY

In Mr. Cleary's interview he commented that Carthron was possibly in the same category as a person like Jack Ruby, who would take the law into his own hands to revenge the President's assassination, contending Hoffa bears the responsibility for it.

Sufficient information is contained in the attached enclosures concerning Carthron and his mental deficiency, which should be verbally furnished to the Detroit Police Department.

The Bureau is not aware whether Carthron has been taken into custody for placement in a mental institution in Georgia; he was last known to be in Washington, D. C.

The dissemination of this information to both the Metropolitan Police Department and the Detroit Police Department should be handled expeditiously and advise the Bureau by airtel when this has been done.

NANCY ELAINE PERRIN

Mrs. Nancy Perrin, Executives Unlimited, 100 Boylston Street, Suite 309, Boston, Massachusetts, on January 21, 1964, telephonically contacted the Boston Office of the FBI. She stated that about two months ago she was in Oakland, California, and went to the FBI Office there because she had worked for Jack Ruby. She said she was given a polygraph test by the FBI, and as far as she knows this test was inconclusive. She stated that she had never previously taken a polygraph test and that she suffers from an ailment known as chorea which she states is commonly known as St. Vitus's dance. She also stated that on occasion she takes a drug to control or stabilize her blood pressure.

Mrs. Perrin said that she previously informed the FBI at Oakland, California, she had attended some meetings with Jack Ruby, and it was not until the second meeting that she learned that Ruby was mixed up in running guns into Cuba and taking refugees out of Cuba. Mrs. Perrin stated that she desired to be contacted by the FBI at her office because she had gone through some of her things and found additional information which would bear out statements she had already made to the FBI in Oakland, which information she did not previously have in her possession. She requested that she be telephonically contacted before an Agent comes to her office and that she did not wish to be contacted at her residence, 196 Newbury Avenue, North Quincy, Massachusetts, where she is now living with a very elderly woman.

On January 23, 1964, Mrs. Nancy Perrin was interviewed at her place of employment, Executives Unlimited, by Special Agents James J. Stratford, Jr., and John F. Sweeney. She advised she had worked as a bartender for a few months in 1961 for Jack Ruby and she has been employed

Nancy Elaine Perrin

for the past two weeks as an executive for Executives Unlimited which is an employment agency. She was born on September 9, 1936, at Portsmouth, New Hampshire. Her husband, Robert, died August, 1962, at New Orleans, Louisiana. She recalled that she and her husband, Robert, attended some meetings at Dallas, Texas, which she believed concerned getting refugees out of Cuba. The purpose in her attending these meetings was her belief that she and her husband could make some money by bringing refugees out of Cuba. When she heard that these meetings had the twofold purpose of also bringing guns into Cuba, she and her husband were not interested.

Texas.

Mrs. Perrin was extremely vague as to how these meetings came about, but she recalled that Edward Brunner of Grand Prairie, a suburb of Dallas, Texas, who was an associate of her husband, first brought up the subject matter of these meetings. When she went to the meeting, she was surprised to see Jack Ruby there because she had worked for him in the past and he had physically assaulted her. They were bitter enemies. She learned that this group was going to run guns from Mexico to Cuba for Fidel Castro. After the third meeting, she and her husband walked out and had nothing further to do with this organization. At one of these meetings, she alleged that Ruby had a bulge in his pocket which she thought was money he passed to some unidentified colonel who was in charge of this organization. She recalled that an individual by the name of Dave C. (last name unknown), who was employed at the University Club, Dallas, Texas, as a bartender, seemed to be one of the heads of this organization.

Mrs. Perrin stated that she had no information regarding Lee Harvey Oswald but she believed that Ruby was told to kill Oswald. She had no information to support her belief in this regard. She stated she now recalls what the contact was in connection with the gun running. According to her, the contact was to be made at the Hotel Nuevo Gallina, Guadalajara, Mexico. She said she did not have this information available when she was interviewed in California.

Nancy Elaine Perrin

Mrs. Perrin advised it seemed logical to her that Oswald belonged to some organization, and it seemed logical to her that someone from Chicago was behind the deal with regard to the guns. She had no information to support her belief in this regard. She then said in a very vague sort of way that Ruby had been contacted by Vito Genovese. She then stated it was not Vito Genovese but one of his sons who dropped in to see Jack Ruby at the Carousel Club, Dallas, Texas. She places the time of her employment for Ruby between June and September, 1961.

NY

Mrs. Perrin said she was arrested by the Brookline, Massachusetts, Police Department for prostitution and was convicted in court and paid a fine of $200.00. Her case is coming up for a pardon, and she has prominent politicians to obtain a pardon for her. At the time she was prostituting, she was engaged in this activity because her husband was sick and she needed the money.

With regard to Jack Ruby, whom she described as a very pugnacious individual, she also stated she had never heard him express any opinions or any views with regard to politics or with regard to President Kennedy.

Dear Mr. Rankin:

In response to your letter of April 3, 1964, as it pertains to Nancy Elaine Perrin, I am enclosing herewith a letterhead memorandum dated April 8, 1964, at San Francisco, California, entitled "Nancy Elaine Perrin" which sets forth the information you requested. Also enclosed is a letterhead memorandum dated April 13, 1964, at Washington, D. C., which sets forth the contact of our Boston Office with Perrin on January 21 and 23, 1964. This latter information was not previously furnished as it is merely a reiteration of her original story which was furnished to you along with results of our investigation to check her story by report of Special Agent Manning C. Clements, Dallas, Texas, dated December 18, 1963.

Mrs. Perrin was afforded a polygraph examination on December 5, 1963, but the results of the examination were inconclusive due to her past medical history, emotional instability, and the use of drugs by Mrs. Perrin prior to the examination. Although the results were inconclusive, details of the examination are also being furnished to you along with the information relating to the subsequent contact of our Boston Office with Perrin as this information may be of additional assistance to you in evaluating the testimony of Perrin.

MISCELLANEOUS - INFORMATION CONCERNING

The "Dallas Times Herald" of Friday, April 10, 1964, carried an article captioned "Special Warren Team Quits City". This article stated that the special team of Commission investigators had left Dallas, clearing the way for the taking of a deposition from JACK RUBY and a Dallas visit by the full Commission. The article stated the Commission was planning an interview with RUBY in Dallas and an inspection trip by Chief Justice EARL WARREN and other members of the Commission. It was stated that Chief Justice WARREN and the other seven members of the Commission would likely come to Dallas next week.

This article stated that another sign that the Commission was nearing the end of its probe was that Governor and Mrs. CONNALLY had received invitations to appear in Washington April 21 next. The article stated that Mr. J. LEE RANKIN would personally question RUBY in Dallas.

This article stated there is a possibility that Police Chief JESSE CURRY and Homicide Captain WILL FRITZ may be asked to go to Washington to testify before the full Commission.

This article concluded by stating that in another development, three Commission members had arrived in Mexico

Dear Mr. Rankin:

In reply to your letter of April 3, 1964, requesting information from this Bureau's files concerning the Triangle Manufacturing Company, Oshkosh, Wisconsin, and Mr. A. Hillenbrandt, I am enclosing herewith three letterhead memoranda as follows:

1. A letterhead memorandum dated April 15, 1964, at Milwaukee, Wisconsin, setting forth available information from our files and the results of our inquiry to identify the Triangle Manufacturing Company, Oshkosh, Wisconsin.

2. A letterhead memorandum dated April 13, 1964, at Minneapolis, Minnesota, relating to the former Triangle Manufacturing Company of Minneapolis, Minnesota. As a review of this Bureau's files disclosed the existence of this company, the inquiry as set forth in this letterhead memorandum was conducted to determine whether or not there was any possible connection between the Triangle Manufacturing Company of Oshkosh, Wisconsin, and the company by the same name in Minneapolis, Minnesota.

NOTE:

The President's Commission by letter 4/3/64 stated that Earl Ruby had made a telephone call to the Triangle Manufacturing Company, Oshkosh, Wisconsin, on 11/1/63 and had been in frequent contact with a Mr. A. Hillenbrandt, East Rochester, New York, and they requested that we furnish available information from our files on the Triangle Manufacturing Company and Hillenbrandt together with anyother information indicating a connection between them and subversive activities, illegal armament sales, or organized criminal endeavors. Investigation conducted at Milwaukee indicates that Triangle is a reputable company manufacturing ball bearings and they had no knowledge of contact with Earl Ruby. Bureau files disclosed a Triangle Manufacturing Company in Minneapolis which manufactured punch boards and paper novelties which has been out of business since 1962 and had no connection with the Triangle Manufacturing Company in Oshkosh. Buffalo could not identify Hillenbrandt from their files and from records and public sources determined that an Austin E. Hildebrandt had been employed as manager of the Hooper Holmes Bureau, Rochester, New York, and had inherited a large sum of money from the death of his father-in-law in 1959.

FD-302 (Rev. 1-25-60)

FEDERAL BUREAU OF INVESTIGATION

Date 4-15-64

GARLAND CHRISTOPHER FERRIS, 4356 Cresthill Drive, S. W. Southwest, Roanoke, Virginia, appeared at the Roanoke Resident Agency and related that he was not personally acquainted with JACK L. RUBY or LEE HARVEY OSWALD. FERRIS informed that he knew nothing personally regarding RUBY's shooting of OSWALD. He further informed that if he had known anything about OSWALD's proposed shooting of President KENNEDY, that "it would have never come off".

FERRIS said that what he knew about the incident was psychic, since his last electric shock treatment, he was able to see into the future and knew what was going to transpire prior to its happening.

FERRIS continued that in the fall of 1963, about three days prior to the death of KENNEDY, that he was in Princeton, West Virginia and had sent President KENNEDY a nine page telegram advising the President that the Federal Government was 'the only ones" that could restore to him his property and good name that had been taken from him following his mental breakdown. He stated that about this time, his mind was "cloudy", due to medicine that was being given to him by his doctor and he was working more on instinct than on mental ability. He said that after sending this telegram, that he had proceeded to Bluefield, West Virginia and on into the State of Virginia, where he had stopped at the North Gap Service Station in Bluefield, Virginia, and he observed a white male buying a 30-30 rifle. He informed that following this individual's purchase of this 30-30 rifle, he had questioned him, FERRIS, about the organizations that he did business with. FERRIS said that he had refused to talk with this individual and the person then got in a jeep, which he was driving and proceeded toward Wytheville, Virginia.

He informed that when he arrived in Wytheville, Virginia, that he had stopped at the Yonce Service Center, Wytheville, Virginia, and an individual who was operating a bread truck, took up an hour of his time regarding the purchase of a wallet and then decided not to purchase the wallet. He informed that he then asked the individual why

he had taken up so much of his time and the clerk at the service center became mad with him, FERRIS, and threatened him so that it was necessary for him to leave this center. He related that he could not understand why all of this was happening to him, unless it was because of the unknown individual who had purchased the 30-30 rifle had proceeded down the road in front of him and had said things about him.

FERRIS then stated that in the telegram that he had sent to Dallas, that he had merely stated his personal opinion about what he thought of OSWALD. He informed that in his telegram to the President, he had stated "you have road the black horse to death, how about riding the white horse to victory, by restoring my property". FERRIS informed that he felt that he had been wronged in . Roanoke County, Virginia, and he should be currently residing in a 20 room mansion near Veterans Administration Hospital and during the war, he had not really exerted himself as a soldier, since he knew that all of his real enemies were back home in Roanoke County.

The President's Commission by letter dated 4/3/64 stated that, in evaluating the testimony of Nancy Elaine Perrin, it would also be helpful if the Bureau would provide information as to how Mrs. Perrin came originally to be interviewed.

FACTS:

The report of SA Manning C. Clements at Dallas dated 12/18/63 sets forth an interview of Perrin by an Agent of the San Francisco Office on 11/27/63. Perrin stated that she had worked for Ruby at the Carousel Club as a waitress in July and August, 1961, and, after she was discharged, she attended four meetings at an unknown apartment in Dallas of a group arranging to run guns to Castro in Cuba. She said Ruby attended three of these meetings but could identify none of the other persons present. Perrin was reinterviewed on 12/3/63 in an effort to obtain more specific details of her story which could be checked out and information furnished by her was reduced to a signed statement.

Inasmuch as there were obvious inconsistencies in the story relating to the meetings and Ruby's participation and she could not furnish specifics which could be thoroughly checked out, she was reinterviewed on 12/5/63 and complete background was obtained on her indicating that she traveled constantly all over the country engaging in prostitution. She admitted having attempted suicide in 1956 and being committed to a mental institution for psychiatric treatment. She was afforded a polygraph examination, the results of which were inconclusive due to past medical history, emotional instability, and use of drugs by Perrin prior to the examination.

Enclosure

EX-105 REC-6 -1417

4 APR 22

79 APR 23 1964

Investigation conducted to verify Perrin's story did not identify anyone who attended the meetings or who knew about them. An attorney who represented her when she was arrested in Dallas for vagrancy in August, 1961, described her as an habitual liar who was continually telling wild tales. A Dallas police officer, who said he knew Perrin on a close personal basis during the period that she was employed at Ruby's Carousel Club in 1961, described her as a psychopathic liar who got great delight in telling wild tales. Other persons interviewed who had known Perrin made similar statements to the effect that she was mentally deranged and incoherent. The results of all this investigation were included in SA Clements' report of 12/18/63 and furnished to the President's Commission.

Inasmuch as the polygraph examination was inconclusive, it was set forth in the cover pages of the report according to standard reporting procedures. Cover pages were not furnished to the Commission. It is noted that Perrin telephonically contacted our Boston Office on 1/21/64 and she was personally interviewed on 1/23/64 at which time she related substantially the same information previously furnished to San Francisco and made numerous references to the polygraph examination which had been afforded her. Because of these references to the polygraph examination, this contact with our Boston Office was set forth in the cover pages of a subsequent report and was not furnished to the Commission.

San Francisco has advised that the initial interview of Perrin on 11/27/63 was conducted on the basis of a telephone call made to the Oakland, California, Resident Agency by Perrin wherein she indicated she had information concerning Ruby. She appeared at the Resident Agency within a few minutes after the call where she was interviewed.

Inasmuch as the Commission's request indicates that they desire further information to assist them in evaluating Perrin's testimony, it is felt that they should also at this time be furnished full details of the polygraph examination afforded Perrin even though the results were inconclusive along with information regarding her subsequent contact with our Boston Office as this information would also be of some value in evaluating Perrin's story.

(1) A Study by Professor G. W. Foster,

page 24

At the time of the assassination of President Kennedy, many Europeans realized with amazement that the United States had no federal criminal legislation. The explanation is simple: the laws which define and punish crimes and misdemeanors emanate from the States and not from the federal power; and the assassination, whether of the President of the United States or anyone else, is a crime punishable by the law of the State where it was perpetrated.

Since every State is free, in a general way, to determine the nature of a misdemeanor or a crime and to fix proper penalties, there are notable differences from one region to another in the United States. Gambling, for instance, is permitted in certain States and illegal in others. The death penalty exists in a majority of the States, but has been abolished in others. The procedures, too, vary from State to State.

However, the attitude of various States toward the criminal law is fundamentally the same. Several elements of a historical nature conferred a profound unity upon it. In the first place, all the States have adopted legislation directly inherited from a common source: the Anglo-American law. There is, however, one exception: Louisiana, which,

one hundred and fifty years ago, was subjected to the French influence and reproduced the broad outlines of the Code Napoleon. This historic unity was reinforced by the actual unity: for the most part, the States fashioned laws largely in response to the same problems, which themselves were produced by the same form of culture. The Federal Constitution, finally, came to bring in the leaven of unification.

## Problems of Procedure

Within this context, the attention of jurists, as well as the public, was fixed upon the long arguments in the trial of Jack Ruby before the Texas State Court of Dallas. Apparently, the case was simple: millions of television viewers saw Ruby assassinate Lee Harvey Oswald, presumed murderer of President Kennedy. Legally, it only involved the determination if, at the moment when he fired the shot, Ruby was sufficiently sane to be judged guilty of the death of Oswald. I do not intend to deal with this question, to which the Dallas jury replied in the negative (sic). I simply wish to present some observations on points of procedure which caused some sharp controversy in the course of the trial.

All the studies published on American criminal legislation frequently mention the fundamental principle: the defendant has the right to "a fair and impartial trial." In fact, injustice or partiality may creep into any stage of a criminal trial in the most diverse ways. Ruby's attorneys have argued at great length three points of procedure which, they said, were of a nature prejudicial to their client. They questioned the choice of Dallas for Ruby's trial, the impartiality of the jury, and the public character of the trial. These doubts will probably serve as grounds for an appeal to a superior court. Whatever the result of this appeal may be, a part of public opinion will remain troubled by certain questions raised.

The right of all the accused to be tried at the place where a misdemeanor or a crime has been committed is one of the oldest features of Anglo-American tradition. The founding fathers of the American Republic considered this

FOUNDATION

principle so important that they incorporated it in the Bill of Rights which accompanies the Federal Constitution. The States followed it and they, too, considered it was good to guarantee it.

This principle explains itself practically: in a majority of cases, it serves both the administration and the interest of justice. The easiest place to get witnesses together would be where a misdemeanor or a crime was committed. Likewise, it is there that a community would be most interested in justice being done.

Ruby's attorneys, however, expressed an opposite opinion: they thought and said that their client could not be judged impartially in Dallas and they requested the transfer of the trial to Houston, also in Texas, but a few hundred kilometers further to the south.

Legal rules applicable to a request of this type are easy to formulate but difficult to apply. Whether in Dallas or elsewhere, it is evident that Ruby had the right to a fair and impartial trial. If it were demonstrated that passions and public opinion in Dallas would cast a reasonable doubt upon the impartiality of the court, the case would have been considered. The attorneys, however, did not succeed in convincing the judge and their request was denied.

Since the judgment has been rendered, the problem of impartiality and fairness of the court is going to be brought before the higher courts. In a certain sense, it would be less difficult to settle, since the matter has passed from the realm of suppositions to that of facts: the Court of Appeals is going to examine from this angle the manner in which the hearings were conducted, whereas the Dallas judge had to try to evaluate what was going to take place then and there. If the Court of Appeals decides that the trial was neither impartial nor fair, it is going to refer it to another court, in Dallas or Houston, depending upon what it will consider as conforming to the interests of justice.

## Equity and Impartiality

I would like to stress an additional point: the defendant alone has the right to request to be tried

elsewhere than at the place where the misdemeanor or a crime was committed. The prosecutor, for example, cannot do it, even if he is able to prove that the public opinion is favorable to the defendant.

When the United States obtained its independence at the end of the 18th century, the guarantee of a jury in a criminal trial had been already recognized by the English law. The thirteen original colonies immediately inserted this rule into their Constitution. Later, the same was done with the Federal Constitution.

However, the functions of the jury were very different in the 18th century from those existing in the English law at the beginning. Since the time of the Norman conquest, royal courts of England invited the inhabitants of their vicinity, known under the name of the "jurors" (sworn), to state under oath their knowledge of law, both royal and private. And from the fact itself that these "jurors" were in a good position to know about local crimes or misdemeanors, they were called upon to testify on the guilt or innocence of the accused.

At the end of the 18th century, this characteristic of a jury was completely changed. It was demanded from then on that a juror approach the case on trial in all impartiality and to decide on the innocence or guilt of the accused disregarding a previous preconception and relying solely upon evidence revealed in the course of a trial.

## Jury and Publicity of Proceedings

The manner in which the American jury is designated nowadays follows very closely the 18th century procedures, except for the fact that now women are admitted.

In order to assure the most complete impartiality, every candidate submits to a very thorough interrogation conducted by the judge, attorneys and prosecutor. If it appears that one of the candidates displays, for one reason or another, some preconception, favorable or unfavorable, he is eliminated. In addition, the defense or prosecution has the right to take exception to a certain number of candidates without asking for proofs of their partiality: the two sides can thus disqualify some persons whom they suspect of partiality without being able to prove it. The process of selection of 12 or 14 jurors takes sometimes more than one week, as was the case in the Ruby trial.

MARY FERRELL FOUNDATION

After the jury is selected, the trial begins. The case is not judged by the jury but before the judge and jury, whose relations are characterized both by independence and cooperation. The judge has the entire responsibility for the procedure and eventual decision concerning the points of law. But it is incumbent upon the jury to finally decide the outcome of the trial, the guilt or innocence of the accused. The latter, after all, is presumed innocent until his guilt has been proved "beyond any reasonable doubt." Thus, the jury which is not completely convinced of the guilt of the accused must pronounce the verdict of "not guilty."

In the case of Ruby, the jury rendered a unanimous verdict of "guilty" and recommended to the judge to pronounce the death sentence. Ruby's attorneys are most likely going to file an appeal which should either present what they consider to be a proof of the partiality of one or several jurors, or even ask for reconsideration of the manner in which the jurors were selected. In the final analysis, it will be the appellate jurisdiction which will have the last word: either it will confirm the sentence of Ruby or decide that there should be a new trial, because it discovered some error in the interpretation of the law or some evidence of unfairness in the course of the trial.

Another fundamental principle accepted by the State as well as by the federal courts, is the right of the accused to a public trial. This right is, on the one hand, a survival of the fear that a trial "in camera" may turn into means of persecution. The secret proceedings of the Star Chamber in England, the misdeeds of the Inquisition in Spain and abuse of "letters de cachet" by the French monarchy justify this point of view.

There is no lack of arguments in favor of publicity of hearings. The most important one perhaps is that informed opinion is at present the best safeguard against injustice, of which the judges may become an instrument. Additionally the attention of unknown witnesses may be attracted and facts essential to investigation may come up. Finally, people who attend the trial enrich their knowledge of institutions and see their confidence in the courts of their country strengthened.

However, like most of the great principles, the legitimacy of a public trial collides with other rights likewise worthy of respect. Most often, the conflicts are due to incidents resulting from the presence of spectators and newspaper reporters in the courtroom. It is indeed obvious that public opinion and the press contribute greatly to preventing excesses which can always taint the courts of justice. But it is no less obvious that, in certain cases, these two forces dangerously affect the order and objectivity which are indispensable to a discovery of truth and administration of justice. The essential problem is thus to establish equilibrium between these two factors and to preserve the advantages of the system while limiting its drawbacks.

Few Americans would be ready to deny to the journalists the right to be present at court hearings. To the extent that they limit themselves to quietly observing the proceedings and taking notes without otherwise manifesting their presence, the chroniclers fulfill their normal role of reporters. The intervention of press photographers presents more serious difficulties. Still, it is only half bad when they conduct their work in a discreet manner, without employing flash bulbs or spotlights. But even in admitting that it is not always like this, the objection has been raised that certain witnesses refuse to testify so as not to see their photographs appear in the newspapers.

Radio and television present still more serious problems. Radio can operate with microphones which are not too cumbersome, but television uses auxiliary lights and bulky equipment which disturb the calm of a courtroom. Moreover, participants, such as they are, are distracted by this complex apparatus and get an impression of playing a role in front of an invisible audience. Experience proves that witnesses, attorneys and even judges then have a tendency to be more verbose and often succumb to the temptation to address their unknown audience. At best it is unseemly, at worst - disastrous. The purpose of a trial is the search for truth and justice, not discovery of gifted actors for radio or television.

It must be added that the press is not always represented in courts: it stays away every time the case does not seem to it to be "news." It is interested in sensational or unusual crimes or cases involving well-known personalities.

In some States, laws or statutes determine the limits within which the press, radio and television may accomplish their mission. But, generally, the decision is left to the judge and varies from one case to another. It is usually accepted that organs of information should have the advantage of a maximum of freedom compatible with maintenance of order and respect for impartiality. Actually, judges apply this rule in very different ways. We can, however, say that, on the whole, this is handled in the following manner: reporters, accredited by newspapers, are permitted to follow the entire proceedings; photographers may take pictures at the end of the trial (and sometimes during it), flash bulbs being, however, not permitted; radio and television cannot, in principle, operate in the courtroom, although this practice is tolerated by certain courts.

In Dallas, the judge did not permit the intrusion of recording equipment, except in the course of the last part of the trial, and television could not broadcast anything, except the reading of the verdict, after the deliberations of the jury. The advisability of this decision was questioned and the problem will be raised again in an appeal.

## Public Opinion

Possible repercussions of a trial in public opinion raise many other, quite considerable, difficulties. The controversy and violent passions aroused by some cases may render impossible a completely fair and impartial judgment. The judge disposes, however, of an authority sufficient for maintaining order in the courtroom. If some spectators engage in public demonstrations, he can expel them temporarily; he can also punish for offenses against the court, those who by their attitude threaten the tranquillity of the hearing.

But the greatest danger lies in the pressure of public opinion which arises outside of the court and influences indirectly the unfolding of the trial. It happens very seldom, but we did see a popular emotion reach such heights that witnesses refused to testify, or if they did testify, they abstained from telling the whole truth. It also happens that the jury dreads to render a verdict which may expose its members to reprisals. And the judges, whose profession demands that they do not let themselves be swayed by anything, have difficulty sometimes in disregarding these outside pressures.

When a wrought up opinion thus threatens the principles of justice, it is quite likely that some segment of the press aided in kindling the fire. If the court could permit itself this luxury, it would willingly bring the responsible ones to justice and would not hesitate to punish them. But this happens only in exceptional cases; freedom of the press - even when it borders on irresponsibility - is sacrosanct in the United States and generally excluded from the exercise of judiciary constraint. Under the circumstances the case which aroused the passions is either postponed until public opinion is calmed down or, if the accused requests it, is tried by another court.

To return to the Dallas trial it will rest with the appeal jurisdictions to decide if the pressures of public opinion were such that they were able to sway the court. Theirs will not be an easy task.

JACK L. RUBY;
LEE HARVEY OSWALD - VICTIM

On April 14, 1964, Jack Marcus, Attorney, 134 North La Salle Street, Chicago, Illinois, advised he visited Havana, Cuba, for four days and three nights early in September, 1959, during the Labor Day weekend. He stated he was accompanied on this visit by Sherwin Braun and Jay Bishov, also of Chicago, Illinois.

Marcus informed that they traveled to Miami, Florida, in Braun's privately owned automobile and stayed at the Nautilus Hotel located on Collins Avenue in Miami Beach, Florida. Marcus stated they checked out of the Nautilus Hotel the day prior to leaving for Havana, Cuba, from Key West, Florida. He explained that he and his friends knew they would be out most of the night and planned to drive to Key West, Florida, early in the morning, so they checked out of the hotel the day before leaving for Key West. After driving to Key West, Florida, they left their automobile in an adjacent parking lot and purchased tickets on the "Q" Airlines, which Marcus described as a Cuban-owned airline. He stated further that they obtained their visas or travel permits to Cuba at the same

place where they purchased their travel tickets. Marcus stated there was little or no problem in obtaining these permits or visas, and that little background data was requested for same. He recalled that they flew to Havana in the afternoon, and that the airplane was definitely Cuban as the personnel on the plane were Cuban.

Marcus stated he believes that it was on the third night or last night that they were in Havana, Cuba, that he saw Jack Ruby at the Tropicana Night Club. He added that he could not elaborate any further concerning this meeting other than that information furnished on November 25, 1963.

Marcus reiterated that he is certain this visit to Havana took place over the Labor Day weekend of 1959; however, he did not recall the exact days and nights he was there. He stated that they returned to Key West, Florida, via the same airline they had used in going over to Havana, Cuba.

On April 15, 1964, Jay (no middle name) Bishov, Attorney, business address 5152 North Clark Street, Chicago, Illinois, advised he visited Havana, Cuba, for a period of four days and three nights over the Labor Day weekend of 1959. He advised he was accompanied on this visit by his friends, Jack Marcus and Sherwin Braun.

Bishov stated that they traveled to Miami, Florida, in Sherwin Braun's privately owned automobile and stayed in the Nautilus Hotel in Miami Beach while there. He stated further that they checked out of this hotel the day before leaving for Havana, Cuba, from Key West, Florida. He continued by saying that they drove from Miami Beach to Key West, Florida, where they left the automobile in a parking lot at or near the airport. He stated further

that they purchased tickets from the Airways "Q" for their flight to Havana, Cuba, and also obtained their visas or travel permits at the same counter where they purchased their tickets. Bishov advised he could not recall exactly what these visas or travel permits consisted of; however, he noted they had to furnish little background information in order to obtain them. He informed that the Airways "Q" was a Cuban airline and the personnel on the airplane were Cuban.

Bishov stated he could not elaborate any further concerning the previous information he furnished on November 25, 1963, regarding seeing Jack Ruby at the Tropicana Night Club in Havana, Cuba.

On April 15, 1964, Sherwin Braun, Architect, business address 140 East Ontario, Chicago, Illinois, advised that on the Labor Day weekend of 1959, he, accompanied by Jay Bishov and Jack Marcus, visited Havana, Cuba, for a period of three nights and four days. He stated they were on a Florida vacation prior to returning to their respective schools in Chicago, Illinois.

Braun stated he drove his privately owned automobile on this trip to Miami, Florida, and that they stayed at the Nautilus Hotel located on Collins Avenue in Miami Beach, Florida. Braun informed that the day after checking out of the Nautilus Hotel, they drove to Key West, Florida, and left the automobile in a lot nearby the airport at Key West, Florida. He stated further that they flew to Havana, Cuba, via the Airways "Q", a Cuban airline, and that the personnel on the airplane were Cuban. Braun also stated that they obtained their visas or entry permits to Cuba at the same counter where they purchased their travel tickets. He advised he could not recall exactly what this visa or entry permit consisted of; however, he described it as a small piece of paper or document with little background information on it.

Re: JACK L. RUBY;
LEE HARVEY OSWALD - VICTIM

Braun stated he could not recall exactly what days they were in Havana, Cuba; however, he is certain it was over the Labor Day weekend of 1959. He advised that it was on the third or last night in Havana that the meeting with Jack Ruby took place at approximately 4 a.m. in the casino section of the Tropicana Night Club. He added he could not elaborate any more concerning this meeting other than the information he had furnished on November 25, 1963.

Braun advised he and his friends returned to Key West, Florida, via the Airways "Q", and reiterated that he is certain this was a Cuban airline.

Louis Pollack, Assistant Manager, Nautilus Hotel, 1825 Collins Avenue, Miami Beach, Florida, on April 16, 1964, advised that this hotel was closed from 1960 to 1962. He stated that when the hotel reopened many of the old records were destroyed. He searched his old files kept in a storage room and was able to locate a box of registration cards for the years 1958 and 1959. He made a complete search of these cards but could locate no registration under the names Jack Marcus, Jay Bishov or Sherwin Braun. Pollack said he had no way of determining whether or not this box of cards was complete for the years 1958 and 1959. He further advised that a check of all his records since the hotel reopened was negative for any registration in the above names.

On April 16, 1964, Mrs. Manuel Quevedo, Secretary, Aero Condor Airlines, McAllister Hotel, Miami, advised that she and her husband formerly owned and operated an airline known as Aerovisa Q. She said this was commonly known as the "Q" Airlines and as part of its service maintained a regular schedule between Key West, Florida, and Havana, Cuba. She related that on January 1, 1959, Fidel Castro seized this airline and she and her husband were removed from any control of the airline. She said they never had any further management of the airline and she has no idea what became of any records after January 1, 1959. She noted the airline no longer is in operation.

When regular tourist flights to Cuba were permissible, the only record maintained by Immigration and Naturalization Service was a Form I-94, which is maintained at Immigration and Naturalization Service Headquarters, Washington, D. C.

NOTE:

The President's Commission by letter dated 4-3-64 pointed out that Immigration and Naturalization Service (INS) records reflect that Ruby flew from Miami to Havana, Cuba, on 9-12-59 and returned via New Orleans on 9-13-59, whereas three Chicagoans, Marcus, Bishov and Braun, reported meeting Ruby in Cuba over Labor Day week end, 1959 (Labor Day, 9-7-59). It was requested that we examine INS records and conduct further investigation to clarify the number of trips which Ruby made to Cuba in 1959 and succeeding years. In investigation conducted and reported to the Commission, we established that Ruby was in Cuba to visit Lewis J. McWillie who operated the Tropicana Night Club in Havana at that time. We have checked out numerous rumors that Ruby was in Cuba on other occasions but none could be substantiated. Ruby claims he only went to Cuba on one occasion in 1959 to visit McWillie. All of this has been reported to the Commission. Marcus, Bishov and Braun were reinterviewed for specific information as to mode and dates of travel and they could only state that their trip to Cuba was over the Labor Day week end. The airline that they used has been taken over by Castro and no record of travel dates could be located. INS has no record of their travel to Cuba. It would appear logical that since Marcus, Bishov and Braun state they spent several days in Miami prior to going to Cuba and that they saw Ruby in Havana on the last night of their trip that their trip could have extended from Labor Day through 9-12-59 which was the following Saturday night when they allegedly saw Ruby.

Enclosed for the Dallas Division are 25 copies each of FD-302's showing interviews with JOHN T. DUDLEY, Night Chief of Police, and LEWIS TATE, Assistant Chief of Police, both Duncan Police Department, Duncan, Oklahoma.

For the information of the Bureau, JOHN T. DUDLEY was interviewed at Duncan, Oklahoma, 4/17/64, and advised he was of the opinion FRANK WILLIAM BROWN's enthusiasm for "playing detective" could cause BROWN to exaggerate. DUDLEY said he was the brother-in-law of BROWN and BROWN has told him things he found to be exaggerated. He knows of no SMITTYs in the Duncan area who have been in conflict with the Duncan Police Department or who have engaged in gunrunning. CHARLES and GENE SMIDDY are police characters who reside in the Duncan area, but he does not recall telling BROWN anything from which BROWN could make a connection between either of the SMIDDYs and JACK RUBY. He could not remember an incident in the Duncan area where any men were chased and guns recovered, and said that to his knowledge there was no such incident. DUDLEY never heard of JACK RUBY being connected with any gunrunning in Duncan. He never heard of RUBY being connected with any person in Duncan. He has no knowledge of any gunrunning in the Duncan area. He never heard of JACK RUBY until RUBY allegedly shot LEE HARVEY OSWALD.

He is acquainted with GENE and CHARLES SMIDDY, both ex-convicts who live in the Duncan area. He has never known of either of the SMIDDYs being connected with gunrunning in Duncan. He knows of no instance where either SMIDDY was chased in gunrunning activities. There is no information that either of the SMIDDYs was ever connected with JACK RUBY. There has been no gunrunning activity in the Duncan area, to the knowledge of the Duncan Police Department. Also enclosed is a copy of the envelope with return address postmarked Alameda, California, April 19, 1964, in which the foregoing items were received.

Promptly upon receipt interview Snyder for full information and explanation of the items which he forwarded and full details of any information he has concerning Jack L. For your information Jack L. Ruby was born March 25, 1911, at Chicago, Illinois. Extensive investigation conducted concerning Ruby has never established that he was ever married or resided in Canton, Ohio, or that he ever used the name Snyder. There is no record in Bureau files that a Harold Wallace, to whom the letter was addressed in care of the FBI, is now or has ever been employed by the Bureau.

SUBJECT: ROBERT HAY LEMMON

Reference is made to the letter dated 4/3/64 from Mr. J. Lee Rankin, general counsel of the President's Commission on the Assassination of President Kennedy. Paragraph two of this letter requests that in order to shed further light on connections between Jack Ruby and Lemmon the Bureau furnish material concerning captioned subject, including the names of any suspects or confederates in his armament sales to Cuba.

Lemmon is one of the subjects of a Bureau investigation involving Carlos Prio Socarras and numerous others. This investigation was begun in 1952 and conducted under the character of Neutrality Matter and Registration Act. During the course of investigation, the Bureau determined that Prio and others were involved in a conspiracy to ship arms, munitions and other war materials to Fidel Castro in his efforts to overthrow the Batista regime in Cuba. The names of these individuals are being furnished the Commission in response to their request. The results of the investigation are voluminous, consisting of 57 sections of the main file. There are no references to Jack Ruby in this investigation. Lemmon's name is indexed once in the Jack Ruby investigation. The pertinent information in this reference concerning Ruby's connection with Lemmon is set forth in a report which has already been disseminated to the Commission.

As there are no references to Ruby in this 57 section file it does not appear that any purpose would be served by reviewing this voluminous material page by page for complete detailed information concerning Lemmon's background. The Commission has been given the names of Lemmon's confederates in this matter as requested and has previously received the information concerning possible contact between Lemmon and Ruby.

ACTION: [illegible] DEC 27 [illegible] 1425

The attached memorandum sets forth brief information concerning Lemmon and may be used, if you approve, for insertion in an answer to the over-all letter received from the Commission.

ROBERT RAY MC KEOWN

Information concerning reported contact between Jack Ruby and McKeown was furnished the Commission on March 2, 1964, in a report dated February 18, 1964, at Dallas, Texas, made by Special Agent Manning C. Clements, under the title "Jack L. Ruby, aka.; Lee Harvey Oswald, aka. (Deceased) - Victim." Our files reveal no other contact or association of Ruby and McKeown.

Bureau files reveal that McKeown was one of the subjects in an extensive investigation conducted by this Bureau since 1952 concerning the activities of Carlos Prio Socarras. This investigation involved neutrality matters and possible violation of the Registration Act. Prio, a former President of Cuba and supporter of Castro, was engaged with others, including McKeown, in attempting to assist Castro in his revolutionary action against the Batista regime in Cuba. McKeown is reported to know Prio and Castro personally.

A summary of McKeown's admitted participation in efforts to procure guns, ammunition and other war material for Castro's use prior to Castro's overthrow of the Batista regime is set forth in the above-mentioned report and in a statement in this report which was taken from McKeown on January 28, 1964.

Inasmuch as the investigation by the FBI did not develop violations within the jurisdiction of this Bureau by individuals involved in the smuggling activities on behalf of Castro, the information developed in our investigation was furnished to the Bureau of

Internal Revenue. We subsequently received information that Agents of the Alcohol and Tobacco Tax Division, Bureau of Internal Revenue, continued the investigation in this matter and charged various individuals, including McKeown, with conspiracy to smuggle guns and related equipment to Cuba. Leo Oswald did not kill President Kennedy. Oswald saw Ruby kill the President. Ruby knew this and pointed out Oswald to the police as Kennedy's killer in the ensuing confusion. He watched Oswald's movements in order to kill him as the only witness to his crime. Both Ruby and Oswald were informers of the Dallas police. Ruby will never reveal the facts because he knows that Americans would kill him should he (illegible word); his (illegible word) would also kill him. This will not bring to life either Kennedy or Oswald. This is good publicity for such dogcatchers (?) as Oswald's wife and his mother. I could write you more on this subject matter. This report includes substantial investigation, both past and current, relative to allegations of GEORGE WILLIAM FEHRENBACH, Medford, Oregon, that one JACK RUBENSTEIN, believed by him identical with RUBY, traveled from Chicago, Illinois, during the early and middle 1940's with a son-in-law of SAM JAFFE, FEHRENBACH's employer at Muncie, Indiana, and attended meetings believed subversive by FEHRENBACH. The Chicago Office has furnished photographs of SEYMOUR and CHARLOTTE CHAZIN, son-in-law and daughter of JAFFE, to Portland for exhibition to FEHRENBACH. Results of this investigation have not yet been received.

The Los Angeles Office has been requested to attempt to obtain photographs of IRWIN and ROSLYN BERKE, son-in-law and daughter of JAFFE, and forward same to Portland for similar exhibition to FEHRENBACH. Results have not yet been received. The President's Commission has expressed interest in this allegation and the Bureau has instructed the matter be completely resolved.

The Commission has also requested additional investigation regarding allegations of BLANEY MACK JOHNSON, Atlanta, Georgia, that RUBY was associated with one DONALD EDWARD BROWDER in gun running activities in the early 1950's. Rerep contains substantial investigation, past and current, regarding this matter. DONALD EDWARD BROWDER has not been located for interview to date.

By teletype 4/21/64, Miami Office advised of its belief DONALD EDWARD BROWDER is identical with EDWARD J. BROWDER, Jr., said to be serving an ITSP sentence at the FCI, Tallahassee, Florida. Miami has requested Jacksonville to interview this individual. EDWARD J. BROWDER, Jr., was the Subject of Bufile 87-41245. Dallas file reflects this individual was subsequently a fugitive bail jumper and was arrested by Bureau Agents on 4/17/62.

Results of further investigation regarding the above matters will be included in an early report.

Rerep also includes information concerning an anonymous telephone call to the Los Angeles Office alleging RUBY was associated with MORRIS ADELMAN, described as a "notorious Communist Party organizer." Investigation has been negative to date to identify ADELMAN. Chicago has been requested to interview two persons of this name identified through indices and directory checks. Results will be incorporated in the subsequent report.

DENNIS PATRICK MARTIN

Private DENNIS PATRICK MARTIN, Company C, Second Battalion, Third Brigade, Fort Ord, California, was interviewed at Fort Ord, on April 14, 1964, by a Special Agent of the Federal Bureau of Investigation. On this occasion MARTIN furnished the following information concerning an incident which occurred on the evening of November 22, 1963, at Phil's Delicatessen, 3531 Oak Lawn, Dallas, Texas:

At about 11:00 p.m. on the evening of November 22, 1963, MARTIN, while in the company of MARGUERITE RIEGLER, a Southern Methodist University (SMU) student; ROBERT L. SINDELAR, a SMU student; WILLIAM J. KOMAS, a student at Tyler, Texas, Junior College; and RITA GILBERMAN, a high school student from Richardson, Texas, went to Phil's Delicatessen and sat down in one of the booths to eat. A man whom MARTIN later identified as JACK RUBY, owner of the Carousel Bar in Dallas, Texas, was already in the delicatessen when the group arrived and appeared to be alone.

One of the persons with MARTIN had a copy of the November 23, 1963, edition of the "Dallas Morning News," which had come out as an extra on the evening of November 22, 1963, and had a large front page write up on the assassination of President JOHN F. KENNEDY.

Shortly after the group sat down in the booth, the man later identified as RUBY approached the booth and politely asked if he could borrow the paper. He appeared to be interested in something in the classified want ad section of the paper and seemed to use the classified section of the paper to locate a phone number as immediately after looking at the paper, he went to the pay phone located near the cashier's desk and made a phone call or attempted to make a phone call. He returned the paper to the booth where the youths were sitting and made some comment to the effect that "it was a terrible thing about the President being shot." He did not appear to

be overly enraged about the assassination of the President, although he did appear to be sincere in the comment about it being a terrible thing.

This individual then talked briefly to one of the employees in the delicatessen, and MARTIN did not hear the conversation or gain any knowledge as to whether or not these two men knew each other.

After a few minutes, RUBY again returned to the booth where the youths were sitting and rudely grabbed the newspaper and took it without asking. He appeared to again look at something in the classified want-ad section and again went to the pay phone and either made or attempted to make a phone call. When RUBY returned the newspaper this time, he noticed that the youths were somewhat irritated and in a bragging fashion identified himself as owner of the Carousel and Vegas Clubs in Dallas and showed the group an advertisement in the newspaper about his clubs. He then took out some complimentary passes to the clubs and taunted the youths with a promise to give them some tickets. He then made the comment that they were too young to see the type of show put on at these clubs, and MARTIN is not sure if any of the group actually received any of the complimentary tickets but knows definitely that he did not. MARTIN believes that possibly SIDELAR was given some tickets.

RUBY then got some change from the clerk in the delicatessen and again visited the pay phone at least attempting to place a call. MARTIN did not hear any of the conversations RUBY had with persons called on the phone except as they were leaving the delicatessen, he briefly overheard that RUBY was telling someone that he was closing his clubs the following weekend in observance of the President's death. MARTIN could not tell from the way RUBY made the statement if the comment was made in the form of instructions to one of his employees or merely as a comment to some acquaintance.

MARTIN has no recollection that RUBY discussed musician personalities with one of the youths, but is certain that he had no such discussion with RUBY that evening.

DENNIS PATRICK MARTIN

On the Sunday following the above incident, MARTIN saw television and newspaper accounts of the murder of LEE HARVEY OSWALD and at that time recognized the photograph of JACK RUBY as the man who was in Phil's Delicatessen on the evening of November 22, 1963.

Date 4/3/64

RITA LESLIE SILBERMAN advised she resides at 13215 Hughes Circle, Dallas, Texas, where her telephone number is AD 9-5480. She said her stepfather, NORMAN SIEGEL, and her mother, LESLIE RODNEY SIEGEL, reside at that address and their telephone number is AD 9-5546. She said she is a student at Hillcrest High School and she is in the twelfth grade.

She said on November 22, 1963, about 8:00 or 8:30 P.M., she, together with MARGUERITE RIEGLER, DENNIS MARTIN, BILL NIKOLIS and BOB SINDELAR, met at Smith Dormitory at Southern Methodist University, Dallas, Texas. Thereafter they drove to Phil's Delicatessen, which is located in Dallas, Texas, near the Love Field Airport on Oaklawn Avenue. She said they ordered food and while waiting for it to be served they observed a man talking to other patrons and also making a phone call. She said they paid no attention to this person's conversation, but after he finished his call he came to the table where he took a newspaper from BOB SINDELAR, asking him for it and taking it before he got permission to read it. She said this person took the paper and remarked, "How horrible it is", referring to the assassination of President JOHN F. KENNEDY.

Then the man made another telephone call and returned to the table, where he took the paper and talked about his night clubs. She said the man turned to a couple of advertisements in the paper and she recalled that they were for the Carousel and Vegas Clubs, and this man said that he owned the clubs and would give passes to the group. Then he looked them over and remarked he could not give them passes because they were too young. One of the boys in the group jokingly said that he was over 21 and thereupon the man, presumably JACK RUBY, said, "Well, come around sometime and perhaps I'll let you in.

She said JACK RUBY seemed to be "upset" and he remarked how horrible the death of the President was and, like everyone else, he talked generally about the assassination and articles which had been published concerning it.

ENCLOSURE

She said this man was only in the delicatessen a short time and left about the time that her group received their food order. She said that they learned of the man's identity as JACK RUBY through his telling them of his ownership of the night clubs and, also, through news articles which were published and radio broadcasts which announced that JACK RUBY killed LEE HARVEY OSWALD on November 24, 1963.

She looked at a Dallas Police photograph of JACK RUBY and remarked it appeared to be the same person who was present in the delicatessen on the night of November 22, 1963. She said the person in the restaurant wore a regular business suit and a hat and he did not look exactly like the police photograph because of his dress and the fact that he was wearing a hat.

She said she had never known or observed this person before this incident and she had never known LEE HARVEY OSWALD and knew of no connection between OSWALD and RUBY.

She said she believed that BILL NIKOLIS is currently enrolled in Tyler Junior College. She did not know the whereabouts of DENNIS MARTIN.

Date 4/3/64

ROBERT LOUIS SINDELAR advised he has a room, number 362, in McElvaney Dormitory, located on the campus of Southern Methodist University in Dallas, Texas. He said he resides in Apartment # 16 at 4630 Palm Gardens Apartments, where he has telephone number LA 6-0780 in Dallas, Texas. He said his home residence is 1821 Cuyler Avenue, Erwyn, Illinois, where he resides with his father, LOUIS SINDELAR.

He said on November 22, 1963, he joined a group of friends and all of them went to Phil's Delicatessen, 3531 Oaklawn Avenue, about 8:00 P.M. He said his friends were BILL NIKOLIS, DENNIS MARTIN, RITA SILBERMAN and MARGUERITE RIEGLER. He said he recalled they bought a newspaper which they were reading and discussing at a table in Phil's Delicatessen while waiting for their food order to be prepared, and suddenly a man pulled the paper from his hand, at the same time asking him if he could borrow the paper. He said the man glanced at the paper, put it down on the table, and walked to a telephone fifteen or twenty feet away, where he proceeded to make a telephone call.

Mr. SINDELAR said he was unable to understand the conversation that this man had on the telephone, but when he completed his call he returned to the table and asked again if he might see the paper, at which time he advised SINDELAR and his companions he was the owner of the Carousel and Vegas Clubs in Dallas. The man remarked he wanted to see if his advertisements appeared that he had ordered for the paper and remarked that his two clubs were the only clubs that were closed because of the President's assassination. He said the man located the advertisements and showed them to the group, and BILL NIKOLIS asked the man if he thought the death of the President would affect Dallas and the man, later identified as JACK RUBY, replied that it would affect the convention business in the City of Dallas. He said BILL NIKOLIS then told JACK RUBY that he knew a former entertainer at the Vegas Club but he did not name the entertainer and RUBY did not discuss it at any length.

He said RUBY then made another telephone call and then returned to the table a third time where he again looked at the front pages of the paper and remarked, "Maybe I'll give you people free passes to my club." Then he jokingly said he could not give free passes to them because they were not old enough to go to the clubs.

Mr. SINDELAR said he was not positive that this man was JACK RUBY. He said after observing a police photograph of RUBY, that the photograph resembled the man who talked to him at Phil's Delicatessen on the night of November 22, 1963; however, he seemed to recall that the man at the Delicatessen wore heavy, dark-rimmed glasses and was dressed in a business suit and wore a hat which he did not take off. He said the man in Phil's Delicatessen apparently knew other people who were there, but these other people were not known to him, SINDELAR.

He said he presumed this man was JACK RUBY because he claimed he was the owner of the Carousel and Vegas Clubs in Dallas, Texas.

He said he knew of no association between JACK RUBY and LEE HARVEY OSWALD and he had never known either of these individuals prior to the assassination of President KENNEDY on November 22, 1963.

He advised that RITA SILBERMAN is a student at the Hillcrest High School in Dallas, Texas, and the other persons were students at Southern Methodist University on November 22, 1963. He did not know the current addresses of DENNIS PATRICK MARLIN or WILLIAM GEORGE NIKOLIS.

Mr. WILLIAM GEORGE NIKOLIS advised he was born on November 26, 1944, at Vernon, Texas. His permanent address is with his parents, GEORGE and HELEN NIKOLIS, 243-37 72nd Avenue, Douglaston, New York. He is presently a sophomore at Tyler Junior College, Tyler, Texas, and resides at an apartment at 1926 South Belmont, Tyler, Texas, Telephone LYric 2-6763.

In November, 1963, he was a student at Southern Methodist University, Dallas, Texas, and lived at McElvaney Hall on the campus.

About 8:30 to 9:00 PM, November 22, 1963, he was at Phil's Delicatessen located Oak Lawn Avenue, Dallas, Texas, and was having a sandwich with his friends, DENNIS PATRICK MARTIN, BOB SINDLAR, MARGUERITE VEA ADLER and RITA SILBERMAN. All of the above were students at Southern Methodist University with the exception of RITA who was a high school student. He had purchased a DALLAS TIMES HERALD and while sitting at the table, he and his friends were scanning the paper. The front page carried a story concerning the assassination of President JOHN FITZGERALD KENNEDY that day.

A man, whom he now believes was JACK RUBY, who was wearing horn-rimmed glasses and sitting at another table a short distance from them, walked up and took a section of the newspaper from his hands and at the same time said something to the effect, "Let me borrow your paper". RUBY then walked away with the paper and he is not sure if RUBY sat down at his own table or not, however, a minute or two later the man brought the paper back.

NIKOLIS is unable to recall if RUBY said anything at the time he returned the paper.

A few minutes later this man walked up again and asked to borrow the paper for the second time. NIKOLIS and the others made remarks such as why didn't they give the man a nickel so he could buy his own paper and other similar remarks. RUBY then told them he owned the Carousel and Vegas Clubs in Dallas, asked if they had ever heard of the clubs and said something about giving them passes. RUBY said something to the effect he was looking for the club advertising in the paper, however, NIKOLIS stated it was possible RUBY said he was looking for

closing notices concerning the clubs. RUBY then walked to a telephone and talked to someone on the telephone, but NIKOLIS and his party were unable to hear any of the conversation. RUBY then brought the paper back to the table. NIKOLIS asked RUBY what effect he thought the assassination of President KENNEDY would have on the city of Dallas and RUBY replied to the effect it would hurt business and that Dallas would get no more conventions.

DENNIS MARTIN asked RUBY several times about the passes to the Carousel Club, but RUBY commented that they were too young and never did give them any of the passes. To the best of his recollection this ended the conversation with RUBY and although he is not certain, he believes that he and his party left the delicatessen while RUBY was still there. They drove around town for a short time that evening, then went home. NIKOLIS continued that he was watching television and saw JACK RUBY shoot and kill LEE HARVEY OSWALD and from the many photographs he has seen of RUBY since then, he is almost positive in his own mind that the man in the delicatessen was JACK RUBY. The others of his group who were present at the delicatessen that night were of the same opinion and he was told by BOB SINDLAR that RITA SILVERMAN had called the Dallas Police Department after OSWALD was killed and told them of their encounter with JACK RUBY at the delicatessen. To his knowledge, none of their group were ever interviewed by members of the Dallas Police Department. He continued that to his knowledge, none of his group had ever seen JACK RUBY before, did not know him, and further, none of them knew or had ever seen LEE HARVEY OSWALD.

NIKOLIS continued that he expects to leave Tyler, Texas at the end of May, 1964, and during the summer months of 1964 can be contacted in care of his uncle, NICK ZELIOUS, Besco Company, Central Expressway, Dallas, Texas.

NOTE:

See memo A. Rosen to Mr. Belmont dated 4-2-64, captioned, "Assassination of President John F. Kennedy, November 22, 1963, Dallas, Texas," MKR/vhm, which pertains to Carthron who alleged a "voice from God" said Hoffa "triggered" the assassination of President Kennedy.

Carthron was interviewed by Agents of WFO, at which time he claimed during a dream "Our Lord Jesus Christ" spoke to him saying Jimmy Hoffa killed President Kennedy. Carthron was arrested on 3-26-64 at Salisbury, Maryland, on an assault warrant obtained by his father, and he was subsequently taken to the Eastern Shore State Hospital, Cambridge, Maryland, but was released even though he was judged mentally incompetent, as he was not a resident of the State of Maryland. He should have been committed in Georgia.

In view of the fact that Carthron believes the responsibility for the assassination of President Kennedy was directly attributed to Hoffa, and further he alleged he had a dream in which he was chosen to eliminate Hoffa, WFO and Detroit are being instructed to furnish background information regarding Carthron to MPD and Detroit PD. Hoffa is not being advised personally of this matter due to previous investigations of him.

In view of subject's propensity for violence, copies of letterhead memorandum and insert being furnished to Secret Service.

Articles by Thomas Giffings Buchanan, Jr., on his version of the assassination of President Kennedy have recently appeared in the French newspaper "L'Express." Copies of past articles received from Legal Attache, Paris, have been furnished along with translations to the President's Commission. Buchanan worked for the "Washington Evening Star" as a reporter from 1946 to 1948 when he admitted Communist Party (CP) membership to an official of that paper and was dismissed. He admitted CP membership to Bureau Agents in 1952 and 1953 but claimed in 1956 that he had left the CP. His name is carried on the Reserve Index.

Previous articles by Buchanan have been based on speculation and unfounded material, much of it previously published, to the effect that Lee Harvey Oswald was an Agent of the FBI and/or Central Intelligence Agency (CIA) and that the investigation of the assassination was covering up discrepancies which cast doubt on Oswald's guilt.

Buchanan's article "Struggle to the Death Between Wall Street and Texas," appearing in the 3/26/64 issue of "L'Express," has been received, translated and reviewed. This last article in the series by Buchanan continues the thesis that Oswald and Ruby were part of a plot to kill President Kennedy and implies that wealthy and influential men in Texas were behind the plot. Buchanan states that Oswald would not have been employed by the Texas School Book Depository without the permission of the city government and "without a decided willingness of the rulers of Dallas to use Oswald later on." Actually the Texas School Box Depository is a private concern not a city agency.

The wealthy men mentioned in this article include H. L. Hunt, his son Lamar Hunt, and the brothers John D. and Clinton W. Murchison. He claims that these wealthy men of Texas are not "level headed rational businessmen" but are adventurers and gamblers in their operations of the petroleum industries and their spirit of gambling has carried over to other areas.

Buchanan states that there are three enemies of the Hunts, Murchisons and "other Texas billionaires": (1) Wall Street financiers; (2) Washington politicians; and (3) communists. Buchanan states that

Memorandum to Mr. Sullivan
Re: LEE HARVEY OSWALD
105-82555

the wealthy Texans seek to dominate the United States by taking control of Wall Street. An example of this is the effort of the Murchison brothers, he claims, leading to their control of the Investor's Diversified Services (IDS), although a court judgment declared transfer of the IDS to their control illegal and they took a financial loss in relinquishing that control.

As to the political activity of the wealthy Texans, Buchanan says the Hunts and Murchisons provided the late Senator McCarthy with money and prevented the re-election of two critics of Senator McCarthy's in the United States Senate, William Benton of Connecticut and Millard Tydings of Maryland.

As to communism, Buchanan claims that the "Dallas billionaires" consider a communist to be any critic of their regime and their fiscal privileges.

Buchanan asks why the FBI took so long to reveal its knowledge of Oswald's attempt on 4/10/63 on General Edwin A. Walker's life. He, of course, implies that the Bureau knew Oswald was involved in that attempt; however, our first knowledge of his attempt on General Walker's life came from Marina Oswald on 12/3/63. The Dallas Police Department while investigating the attempt on Walker's life did not develop Oswald as a suspect.

Buchanan states that General Walker could have used Oswald to make an unsuccessful attempt on his life in order to gain publicity and to increase his (General Walker's) popularity. Buchanan also claims that an association between Walker and Oswald is proved by the fact that Oswald's address book contained Walker's name and telephone number and the name, private telephone number and license number of an FBI Agent, according to the "Dallas Morning Times." Special Agent James P. Hosty is the FBI Agent but it was the telephone number of the Dallas Office and not Hosty's private number which was found in Oswald's address book. The entry re Walker in the address book is "Walke LA 1-4115." LA 1-4115 is the telephone number of General Walker in Dallas. We have developed no information substantiating Buchanan's claim of association between Walker and Oswald.

Buchanan also parrots the communist propaganda line that the relaxation of "cold-war tensions" would hurt the extensive investments in oil and other industries of the wealthy Texan businessmen and, therefore, they oppose such relaxation.

All in all, the series of articles by Buchanan are based on speculation and preconceived notion that authorities are covering up matters in the investigation of the assassination. He persists throughout the series in ignoring or distorting numerous facts and items of evidence which point to the guilt of Oswald. By attached letter the President's Commission is being furnished a copy of the 3/26/64 "L'Express" article by Buchanan with two copies of a translation thereof.

This article by Buchanan closes with the announcement that a book entitled "The Assassins of Kennedy" will be published in French soon. Legal Attache, Paris, previously advised of this development and has been instructed by the Bureau to obtain copies of this book for comparison with Buchanan's articles. This matter will be followed and reported.

RECOMMENDATION:

That the attached letter be sent to the President's Commission.

# Warren Panel Prober's Tactics Trigger Removal

By JIM LEHRER
Staff Writer

A flare-up over the questioning tactics of a Warren Commission attorney marked his exit from the Dallas phase of the assassination probe, The Times Herald learned Saturday.

The flare involved a clash between the investigating panel and a witness by the name of Wade, a Dallas police officer who had a big voice in the Jack Ruby murder trial.

The officer planned to produce the late Atty. Gen. Wade and other officials that the assassination had cost him a "bar," among other things.

SOMETHING BOILED OUT

An unusable witness, which included the investigator's leaving Dallas, was worked out through the combined efforts of Mr. Wade, U.S. Atty. Barefoot Sanders and the commission.

None of the officials involved wished to be directly quoted on any aspect of the incident.

All agreed, however, that it was an "isolated" event and emphasized that it was typical in the last issue it could disrupt the working cooperation which has prevailed between the commission and local authorities.

NO MORE INCIDENTS

"When you consider that the commission has talked to more than 300 people in the last several days," said one official, "it is remarkable that there haven't been more incidents of this type."

In recounting what happened between the officer and the attorney, sources said there were two subsequent questioning sessions before the officer's deposition was finally completed.

Between the first exchange and the completion were two days later, the officer's complaint on the questioning techniques had gone to Mr. Wade. The officer wanted Mr. Wade or one of his associates to accompany him to the next session.

The deputy attorney reportedly refused, telling the officer that the city attorney's office would be the place for him to secure legal counsel.

Mr. Wade did, however, receive the incident in a letter he wrote to J. Lee Rankin, general counsel for the commission in Washington.

A solution quickly followed.

The deposition of the officer was completed that day with an associate city attorney accompanying him as counsel during the final session. Another commission attorney-investigator took over the questioning.

The attorney who was involved in the original incident left Dallas Saturday and he was almost through with his particular assignment in Dallas anyhow.

# Inquiry Continued By Warren Probers

Burt Griffin, the Warren Commission attorney who left Dallas and reports of a rift with Dallas police more than two weeks ago, was back in Dallas Tuesday for more secret investigation.

He and [illegible], another commission agent who aided in taking 20 depositions earlier this month, added six more sworn statements to the list Tuesday.

Griffin interviewed Dallas News photographer Jack Beers, who took the historic photograph of Jack Ruby and Lee Harvey Oswald an instant before Oswald was shot.

Beers said that Griffin showed him two FBI statements by the photographer and questioned him about his part in the Nov. 22-24 news coverage.

Much of the questioning concerned what and when Beers saw in the City Hall basement when Oswald was brought out for transfer.

Griffin had been absent from Dallas since Dallas police officer P. T. Dean complained to Chief Jesse Curry about Griffin's mode of questioning.

A federal spokesman said at the time that Griffin was scheduled to leave Dallas before the incident, with the officer, a chief prosecution witness in Ruby's murder trial.

Griffin, declining any comment on the investigation, said Monday that any statement on the situation would have to come from higher sources.

Dist. Atty. Henry Wade would make no comment on Griffin's return to Dallas. But he said he has not been contacted by Warren Commission agents about taking sworn statements from Jack Ruby.

Ruby's new chief defense counsel, Dr. Hubert Smith, told The News earlier that he had not been contacted either.

Others questioned by the two agents Tuesday were Andrew Armstrong, Patrolman Bobby G. Poindexter, Bertha Cheek and Robert C. Patterson.

# Warren Attorney Returns

The Warren Commission attorney-investigator who was involved in a tiff with a Dallas police officer two weeks ago was back in Dallas Tuesday.

The attorney and another commission man are to put the finishing touches on the Dallas phase of the commission's probe, officials said.

The attorney left following the complaint of a Dallas police officer to Dist. Atty. Henry Wade and other authorities that the commission man had called the officer a liar.

The officer had been a key witness in the Jack Ruby murder trial.

After the incident was reported to J. Lee Rankin, the commission's chief counsel, the attorney left Dallas.

Miss Riegler on 11/25/63 advised that she was at Phil's Delicatessen, Dallas, Texas, on the night of 11/22/63 in the company of Sindelar, Silberman, Nikolis, and Martin when she observed a man whom she identified as Jack Ruby. The Commission requested that we interview the companions of Riegler. Our investigation, which was reported and furnished to the Commission in the report of SA Clements dated 11/30/63, had already established Ruby's presence in the delicatessen, where he purchased sandwiches which he later furnished to the crew of the Dallas Radio Station, through interviews of the owner, other employees, and several other persons present in the delicatessen on that night. Extensive investigation was required to locate the companions of Riegler, especially Martin who was finally located in the Army at Fort Ord, California. All of the interviews relate the almost identical story as originally furnished by Riegler which is not significant in any respect except to establish that Ruby was at Phil's Delicatessen on the night of 11/22/63.

The following investigation was conducted by the Federal Bureau of Investigation in an effort to obtain further information concerning the Liberty Distributing Company of 328 South Jefferson, Chicago, Illinois:

Mrs. Alice Dover, 6430 South Evans, Chicago, Illinois, advised on March 20, 1964, that J. J. Sanders previously resided at this address but is now deceased. She stated that Sanders died a short time prior to the time she and her family moved to this address about five years ago.

Mrs. Dover described Sanders as a patent attorney, explaining that she learned this after she moved to this address as a result of mail which was delivered to this address for Sanders. Mrs. Dover stated that she did not know the location of any of Sanders' relatives. She stated that Sanders' wife reportedly left Chicago after Sanders' death.

Mr. Joseph Fitzpatrick, Building Superintendent, James Igoe Building, Room 200, 328 South Jefferson, Chicago, Illinois, advised on March 20, 1964, that this building has no current records reflecting the names of tenants prior to 1946.

Mr. Fitzpatrick first stated that he had been employed in this building since 1931, but could not recall a company by the name of the Shelby Printing Company. After reflection Mr. Fitzpatrick stated he did recall a company by that name which was in this

building about 1942. He stated that this company moved from this building to another address in Chicago during the early 1940s and he has had no contact with this company since that time.

Mr. Fitzpatrick stated that he does not recall a Jack Rubenstein or a Jack Ruby being connected with any company in this building at any time in the past.

Mr. Ray Carne of J. Carne and Company, 328 South Jefferson, Chicago, Illinois, advised on March 20, 1964, he had been in this building for about thirty-eight years and recalled a company known as the Shelby Printing Company which occupied space near his company in this building about twenty-two years ago. He stated this company moved during the early 1940s to Grand Avenue, Chicago, and still later moved to Joliet, Illinois, and changed the name of this company to the Shelby Crafto Company.

Mr. Carne stated that this company was owned by two brothers while it was located at 328 South Jefferson, Chicago, Illinois, but he later heard that one of the brothers left this company after they moved from this address and the other brother is still with this company in Joliet, Illinois. He did not recall the last name of the brother who is still with the company in Joliet, Illinois.

Mr. Carne stated that he did not recall a Jack Rubenstein or a Jack Ruby being connected with any company in this building at any time in the past.

RE: JACK L. RUBY; LEE HARVEY OSWALD - VICTIM

Mrs. Cecile Burch, Office Manager, Shelby Craftco Corporation, 219 Maple, Joliet, Illinois, for the past twenty years, stated on March 23, 1964, this company is not identical with the Shelby Printing Company, 328 South Jefferson, Chicago, Illinois. ReCairtel 3/25/64.

The letterhead memorandum enclosed with referenced airtel sets forth the statement of Mr. Ray Carne: that the Shelby Printing Company had changed its name to Shelby Crafto Company and moved to Joliet, Illinois. He said that the company was operated by two brothers, one of whom was still with the company, but he did not know their last name.

It is noted that Mrs. Cecile Burch, Office Manager of the Shelby Craftco Corporation, Joliet, Illinois, stated that she had been with that company for twenty years and that it was not identical with the Shelby Printing Company. She furnished the owners name as W. B. Mendelsohn. It would appear possible that Mendelsohn could be the brother who is still with the company as referred to by Carne and that company could have been the Shelby Printing Company before its name was changed and prior to Mrs. Burch's employment there.

MAR 31 1964 COMM-FBI

In order to completely eliminate these possibilities, immediately interview W. B. Mendelsohn to determine whether or not he ever had any connection with the Shelby Printing Company or knowledge of same. Submit results by letterhead memorandum within three days. Furnish copies of letterhead memorandum enclosed with your airtel of 3/25/64 and any subsequent letterhead memoranda regarding this matter to the office of origin Dallas for their information.

NOTE:

The information referred to above as requested by the Commission pertains to some certain allegations received in early stages of investigation (1) that Ruby participated in Communist Party meetings in Muncie, Indiana, in 1947, (2) that he was engaged in Cuban gun-running activities, and (3) that he was in the printing business in Chicago in 1942. The allegations were for the most part fully run out within a week or two after Ruby shot Oswald but as the results were completely negative and did not pertain to the civil rights aspects of the investigation they were not reported. The enclosed report has been reviewed by Mr. Belmont, Mr. Malley and the appropriate supervisor in the Civil Rights Section. A copy is being furnished to the Criminal Division of the Department. The Department has previously advised that inasmuch as the Ruby trial is completed they do not desire that we furnish further reports in this matter to USA Sanders in Dallas.

GARLAND CHRISTOPHER FERRIS, 4356 Creathill Drive, Southwest, Roanoke, Virginia, voluntarily related that man had three definite drives, Self, Sex, and Herd. He stated that he could use the above in a mathematic formula and figure out any human problem. He stated that he was concerned over the FRANCES WOMER (phonetic), LEE HARVEY OSWALD, and JACK L. RUBY association. He related that FRANCES WOMER was the traveling manager for Western Union in Bluefield, West Virginia, this being the office through which his message was sent to KENNEDY (President) on November 19, 1963.

FERRIS stated he had gone to Bluefield and had his message to review before they realized what was going on. He stated this message was wet and he believed that WOMER had probably taken the message out to send. It was sent at 2:29 p.m. on November 19, 1963, when normally a night message would not be sent until after 5:00 p.m. He said these messages in Bluefield, West Virginia, were sent from the Katz Hotel and this hotel was a house of prostitution. He believed that WOMER was a prostitute and had brought girls with her to the hotel to work as prostitutes and this would be the Sex portion of the drive of man.

FERRIS said that OSWALD, RUBY, and WOMER were German Jews and RUBY had shot OSWALD to keep him from talking. He stated that OSWALD was a hired gun and RUBY should have known that a hired gun will never talk and probably a "lie detector" test would not have shown any emotional response.

FERRIS informed that he did not like the way "JACK KENNEDY" was shot in the back. He said that he could not reach a logical conclusion as to why OSWALD had only shot the President and the Governor of the State of Texas.

FERRIS stated that he was about to burn his brain up trying to work out the complete solution to the shooting of President KENNEDY and he hoped this would be of benefit.

On April 1, 1964, Mr. Ray Carne, J. Carne and Company, 320 South Jefferson, Chicago, Illinois, telephonically advised that he now recalls the name of the former owner of Shelby Printing. He stated this individual is named Saul Moldofsky, and he is believed by Carne to reside at 2720 Bryn Mawr Avenue, Chicago.

On April 2, 1964, Saul Moldofsky, 2720 Bryn Mawr Avenue, telephone LOngbeach 1-7891, advised that he and his brother, Sidney, were in business as the Shelby Printing Company, 328 South Jefferson Street, Chicago, Illinois, from approximately 1938 to 1944. Prior to 1938, he was affiliated with the Globe Printing and Embossing Company, Chicago, Illinois.

He stated that in the latter part of December, 1941, or early January, 1942, he and Edward Schwartz came upon the idea of promoting a "Remember Pearl Harbor" plaque. Schwartz, according to Moldofsky, said that he had the right man for the distribution and sale of the plaque, namely "Sparky" Rubenstein. Mr. Moldofsky stated that Rubenstein is identical with Jack Ruby, who shot and killed Lee Harvey Oswald.

Moldofsky stated that he did not know Jack Ruby well and could recall no specific details concerning him.

COPIES DESTROYED
21 JAN -2 1973

He stated that there were problems in getting out the "Remember Pearl Harbor" plaque because none of the proofs were acceptable to Ruby, whom Schwartz described as a "perfectionist." He stated that it took anywhere from four to six weeks to develop a proof that was acceptable to Ruby and by that time, the market was flooded with the "Remember Pearl Harbor" idea and their promotion never materialized.

Moldofsky stated that the entire business relationship with Ruby was handled by Schwartz. This also included the filing of the copyright for the promotional idea. He said that the name Liberty Distributing Company sounded familiar to him, but he could not associate it with Jack Ruby. Moldofsky stated that he, Schwartz and the Rubensteins lived in the same general neighborhood in Chicago around Roosevelt Road and California Avenue. He said he knew nothing of Jack Ruby's personal life and only recalls meeting Jack Ruby's brother, Earl, who also was a novelty salesman in the Chicago area. He stated that he did not know enough about Earl to offer any comment on him. The only associate that he knows of Ruby is Schwartz.

In this regard, Moldofsky offered that Schwartz, who introduced him to Earl, probably could give a good insight into the background of Jack Ruby and his family. He stated that Schwartz possibly lived with the Rubenstein family for a period of time until he, Schwartz, could get himself established in the Chicago area after arriving from Canada.

Moldofsky advised that Schwartz is currently in business as the Gardena Printers, Gardena, California.

Moldofsky further advised that his brother, Sidney, is currently in business at the Howlan Printing

Company, 1845 West Carroll, Chicago, Illinois. He stated that he feels certain that his brother never had any contact with Jack Ruby.

On April 10, 1964, Sidney Woldofsky, 5638 Lee Street, Morton Grove, Illinois, telephone YO 5-5789, owner of Howlan Printers, 1845 West Carroll, Chicago, Illinois, telephone CH 3-7478, advised that he and his brother, Saul, were in business as the Shelby Printing Company from 1940 to 1947.

He recalled an Edward Schwartz being an associate of his brother during the early years of World War II. He said he did not know "Sparky" Rubenstein, reportedly a friend of Schwartz, who is also known as Jack Ruby and is the individual who shot and killed Lee Harvey Oswald. He advised that if Schwartz had any business dealings with Ruby, it might have been known to his brother but it was not known to him. He had no recollection of the name Liberty Distributing Company.

MCC/ds

On February 17, 1964, U. S. Attorney BAREFOOT SANDERS, Northern District of Texas, advised he had received information from MILDRED C. BARBER, 315 West Orange, Duncanville, Texas, a former employee of a Dallas newspaper, that RUBY was interviewed by PHILIPPE LABRO, representing "France-Soir", on November 23, 1963.

The following information has been furnished by a confidential source abroad.

Mr. PHILIPPE LABRO, a reporter for "France-Soir", a daily French newspaper, Paris, France, was interviewed at the American Embassy, Paris, on March 5, 1964. He advised that he did not conduct an interview with JACK RUBY on November 23, 1963, at Dallas, Texas. He stated that he did encounter RUBY in the corridor on the third floor of Dallas Police headquarters at about 12:00 o'clock noon on November 23, 1963. At that time there were numerous newspaper reporters in the corridor on the third floor and RUBY was circulating among them and making casual remarks. RUBY encountered Mr. LABRO and asked him who he was and what he did for a living. Mr. LABRO advised RUBY that he was a French newspaper reporter. RUBY's response was "ooh la la Folies Bergere", which, according to LABRO, were probably the only French words known to RUBY. RUBY then presented Mr. LABRO with a card advertising his night club "The Carousel" containing the picture of a nude woman and invited him to stop and have a drink with him. RUBY then walked down the corridor toward a small press office which had been set up at the end of the corridor on the third floor. Mr. LABRO also walked down the hall and he noticed RUBY address several uniformed police officers by their first names. RUBY then walked back up the corridor and again encountered Mr. LABRO, at which time he said, "You fellows are having a tough time of it but you are doing a great job -- keep up the good work." No further conversation was had by Mr. LABRO with RUBY. He stated that during his encounter with RUBY it was his impression that RUBY did not display any unusual emotions and appeared to be entirely relaxed and normal.

Mr. LABRO advised that on November 24, 1963, following the murder of OSWALD, he happened to ride up in the elevator in the Dallas Police headquarters with a woman, who apparently had come to visit RUBY who was then on the fourth floor in the Dallas Police Jail. He presumed the woman to be RUBY's sister. The elevator did not stop en route and thus he saw the woman get off the elevator and walk to the cell to visit RUBY. He recognized RUBY at that time as the man whom he had encountered on the previous day, November 23, 1963, on the third floor. He stated, therefore, that there is no question in his mind as to the identity of the person whom he talked with on November 23, 1963, as RUBY.

William Nicholas X Bill Nikolis

Mr. WILLIAM GEORGE NIKOLIS advised he was born on November 26, 1944, at Vernon, Texas. His permanent address is with his parents, GEORGE and HELEN NIKOLIS, 243-37 72nd Avenue, Douglaston, New York. He is presently a sophomore at Tyler Junior College, Tyler, Texas, and resides at an apartment at 1926 South Belmont, Tyler, Texas, Telephone LYric 2-6763.

In November, 1963, he was a student at Southern Methodist University, Dallas, Texas, and lived at McElvaney Hall on the campus.

About 8:30 to 9:00 PM, November 22, 1963, he was at Phil's Delicatessen located Oak Lawn Avenue, Dallas, Texas, and was having a sandwich with his friends, DENNIS PATRICK MARTIN, BOB SINCLAR, MARGUERITE VEA RIGLER and RITA SILBERMAN. All of the above were students at Southern Methodist University with the exception of RITA who was a high school student. He had purchased a DALLAS TIMES HERALD and while sitting at the table, he and his friends were scanning the paper. The front page carried a story concerning the assassination of President JOHN FITZGERALD KENNEDY that day.

A man, whom he now believes was JACK RUBY, who was wearing horn-rimmed glasses and sitting at another table a short distance from them, walked up and took a section of the newspaper from his hands and at the same time said something to the effect, "Let me borrow your paper". RUBY then walked away with the paper and he is not sure if RUBY sat down at his own table or not, however, a minute or two later the man brought the paper back.

NIKOLIS is unable to recall if RUBY said anything at the time he returned the paper.

A few minutes later this man walked up again and asked to borrow the paper for the second time. NIKOLIS and the others made remarks such as why didn't they give the man a nickel so he could buy his own paper and other similar remarks. RUBY then told them he owned the Carousel and Vegas Clubs in Dallas, asked if they had ever heard of the clubs and said something about giving them passes. RUBY said something to the effect he was looking for the club advertising in the paper, however, NIKOLIS stated it was possible RUBY said he was looking for

closing notices concerning the clubs. RUBY then walked to a telephone and talked to someone on the telephone, but NIKOLIS and his party were unable to hear any of the conversation. RUBY then brought the paper back to the table. NIKOLIS asked RUBY what effect he thought the assassination of President KENNEDY would have on the city of Dallas and RUBY replied to the effect it would hurt business and that Dallas would get no more conventions.

DENNIS MARTIN asked RUBY several times about the passes to the Carousel Club, but RUBY commented that they were too young and never did give them any of the passes. To the best of his recollection this ended the conversation with RUBY and although he is not certain, he believes that he and his party left the delicatessen while RUBY was still there. They drove around town for a short time that evening, then went home. NIKOLIS continued that he was watching television and saw JACK RUBY shoot and kill LEE HARVEY OSWALD and from the many photographs he has seen of RUBY since then, he is almost positive in his own mind that the man in the delicatessen was JACK RUBY. The others of his group who were present at the delicatessen that night were of the same opinion and he was told by BOB SINDLAR that RITA SILBERMAN had called the Dallas Police Department after OSWALD was killed and told them of their encounter with JACK RUBY at the delicatessen. To his knowledge, none of their group were ever interviewed by members of the Dallas Police Department. He continued that to his knowledge, none of his group had ever seen JACK RUBY before, did not know him, and further none of them knew or had ever seen LEE HARVEY OSWALD.

NIKOLIS continued that he expects to leave Tyler, Texas at the end of May, 1964, and during the summer months of 1964 can be contacted in care of his uncle, NICK ZELIOUS, Besco Company, Central Expressway, Dallas, Texas.

Rita Silberman

RITA LESLIE SILBERMAN advised she resides at 13215 Hughes Circle, Dallas, Texas, where her telephone number is AD 9-5480. She said her stepfather, NORMAN SIEGEL, and her mother, LESLIE RODNEY SIEGEL, reside at that address and their telephone number is AD 9-5546. She said she is a student at Hillcrest High School and she is in the twelfth grade.

She said on November 22, 1963, about 8:00 or 8:30 P.M., she, together with MARGUERITE RIEGLER, DENNIS MARTIN, BILL NIKOLIS and BOB SINDELAR, met at Smith Dormitory at Southern Methodist University, Dallas, Texas. Thereafter they drove to Phil's Delicatessen, which is located in Dallas, Texas, near the Love Field Airport on Oaklawn Avenue. She said they ordered food and while waiting for it to be served they observed a man talking to other patrons and also making a phone call. She said they paid no attention to this person's conversation, but after he finished his call he came to the table where he took a newspaper from BOB SINDELAR, asking him for it and taking it before he got permission to read it. She said this person took the paper and remarked, "How horrible it is", referring to the assassination of President JOHN F. KENNEDY.

Then the man made another telephone call and returned to the table, where he took the paper and talked about his night clubs. She said the man turned to a couple of advertisements in the paper and she recalled that they were for the Carousel and Vegas Clubs, and this man said that he owned the clubs and would give passes to the group. Then he looked them over and remarked he could not give them passes because they were too young. One of the boys in the group jokingly said that he was over 21 and thereupon the man, presumably JACK RUBY, said, "Well, come around sometime and perhaps I'll let you in.

She said JACK RUBY seemed to be "upset" and he remarked how horrible the death of the President was and, like everyone else, he talked generally about the assassination and articles which had been published concerning it.

She said this man was only in the delicatessen a short time and left about the time that her group received their food order. She said that they learned of the man's identity as JACK RUBY through his telling them of his ownership of the night clubs and, also, through news articles which were published and radio broadcasts which announced that JACK RUBY killed LEE HARVEY OSWALD on November 24, 1963.

She looked at a Dallas Police photograph of JACK RUBY and remarked it appeared to be the same person who was present in the delicatessen on the night of November 22, 1963. She said the person in the restaurant wore a regular business suit and a hat and he did not look exactly like the police photograph because of his dress and the fact that he was wearing a hat.

She said she had never known or observed this person before this incident and she had never known LEE HARVEY OSWALD and knew of no connection between OSWALD and RUBY.

She said she believed that BILL NIKOLIS is currently enrolled in Tyler Junior College. She did not know the whereabouts of DENNIS MARTIN.

ROBERT LOUIS SINDELAR advised he has a room, number 362, in McElvaney Dormitory, located on the campus of Southern Methodist University in Dallas, Texas. He said he resides in Apartment # 16 at 4630 Palm Gardens Apartments, where he has telephone number LA 6-0780 in Dallas, Texas. He said his home residence is 1821 Cuyler Avenue, Erwyn, Illinois, where he resides with his father, LOUIS SINDELAR. Bob Bob Sindlar Robert L. Sindelar

He said on November 22, 1963, he joined a group of friends and all of them went to Phil's Delicatessen, 3531 Oaklawn Avenue, about 8:00 P.M. He said his friends were BILL NIKOLIS, DENNIS MARTIN, RITA SILBERMAN and MARGUERITE RIEGLER. He said he recalled they bought a newspaper which they were reading and discussing at a table in Phil's Delicatessen while waiting for their food order to be prepared, and suddenly a man pulled the paper from his hand, at the same time asking him if he could borrow the paper. He said the man glanced at the paper, put it down on the table, and walked to a telephone fifteen or twenty feet away, where he proceeded to make a telephone call.

Mr. SINDELAR said he was unable to understand the conversation that this man had on the telephone, but when he completed his call he returned to the table and asked again if he might see the paper, at which time he advised SINDELAR and his companions he was the owner of the Carousel and Vegas Clubs in Dallas. The man remarked he wanted to see if his advertisements appeared that he had ordered for the paper and remarked that his two clubs were the only clubs that were closed because of the President's assassination. He said the man located the advertisements and showed them to the group, and BILL NIKOLIS asked the man if he thought the death of the President would affect Dallas and the man, later identified as JACK RUBY, replied that it would affect the convention business in the City of Dallas. He said BILL NIKOLIS then told JACK RUBY that he knew a former entertainer at the Vegas Club but he did not name the entertainer and RUBY did not discuss it at any length.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

He said RUBY then made another telephone call and then returned to the table a third time where he again looked at the front pages of the paper and remarked, "Maybe I'll give you people free passes to my club." Then he jokingly said he could not give free passes to them because they were not old enough to go to the clubs.

Mr. SINDELAR said he was not positive that this man was JACK RUBY. He said after observing a police photograph of RUBY, that the photograph resembled the man who talked to him at Phil's Delicatessen on the night of November 22, 1963; however, he seemed to recall that the man at the Delicatessen wore heavy, dark-rimmed glasses and was dressed in a business suit and wore a hat which he did not take off. He said the man in Phil's Delicatessen apparently knew other people who were there, but these other people were not known to him, SINDELAR.

He said he presumed this man was JACK RUBY because he claimed he was the owner of the Carousel and Vegas Clubs in Dallas, Texas.

He said he knew of no association between JACK RUBY and LEE HARVEY OSWALD and he had never known either of these individuals prior to the assassination of President KENNEDY on November 22, 1963.

He advised that RITA SILBERMAN is a student at the Hillcrest High School in Dallas, Texas, and the other persons were students at Southern Methodist University on November 22, 1963. He did not know the current addresses of DENNIS PATRICK MARTIN or WILLIAM GEORGE NIKOLIS.

On April 4, 1964, Miss RITA SILBERMAN, a twelfth-grade student at Hillcrest High School, Dallas, Texas, telephonically advised SA ARTHUR E. CARTER she resides at 13215 Hughes Circle, Dallas, telephone number AD 9-5480, and that she had located an address for DENNIS PATRICK MARTIN in her address book, which indicated after he left Southern Methodist University in 1963 he moved to Santa Monica, California, where she advised his address was 1616 Ocean Drive, Apartment 7, Tells Dennis Martin

She said she was not sure that this address was still his current address, but inquiry there might establish his current address.

On April 6, 1964, Mrs. Z. R. SEE, employee in the Registrar's Office, Southern Methodist University, Dallas, Texas, advised SA CARTER that no transcript had been requested by, or furnished to, DENNIS PATRICK MARTIN, a former student of SMU. She said her records indicated he entered the university as a graduate of Thomas Jefferson High School in San Antonio, Texas, where his parents resided at 533-B Croyden Avenue. His father is Lieutenant Colonel PATRICK JAMES MARTIN, of Kelly Air Force Base, near San Antonio, Texas.

She said the Air Science Department of SMU might have additional information concerning DENNIS PATRICK MARTIN.

Mrs. R. M. STRODE, Assistant in the Air Science Department, SMU, Dallas, Texas, advised SA CARTER on April 6, 1964, that information contained in her records indicated the most recent address of Lieutenant Colonel PATRICK JAMES MARTIN was Pizza Stefano Jacini, Rome, Italy. She said she was not aware that Colonel MARTIN had been transferred to an assignment at the U. S. Embassy in Paris, France, and she had no current address for DENNIS PATRICK MARTIN, a former student at SMU.

The following investigation was conducted by SA JOSEPH E. JONES:

FEDERAL BUREAU OF INVESTIGATION

Date April 17, 1964

Private DENNIS PATRICK MARTIN, Company C, 2nd Battalion, 3rd Brigade, Fort Ord, California, was interviewed by SA MAX H. FISCHER on April 14, 1964. He furnished the following information concerning an incident which took place on the evening of November 22, 1963, at Phil's Delicatessen, 3531 Oak Lawn, Dallas, Texas:

At about 11:00 p.m. on the evening of November 22, 1963, MARTIN, while in the company of MARGUERITE RIEGLER, a Southern Methodist University (SMU) student; ROBERT L. SINDELAR, a SMU student; WILLIAM NICHOLAS, a student at Tyler, Texas, Junior College; and RITA SILVERMAN, a high school student from Richardson, Texas, went to Phil's Delicatessen and sat down in one of the booths to eat. A man whom MARTIN later identified as JACK RUBY, owner of the Carousel Bar in Dallas, Texas, was already in the delicatessen when the group arrived and appeared to be alone.

One of the persons with MARTIN had a copy of the November 23, 1963, edition of the Dallas Morning News which had come out as an extra on the evening of November 22, 1963, and had a large front page writeup on the assassination of President John F. Kennedy.

Shortly after the group sat down in the booth, the man later identified as RUBY approached the booth and politely asked if he could borrow the paper. He appeared to be interested in something in the classified want-ad section of the paper and seemed to use the classified section of the paper to locate a phone number as immediately after looking at the paper, he went to the pay phone located near the cashier's desk and made a phone call or attempted to make a phone call. He returned the paper to the booth where the youths were sitting and made some comment to the effect that "it was a terrible thing about the President being shot." He did not appear to be overly enraged about the assassination of the President although he did appear to be sincere in the comment about it being a terrible thing.

This document contains neither recommendations nor conclusions of the FBI. It is the property of the FBI and is loaned to your agency; it and its contents are not to be distributed outside your agency.

This individual then talked briefly to one of the employees in the delicatessen and MARTIN did not hear the conversation or gain any knowledge as to whether or not these two men knew each other.

After a few minutes, RUBY again returned to the booth where the youths were sitting and rudely grabbed the newspaper and took it without asking. He appeared to again look at something in the classified want-ad section and again went to the pay phone and either made or attempted to make a phone call. When RUBY returned the newspaper this time he noticed that the youths were somewhat irritated and in a bragging fashion identified himself as owner of the Carousel and Vegas Clubs in Dallas and showed the group an advertisement in the newspaper about his clubs. He then took out some complimentary passes to the clubs and taunted the youths with a promise to give them some tickets. He then made a comment that they were too young to see the type of show put on at these clubs and MARTIN is not sure if any of the group actually received any of the complimentary tickets but knows definitely that he did not. MARTIN believes that possibly SINDELAR was given some tickets.

RUBY then got some change from the clerk in the delicatessen and again visited the pay phone at least attempting to place a call. MARTIN did not hear any of the conversations RUBY had with persons called on the phone except as they were leaving the delicatessen he briefly overheard that RUBY was telling someone that he was closing his clubs the following weekend in observance of the President's death. MARTIN could not tell from the way RUBY made the statement if the comment was made in the form of instructions to one of his employees or merely as a comment to some acquaintance.

MARTIN has no recollection that RUBY discussed musician personalities with one of the youths but is certain that he had no such discussion with RUBY that evening.

On the Sunday following the above incident, MARTIN saw television and newspaper accounts of the murder of LEE HARVEY OSWALD and at that time recognized the photograph of JACK RUBY as the man who was in Phil's Delicatessen on the evening of November 22, 1963.

Reverend (sic) RAY RUSHING, 1405 Janwood, Plano, Texas, furnished the following information:

On the morning of November 24, 1963, Reverend RUSHING was praying in his home and was inspired by Jesus Christ to talk to LEE HARVEY OSWALD. He stated it was his desire to get OSWALD to pray.

On the morning of this date, he left his home in Plano, Texas, in time for his wife to reach the First Baptist Church at Ervay and San Jacinto, Dallas, Texas, where she is a Sunday Schoolteacher. Sunday school classes start at 9:30 AM at this church. Reverend RUSHING stated he then drove from the First Baptist Church, after leaving his wife there, to the Dallas County Jail, Main and Houston Streets, Dallas, Texas, thinking that LEE HARVEY OSWALD was at that location. Upon arriving at the County Jail, he decided that OSWALD was being held at the Dallas City Jail and drove from the County Jail down Commerce Street to the Dallas City Jail. He noted that traffic was heavier than usual on Commerce Street on this date. After parking his car, Reverend RUSHING went to the first floor of the Police Department Building and noted that no one was on duty at the information desk. He observed a uniformed patrolman in the building and asked this person where the office of the Chief of Police was located. He was advised by the patrolman that the Chief of Police was not in his office, but that he could talk with an Assistant Chief located on the third floor of this building. Reverend RUSHING left this patrolman and walked to the elevator on the first floor and observed that there was another person on this elevator. He stated he did not observe if this person got on the elevator on the first floor or was on it at the time he (Reverend RUSHING) got on the elevator. Reverend RUSHING stated the elevator did not stop between the first and third floors, where he got off. He stated he did not notice whether the man got off the elevator on the third floor or remained on it. He stated this man was dressed in a dark suit and wore a hat. He stated he did not know the color of the shirt, whether the man wore glasses, or any other

After viewing JACK RUBY on a television broadcast later this date, he believed the man he had observed earlier that day on the elevator at the Dallas Police Department to be JACK RUBY.

Reverend RUSHING stated he had never met JACK RUBY and does not personally know him.

Reverend RUSHING was shown a full-length photograph of JACK RUBY, Dallas Police Department No. 36398, taken November 24, 1963. After viewing this photograph, Reverend RUSHING advised that he was unable to identify the person depicted therein.

GRADY DE WITT CANDY advised he has Badge No. 483 and is a detective assigned to the Burglary and Theft Detail of the Dallas Police Department on the day shift.

He said he resides at 3343 Ivandell Dallas, Texas where his telephone is FE 9-9837. His business phone is RIverside 8-9711, Extension 561.

Mr. CANDY said he has never known LEE HARVEY OSWALD and that OSWALD's name first came to his attention on November 22, 1963, when the President was assassinated at Dallas, Texas. He said he had never known OSWALD personally nor his wife, MARINA, and his only knowledge of these two persons comes from official police records, news articles, television programs and radio broadcasts.

Mr. CANDY advised he has known JACK RUBY since about 1947. He recalled that he answered an official police call to the Baker Hotel in Dallas, Texas, and the house officer at the Baker Hotel had a guest in custody for "throwing water from the hotel room to the street". He said the victim of this incident was JACK RUBY. He told him he had just arrived in Dallas. He said the subject of this attack was a young man about 18 or 19. This man apologized to RUBY and RUBY claimed he wanted $500 damages.

He said that he filed a misdemeanor charge on the subject who was released on $15 bond. The charge was "malicious mischief."

Detective CANDY said that he told RUBY on that occasion that in his opinion a dollar or dollar and a half for cleaning the suit would be the only damages he could observe and that if RUBY wanted to pursue the matter further he would have to file a civil suit against the subject, whose name Detective CANDY was unable to recall.

He said during the years since 1947 and more particularly in 1949 and 1950, RUBY and a police character known as JOE BOND (true name JOSEPH LUCERTO) were known to be friends.

GANDY said LUCERTO was a known homosexual, but he did not know of any activity of that nature between BOND and RUBY. He said he had contacted RUBY at night clubs in Dallas when he was on a detail that inspected licenses and JACK operated one club in the 1700 block of South Ervay and another, the Vegas Club, at 3508 Oak Lawn. RUBY opened a club on Greenville Avenue near the "Vickery Addition" known as Hernando's Hideaway. He said during his professional experience with RUBY he noted that RUBY was delinquent in following or complying with local ordinances regarding the operation of his clubs, but this was just carelessness on RUBY's part apparently. He said he had observed that RUBY did operate his clubs in a legal manner and he had had no close personal contact with him other than his professional inspection visits as a member of the Dallas Police Department.

He said he knew of no reason why the name "GANDY" appeared in the address book of LEE HARVEY OSWALD. He said he knew of no personal connection between JACK RUBY and LEE HARVEY OSWALD. He also advised he had never visited the Carousel Club when it was operated by JACK RUBY and his only visits to the Vegas Club were official visits concerning police matters.

VAUGHN FOSTER, age 29, was interviewed at the Fresno County Road Camp, where he was confined under voluntary commitment as an alcoholic.

FOSTER stated that late in 1956 he frequented the Music Bar on Akard Street in Dallas, Texas, which was operated by one GENE LAWRENCE. He stated LAWRENCE had a bartender, one WILL DOWNS, a personal friend of FOSTER's. All of FOSTER's information came through hearsay from either LAWRENCE, or DOWNS.

FOSTER stated that JACK RUBY came into the Music Bar frequently at that time and reportedly had helped finance it. He spent most of his time at the bar upstairs in the office with GENE LAWRENCE. FOSTER stated that on one occasion he saw RUBY on the street with a woman, who either LAWRENCE, or DOWNS stated was RUBY's wife and that she, at that time, was the head of the Fur Salon at Nieman-Marcus Store in Dallas.

At the same time RUBY also had a girl friend, one CANDY BARR, who FOSTER stated he later read was a girl friend of MICKEY COHEN. At that time she was stripping at Abe's Colony Club in Dallas. She occasionally came into the Music Bar to talk to DOWNS, who said she was a regular girl friend of RUBY. RUBY at that time operated The Zoo Bar and reportedly always carried a gun and $1,000 cash.

ALEXANDER P. GRUBER,
ASSOCIATE OF JACK RUBY

On November 27, 1963, Officer RICHARD DENVER, Calif
Serial No. 10133, Los Angeles Police Department, assigned to a felony car at the Wilshire Division, furnished the following information:

He and his partner, Officer CLYDE H. WATSON, Calif
Serial No. 6945, frequently stop at a small hamburger stand known as "Pop's Hamburgers", located at the southwest corner of Olympic and La Brea, during the late afternoon hours, or evening hours, of their duty shift. At about 10:30 p.m., or 11:00 p.m., November 26, 1963, they stopped there and engaged the only male employee on duty in conversation. He told them that an attorney, (FNU) GRUBER, who patronizes his hamburger stand, had told him that he received a telephone call from JACK LEON RUBY from Dallas, Texas, on Sunday, November 24, 1963, prior to the time that RUBY shot OSWALD. In that conversation, according to GRUBER, RUBY told him (GRUBER) that he intended to shoot OSWALD. GRUBER is also alleged to have told the proprietor that he was acquainted with RUBY "back east", possibly in Chicago.

DENVER described the proprietor of the hamburger stand as a white, male, American, 50 to 52 years of age, black-greying hair, 5'10", wearing glasses, and is the only employee on duty during the afternoon and evening hours.

DENVER explained that an examination of the Yellow Pages of the Telephone Directory reflects an attorney named GRUBER was listed as being in the 5000 block of Wilshire Boulevard, which would be in the general vicinity of the hamburger stand. This is a referral to MILTON E. GRUBER, 5225 Wilshire Boulevard, Telephone No. WE 9-1158.

SA LESTER H. EICHERLY conducted the following investigation on November 27, 1963:

PAUL ZAPPAS, Manager, "Pop's Burger House," 1001 South La Brea Avenue, Los Angeles, Telephone No. WE 4-3513, advised that his night employee is CHRIS BANAKAS. He advised that he has not heard anything about RUBY telephoning a man by the name GRUBER and that he does not know any GRUBER.

CHRIS BANAKAS, 9472 Sandusky Avenue, Pacoima, Calif. Telephone No. EM 6-7842, advised that at about 7:00 p.m. on November 26, 1963, AL SALTZMAN was talking at the Burger House to two or three people and CHRIS was working. AL works at Hughes Aircraft and lives in the area of Olympic Boulevard and La Brea Avenue, Los Angeles. SALTZMAN said that a man by the name of GRUBER, who is an attorney, had been called by RUBY. RUBY talked about the President's death and RUBY said he would get the guy that killed him. BANAKAS believes that AL said something about RUBY telephoning to have GRUBER get the bail bond. BANAKAS said that he did not hear all of the conversation and that AL was talking to other people.

AL M. SALTZMAN, 836 Burnside Avenue, Los Angeles, Calif. Telephone No. WE 5-7215, advised that he received the story from the woman in the flower stand near the hot dog stand. Her name is ZEIGER and the stand is named "La Mirror." She gave the impression that she obtained the information from a friend in the neighborhood, who indicated that GRUBER lives in the same area. The friend told her that GRUBER received a telephone call from RUBY and RUBY was very upset. She never referred to GRUBER as an attorney, or stated that RUBY had made any threat on the life of OSWALD. SALTZMAN said that he had never talked to GRUBER. He believes that the information he received from ZEIGER was third, or fourth hand. SALTZMAN requested that ZEIGER not be advised that he has furnished her name.

EDWARD R. GREENE, Attorney, 419 11th St., Huntington, W. Va., advised that he had been informed by ROBERT L. MEANS, WVa law partner of WILLIAM H. "BILLY" DARNALL, 737 Fifth Ave., Huntington, that DARNALL left Huntington via commercial airlines for Dallas, Texas, following the arrest of LEE HARVEY OSWALD for the assassination of President KENNEDY. GREENE said MEANS told him that DARNALL had made the statement he, DARNALL, had purchased a one-way ticket to Dallas and had taken a loaded revolver with him for the sole purpose of killing OSWALD. GREENE said that according to his information, OSWALD was slain by RUBY while DARNALL was enroute to Dallas, and DARNALL then contacted RUBY's attorney and offered his assistance in defense of RUBY. GREENE said MEANS informed him that DARNALL was allegedly involved in a fight while in Dallas, but GREENE said he could furnish no further information as to his alleged fight. GREENE said all of his information is as furnished by MEANS.

GREENE said DARNALL was formerly an Assistant Prosecuting Attorney in Cabell County, W. He said the attorneys in Huntington all consider DARNALL to be dangerous and the general opinion is that he would not hesitate to kill anyone for whom he had a dislike, due to his violent temper.

DARNALL said he purchased a one-way ticket to Dallas, Texas, from Huntington, W. Va., on Eastern Air Lines. He traveled by Eastern Air Lines from Huntington to Louisville or Lexington, Kentucky, and traveled by American Airlines from Louisville or Lexington to Dallas, He said he arrived in Dallas at approximately 2:30 p.m. as he recalled.

DARNALL said he took with him from Huntington to Dallas two guns. He stated one was a .38 caliber revolver and one was a .25 caliber automatic. He said he put these guns in his suitcase with neither one of the guns loaded. He said he put the shells for the two guns in another section of the suitcase. DARNALL said he carried the suitcase containing the guns on the airplane himself and left the suitcase on the carry-on rack with the suitcase locked. He stated the guns were not readily available to him on the airplane.

DARNALL said that after arriving at Dallas, Texas, he went to the Southland Hotel where he loaded the guns. He said he then learned that "OSWALD had already been killed." DARNALL said that since OSWALD had already been

killed, he went to see TOM HOWARD, RUBENSTEIN's attorney, and offered to do anything he could to help RUBENSTEIN.

DARNALL said he returned to Huntington on the following day, remaining in Dallas only the one night since there was nothing left for him to do in Dallas. He said that before returning to Huntington he emptied the guns and locked the guns back up in his suitcase.

DARNALL said he got "half-crocked" while in Dallas and got in an argument with "six Texans." He said he asked them if they wanted to fight, but they laughed and asked him to have a drink. He said he did not get in a fight.

DARNALL said at the inception of the interview, "RAY, I'm high and I have been high for two or three weeks." DARNALL said that when he heard of the assassination of the President, he "just went crazy." DARNALL said he had been drinking at the time of the assassination, but did not believe himself to be drunk. He said in his estimation President KENNEDY was "such a great man and such a young man with such a brilliant mind." He said he only wished that he personally had been there to protect the President and take the bullet himself.

DARNALL, when asked why he purchased a one-way ticket to Dallas, said that he was an old man and was willing to die to avenge the President's assassination. He said he assumed he would not be coming back to Huntington.

DARNALL said his trip to Dallas was strictly an individual act on his part and not an act in connection with any group or organization. He stated he had no intention of harming anyone except OSWALD; and since OSWALD was killed, he returned to Huntington the following day.

DARNALL voluntarily made available for examination the two weapons which he identified as being the two guns he took to Dallas, Texas. These guns were examined in DARNALL's presence, and it was noted that one gun was a .38 Caliber Smith & Wesson revolver, five shot, serial number 128674. The other gun was noted to be a .25 caliber Colt Automatic, serial number 355497.

At the conclusion of the interview, DARNALL advised that he would not furnish a signed statement.

During the course of the interview DARNALL periodically apologized for openly weeping in front of the interviewing agents. He said his weeping was due to the fact that he was still so emotionally upset over the President's death.

The following is a physical description of DARNALL as obtained through interview and observation:

ROBERT K. MEANS, Attorney, 737 Fifth Ave., Huntington, W. Va., voluntarily contacted the FBI and advised that BILLY DARNALL had contacted him on that date and advised that he, DARNALL, had been interviewed by Special Agents of the FBI. MEANS stated that DARNALL had, subsequent to the interview, voluntarily requested permission to be admitted to the Veteran's Administration Hospital, Huntington, on the afternoon of December 10, 1963.

MEANS stated that DARNALL is drawing a disability pension from the Veteran's Administration which is probably the manner in which he will request admission to the hospital. MEANS said the real reason for DARNALL's requested admission is, in all probability, the fact that DARNALL realizes his need for help to overcome his alcoholic condition. MEANS said he and others have tried in the past to persuade DARNALL to enter a hospital in an attempt to break his drinking habit, but they have been unsuccessful, although DARNALL realizes he has a drinking problem.

WILLIAM HOLDERBY DARNALL

On January 28, 1964, United States Attorney HARRY G. CAMPER, JR., Charleston, W. Va., advised that after careful consideration, it is his opinion that prosecution of DARNALL should be declined because of the difficulty the government would have in carrying the burden of proof that the weapons were readily available to the accused while on the plane. Mr. CAMPER stated that, in addition, there is very little, if any, evidence that the accused made the flight with the weapons in his suitcase and a defendant cannot be convicted solely upon his own admission. Mr. CAMPER stated the defendant's physical and mental condition also enter into his decision. Mr. CAMPER advised that for the above reasons, prosecution is declined.

Donald Sullivan X Deb. 1911 at Osh, Kosh, Wisc.

Date March 20, 1964

DONALD L. SULLIVAN, President, Triangle Manufacturing Company, 714 Division Street, advised that he has never heard of Cobo Cleaners of Detroit and recalls no contact by anyone from the concern with the Triangle Manufacturing Company. No record is kept at Triangle Manufacturing Company of incoming telephone calls. He stated he is not acquainted with a GEORGE MARCUS or EARL RUBY. He contacted DONALD BRAND, Sales Manager of Triangle Manufacturing Company, who told Mr. SULLIVAN he was not familiar with Cobo Cleaners and recalled no contact by RUBY or MARCUS.

D.L. X SULLIVAN stated there is no record of Cobo Cleaners as a customer of Triangle Manufacturing Company. He stated that the products of Triangle are sold through distributors rather than direct to consumer. The Triangle Manufacturing Company makes Sleeve Bearings and a bearing known as a "Lazy Susan Bearing", which Mr. SULLIVAN said is used in heating, air conditioning, and ventilating units.

He noted that the name and Oshkosh address of Triangle appears on its products and it is not uncommon for a user to contact the factory directly when something goes wrong with the product in which the Triangle bearings are used. In such instances he stated the person contacting the factory is referred to a distributor and in the Detroit, Michigan, area, such distributors are the Michigan Bearing Company, 85 Oakman Boulevard, and the Detroit Ball Bearing Company, 110 West Alexandrine Avenue, Detroit. He noted, however, that the product in which the bearing was used might have come from some point other than in the Detroit area and if this appeared to be the case the party contacting Triangle might have been told to contact the manufacturer of the product in which the bearing was used.

BACKGROUND INVESTIGATION
CONCERNING JACK RUBY

WARREN MILLER, 585 Mill Street, Colton, California, telephone TU 8-0541, telephonically advised SA GERALD D. HARRISON as follows:

MILLER stated that about 1:30 to 2:00 p.m., November 28, 1963, he and a friend, LARRY STICKNEY, who resides in 5000 block, believed to be 5022 or 5026, New Castle Road, Riverside, California, were at the Diamond Lil Bar, on 7th Street, Riverside, for Thanksgiving dinner. A bartender, name unknown, described as a Greek, about 30 - 35 years, 6', 175 pounds, black hair, told them that on last Friday he went to a doctor in San Bernardino, California. The doctor told the bartender that the night before the doctor had been called to give a man a sedative. The doctor described the man as being irrational and all wrought up, and claiming that he had been frantically trying to find a way to get to Texas "to kill the guy, who was going to kill the President."

MILLER could furnish no further details, but stated that he was sure the bartender would be glad to furnish identity of the doctor, who is supposed to have made these statements.

The following investigation was conducted by SA HECTOR L. PELLEGATTA:

On November 29, 1963, GEORGE ANAGNOSTOPOULOS, Calif bartender, Diamond Lil's, advised as follows:

Calif On November 26, 1963, he attended a party at the home of a friend STEVE MARUTSOS, in San Bernardino and there were about 15 to 20 people present. Among those present was Doctor CARL PARISH, San Bernardino. GEORGE stated he had had several drinks, as had the doctor. While in a group of four or five people,

Calif

GEORGE recalls PARISH relating that he had been called to the hospital to treat some man, who was from either Sacramento or Fresno. The doctor related that the man he treated was on his way to Texas to kill OSWALD, and possibly that he was emotionally disturbed. GEORGE related PARISH's story was related piece-meal as people kept talking as they do at a party. GEORGE was asked how many drinks he and the doctor had and he stated, to the best of his recollection, four or five. He did not consider himself drunk, but could not speak for the doctor.

The following investigation was conducted by SA JACK E. DE VANE:

Carl Parish

Dr. CARL D. PARISH, M.D., 2102 North Arrowhead Avenue, advised on November 29, 1963, that he had not treated any patient in the Community Hospital, San Bernardino, California, the night of October 23 - 24, 1963.

He related he had heard through gossip at the Community Hospital the week following November 24, 1963, that a mentally deranged man had gone to the hospital for medical assistance and had stated to someone that he was from Sacramento or Fresno, California, and had been enroute to Dallas, Texas, to kill the man, who had assassinated President KENNEDY, but on arrival in San Bernardino, realized he needed medical assistance, therefore, turned himself in.

Dr. PARISH stated he had merely repeated this rumor, or gossip, he had overhead at a party on Tuesday night, November 26, 1963, at the home of STEVE MARUTSOS at Riverside, California. Dr. PARISH added he does not know from whom he obtained the above information, but suggested that Dr. GENTRY would possibly have knowledge of the incident as he was the doctor on duty at the Emergency Room at the Community Hospital.

Dr. WENDELL L. GENTRY, 238 North Riverside Avenue, Rialto, California, advised on November 29, 1963, that he was the surgeon on duty at the Emergency Room at the Community Hospital the night of November 23 - 24, 1963. He added he recalled being informed by the attending nurse that she had been contacted by an individual requesting medical assistance because of his mental

illness. He stated the nurse informed him this individual stated he had been under a doctor's care for mental illness and shock treatment. Further, the nurse contacted this individual's father, who confirmed the above story of mental illness, and requested that a relative in San Bernardino be contacted. Dr. GENTRY stated it was his understanding this individual was interviewed by a member of the police department, who subsequently turned custody of him over to the unknown San Bernardino relative.

Files of the San Bernardino Police Department reflect under Incident Report Number 177066, that at 6:15 a.m., November 24, 1963, a call was answered at the Community Hospital, San Bernardino, at the request of the attending nurse. Details of the incident reflected that Officer VICKERS, on arrival at the hospital, contacted the attending nurse, who stated that DANIEL DWIGHT DAVIS, 100 Grenoble Way, Folsom, California, telephone number YU 5-3573, entered the Emergency Ward requesting medical help. DANIEL stated he had been under a doctor's care for mental illness and shock treatment. He also informed the nurse he had left home at 11:00 p.m., November 23, 1963, where he resided with his parents.

The attending nurse contacted DANIEL's father, DANIEL DWIGHT DAVIS, SR., by telephone, who confirmed the above story of mental illness. Mr. DAVIS, SR., informed the nurse that his son was still under a doctor's care and was taking a sedative. He also requested a Captain JAMES DAVIS, 2825 North Mayfield, San Bernardino, be notified to pickup DANIEL and he would come and pick him up as soon as possible.

Captain JAMES DAVIS arrived at the hospital and stated he would take DANIEL to his house and care for him until his father could pick him up. Captain DAVIS also advised he would contact DANIEL's father to request DANIEL's physician to telephone a San Bernardino drug store for medicine for DANIEL.

Upon talking to DANIEL he stated he left home, leaving a note for his parents that he was going to Dallas, Texas, to give Mr. OSWALD what he deserved for killing the President. After reaching San Bernardino he stated he realized that he needed

medical help and started looking for a hospital. DANIEL further stated he had left his car parked on 16th Street and he gave the keys to Captain DAVIS, who took custody of DANIEL, stating he would take care of him and his car.

United States of America

"Dear Sir:

"What I am about to tell you may not be important but after hearing Rubinstein or Jack Ruby had many Friends in Los Angeles and Beverly Hills I started thinking about what happened here recently.

"The people involved I do not know. I never saw them before. One is a Red haired woman and a man I believe to be Ruby, came out of the Bel Air Hotel, and across the street was a car with a man sitting watching. About 2 minutes after the man and woman left in separate cars the car across the street went thru a Boulevard stop and sped away at excessive speed. I had already obtained the license number of it. I tried to follow him but he disappeared. Two nites later a well dressed woman came to the back door of my home about 9 P.M. and I answered the bell, she was carrying a small square package she asked me if I knew if there was a lady by the name of Esther living in the area,

I told her I didn't know. She thanked me and left but she kept trying to look into my house through the partly open door. The morning before the president was killed a lady came to our station and said there was a man either asleep or sick in a car at the corner of Bellagio and Stone Canyon. I told her I would investigate immediately. I told my chief I would look into it, and he said 'Wait, I'll call the Los Angeles Police first which he did and I left to investigate.

"As I truned the corner from stone canyon into Bellagio I saw a man in a continental pass a large sum of money to another man who was parked on the other side of the street. I jumped out of my car and went over to them and said to them I was sent here to investigate a man down.

"The man in the continental said there is no one sick here and when I turned to the other man he was already in the car and sped away. I got his number and it was the same car I had checked across the street from the hotel. The Bel Air hotel is one and a half miles from Beverly Hills. I am a patrolman with the Bel Air Patrol. And should you feel there is any worth to this I will be happy to talk to any one you wish to send to see me.

"I have both License numbers and could show you the area this took place. I would like very much to see and picture of Ruby dressed up. This man wore a Grey suit, no hat but wore dark glasses. I would say he looked about 50 yrs. old. The lady was in he early forties.

"I do hope you will find out why your brother was killed.

"Very truly yours,

The following investigation was conducted by SA CHARLES I. CARTER:

JOSEPH H. KOHL, Bel Air Patrol, 100 North Bel Air Road, Bel Air, California, a private patrol service, advised on December 4, 1963, that he has been a private patrolman for the past ten years, but has never been a police officer.

On November 9, 1963, he saw a red-haired woman and a man come out of the Bel Air Hotel, and leave in separate autos. About one block away a man in a 1960 Plymouth drove away about the same time. On November 21, 1963, a woman came to the back door of KOHL's residence, 2450 Stoner Avenue, Los Angeles, and asked if an "ESTHER" lived there. This woman then walked away from his house.

On November 21, 1963, KOHL observed a man in a 1963 Lincoln Continental give something to another man standing beside the Continental. The recipient got in another car as KOHL approached and drove away at a high rate of speed. Photographs of JACK RUBY were exhibited to KOHL. He said that the individuals he saw on November 9, 1963, and November 21, 1963, are not RUBY.

All information he had including license numbers and vehicles observed and descriptive data of the individuals has been furnished by him to the Los Angeles Police Department.

KOHL was unable to state what correlation he thought existed between the various individuals he observed and the assassination of President KENNEDY and the shooting of LEE HARVEY OSWALD.

KOHL said that he wrote his letter to Attorney General ROBERT KENNEDY in an attempt to be helpful in some way.

Mrs. FRANCES M. HAYES, 913 Forest Ridge Drive, Garland, Texas telephone BR 6-0140, advised she was employed by Optical Clinic, 2727 North Central Expressway, Dallas, Texas, from October 1, 1962, to about February 1, 1963, as receptionist.

On or about October 15, 1962, an individual, whom she came to know as JACK RUBY, came to her place of employment for an eye examination. He was accompanied by two other men whose names she did not obtain or does not now recall. RUBY returned a few days later to pick up glasses or for further examination, accompanied by the same two men. RUBY was in the place a third time a few days later, possibly for adjustment of his eyeglasses, and this time was alone. She recalls RUBY gave her passes to the Vegas Club on the last occasion, passes never used.

Mrs. HAYES stated that, after viewing photographs of LEE HARVEY OSWALD in newspapers and on television, she thought one of the two men accompanying RUBY might have borne some resemblance to OSWALD. She described one of the persons as possibly being in his late or middle thirties, being tall, with dark, curly hair, wearing a sport coat. The other, who she thought might have looked like OSWALD, was younger, shorter, blond, quiet, somewhat shy, dressed in Khaki trousers and a white shirt. She said she is by no means positive he was OSWALD. She said, to the best of her knowledge, no other employees saw the men who accompanied RUBY.

Mrs. HAYES said she had caused a check to be made recently by friends still employed at Optical Clinic and they found no record of OSWALD, under his true name or variations thereof, as a customer.

Mrs. HAYES stated she had told the above to one A. P. KIMBROUGH, 4008 Shannon Lane, Dallas, Texas telephone LA 8-5943, who had taken a number of photographs of the Presidential motorcade on November 22, 1963, and subsequent events. She exhibited a number of photographs she has collected, some from KIMBROUGH, stating she has made a hobby of this since the assassination.

On November 29, 1963, an individual identifying himself as Mr. PETER C. STATHIS, 2973 Hilger Street, Detroit, Michigan, completed a long distance telephone call from Detroit, Michigan, to the Washington Field Office of the Federal Bureau of Investigation.

STATHIS informed SA RICHARD WOOD KAISER that he has been closely following events concerning the President's assassination and subsequent murder of LEE HARVEY OSWALD. He stated that it is his opinion, as well as many of his friends, that OSWALD was not responsible for the assassination, and that JACK RUBY was involved in the plot to kill the President. STATHIS was also highly critical of the Dallas Police Department and their handling of matters subsequent to the assassination, which he stated, resulted in the murder of OSWALD.

STATHIS stated he was not personally acquainted with either RUBY or OSWALD and that he has no factual proof for his beliefs other than what he has read in the press or seen on television. He advised that his only purpose in making this telephone call was to go on record as having expressed his personal ideas and feelings concerning this matter.

STATHIS further informed that he was a United States citizen of Greek nationality, having been naturalized on April 4, 1961. He stated he is employed in the Rooster Tail Restaurant, 100 Marquette Street, Detroit, Michigan.

The following investigation was conducted by SA JOHN EDWARD DAILEY:

RELATIVES BEING IN A BAR
IN LOS ANGELES, CALIFORNIA

The Dallas Office furnished Los Angeles a copy of a letter from JOSEPH E. FIELD, 2006 West 79th Street, Los Angeles, California. This letter indicated that about April 22 - 23, 1963, FIELD went to a local beer bar in Los Angeles after work and subsequently JACK RUBY, LEE HARVEY OSWALD, Mrs. LEE HARVEY OSWALD, and BOB OSWALD, brother of LEE HARVEY OSWALD, were at that bar drinking beer and shooting pool.

The Los Angeles Indices checked on December 9, 1963, reflect that FIELD was a complainant on October 19, 1963, and furnishing information regarding a Mrs. ELIZABETH SIMMONS, a missing person. This complaint was two pages of typewritten information with many investigation subjects furnished by FIELD.

Inquiry at the Los Angeles Police Department on December 9, 1963, concerning FIELD and of his complaint concerning Mrs. SIMMONS ascertained that FIELD "had driven them nuts," meaning the Los Angeles Police Department, with many calls and complaints. The Los Angeles Police Department subsequently afforded FIELD a Polygraph examination and came to the conclusion that FIELD was psychotic.

REPORTED INFORMATION THAT JACK RUBY AND LEE HARVEY OSWALD HAD BEEN IN THE AMERICAN CIVIL LIBERTIES UNION

On November 26, 1963, an individual who requested his identity not be divulged, but who has furnished reliable information in the past, telephonically advised SA GILBERT G. BENJAMIN, JR. that AARON C. FUNK, JR., who has done work in the past at the offices of the House Committee on Un-American Activities (HCUA) in Washington, D. C., remarked on November 25, 1963, that he knows an individual in the San Fernando Valley, that was a member of the same chapter of the American Civil Liberties Union in Dallas, Texas, with LEE HARVEY OSWALD and OSWALD's "killer", JACK RUBY.

Source stated that FUNK can be reached at his home, 5050 Vanalden, Tarzana, California, and his home telephone is DI 4-1113. Source said that FUNK has no connection with the HCUA at the present time, to the best of source's knowledge.

The following investigation was conducted by SA ALAN W. MURDOCH:

AARON C. FUNK, JR., 5050 Vanalden Drive, Tarzana, Calif. interviewed on November 26, 1963, at the offices of Heintz and Maletesta, Advertising Agency, 1717 North Vine, Hollywood, advised that he had talked to THOMAS DEVINE, Professor of Sociology at Pierce Jr. College, over the week end and learned from him that DEVINE had talked to someone in Texas, who had said that OSWALD and RUBY were both in the American Civil Liberties Union. FUNK could not definitely say that DEVINE told him they were in the same chapter in Dallas. It was his recollection now that they had speculated that OSWALD and RUBY were in the same chapter of the American Civil Liberties Union.

THOMAS C. *DEVINE, Audio-Visual Coordinator, Pierce Jr. College, 6201 Winnetka, Woodland Hills, formerly Professor of Sociology there, advised on November 27, 1963, that he had talked to a friend of his in Texas over the week end, but it concerned another matter. He learned nothing during the call about the OSWALD-RUBY case. He said he had talked to NORMAN MOORE, Sergeant, Los Angeles Police Department, Highland Park Station, a personal friend of his, also during the week end, and learned from him that RUBY had been a member of the American Civil Liberties Union. DEVINE had previously heard on television that OSWALD had been in the American Civil Liberties Union and he later mentioned this connection to FUNK. They speculated that OSWALD and RUBY were probably in the same chapter in Dallas.

Calif.

At this point in the interview with DEVINE, he telephonically contacted Sergeant MOORE. Following the conversation, DEVINE reported to the writer that he had misunderstood MOORE in their previous conversation. MOORE knew nothing whatever concerning RUBY being in the American Civil Liberties Union. MOORE had said "the killer" (meaning OSWALD) had been in the American Civil Liberties Union and DEVINE had assumed he meant RUBY. MOORE got the information that OSWALD was in the American Civil Liberties Union from television.

SAUL MOLDOFSKY, 2720 Bryn Mawr Avenue, Chicago, Ill. telephone LOngbeach 1-7891, advised that he and his brother, SIDNEY, were in business as the Shelby Printing Company, 328 South Jefferson Street, Chicago, Illinois, from approximately 1938 to 1944. Prior to 1938, he was affiliated with the Globe Printing and Embossing Company, Chicago, Illinois.

He stated that in the latter part of December, 1941, or early January, 1942, he and EDWARD SCHWARTZ came upon the idea of promoting a "Remember Pearl Harbor" plaque. SCHWARTZ, according to MOLDOFSKY, said that he had the right man for the distribution and sale of the plaque, namely "SPARKY" RUBENSTEIN. Mr. MOLDOFSKY stated that RUBENSTEIN is identical with JACK RUBY, who shot and killed LEE HARVEY OSWALD.

MOLDOFSKY stated that he did not know JACK RUBY well and could recall no specific details concerning him. He stated that there were problems in getting out the "Remember Pearl Harbor" plaque because none of the proofs were acceptable to RUBY, whom SCHWARTZ described as a "perfectionist." He stated that it took anywhere from four to six weeks to develop a proof that was acceptable to RUBY and by that time, the market was flooded with the "Remember Pearl Harbor" idea and their promotion never materialized.

MOLDOFSKY stated that the entire business relationship with RUBY was handled by SCHWARTZ. This also included the filing of the copyright for the promotional idea. He said that the name Liberty Distributing Company sounded familiar to him, but he could not associate it with JACK RUBY. MOLDOFSKY stated that he, SCHWARTZ and the RUBENSTEINs lived in the same general neighborhood in Chicago around Roosevelt Road and California Avenue. He said he knew nothing of JACK RUBY's personal life and only recalls meeting JACK RUBY's brother, EARL, who also was a novelty salesman in the Chicago area. any comment on him. The only associate that he knows of RUBY is SCHWARTZ.

In this regard, MOLDOFSKY offered that SCHWARTZ, who introduced him to KARL, probably could give a good insight into the background of JACK RUBY and his family. MOLDOFSKY advised that SCHWARTZ is currently in business as the Gardena Printers, Gardena, California.

MOLDOFSKY further stated that his brother, SIDNEY, is currently in business at the Nowlan Printing Company, 1845 West Carroll, Chicago, Illinois. He stated that he feels certain that his brother never had any contact with JACK RUBY.

EDWARD SCHWARTZ, President, Gardena Printers, 1414 West 166th Street, Gardena, California, furnished the following information:

He is a printer by trade, formerly lived in Chicago, Illinois, and from the early 1920's to about 1948, knew the RUBENSTEIN family. They lived in the West section of Chicago, about the 3600 or 3700 block of Arthington, in an apartment. There were two boys and two girls in the family, and he knew the oldest boy, HI, the best. He was only vaguely acquainted with HI's younger brother, SPARKY, but remembers that SPARKY was a "go getter," always interested in ways to make money. He recalled that SPARKY once had several hotdog stands on Ogden Avenue in Chicago. At one time in the early 1940's, SPARKY wanted him to print up some "V" for Victory stickers or plaques, but the venture intended by SPARKY never materialized, for some reason he was unable to recall. He knew SPARKY only vaguely, and has no recollection of his associates or activities. He does not recall SPARKY ever being in trouble of any kind, and SPARKY was single when he (SCHWARTZ) knew him.

The RUBENSTEIN family was a very fine one in his opinion, and the children had a high regard for their mother. He did not know the father of the family, and assumed he was deceased. He lost contact with the family about 1948 when his work took him away from Chicago for long periods, and in 1951, he moved to California.

George Fehrenbach Ind File

The following investigation was conducted on the basis of allegations of GEORGE WILLIAM FEHRENBACH, Medford, Oregon, in a signed statement dated November 25, 1963, previously reported. In substance, FEHRENBACH alleged his belief, on the basis of recent photographs of JACK L. RUBY, that RUBY is identical with one JACK RUBENSTEIN, who allegedly traveled from Chicago, Illinois to Muncie, Indiana, with an unnamed son-in-law of SAM JAFFE, jeweler and employer of FEHRENBACH, and attended meetings believed connected with the Communist Party at which certain named individuals were in attendance.

It is observed FEHRENBACH was born March 8, 1926, and alleges he went to work for JAFFE at age 16, presumably in 1942. FEHRENBACH stated JAFFE, now deceased, had two daughters, CHARLOTTE, and another, name unknown, who was married to the son-in-law of JAFFE in question. It is further noted FEHRENBACH alleged the individual believed by him to have been RUBY made two trips to Muncie during the period from "six months to a year" after he started to work for JAFFE and FEHRENBACH's entrance into the United States Navy, June 14, 1944; and a third trip shortly after the birth of FEHRENBACH's first child in June, 1947.

In interviews on November 24 and December 21, 1963, RUBY stated he first came to Dallas in June, 1947, returned to Chicago for a short time and again returned to Dallas, all in 1947.

Previous investigation reflects RUBY, as JACK RUBENSTEIN, resided in Chicago prior to induction into the United States Army Air Corps, on May 21, 1943, and entered on active duty May 28, 1943, at Camp Grant, Illinois. The following duty stations are reflected in his military service record:

June 4, 1943 to June 9, 1943 - Company B, 1633 SU, Camp Grant, Illinois.

June 10, 1943 to September 3, 1943 - Company AAF, Military Police, Recruit Training Center, Keesler Field, Mississippi.

September 5, 1943 to February 15, 1944 - 793 TSS, Seymour Johnson Field, North Carolina.

February 15, 1944 to March 23, 1944 - 18th AAF Technical Training Detachment, Republic Aviation Corps, Farmingdale, New York.

April 26, 1944 to June 7, 1944 - D-2 Static Crew Section, Bluethenthal Field, North Carolina.

June 9, 1944 to November 27, 1945 - 114th Air Force Base Unit (B), Chatham Field, Georgia.

November 27, 1945 to December 7, 1945 - 301st Air Force Base, Drew Field, Florida.

December 8, 1945 to February 17, 1946 - 300th Air Force Base, Tampa, Florida.

On February 17, 1946, RUBENSTEIN was transferred from Tampa, Florida to Fort Sheridan, Illinois, where he was discharged.

Service records reflect RUBENSTEIN on furlough on the following dates:

March 24, 1944 to April 11, 1944
November 5 to 18, 1944
May 5 to 24, 1945
December 15, 1945 to January 2, 1946

Investigation has established SAM JAFFE had three daughters, CHARLOTTE, married to SEYMOUR CHAZIN, residence Chicago; MARION married to JAY PRITZKER, who reportedly moved to Muncie, Indiana in the late 1930's, operated a restaurant and after some five years returned to Chicago, and ROSYLYN, married to EMILE BERKE, aka BERKESTEAD, who lived in Chicago during the pertinent period. Interview with BERKE has been previously reported, it being noted he

stated he and his wife made occasional trips to Muncie to visit her parents, but were never accompanied by any JACK RUBENSTEIN.

Information concerning the identities of sons-in-law of SAM JAFFE as well as information concerning RUBY's military record were furnished to the Portland Office for use in reinterview of FEHRENBACH, results of which are set forth below.

1 Date 4/16/64

On April 15, 1964, GEORGE WILLIAM FEHRENBACH, jeweler, Medical Center Building, Medford, Oregon, volunteered the following information and stated that he is willing to testify in a court of law to this information:

In 1942 when he was 16 years old, he left Muncie Central High School, Muncie, Indiana, and took a job with SAM JAFFE as a jeweler apprentice. The jewelry shop was located on Walnut Street between Jackson and Adams Street in Muncie, Indiana. He went to work for SAM JAFFE during the summer of 1942 and he never did return to high school.

FEHRENBACH said he believed he quit when he was in grade 10b. There was a group of men in the neighborhood who talked to him about the Communist Party and about Russia and he believed that they were members of the Communist Party. These men were PHILLIP JASSER, owner of Jasser's Clothing Store, Mulberry Street; LAWSON JAFFE, who owned Lawson's Jewelers on Walnut Street (nephew of SAM JAFFE); MORTON STANDT, who owned Standt's Jewelery Store on Jackson Street; HERB PAZOL and MORTON PAZOL, who owned PAZOL's Jewelry Store. Herbert Pazol

About six months to a year after he started to work for SAM JAFFE, a group of people came down from Chicago and he believed they were going to hold a meeting in Muncie. The group named above was going to attend the meeting and FEHRENBACH believed the meeting had something to do with the Communist Party or with Russia. The meeting was to be held in a union hall above SAM JAFFE's Jewelry Store.

In the group of people that came down from Chicago were SAM JAFFE's son-in-law and his wife, who brought with them a man who was introduced to FEHRENBACH as JACK RUBINSTEIN (phonetic).

Mrs. Seymour Lessin Chalin Ind.

FEHRENBACH stated he now recalls that SAM JAFFE's daughter's name is CHARLOTTE JAFFE and her husband's first name is SEYMOUR. He cannot recall their last name. He stated he recalled SEYMOUR was tied up with show business in Chicago because he brought pictures of girls to the jewelry store and showed them to FEHRENBACH. 67 Lakewood Pl. Highland Park, Ill.

FEHRENBACH said the first time that JACK RUBINSTEIN

came to Muncie, Indiana, he had a very tall blond girl with him who was in show business. RUBINSTEIN was wearing a business suit and was well dressed. FEHRENBACH said he would describe him as follows:

| Race | White |
| Sex | Male |
| Nationality | American |

FEHRENBACH said he would describe SEYMOUR Chazin (SAM JAFFE's son-in-law) in 1942 as follows:

| Sex | Male |
| Nationality | American |

Ind
L. Appr. 1912

FEHRENBACH stated the first time SEYMOUR, CHARLOTTE and JACK RUBINSTEIN came to SAM JAFFE's jewelry store was between the last two weeks of January, 1943, and March, 1943. The reason he stated this is he believes it was after Christmas of 1942, because business slowed down considerably.

The second time SEYMOUR, CHARLOTTE and JACK RUBINSTEIN visited Muncie, Indiana, was between March, 1943, and June, 1944, when he went into the service. He could not recall the exact time nor could he recall any details concerning this meeting. He said he could recall, however, that they were going to attend a meeting in the hall above SAM JAFFE's jewelry store and that JACK RUBINSTEIN showed him a few card tricks.

FEHRENBACH said he could not recall whether RUBINSTEIN brought the tall blond girl with him at the second meeting.

FEHRENBACH went in the Navy on June 14, 1944, and was discharged on June 21, 1946. He then went back to his job with SAM JAFFE at the jewelry store.

Shortly before or after his first boy was born in June, 1947, there was another meeting and JACK RUBINSTEIN came again from Chicago, Illinois, with SEYMOUR (last name unknown) and CHARLOTTE JAFFE (last name unknown). This meeting was held in the union hall above the JAFFE store. He could recall that prior to the meeting in the evening these three individuals were talking with SAM JAFFE in his office concerning a map of World War II on which SAM JAFFE kept track of how Russia was advancing into Germany and how the American Forces were advancing also. He could recall there was discussion about the proper indication of Russian and American advances into Germany by the group, and he heard them state that SAM JAFFE did not have the advances far enough into Germany by the Russian forces. The next morning after the meeting he was sent up to the union hall to get a chair that had been taken up there from the jewelry store. Up in the hall he saw a list of names on a table. There were two to four typewritten pages of names and he said he could recall the first name being LAWSON JAFFE and other names on the page as being PHILLIP JASSER, HERBERT PAZOL, MORTON PAZOL, MORTON STANDT, (first name unknown), last name SHUSTER, and JACK RUBINSTEIN. He took these pages containing the list of names to MERVIN COLLINS, an uncle of his wife, who was on the Muncie Police Department, and he stated he would turn the names over to the FBI.

FEHRENBACH said as he recalled, PHILLIP JASSER, LAWSON JAFFE, HERBERT PAZOL, and MORTON PAZOL had asked him whether he saw any papers on the desk at the union hall and he told them no. He could recall that either PHILLIP JASSER or one of the PAZOL brothers told him if he had papers he should give them back because he could get into trouble.

He said he could recall this third meeting because they made remarks of his being in the U.S. Navy.

He said he also recalled that PHILLIP JASSER was the one who kept telling him to get on the right side of the fence. PHILLIP JASSER and LAWSON JAFFE also told him about communism being the only law to live by and that it is the greatest movement in the world. They also told him that eventually communism would be all over the world, including the United States of America.

He stated he could not recall whether they said JACK RUBINSTEIN was in the armed services but it seemed to him they said he was. However, he is not sure. He said he did know that JACK RUBINSTEIN never had a military uniform on when visiting Muncie, Indiana.

He believed they made the trip from Chicago, Illinois, to Muncie, Indiana, by car and that it was a new car. He recalled SEYMOUR, CHARLOTTE and JACK RUBINSTEIN trying to figure up their gas mileage from Chicago to Muncie to get an idea how many miles per gallon they got on the new car.

SAM JAFFE's other daughter, MARION, was married to MAX PRITZKER and they had a restaurant in Muncie, Indiana. He recalled that MARION and MAX did not associate with the other individuals. As far as he knows, they are still in Muncie, Indiana. 7201 Harding Ave, Miami Beach, Fla

To the best of his recollection, SAM JAFFE died in 1959 or 1960 in Miami Beach, Florida, and he was buried in Chicago, Illinois. He does not recall where his widow, SONIA, is living. He does recall that his mother sent him a clipping from the Muncie, Indiana, newspaper, concerning the death of SAM JAFFE.

As far as he knows, the PAZOL brothers and STANDT are still in Muncie, Indiana. The last he heard of LAWSON JAFFE he was living in Dayton, Ohio.

MERVIN COLLINS has passed away and his wife is still living in Muncie, Indiana. In 1961 MERVIN COLLINS' son JACK COLLINS, was manager of Roger's Jewelry Store, which

is owned by MORTON STANDT.

He stated he is not acquainted with SAM JAFFE's daughter, ROSLYN or her husband, IRWIN BERKE. He only knew CHARLOTTE and MARION JAFFE.

The only individuals whom he can recall travelling from Chicago, Illinois, to Muncie, Indiana, for the three meetings were SEYMOUR, CHARLOTTE, JACK RUBINSTEIN, and the tall blond-haired girl. He believed on the third meeting the tall girl did not accompany them.

He stated to the best of his recollection that the first meeting was approximately in January - March, 1943; the second meeting from March, 1943, to June, 1944, before he went into the U.S. Navy, and the third meeting shortly before or after his first son was born on June 2, 1947.

He still believes that the picture of JACK RUBY in the Oregon Journal, November 25, 1963, is a very good likeness of the person who was introduced to him as JACK RUBINSTEIN. He appears older and the hairline is a little higher.

HERBERT PAZOL was interviewed at Pazol's Jewelers, and was exhibited photographs of JACK RUBY which appeared in "Muncie Star" newspaper, issue of November 25, 1963, and he stated RUBY and/or RUBENSTEIN unknown to him. He admitted knowing GEORGE WILLIAM FEHRENBACH, stating the latter had worked for SAM JAFFE many years ago. He stated SAM JAFFE died about four years ago while he was residing in Florida. He denied any knowledge of or attendance of Communist Party meetings at Muncie, Indiana, in 1942 or 1947-1948, of any individual identifiable with JACK RUBY. He does not know the names of the sons-in-law of SAM JAFFE, but stated LAWSON JAFFE, nephew of SAM JAFFE, who is presently in jewelry business in Dayton, Ohio, should know the identify of sons-in-law.

HERBERT PAZOL advised no Communist Party meetings were ever held in Muncie at SAM JAFFE's Jewelry Store to his knowledge. He advised he does not recall ever going to this gambling joint and he does not recall SAM JAFFE's sons-in-law ever coming to Muncie, Indiana, from Chicago, Illinois, but believed they lived in Muncie until at least the late 1940s, but he cannot be sure of this.

MORTON PAZOL was interviewed at Muncie, Indiana, and advised as follows:

PAZOL admitted joining the Communist Party (CP) in Indianapolis, Indiana, sometime during the year of 1940. He was unable to recall the exact date. He advised he voluntarily went to Indianapolis and looked up an Indianapolis attorney, whose name he was not able to recall, advising him he desired to become a member of the CP. PAZOL further advised he withdrew from the CP sometime during the year of 1947. He was unable to recall the exact date of his dropping membership with the CP. He stated the reason he dropped out of the CP was because he no longer was in sympathy with their ideas. He advised the only reason he joined the CP in the first place was because he considered their activities the same as a Labor Union and he was active and interested in labor activities in Muncie, Indiana. He admitted he was a subscriber to "The Worker", but stated he never subscribed to the "Daily Worker".

PAZOL has stated several meetings were held by him in Muncie, Indiana, during his membership in the CP and that these meetings were held in his home. He stated he did not consider them CP meetings but study groups who were studying the Communist philosophy and doctrines. He further advised the idea of control of this country by Russia was never discussed at any meetings held in his home or any of the CP meetings he attended in Indianapolis. He advised if his wife had been a member of the CP, it was only because of the fact she was married to him and she did not possess any sympathies for the CP.

SEYMOUR CHAZIN, 67 Lakewood Place, advised he bought his first car, a 1947 Oldsmobile, from his father-in-law, SAM JAFFE, in Muncie, Indiana, in 1947. He said he frequently traveled to Muncie, Indiana, with his wife, CHARLOTTE, after the car was purchased but never traveled with his wife to Muncie in company with JACK RUBENSTEIN or a "tall blond girl in show business." He stated he has never been connected with show business and never took pictures of girls or show people to Muncie, Indiana. He said his father-in-law liked pictures of celebrities and IRWIN BERKE, another son-in-law, who was a "song plugger" took pictures of band leaders and important celebrities which were displayed by JAFFE in his establishment.

CHAZIN stated he has observed pictures of JACK RUBENSTEIN, also known as JACK RUBY, in newspapers and this individual is unknown to him.

CHAZIN stated he has never been a member of the Communist Party and has never attended meetings of the Communist Party or any organization that might be described as subversive.

CHAZIN stated that in the 1940's, he was 5'10½" tall, weighed 175 pounds, had black hair, and a dark complexion. He furnished a photograph of himself taken in 1947-1948.

Mrs. CHARLOTTE (SEYMOUR) CHAZIN, 67 Lakewood Place, advised she does not know JACK RUBENSTEIN, also known as JACK RUBY. She said it is preposterous to think she and her husband took a "tall blond show girl" or JACK RUBENSTEIN to Muncie, Indiana, when they visited her parents, Mr. and Mrs. SAM JAFFE. She stated her family was a "close group" and since her parents were born in Russia, spoke the Russian language, and occasionally sang Russian love songs, they may have been mistakenly identified as a subversive group. She advised she has never been a member of the Communist Party and has never attended any meetings which appeared to her to be subversive.

Mrs. CHAZIN stated that during the 1940's she was 5'5" tall, weighed 132 pounds, had black hair, and dark complexion, and her description was similar to that of her present description with the exception that she now weighs 145 pounds. She made available a photograph of herself taken in the 1947-1948 period.

IRWIN BERKE was reinterviewed at 5338 Laurel Canyon Boulevard.

He stated he recalls nothing in addition to information he furnished on November 28, 1963, except that the person known to him in Chicago as JACK RUBY or RUBENSTEIN was also known as "SPARKY." He said the name GEORGE WILLIAM FEHRENBACH is unknown to him. He said he recalls a young man, possibly age 16 in the early 1940's, worked for his father-in-law, SAM JAFFE, as an apprentice jeweler in Muncie, Indiana. He said he does not recall having any conversation with FEHRENBACH or showing him any photographs of girls. He said he does not recall any "tall blond show girl" or anyone in military service traveling with him in the mid-forties from Chicago to Muncie, Indiana.

BERKE stated BEN KENTER, a Chicago attorney, and his wife, PEGGY accompanied BERKE and his wife to Muncie in the mid-forties on one trip. KENTER and wife proceeded on to Ohio to visit their son who was attending school in that state. BERKE related that HAROLD and JEAN SUGARMAN, presently living in Bel Air, California also accompanied him and his wife on several trips to Muncie as did his brother-in-law, SEYMOUR CHAZIN, and wife, CHARLOTTE.

BERKE said he knew PHILLIP JASSER fairly well on a social basis. JASSER is now deceased and his wife, name unrecalled, has remarried. He was acquainted with LAWSON JAFFE, a cousin through marriage, and worked briefly for him in South Bend, Indiana, date of employment unrecalled. JAFFE, now living in Dayton, Ohio, recently suffered a stroke. He was well acquainted with MORTON STANDT, a business partner of LAWSON JAFFE, but knew HERBERT and MORTON PAZOL only casually. The PAZOLs were friendly business competitors of SAM JAFFE in Muncie, Indiana.

BERKE stated he was born May 2, 1912, is 5'9" tall, weighs 172 pounds, has blond, greying hair with a receding hairline, and blue eyes. He described his wife, ROSYLIN, as age 50, 5'5" tall, 118 pounds, blue eyes, dark greying hair, dark complexion.

Captain FRANK MANNING, Investigative Division, El Paso County Sheriff's Office, El Paso, Texas, advised that one EDDIE MOSES, who has been known to the El Paso County Sheriff's Office for a number of years, furnished to them the following document:

"Gallup: Frank Brown, a former Oklahoma law officer who now lives here says that an incident in 1958 definitely linked an Abe Rubenstein, whom he believes to be Jack Ruby, to gunrunning. The guns and ammunition were being taken to Cuba and points outside the U.S. ' as far as could be established.'

"Brown, who was born and raised in Duncan, Oklahoma, became a member of the Duncan, Okla. police department, and later of the Oklahoma State Crime Bureau. His brother-in-law is presently night chief of police for Duncan and a younger relative is on the Dallas, Tex., police force.

"It was while Brown was with the crime bureau that a local man called 'Smitty', often in trouble with the law, drove a car loaded with guns and ammunition through the town of Duncan. Officers, including Brown, gave chase, but were forced to turn back when the car crossed the Okla-Texas line. However, the car driven by Smitty overturned shortly afterwar_, between the Red River bridge and the town of Ringold, Texas.

"An investigation by the Texas Department of Public Safety and the FBI revealed involvement of Rubenstein, owner of the Carousel Club in Dallas, in the gunrunning incident, Brown says.

"A memory expert has told authorities he saw Lee Oswald in Rubys' strip palace several days prior to the presidents' assasination, according to a UPI wire story.

FRANK WILLIAM BROWN, Box 693, Gallup, New Mexico, advised he was born January 29, 1934, at Duncan, Oklahoma. He advised that he formerly worked on the Duncan, Oklahoma Police Department during about 1958 and then worked for a short period with the Oklahoma Crime Bureau.

His brother-in-law, JOHN T. DUDLEY, is the Night Chief of Police, Duncan, Oklahoma, at the present time. A brother to his brother-in-law, JAMES GARDNER, works on the Dallas, Texas Police Department.

About two weeks after the assassination of President KENNEDY, BROWN had occasion to talk long distance to DUDLEY in Duncan. BROWN stated that the name JACK RUBY sounded familiar to him and he asked his brother-in-law if the name was familiar to him (DUDLEY). DUDLEY answered in the negative. Then there was some discussion concerning a "SMITTY" who lived in Duncan and had been given chase by the Duncan Police Officials several years ago in a car in which some guns were located. BROWN suggested DUDLEY might look up records to see if SMITTY could have been the person with whom BROWN associated the name JACK RUBY.

BROWN said that after this telephone call, he was visited by a news reporter, WILMA VAN DOREN, who approached him stating she understood BROWN had information concerning JACK RUBY's background. BROWN stated that he positively told VAN DOREN he had no such information and related that while the name RUBY sounded familiar to him the only possible connection with which he could place RUBY was the incident concerning SMITTY.

BROWN denied stating that he had heard the name ABE RUBENSTEIN or JACK RUBY in connection with any gun running and denied furnishing any positive information connecting RUBY with SMITTY.

He stated that SMITTY, as he recalled, lived around Fifth and Maple Streets in Duncan.

BROWN said he told VAN DOREN that if she wanted any more information concerning this matter she should contact the

MANUEL GONZALES, (NA), Gallup, New Mexico Police Department, advised that he is well acquainted with FRANK WILLIAM BROWN who works at the Goodyear Station in Gallup.

He advised that BROWN was formerly on the Gallup Police Department, having been fired in about 1960 or 1961 when he was involved in an incident wherein he took a girl out on the mesa and had an affair with her. The investigation which follows was conducted on the basis of allegations of BLANEY MACK JOHNSON, Atlanta, Georgia, that JACK RUBENSTEIN, whom he believed identical with JACK L. RUBY, was engaged in gun running activities to Cuba in the early 1950's. Information supplied by JOHNSON on November 29-30, 1963, was attributed to AT T-2 when first reported. As indicated hereinafter, JOHNSON advised in reinterview he now has no objection to his identity being disclosed for official purposes.

Dob. 1900

BLANEY MACK JOHNSON, 531 Holderness Street, S.W., Atlanta, Ga., after being advised that any statement taken from him would be taken as part of an official investigation, furnished the following information:

He stated that all information heretofore furnished by him concerning alleged smuggling of weapons to pro-CASTRO forces in the early 1950's in which one JACK RUBENSTEIN was allegedly involved is true and accurate. He stated that he has no objection to his identity being disclosed to officials interested in this inquiry.

JOHNSON further advised that it is his belief that LESLIE LEWIS, JOE MARRS and CLIFTON T. BOWES have, to serve their own interests, lied concerning their knowledge of or participation in weapons smuggling together with RUBENSTEIN's involvement therein.

Date April 14, 1964

BLANEY MACK JOHNSON, 531 Holderness Street, S.W., was reinterviewed and stated that he believes from pictures he saw of JACK RUBY and RUBY's appearances on television... that the person he knew in Miami, Florida, in the early 1950's named JACK RUBENSTEIN is identical to JACK L. RUBY. Mr. JOHNSON stated that he could be mistaken but still believes he is right. He stated the individual he knew as JACK RUBENSTEIN is described as follows:

| | |
|---|---|
| Height | 5'9" - 5'10" |
| Weight | 160-165 pounds |
| Hair | Black, full head of hair, hairline not receding |
| Age | Middle 40's |
| Build | Athletic |
| Residence | Racket Club, Miami, Florida |
| Occupation | Had part interest in Colonial Inn |
| Hobbies | Golfing |

JOHNSON stated that BOB VOLLMER of the Records Bureau, Miami Police Department, and BILL GOULD, owner of the Playboy Club in Miami, are individuals that should know JACK RUBENSTEIN and also have knowledge of smuggling guns to Cuba in the early 1950's.

JOHNSON was shown a photograph of EDDIE BROWDER, former inmate of the U. S. Penitentiary, Atlanta, Georgia, and he stated that this individual is not identical to DONALD EDWARD BROWDER who was allegedly associated with RUBENSTEIN in the arms smuggling operation in Florida.

JOHNSON stated he could not give an exact time when he knew RUBENSTEIN in Florida but stated this occurred about the time of the KEFAUVER investigation into organized crime. He stated it was possible it was during the years 1952 to 1953, but he had no way of verifying it since he lived in Miami many years..

JOHNSON advised that until suffering from a heart attack several years ago, he was a private pilot and at one time had part interest in the Playbook Club in Miami, Florida, in the early 1950's. He stated that as a pilot he made numerous flights to Cuba from Miami carrying legitimate cargo, but never participated in the smuggling of arms.

JOHNSON stated in connection with some of his night club activity in Florida if he discussed it thoroughly it may tend to incriminate him, and he did not want to say anything that would incriminate him; however, he indicated that the Playbook Club in which he had part interest had a gambling casino, which casino was closed as a result of the KEFAUVER investigation. He also indicated that the Colonial Club in which JACK RUBENSTEIN had an interest was a place where counterfeit money was handled.

The following description of JOHNSON was obtained from observation and interrogation:

JOE MARRS, Lake Placid, Florida, advised he was a pilot for Eastern Airlines during World War II. Just after the war he engaged in selling airplanes and airplane parts in Miami, Florida. He never flew for hire or transported any goods by air to Cuba. He had never heard of JACK RUBY and as far as he knows never saw him prior to RUBY's appearance on television during the past weekend. He said he knew DONALD EDWARD BROWDER as an ex-ROAF ferry command pilot who came to Miami about 1945. He described BROWDER as an individual he avoided due to BROWDER being a "shady promotor and blowhard who was all conversation and no money." MARRS said BROWDER spoke of plans to set up an air transport service to South American countries, but to MARRS' knowledge did not succeed in doing so. MARRS has read of BROWDER's alleged escapades of smuggling, but has no knowledge of them and does not know BROWDER's current whereabouts.

Concerning the Colonial Inn, Hallandale, Florida, MARRS recalled that HARRY RICHMOND, who flew the Atlantic with DICK MERRILL, had an interest in it as well as a woman whose name he does not recall. He noted that the Colonial Inn closed in the early 1940's.

Miami, Fla.

ROBERT VOLLMER, 2261 SW 19th Terrace, advised he was acquainted with MACK JOHNSON, a former Miami resident for many years. He said he knew JOHNSON as a tire salesman and also as a pilot. VOLLMER said he has had little contact with JOHNSON for the past several years and understood that JOHNSON has become an increasingly heavy drinker. VOLLMER said he has never known JACK RUBY by that name or any other name and, in fact, never heard of RUBY until the weekend of November 22, 1963. He said he has no information as to RUBY or anyone else ever flying weapons to Cuba and has no information as to ownership of the old Colonial Inn. He said that he feels if JOHNSON has attributed such knowledge to him then JOHNSON must be "off the beam."

On April 14, 1964, IC CLIFFORD M. WERNER, Miami Office, determined there are no records of arrest for LES T. LEWIS, CLIFTON T. BOWES, Jr., or JOE MARRS at Dade County Sheriff's Office, Miami Police Department, Miami Municipal Court, or Miami Beach Police Department. Records of Lake Placid Police Department reflect no record for JOE MARRS.

On April 14, 1964, IC RONALD G. THIXTON determined from records of Miami Credit Bureau that records concerning MARRS, LEWIS, and BOWES include no derogatory information and that the Credit Bureau considers these persons of good reputation and to have good credit ratings.

IC THIXTON determined that records of the Miami Credit Bureau and Dun and Bradstreet include no information concerning a "Playbook" or "Playbrook" club. Files of the Miami Office indicate Colonial Inn, Hallandale, Florida, was opened about 1941 and operated intermittently thereafter, at times as a legitimate night club, and at times as a gambling club. On February 12, 1948, the club was closed by an injunction of the Broward County Court. Miami Office files do not reflect Colonial Inn ever reopened thereafter. The Miami Herald newspaper on February 15, 1948, reported Colonial Inn was the sole property of a "national mob" headed by FRANK COSTELLO, FRANK ERICKSON, and JOE ADONIS.

On April 14, 1964, RICHARD ANCONA, General Manager, Playboy Club, 7701 Biscayne Boulevard, Miami, advised SA VINCENT K. ANTLE that there is not now and never has been any BILL GOULD associated with this club.
